INDEPENDENT AUDITOR'S REPORT

To the Pension Plan Committee
of Koppers Inc.
Pittsburgh, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Koppers Inc. Retirement Plan (Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits in liquidation as of December 31, 2025 and 2024, the related statements of changes in net assets available for benefits in liquidation for the year ended December 31, 2025 and for the period from July 15, 2024 (date of inception) through December 31, 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025 and the period from July 15, 2024 (date of inception) through December 31, 2024 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter – Plan Termination and Liquidation Basis of Accounting

As further discussed in Note 1 to the financial statements, the Pension Plan Committee approved a termination of the Plan effective August 31, 2024, and management determined liquidation is imminent. As a result, the Plan changed its basis of accounting used in presenting the financial statements to the liquidation basis of accounting. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with U.S. GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) as of December 31, 2025 and 2024, and schedule of reportable transactions for the year ended December 31, 2025 and for the period from July 15, 2024 (date of inception) through December 31, 2024 are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with U.S. GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

KOPPERS INC. RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Koppers Inc. Retirement Plan (Plan) is provided for general information purposes only. Participants should refer to the governing Plan document and applicable appendices for more complete information regarding the Plan's provisions.

The Plan is an employer-sponsored defined benefit pension plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Koppers Inc. (Company) is the sponsor of the Plan.

The Plan was established effective July 15, 2024, in connection with the spin-off of certain accrued benefits and liabilities from the Retirement Plan for Koppers Inc. (Predecessor Plan). The related Plan assets were allocated in accordance with Section 4044 of ERISA. The spinoff generally included participants, beneficiaries and alternate payees of the Predecessor Plan, other than active employees participating through collective bargaining at the Susquehanna, Pennsylvania, and Stickney, Illinois, locations.

Participation and Benefits - The Plan covered frozen pension benefits attributable to eligible salaried and hourly employees and former employees, as well as benefits payable to retirees, beneficiaries and alternate payees. The salaried provisions were frozen as of December 31, 2006. Benefit accruals for hourly participants ceased on dates specified in the applicable location or employee-group appendices, with all benefit accruals frozen no later than December 31, 2015.

Benefits for salaried participants are generally determined based on terminal salary and credited service, subject to the formulas, minimum benefits, offsets and other provisions contained in the Plan. Benefits for hourly participants are determined under the applicable provisions for each participating location or employee group. The hourly provisions include earnings-based formulas, flat monthly benefit rates, service-based multipliers, minimum benefits and certain predecessor plan offsets. The Plan provides for normal retirement, early retirement, disability, deferred vested and survivor benefits, as applicable to each participant.

Benefits are generally payable in the form of a life annuity or another permitted annuity form. Certain participants and beneficiaries may be eligible for alternative forms of payment in accordance with the Plan's provisions. Benefits are funded through a trust established for the exclusive benefit of Plan participants and beneficiaries.

Vesting - Prior to the Plan's termination, the Plan's historical vesting provisions generally required five years of applicable service for a deferred vested benefit. Effective August 31, 2024, all Plan participants became fully vested in their accrued benefits.

The Company contributes such amounts as are necessary on an actuarial basis to provide the Plan with assets sufficient to meet the benefits to be paid to Plan participants. The contributions of the Company made during 2024 are designed to sufficiently fund the Plan to satisfy all benefit obligations during the course of the Plan termination. The Company made a contribution to the Plan in 2025 for $13,900,000, which is recorded as a receivable as of December 31, 2024.

NOTE 1 - DESCRIPTION OF PLAN (Continued)

Plan Termination - The Plan was terminated effective August 31, 2024. In connection with the termination, certain participants, surviving spouses and alternate payees who had not commenced benefits were provided an opportunity to elect an immediate lump-sum payment or annuity commencing as of November 1, 2024. The election period generally extended from August 15, 2024 through September 30, 2024, subject to permitted administrative extensions.

For eligible payees whose benefit had an actuarial present value of $7,000 or less, the benefit was payable only as a lump sum. If the required election materials were not completed, the Plan provided for transfer of the benefit to the Pension Benefit Guaranty Corporation's Missing Participants Program. Other benefits could be settled through lump-sum distributions or the purchase of annuity contracts, subject to the applicable Plan provisions and required spousal consent.

Upon termination, the Plan's assets are required to be applied to the payment of Plan benefits and other fixed and contingent obligations in accordance with ERISA. Any residual assets may revert to the Company only after all Plan liabilities have been satisfied.

During November and December 2024, the Plan made lump-sum distributions to participants who elected or were required to receive lump-sum payments. On February 11, 2025, the Plan purchased a group annuity contract under which the remaining benefit obligations totaling approximately $86,420,000 were transferred to an insurance company. As a result, no participants remained in the Plan as of December 31, 2025, and the Plan's remaining activities related principally to administrative wind-down and the settlement of any remaining expenses or obligations. The initial payment to the insurance company was subsequently adjusted by approximately $2,004,000, which was received by the Plan on November 26, 2025. The adjusted buyout amount is included within the purchase of annuity contract presented within deductions in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2025.

During the year ended December 31, 2025, the Plan returned approximately $1,916,000 to the Company representing employer contributions that were determined to have been made in excess of the amount required under the terms of the Plan. The return of contributions was made in accordance with applicable Plan provisions and regulatory requirements.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of significant accounting policies consistently applied by the Plan administrator in the preparation of the accompanying financial statement of net assets available for benefits in liquidation and related statement of changes in net assets available for benefits in liquidation and the related notes to the financial statements (financial statements) follows:

Basis of Accounting - The accompanying financial statements of the Plan are prepared on the liquidation basis of accounting (See Note 1 for discussion of Plan termination).

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates - The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, disclosure of contingent assets and liabilities, and the actuarial present value of accumulated plan benefits at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - Investments are reported at fair value, which is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. (See Note 8 for discussion of fair value measurement.)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses - Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as administrative expenses in the accompanying statement of changes in net assets available for benefits in liquidation. In addition, certain investment-related expenses are included in net appreciation (depreciation) of fair value of investments presented in the accompanying statement of changes in net assets available for benefits in liquidation.

Payment of Benefits - Benefit payments to participants are recorded upon distribution.

Subsequent events - Subsequent events are defined as events or transactions that occur after the statements of net assets available for benefits (in liquidation) date, but before the financial statements are issued or are available to be issued. Management has evaluated subsequent events through October 7, 2026, the date that the financial statements were issued and determined that there have been no events that have occurred that would require adjustments to disclosures in the financial statements.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS

Accumulated plan benefits are those estimated future benefit payments attributable under the Plan's provisions to services rendered by participants through the valuation date. The actuarial present value of accumulated plan benefits represents management's estimate of the amount required to settle those benefit obligations. As the Plan terminated on August 31, 2024, the valuation was determined using a settlement-based methodology reflecting the estimated cost of satisfying benefit obligations through a combination of annuity purchases and lump-sum distributions.

NOTE 3 - ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS (Continued)

Significant assumptions utilized in the valuation include annuity purchase pricing and an annual interest rate assumption of 2.71% used in measuring changes in accumulated plan benefits. No assumptions regarding future compensation increases or future benefit accruals were utilized as benefit accruals ceased upon plan termination.

The change in the actuarial present value of accumulated plan benefits for the year ended December 31, 2025 and for the period from July 15, 2024 (date of inception) through December 31, 2024 is composed of the following:

	2025	2024
Actuarial present value of accumulated plan benefits as of beginning of year	$ 89,165,750	$ 109,688,738
Increase (decrease) during the year attributable to:		
Benefits accumulated gains	(2,063,570)	(1,873,015)
Interest due to the decrease in the discount period	238,859	5,247,699
Benefits and expenses paid	(2,925,012)	(7,875,818)
Change in actuarial assumptions	-	(4,025,092)
Annuity buy-out premium and true-up refund	(84,416,027)	-
Lump-sum window	-	(11,996,762)
Net decrease	$ (89,165,750)	(20,522,988)
Actuarial Present Value Of Accumulated Plan Benefits As Of End Of Year	-	$ 89,165,750

The computations of the actuarial present value of accumulated plan benefits were prepared on a liquidation basis made as of December 31, 2025 and 2024 with the presumption that the Plan was terminated on August 31, 2024. The Plan will be funded sufficiently to satisfy all benefit obligations during the course of the Plan termination.

There were no accumulated plan benefits as of December 31, 2025. Accumulated plan benefit information as of December 31, 2024 is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Participants currently receiving payments	$ 80,665,167
Other participants	8,500,583
	89,165,750
Nonvested benefits	-
Total actuarial present value of accumulated plan benefits	$ 89,165,750

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN TRUSTEE

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Bank (Principal), trustee qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments as of December 31, 2025 and 2024 as shown in the statements of net assets available for benefits in liquidation.

- Investment gain and loss as shown in the statements of changes in net assets available for benefits in liquidation for the year ended December 31, 2025 and the period from July 15, 2024 (date of inception) through December 31, 2024.

- Investment information included in the Schedules of Assets (Held at End of Year) as of December 31, 2025 and 2024 and the Schedules of Reportable Transactions for the year ended December 31, 2025 and the period from July 15, 2024 (date of inception) through December 31, 2024, as shown on the ERISA-required supplemental schedules.

At the request of the Plan administrator, the Plan's independent auditor did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related investment information included in the financial statements and ERISA-required supplemental schedules.

NOTE 5 - RISKS AND UNCERTAINTIES

The Plan invests in securities that are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in value will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits in liquidation.

Plan contributions are made and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

NOTE 6 - INCOME TAX STATUS

The Plan received a determination letter from the IRS dated May 12, 2026, stating that the Plan is qualified under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter, however the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements.

The Plan is subject to routine audits by taxing jurisdictions, however there are currently no audits for any tax periods in progress.

NOTE 7 - TRANSACTIONS WITH PARTIES-IN-INTEREST

Plan investments consist of money market and collective equity funds, managed by Principal and Mercer Trust Company LLC (Mercer) during the year ended December 31, 2025 and the period of July 15, 2024 (date of inception) through December 31, 2024. Principal is the trustee and Mercer is the recordkeeper as defined by the Plan. Transactions with these parties qualified as party-in-interest transactions. The Company paid investment fees of approximately $15,000 to Principal during 2024. There were no such expenses in 2025. The Company paid fees for actuarial and consulting services of approximately $568,000 and $1,472,000 to Mercer during 2025 and 2024, respectively.

Certain administrative functions are performed by officers or employees of the Company at no cost to the Plan.

NOTE 8 - FAIR VALUE MEASUREMENT

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; or
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Collective Equity Funds - Valued at the net asset value (NAV) of units of the separate accounts. The NAV, as provided by the trustee, is used as a practical expedient to establish fair value. The per unit NAV of the underlying funds is determined each business day. Portfolio securities listed on an exchange normally are valued at the last sale or official closing price on the day on which the securities are valued or, lacking any sales on such day, at the last available bid price using prices as of the close of trading. In cases where securities are traded on more than one exchange, the securities are generally valued on the exchange considered by the trustee or the applicable sub-adviser as the primary market for such securities. Certain fixed-income securities may be valued based on appraisals received from an independent pricing service using a computerized matrix system or based on appraisals derived from information concerning the securities or similar securities received from a recognized dealer or dealers in those securities. Portfolios may invest in securities that are traded in foreign markets. Foreign securities are converted into U.S. dollar equivalents based on the rate in effect at a uniform time on each business day.

The investment objective of the portfolios is to provide long-term total return, which includes capital depreciation and income. The underlying funds typically invest in other collective investment funds managed by Mercer that have characteristics consistent with the overall investment objective, as well as in the equity securities of non-U.S. companies and foreign issuers, equity securities issued by small-to-medium capitalization U.S. companies, equity securities of companies located in emerging markets (including dividend-paying securities, common stock and preferred stock) and in fixed-income securities. Transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the accounts, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner. The Plan's balance in this fund was fully liquidated as of December 31, 2025. The Plan had approximately $74,211,000 of collective equity funds as of December 31, 2024. There were no unfunded commitments as of December 31, 2024.

Money Market Funds - Valued at amortized cost, which approximates fair value. This fund is required to publish its daily NAV and to transact at that price. The fund held by the Plan is deemed to be actively traded.

The preceding methods described might produce a fair value calculation that might not be indicative of net realizable value or reflective of future fair values. Further, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 8 - FAIR VALUE MEASUREMENT (Continued)

The following tables set forth by level within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 143,957	-	-	$ 143,957
Investments in the fair value hierarchy	$ 143,957	-	-	143,957
Total fair value				$ 143,957

	2024			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 672,991	-	-	$ 672,991
Investments in the fair value hierarchy	$ 672,991	-	-	672,991
Investments measured at NAV (a)				74,210,879
Total fair value				$ 74,883,870

(a) In accordance with Topic 820-10, certain investments measured at the NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in the above tables are intended to permit reconciliation of fair value hierarchy amounts to line items presented in the statement of net assets available for benefits (in liquidation).

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period.

NOTE 9 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The accompanying financial statements have been prepared in accordance with U.S. GAAP, which differs from the presentation prescribed by the Department of Labor's Form 5500. As a result, certain amounts reported in the financial statements differ from those reported in the Form 5500.

The following is a reconciliation of contributions in the financial statements to Form 5500 as of December 31:

	2025
Net assets available for benefits per the financial statements	-
Accrued expenses to liquidate the Plan	$ 150,658
Net Assets Available for Benefits Per Form 5500	$ 150,658

	2025
Net decrease in net assets available for benefits per the financial statements	$ 88,785,774
Accrued expenses to liquidate the Plan	$ (150,658)
Net Decrease in Net Assets Available for Benefits Per Form 5500	$ 88,635,116
