Cotton Patch Café, Inc. 401(k) Profit Sharing Plan

Notes to Financial Statements
December 31, 2009 and 2008

Note 1. Description of the Plan

The following description of Cotton Patch Café, Inc. 401(k) Profit Sharing Plan (the "Plan") provides only general information. Participants should refer to the Plan document and *Summary Plan Description* for a more complete description of the Plan's provisions, which are available from the plan administrator.

General

The Plan is a defined contribution plan sponsored by Cotton Patch Café, Inc. ("Company") for the benefit of its employees. Related employers who also participate in the Plan include Centex Café, Ltd. ("Centex"), Westex Café, Ltd. ("Westex") and Patchmann, LLC. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective May 2008, John Hancock Life Insurance Company (U.S.A.) serves as Plan custodian ("John Hancock" or "Custodian").

Contributions

The Plan permits eligible employees through a salary deferral election to have the Company make annual contributions of up to 100% of eligible compensation. Employee rollover contributions are also permitted. Annually, the Company may match participant contributions based upon the combined profit to point level of all Company units at the end of each plan year. In order to qualify for the employer matching contribution, the participant must be actively employed on the last day of the plan year and complete at least 1000 hours of service during the plan year. The Company may also make discretionary profit sharing and qualified non-elective contributions for non-highly compensated employees ("QNEC") only. In 2009 and 2008 ,the Company made matching contributions for 15% and 10% of salary deferrals up to 6% of compensation, respectively.

Participant Investment Account Options

Investment account options available include various funds. Each participant has the option of directing his contributions into any of the separate investment accounts and may change the allocation daily.

Participant Accounts

Each participant's account is credited with the participant's contributions and the Company's discretionary matching contributions, discretionary profit sharing contributions, discretionary QNEC contributions and Plan earnings and losses. Each participant's earnings are invested separately according to the individual's investment direction so that each participant's account realizes appreciation or depreciation based on related investment performance. Plan earnings are calculated and credited to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Note 1. Description of the Plan (Continued)

Vesting

Participants are immediately vested in their contributions, rollover contributions and QNEC contributions and related earnings thereon. Vesting in the Company's discretionary matching and profit sharing contributions and related earnings thereon is based on years of continuous service which occurs at a rate of 20% per year of employment after an initial vesting of 20% at the end of the second year. A participant is 100% vested after six years of credited service.

Participant Loans

Currently, the Plan does not permit participant loans.

Payment of Benefits

Benefits may be paid under the Plan, subject to limitations and conditions imposed by the Internal Revenue Code ("IRC"), upon a participant's termination of employment, retirement, disability, death, or hardship due to an immediate and heavy financial need. The Plan specifies lump sum distributions only or installment payments for required minimum distributions. Benefits are generally 100% vested upon retirement, death or disability.

Forfeited Accounts

When an employee termination occurs, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures are first used to reduce the Plan's administrative expenses. To the extent forfeitures cover all plan expenses, they may then be allocated to reduce matching and non-elective contributions. At December 31, 2009 and 2008, forfeited non-vested accounts were zero.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of net assets and changes in net assets and disclosures of contingent assets and liabilities at the date of the financial statements. Accordingly, actual results may differ from those estimates.

Valuation of Investments and Income Recognition

The Plan's investments in pooled separate accounts are stated at fair market value based on quoted market prices of the underlying mutual fund as provided by John Hancock.

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses or investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

The majority of the Plan's administrative expenses are paid by the Company.

Plan Tax Status

The Plan operates under a nonstandardized adoption agreement in connection with a prototype retirement plan and trust document sponsored by TravisWolff & Company, LLP. This prototype plan document has been filed with the appropriate agency. The Plan has not obtained or requested a determination letter. However, the plan administrator believes that the Plan is currently designed and is being operated in compliance with the applicable requirements of the IRC and that the Plan was qualified and the related trust was tax exempt as of the financial statement date. With a few exceptions, the Plan is no longer subject to U.S. federal or state income tax examination by tax authorities for years before 2006.

Note 3. Investments

The Plan's investments (including investments bought, sold, as well as those held during the year appreciated (depreciated) in fair value during the years ended December 31, 2009 and 2008 as follows:

	2009	
	Net Appreciation in Fair Value During Year	Fair Value End of Year
Pooled separate accounts	$ 251,606	$ 995,902
	$ 251,606	$ 995,902

	2008	
	Net Depreciation in Fair Value During Year	Fair Value End of Year
Pooled separate accounts	$ 254,348	$ 592,189
Variable investment options	46,824	-
	$ 301,172	$ 592,189

The fair value of investments that individually represent 5 percent or more of the Plan's net assets available for benefits at December 31, 2009 and 2008 were as follows:

	2009	2008
JH Lifecycle 2020	$ 95,253	$ 71,048
JH Lifecycle 2040	96,893	67,341
JH Lifecycle 2045	43,006	46,141
JH Lifestyle - Balanced Portfolio	147,099	76,220
JH Lifestyle - Aggressive Portfolio	156,449	128,829
JH Lifestyle - Growth Portfolio	113,451	66,247
JH Energy Fund	70,302	N/A

Note 4. Party-in-Interest Transactions

Party-in-interest transactions include those with fiduciaries or employees of the Plan, any person who provides services to the Plan, an employer whose employees are covered by the Plan, an employee organization whose members are covered by the Plan, a person who owns 50 percent or more of such an employer or employee association, or relatives of such persons.

The Plan investments include certain investments managed by the custodians as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions.

Note 5. Fair Value of Plan Assets and Liabilities

ASC Topic 820, Fair Value Measurements, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires a plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying statements of net assets available for benefits, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include pooled separate accounts. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. The Plan has no Level 2 or Level 3 securities. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy.

Note 5. Fair Value of Plan Assets and Liabilities (Continued)

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying statements of net assets available for benefits measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at December 31, 2009 and 2008:

		2009 Fair Value Measurements Using		
	Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 995,902	$ 995,902	$ -	$ -
	$ 995,902	$ 995,902	$ -	$ -

		2008 Fair Value Measurements Using		
	Fair Value	Quoted Price in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Pooled separate accounts	$ 592,189	$ 592,189	$ -	$ -
	$ 592,189	$ 592,189	$ -	$ -

Note 6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 7. Current Economic Conditions

The current protracted economic decline continues to present employee benefit plans with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments. The financial statements have been prepared using values and information currently available to the Plan.

Given the volatility of current economic conditions, the values of assets recorded in the financial statements could change rapidly, resulting in material future adjustments in investment values that could negatively impact the Plan

Note 8. Excess Contributions Payable

The IRC attempts to ensure that participants at all levels of income share the tax advantages of the Plan proportionally. The amounts accrued as excess contributions payable at December 31, 2009, represent contributions exceeding the allowed limits which were refunded to a participant subsequent to the plan year end.

Note 9. Subsequent Events

Subsequent events have been evaluated through October 2, 2010, which is the date the financial statements were available to be issued.
