INDEPENDENT AUDITOR'S REPORT

To the Administrative Committee of
the MRCO, LLC 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of MRCO, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of MRCO, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of MRCO, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and

maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about MRCO, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore it is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of MRCO, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events considered in the aggregate, which raise substantial doubt about MRCO, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment at End of Year is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

(1) Description of Plan

The following description of the MRCO, LLC 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of the Company who have one year of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974.

Contributions

Each participant may elect to make voluntary contributions to the maximum dollar limit. The Company may make matching contributions equal to a percentage of the participants' voluntary contributions. The Company determines this matching percentage based on its own discretion.

Participants Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) Plan earnings (losses), including a charge for an allocation of administrative expenses paid by the Plan and (b) employer contributions. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Forfeitures

The forfeiture of any terminated participant's non vested account occurs at the end of the plan year. Forfeitures are used to reduce employer contributions or pay Plan expenses.

Payment of Benefits

On termination of service, a participant shall receive a lump-sum amount equal to the value of his or her account. However, participants with a vested balance of less than $5,000 will receive a lump-sum amount equal to the vested portion of their account. Participants with a vested balance in excess of $5,000 may remain in the Plan, but may not make additional contributions.

Vesting

Participants are 100 percent vested in their voluntary contributions and employer matching contributions.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

(2) Summary of Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared under the accrual method of accounting.

Investment valuation and income recognition

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan determines the valuation policies utilizing information provided by the investment advisers and Custodian. See Note 7 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Investment income is recorded on the accrual basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Use of Estimates

The preparation of financial statements requires the Plan administrator to make estimates and assumptions that effect certain reported amounts and disclosures. Actual results could differ from those estimates.

Payment of Benefits

Payments of benefits are recorded when paid.

Net Assets Available for Plan Benefits

Net assets available for benefits at December 31, 2025 and 2024 included $-0- allocated to the accounts of persons who, prior to that date, had withdrawn from participating in earnings and operations of the Plan

Income Tax Status

On January 1, 2016 the Plan adopted the Access Retirement Systems, LLC Standardized 401(K) Profit Sharing Plan and Trust (Access Plan) , which received its determination letter from the Internal Revenue Service (IRS) in March 2014. The determination letter stated that the Access Plan was in compliance with the applicable requirements of the Internal Revenue Code. As an adopted member of the Access Plan, the MRCO Retirement Plan's administrator and tax counsel believe it has no responsibility to request a separate determination letter. Therefore, believe that the Plan was qualified and was tax-exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS.

(3) Summary of Information Certified by the Custodian

The following information was certified as complete and accurate by the custodian of the plan, John Hancock Life Insurance Company for years ended December 31, 2025 and 2024. The following table presents the fair value of investments.

Fair value of investments

Investments at fair value as determined by quoted market price:

		2025	2024
Pooled separate accounts	$	4,706,845	4,075,472
Insurance company general account		498	7,034
	$	4,707,343	4,082,506

The Plan's investments (including investments bought, sold, and held during the year) appreciated in value by $568,199 and $401,683, respectively, for the years ended December 31, 2025 and 2024.

(4) Subsequent Events

Subsequent events have been evaluated through October 2, 2026, the date these financial statements were available to be issued.

(5) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their accounts.

(6) Concentration of Credit Risk

The Plan has an accounting risk of loss in the area of investments in marketable securities. At December 31, 2025 and 2024 this risk amounted to $4,707,343 and 4,082,506, respectively.

(7) Fair Value

The Plan classifies its investments based on hierarchy consisting of : Level 1 (Valued using quoted prices from active markets for identical assets), Level 2 (not traced on active market but for which observable market inputs are readily available) and Level 3 (valued based on significant unobservable inputs). The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used maximize the use of observable inputs and minimize the use of unobservable inputs.

(7) **Fair Value, continued**

Following is a description of the valuation methodologies used for assets and liabilities measured at fair value:

Pooled separate accounts	Valued based on net asset value (NAV), which is determined daily, of the units in participation in the account held by the Plan. On a daily basis, the units of participation are revalued to reflect the performance of the underlying mutual funds less any fees and charges. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

There have been no changes in the valuation methodologies used at December 31, 2025 and 2024.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes the methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes by level, with the fair value hierarchy, investments measured at fair value on a recurring basis as of December 31, 2025 and 2024:

	2025			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)				$ 4,707,343
	$ -	$ -	$ -	$ 4,707,343

	2024			
	Level 1	Level 2	Level 3	Total
Investments measured at net asset value (a)				$ 4,082,882
	$ -	$ -	$ -	$ 4,082,882

(a) In accordance with Subtopic 820-10, certain investments that were measured at fair value using the net asset value per share (or the equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of nets assets available for benefits.

(7) **Fair Value, continued**

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient:

Investment	Fair Value at December 31, 2025	Fair Value at December 31, 2024	* Unfunded Commitment	* Redemption Frequency	* Redemption Notice Period
Short-term bond Funds (a)	$ 392,348	$ 369,336	$ -	Immediate	None
Intermediate-term bond funds (b)	$ 4,826	$ 2,508	$ -	Immediate	None
Balanced funds (c)	$ 689,643	$ 699,586	$ -	Immediate	None
Large-cap stock funds (d)	$ 354,424	$ 285,436	$ -	Immediate	None
Mid-cap stock funds (e)	$ 358,615	$ 295,291	$ -	Immediate	None
Small-cap stock funds (f)	$ 104,939	$ 98,338	$ -	Immediate	None
Foreign stock funds (g)	$ 21,476	$ 19,539	$ -	Immediate	None
Managed asset allocation funds (h)	$ 2,780,574	$ 2,305,538	$ -	Immediate	None

(a) These investments seek as high a level of current income as the advisor believes is consistent with safety of capital; reducing changes in its share prices compared to longer term portfolios is a secondary goal.

(b) These investments seek maximum total return, consistent with preservation of capital and prudent investment management. Funds are invested primarily in a diversification portfolio of fixed income instruments of varying maturities.

(c) These investments seek the highest yield of total return consistent with the asset mix. These allocation strategies diversify investments amount equity securities, bonds and money market instruments.

(d) These investments seek long-term capital appreciation by investing in equity securities of large companies. These funds focus on companies that appear to be undervalued based on various valuation measures

(7) Fair Value, continued

(e) These investments seek long-term capital appreciation by investing in equity securities of small and mid-size companies. Funds may invest in United States and foreign companies traded on domestic or foreign security exchanges.

(f) These investments seek capital appreciation by investing in a diversified portfolio of value and growth common stocks of small companies.

(g) These investments seek to provide total return, taking into account both capital and income returns, by investing primarily in the global emerging equity market.

(h) These investments seek the highest total return over time consistent with an emphasis on both capital growth and income by investing in a diversified portfolio of stock and bond funds that represent various asset classes and sectors for investors who have a specific maturity date.

(8) Forfeitures

For the year ended December 31, 2025 and 2024, forfeitures of $-0- and $2,460, respectively, were used to reduce employer contributions. No forfeitures were used to pay plan expenses. As of December 31, 2025 and 2024 there were $498 and $7,033, respectively in unallocated forfeitures.

(9) Party-In-Interest

Parties-in-interest are defined under United States Department of Labor Regulations as any fiduciary of the Plan, any party rendering service to the plan, the Employer, and certain others. Plan investments are held by the Custodian, and, therefore transactions qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, rather than a direct payment.

The party-in-interest transactions are exempt from the prohibited transactions provisions of ERISA and the IRC.
