Independent Auditors' Report

To the Nemours Foundation Retirement Plans Administrative Committee
The Nemours Foundation Section 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of The Nemours Foundation Section 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for plan benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of the Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

The Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Further, as described in Note 2(a) to the financial statements, the Plan has excluded from investments in the accompanying statements of net assets available for plan benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The investment income and distributions related to such accounts have also been excluded in the accompanying statements of changes in net assets available for plan benefits. The amount of these excluded annuity contracts and custodial accounts and the related income and distributions are not determinable. U.S. generally

KPMG LLP, a Delaware limited liability partnership, and its subsidiaries are part of the KPMG global organization of independent member firms affiliated with KPMG International Limited, a private English company limited by guarantee.

accepted accounting principles require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. generally accepted accounting principles, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of the Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of the Plan, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of, Schedule H, line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on this supplemental schedule.

(1) Description of Plan

The following description of The Nemours Foundation Section 403(b) Plan (the Plan) is provided for general information purposes only. Participants should refer to the plan document for more complete information.

(a) General

The Plan is a defined-contribution 403(b) plan, which covers the employees of The Nemours Foundation (the Foundation). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Pediatric Medical Services of Florida, Inc., a wholly owned subsidiary established by Nemours, sponsored a 401(k) defined-contribution plan (401(k) Plan). The 401(k) Plan terminated as of December 31, 2023. Participants of the 401(k) Plan became eligible for the Plan as of January 1, 2024. The balances transferred to the Plan from the 401(k) Plan are shown as Transfers to the Plan on the accompanying statement of changes in net assets available for plan benefits as of December 31, 2024.

(b) Plan Administration

The Plan is administered by The Nemours Foundation Benefits Plan Committee (the Plan administrator) under the direction of the Board of Directors of the Foundation. The assets of the Plan are held in multiple custodial accounts. For the year ended December 31, 2025, the custodians for the Plan are Variable Annuity Life Insurance Company (VALIC), Fidelity Management Trust Company (Fidelity), The Lincoln National Life Insurance Company (Lincoln) and Ascensus Trust Company (Ascensus). As of January 1, 2025, the record keeper for the Plan is Fidelity. For the year ended December 31, 2024, the custodians for the Plan were VALIC, Fidelity, Ascensus and State Street Bank and Trust Company (State Street). The recordkeeper for the Plan was Transamerica Retirement Services (TRS) until December 31, 2024.

(c) Eligibility

All employees, excluding employees such as leased employees, independent contractors, and any person who is engaged in the business solely as a member of the Board of Directors are eligible to participate in the Plan for purposes of making pre-tax salary deferral contributions to the Plan beginning on the date of hire.

Plan participants are eligible to receive an employer contribution immediately if they are scheduled to work at least 1,000 hours per year, or after completing 1,000 hours of service during an eligibility period.

(d) Contributions

During 2025 and 2024, each participant may contribute up to $23,500 and $23,000, respectively, as defined by the Internal Revenue Service (IRS). Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of an additional $7,500 in 2025 and 2024.

The Foundation matches 50% up to 4% of eligible compensation of an employee’s pre-tax salary elective deferral or Roth contribution each payroll period up to a maximum of 2% of an employee’s

(Continued)

salary. The Foundation match for 2025 and 2024 totaled $19,639,933 and $18,261,514, respectively, net of allocated forfeitures.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. The deferral rate for automatically enrolled participants is set at 4% of eligible compensation and contributions are invested in the Plan's qualified default investment alternative until changed by the participant.

In addition, the Foundation makes quarterly nonelective contributions based on a participant's years of service. The nonelective contributions for 2025 and 2024 totaled $38,732,585 and $37,679,888, respectively, net of allocated forfeitures.

(e) Participant Accounts

Each participant's account is credited with the participant's contribution, employer contributions, plan earnings, and charged with an allocated portion of administrative expenses, applicable to the account. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(f) Vesting

Participants are always 100% vested in their employee contributions. Participants hired before January 1, 2022, are 100% vested in the employer matching contributions. Participants hired on or after January 1, 2022, vest in their employer matching contributions based upon years of service. Participants vest in the employer nonelective contributions based upon years of service. The participant is not vested until completing three years of service, at which time the participant becomes 100% vested in the employer matching and nonelective contribution.

(g) Notes Receivable from Participants

Participants may borrow from their participant accounts up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid directly to the recordkeeper (Fidelity in 2025, TRS in 2024) through payroll deductions.

(h) Payments of Benefits

Upon termination of service due to retirement, death, or disability, participants invested in insurance contracts will have their participant account plus investment earnings paid in the form of a qualified joint and survivorship annuity, unless said participant elects payment as a lump sum, immediate annuity, or a combination of such methods of payment. Upon termination from service due to other reasons, the participant may receive the participant's account plus investment earnings as a lump-sum distribution to the individual or as a rollover to another qualified retirement account or plan.

(i) Forfeitures

Forfeitures related to the portion of the employer nonelective contributions and employer matching contributions that have not vested, may be used to restore participant accounts, pay plan expenses, reduce or make additional employer contributions, or allocated pro rata to participants.

The change in the forfeited nonvested account, included in investments in insurance contracts, for the years ended December 31, 2025 and 2024 include the following components:

		2025	2024
Forfeiture account, beginning of year	$	496,916	228,555
Forfeitures		5,461,064	1,820,229
Employer contributions		(5,476,719)	(1,077,061)
Administrative expenses		(80,700)	(474,807)
Forfeiture account, end of year	$	400,561	496,916

(j) Plan Expenses

Certain investment management fees are netted against investment income. Participants may incur account or loan service fees and investment management fees, which are paid to the recordkeeper or custodian and are reflected as administrative expenses in the accompanying financial statements. All other administrative expenses are paid by the Plan.

(k) SECURE 2.0 Act

On December 29, 2022, the SECURE 2.0 Act was enacted to help improve retirement savings. The SECURE 2.0 Act made wide-ranging changes, both mandatory and elective, to qualified plans and its provisions have various effective dates. Significant provisions were as follows:

- An increased catch-up contribution limit for participants who attain ages 60, 61, 62, or 63 during the calendar year. The enhanced limit is generally the greater of $10,000 or 150% of the regular age-50 catch-up contribution limit, subject to future inflation adjustments.
- Catch-up contributions made by participants whose prior-year FICA wages from the sponsoring employer exceed the statutory threshold to be made on a Roth after-tax basis rather than a pre-tax basis.
- Defined contribution plans to provide participants with at least one paper benefit statement each year unless the participant affirmatively elects electronic delivery.

The Plan will incorporate these changes to the Plan document and administration as required by the SECURE 2.0 Act as of January 1, 2026.

(2) Summary of Significant Accounting Policies

(a) Basis of Presentation

The Plan's financial statements have been prepared on the accrual basis in conformity with U.S. generally accepted accounting principles (U.S. GAAP).

The Plan was formally established on January 1, 2009 and historically was viewed as an amalgamation of individual annuity and custodial accounts and the Plan and its custodians did not maintain financial information at a plan level. As of December 31, 2008, the Plan's custodians began to provide the Plan administrator with annual certified statements summarizing the Plan's activities and holdings.

Investments under the Plan are also held by Teacher's Insurance and Annuity Association – College Retirement Equities Fund (TIAA-CREF) and Empower Annuity Insurance Company of America (Empower) and contributions to these providers were frozen prior to January 1, 2009. Effective October 24, 2023, investments under Prudential Life Insurance Company transitioned to Empower. As permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans (FAB 2009-2)*, the Plan administrator has elected to exclude these investments and related activities from these financial statements. However, U.S. GAAP requires that these accounts and the related income and distributions be included in the accompanying financial statements.

The amount of these excluded annuity and custodial accounts and the related income and distributions are not determinable.

(b) Investment Valuation

Investments are reported at fair value as determined by quoted market price (except for the fully benefit responsive investment contract which is reported at contract value). Plan assets are invested on a participant-directed basis.

(c) Income Recognition

Interest income is recorded when earned. Mutual fund dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments bought and sold and the change in appreciation on investments held at the end of the year. Purchases and sales of securities are recorded on a trade-date basis.

(d) Notes Receivable from Participants

Participant's loans are classified as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. Investments underlying defaulted loan balances, if any, are reflected in the statements of net assets available for plan benefits until a distribution event occurs.

(e) Payment of Benefits

Benefit payments to participants are recorded upon distribution.

(Continued)

(f) Use of Estimates

The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities, at the date of the financial statements and the reported amounts of additions to, and deductions from net assets during the reporting period. Actual results could differ from those estimates.

(g) Risks and Uncertainties

The Plan invests in various types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

(3) Information Certified by Custodians and Qualified Agents

The Plan administrator has elected to have the audit performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure. The Plan administrator determined that the certifications received from VALIC, Fidelity, Lincoln, Ascensus and State Street, the custodians and qualified agents of the Plan, meet the requirements of ERISA Section 103(a)(3)(C). The custodians and qualified agents of the Plan have certified that the investments shown in the statements of net assets available for plan benefits at December 31, 2025 and 2024, the schedule of assets (held at end of year) as of December 31, 2025 and the related investment activity reflected in the statements of changes in net assets available for plan benefits for the years ended December 31, 2025 and 2024 included in the accompanying financial statements and supplemental schedule is complete and accurate as of and for the year ended December 31, 2025.

The Plan's independent auditors did not extend their audit procedures to the information certified by the custodians, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

(4) Fair Value Measurements

The Plan applies the provisions of Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement* (FASB ASC Topic 820), for fair value measurements and disclosures of financial assets and financial liabilities and for fair value measurements of nonfinancial items that are recognized or disclosed at fair value in the financial statements.

FASB ASC Topic 820 defines fair value as the exit price that would be received to sell an asset or paid to transfer a liability in the principal or most advantageous market in an orderly transaction between market participants at the measurement date. FASB ASC Topic 820 also establishes a framework for measuring

fair value and expands disclosures about fair value measurements requiring investments to be grouped into three categories based on certain criteria as noted below:

- Level 1: Fair value is determined by using quoted prices for identical assets or liabilities in active markets.
- Level 2: Fair value is determined by using other than quoted prices that are observable for the asset (e.g., quoted prices for identical assets in inactive markets, quoted prices for similar assets in active markets, observable inputs other than quoted prices, and inputs derived principally from or corroborated by observable market data by correlation or other means).
- Level 3: Fair value is determined by using inputs based on management assumptions that are not directly observable. There were no Level 3 investments in the Plan as of December 31, 2025 and 2024.

As required by FASB ASC Topic 820, assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following tables set forth by level within the fair value hierarchy the investment assets measured at fair value as of December 31, 2025 and 2024:

	Investment assets at fair value as of December 31, 2025		
	Level 1	Level 2	Total
Money market funds	$ 6,880,041	—	6,880,041
Mutual funds	1,493,506,606	—	1,493,506,606
Investment in insurance contracts	—	11,271,987	11,271,987
	$ 1,500,386,647	11,271,987	1,511,658,634

	Investment assets at fair value as of December 31, 2024		
	Level 1	Level 2	Total
Money market funds	$ 3,722,356	—	3,722,356
Mutual funds	1,238,898,187	—	1,238,898,187
Investment in insurance contracts	—	42,395,095	42,395,095
	$ 1,242,620,543	42,395,095	1,285,015,638

Level 1 assets include mutual funds and money market funds. They are valued at the quoted market prices.

Level 2 assets include non fully-benefit responsive guaranteed investment contracts that are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

(5) Fully Benefit-Responsive Investment Contracts

The Plan entered into a traditional fully benefit-responsive fixed investment contract (FBRIC) with VALIC with the contract value of $3,062,015 and $3,629,263 as of December 31, 2025 and 2024, respectively. VALIC maintains the contributions in a general account. The account is credited with earnings, between 1.0% and 4.5% per year, on the underlying investments and charged for participant withdrawals and administrative expenses. The Plan entered into a FBRIC with Lincoln on January 1, 2025, with the contract value of $25,601,409 as of December 31, 2025. The account is credited with earnings, at a fixed rate of 3.8% through December 31, 2026.

As of December 31, 2025 and 2024, there are no events or circumstances under which VALIC or Lincoln would terminate the contract nor are there any events which would limit VALIC or Lincoln's ability to transact at contract value with the Plan's participants.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

(6) Tax Status

The Plan has adopted the Fidelity Workplace Services LLC 403(b) Volume Submitter Plan as of January 1, 2025. The IRS issued an opinion letter dated August 7, 2017, for the Volume Submitter 403(b) Plan. The IRS opinion letter states that, in the opinion of the IRS, the form of the Volume Submitter 403(b) Plan is acceptable under section 403(b) of the Internal Revenue Code of 1986, as amended (IRC), for use by eligible employers for the benefit of their employees. The Plan administrator believes that the Plan is currently designed and being operated in compliance with applicable requirements of the IRC and as such is exempt from federal income taxes.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

(7) Plan Termination

Although it has not expressed any intent to do so, the Foundation has the right to terminate the Plan in whole or in part at any time upon giving written notice to all persons concerned. Complete discontinuance of contributions constitutes complete termination of the Plan. In the event the Plan terminates, each participant and the beneficiary of each deceased participant shall be vested with all rights to any funds in the investment accounts as of the date of such termination.

The participant's vested account shall continue to participate in the earnings credited, expenses charged, and any appreciation or depreciation of the investment fund until the vested account is distributed.

(Continued)

(8) Related-Party and Party-in-Interest Transactions

Certain Plan investments consist of shares or units of mutual funds, money market funds, and insurance contracts managed by parties-in-interest to the Plan. For the year ended December 31, 2025, the custodians were VALIC, Fidelity, Lincoln, and Vanguard (record kept by Ascensus), and Fidelity served as the Plan's recordkeeper. For the year ended December 31, 2024, the custodians were VALIC, Fidelity, Vanguard (record kept by Ascensus), and State Street, and TRS served as the Plan's recordkeeper.

Additionally, participant loans are secured by participants' account balances. These transactions qualify as party in interest transactions.

(9) Subsequent Events

The Plan has evaluated events through October 9, 2026, the date on which the financial statements are available for issuance.
