To The Trustees
SCH R.N. Matching Retirement 403(b) Plan
2094 East State Street
Salem, Ohio 44460

We have audited the financial statements of SCH R.N. Matching Retirement 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) for the year ended December 31, 2025, and we will issue our report thereon dated October 12, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Voya Institution Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by SCH R.N. Matching Retirement 403(b) Plan are described in NOTE B to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

SCHROEDEL, SCULLIN & BESTIC, LLC

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The financial statement disclosures are neutral, consistent and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditors' report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. We have not identified any nontrivial misstatements during our audit.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditors' report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

With respect to the ERISA-required supplementary information accompanying the financial statements, we made certain inquiries of management and evaluated the form, content and methods of preparing the information to determine that the information complies with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

This information is intended solely for the use of The Trustees and management of SCH R.N. Matching Retirement 403(b) Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Schroedel, Scullin & Bestic, LLC

Independent Auditors' Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Salem Regional Medical Center 403(b) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in NOTE D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditors' Responsibilities for the Audit of the Financial Statements* section—

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SCHROEDEL, SCULLIN & BESTIC, LLC

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audit of the Financial Statement*s section of our report. We are required to be independent of the Salem Regional Medical Center 403(b) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Salem Regional Medical Center 403(b) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditors' Responsibilities for the Audit of the Financial Statements (Continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Salem Regional Medical Center 403(b) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Salem Regional Medical Center 403(b) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements, as a whole, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

SCHROEDEL, SCULLIN & BESTIC, LLC

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A - DESCRIPTION OF PLAN

The following description of the Salem Regional Medical Center 403(b) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined-contribution 403(b) plan covering all employees of Salem Community Hospital, dba Salem Regional Medical Center, and SCH Professional Corporation (the Hospital). Employees may begin making salary deferrals as of their date of hire. However, employees must be at least 18 years old and have completed 1,000 hours of service within the 12-month period of being hired to be eligible to receive employer-matching contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions - Under the Plan's provisions, each participant may contribute an amount equal to a dollar amount or percentage not to exceed 100% of compensation as defined by the Plan. Participants may also roll over amounts representing distributions from other qualified defined-benefit or contribution plans. Upon enrollment in the Plan, a participant may direct employee and employer contributions to any of the available investment options. Participants may change their investment options at their discretion. All of the balances of the Plan represent participant-directed investments. The Plan sponsor makes safe harbor matching contributions equal to 100% of the first 3% of participants' deferrals plus 50% of the next 3% of the participants' deferrals, for a maximum total safe harbor matching contribution of 4.5%. The safe harbor matching contribution is invested in the same manner as the participant's directed employee deferral.

Participant accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the appropriate matching contribution and (b) Plan earnings (losses), as defined. Participant accounts are charged with specific participant transaction fees, as well as an allocation of administrative expenses that are paid by the the Plan. Allocations are based on participant earnings and account balances. The benefit to which a participant is entitled is the benefit which can be provided from the participant's vested account.

Vesting - Participants are immediately 100% vested in their deferrals and contributions rolled over from other qualified defined-benefit or contribution plans, the Hospital safe harbor matching contribution, plus actual earnings thereon.

Payment of benefits - Upon termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or annual installments. If the participant's account balance is $5,000 or less, then the vested balance may only be distributed in a single lump-sum payment. Benefits are recorded when paid. Loans are not permitted by the Plan.

Forfeited accounts - Hospital contributions which are forfeited may be used to pay administrative expenses and/or reduce future Hospital contributions. During the years ended December 31, 2025 and 2024, there were no amounts transferred to the forfeiture account. The forfeiture account balance was $0 for each of the years ended December 31, 2025 and 2024.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting - The accompanying financial statements have been prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America.

Estimates and subsequent events - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates. In preparing the financial statements, including estimates and disclosures, the Plan Administrator has considered the effects of subsequent events through October 12, 2026—the date the financial statements were available to be issued.

Investment valuation and income recognition - The Plan's investments are stated at fair value as of December 31, 2025 and 2024, except for the fully benefit-responsive investment contract which is reported at contract value (see NOTE E). Shares of mutual funds are valued at the net asset value of shares held by the Plan at year end. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants and the measurement date. See NOTE C for a discussion of fair value.

Purchases and sales of securities are recorded on a trade-date basis. Net appreciation includes the Plan's realized gains and losses on investments sold and unrealized gains and losses on investments held during the year.

NOTE C - FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.
- Level 2 inputs consist of significant observable inputs other than quoted prices for identical assets.
- Level 3 inputs consist of significant unobservable inputs that are not corroborated by market data and have the lowest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs are only used when Level 1 or Level 2 inputs are not available to the Plan. No Level 2 or Level 3 inputs were available to the Plan.

NOTE C - FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year end. The mutual funds held by the Plan are open-ended mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded.

The Plan's investments are reported at fair value on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, as follows:

	DECEMBER 31, 2025 FAIR VALUE	**FAIR VALUE MEASUREMENT USING: (LEVEL 1)**	**(LEVEL 2)**	**(LEVEL 3)**
Mutual funds	**$ 34,527,960**	**$ 34,527,960**	**$ 0**	**$ 0**

	DECEMBER 31, 2024 FAIR VALUE	FAIR VALUE MEASUREMENTS USING: (LEVEL 1)	(LEVEL 2)	(LEVEL 3)
Cash	$ 11,374	$ 11,374	$ 0	$ 0
Mutual funds	31,785,438	31,785,438	0	0
INVESTMENTS AT FAIR VALUE	$ 31,796,812	$ 31,796,812	$ 0	$ 0

NOTE D - INVESTMENTS

Unaudited information certified by the Plan custodian - The statements of net assets available for benefits, the investment activities included on the statements of changes in net assets available for benefits and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the custodians, Voya Institutional Trust Company and Matrix Trust Company, for the years ended December 31, 2025 and 2024, respectively, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes assets of $37,383,545 and $34,573,521 at December 31, 2025 and 2024, respectively, and related investment income of $5,041,403 and $3,980,466 for the years ended December 31, 2025 and 2024, respectively.

NOTE E - FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan has a fully benefit-responsive contract in place with American United Life Insurance Company, which holds the contributions in it's general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Such interest rates are reviewed on an annual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by American United Life Insurance Company, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events may limit the ability of the Plan to transact at contract value. As of December 31, 2025 and 2024, the Plan Administrator was not aware of any such events that are probable of occurring that might limit the ability of the Plan to transact with the contract issuer at contract value and that would also limit the ability of the Plan to transact with the participants at contract value. In addition, certain events may allow the issuer to terminate the contract with the Plan and settle at an amount different from the contract value.

NOTE F - REVENUE SHARING

The Plan sponsor has a revenue-sharing agreement in place with American United Life Insurance Company, whereas a portion of investment revenue is shared between the Plan sponsor and the recordkeeper. Revenue-sharing amounts are used to help reduce costs of administrative service provided by the recordkeeper that would have otherwise been charged to the Plan sponsor.

NOTE G - ADMINISTRATION OF PLAN ASSETS, EXPENSES AND RELATED-PARTY AND PARTY-IN-INTEREST TRANSACTIONS

The Hospital provides to the Plan certain accounting and administrative services for which no fees are charged. Certain expenses to maintain the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments on the accompanying statements of changes in net assets available for benefits. Participant accounts may be charged a fee for the individual's election of a specified service related to the participant's individual account.

Effective January 2025, Voya Financial acquired the OneAmerica Financial full-service retirement plan business, including American United Life Insurance Company.

Certain Plan investments managed by American United Life Insurance Company are now managed by Voya Retirement Insurance and Annuity Company, the Plan's third-party administrator and recordkeeper and, therefore, these transactions qualify as party-in-interest transactions.

NOTE H - TAX STATUS

The Plan currently is designed to qualify under Section 403(b) of the Internal Revenue Code (IRC). The terms of the Plan have been prepared to conform with language provided by the Internal Revenue Service (IRS) in Revenue Procedure 2007-71. The Plan is required to operate in conformity with the IRC to maintain the tax-exempt status for Plan participants under Section 403(b).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognizes a tax liability (asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE I- PLAN TERMINATION

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants will become 100% vested in their accounts.

NOTE J - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported on the statements of net assets available for benefits.

NOTE K - TRANSFERS FROM OTHER PLANS

The Plan accepts contract exchanges from other 403(b) Plans where participants held contracts. The transferor plans have no control over these funds, and they represent a part of the Plan's assets available for benefits at December 31, 2025 and 2024. Transfers from (to) other plans totaled $(63,445) and $352,690 for the years ended December 31, 2025 and 2024, respectively.
