WENTE FAMILY ESTATES
401(K) PROFIT SHARING PLAN

NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2009 AND 2008

NOTE 1 – Description of Plan

The following description of the WENTE FAMILY ESTATES 401(K) PROFIT SHARING PLAN (the Plan), is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) profit sharing plan which provides benefits to all employees of Wente Bros. and its affiliates (the Companies) who have completed one year of service and are age twenty-one or older. An administrative committee appointed by the Boards of Directors of the Companies administers the Plan. Certain officers of the Companies act as trustees of the Plan, which is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Plan Administrator

The Plan is administered by an administrative committee (the Plan Administrator), which maintains separate accounting records for the Plan. The Companies pay certain administrative expenses of the Plan and other administrative expenses are paid by the Plan.

Contributions

Each year, participants may contribute up to 100% of pretax annual compensation (limited to $16,500 for the year ended December 31, 2009), as defined in the Plan. Certain eligible participants may defer an additional amount of annual compensation based on catch-up provisions as defined in the Plan (limited to $5,500 for the year ended December 31, 2009). Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Companies make a non-elective contribution of 3% of each participant's pretax annual compensation. The Companies may, at their discretion, also contribute matching contributions of each participant's deferral amount to the extent the Companies' contribution does not exceed 6% of each participant's pretax annual compensation. The Companies may also make discretionary profit sharing contributions as determined annually by the Boards of Directors of the Companies.

Participant Accounts

Each participant's account is credited with the participant's contribution, if any, and an allocation of (1) contributions by the Companies (reduced by forfeitures of the Companies' contributions) and (2) Plan earnings or losses, and charged with an allocation of administrative expenses paid by the Plan. Allocations are principally based on participant earnings or losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1 – Description of Plan (Continued)

Vesting

Participants are immediately vested in their contributions, actual earnings thereon and the Companies' non-elective contributions. Vesting of matching and discretionary contributions by the Companies, earnings thereon and forfeitures begins after two full years of service at the rate of 20% per year until fully vested after six years.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested interest in the Plan. Loan terms are up to a maximum of five years unless the loan is for the purchase of a primary residence, in which case a longer term may be permitted. The loans are collateralized by the participants' vested interest in the Plan and bear interest at 2.00% above the prime rate (not to exceed 10.25%). Interest rates on outstanding loans ranged from 6.50% to 10.25% at December 31, 2009. Principal and interest are paid ratably through bi-weekly payroll deductions through 2028.

Payment of Benefits

Upon termination of service due to death, disability, retirement or other reasons, the Plan provides for a single lump sum distribution. Participants may elect to postpone payment to a later date.

Forfeitures

At December 31, 2009 and 2008, forfeited nonvested accounts amounted to $10,776 and $21,883. These forfeitures will be used to reduce future employer contributions or to pay Plan expenses.

Reclassifications

Certain reclassifications have been made to the 2008 financial statements in order to conform to the classifications used in the 2009 financial statements.

NOTE 2 – Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could vary from those estimates.

NOTE 2 – Summary of Significant Accounting Policies (Continued)

Subsequent Events

Management has evaluated subsequent events for potential recognition and/or disclosure through October 7, 2010, the date the financial statements were available to be issued.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements. Interest income is recorded when received.

Payment of Benefits

Benefits are recorded when paid.

NOTE 3 – Investments

A participant may direct the investment of their account through investment options offered by John Hancock Life Insurance Company (U.S.A.). Plan investments include units of pooled separate accounts which invest solely in shares of mutual funds and guaranteed investment contracts (non fully benefit-responsive). The following presents participant directed investments that represent 5.0% or more of the Plan's net assets at December 31:

	2009	2008
Lifestyle Balanced	$ 3,011,035	$ 2,173,087
John Hancock Stable Val	2,228,093	2,120,041
Lifestyle Growth	1,171,242	744,571
Lifestyle Moderate	877,033	699,052
Lifestyle Aggressive	779,789	496,909
Lifestyle Conservative		690,682
Subtotal	8,067,192	6,924,342
Other investments (individually less than 5.0% of the Plan's net assets)	3,921,191	2,382,029
Total participant directed investments	$ 11,988,383	$ 9,306,371

The appreciation in fair value of investments during the year ended December 31, 2009 (including investments bought, sold, and held during the year) was $2,336,469.

NOTE 4 – Fair Value Measurements

The Fair Value Measurements and Disclosures topic of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under the FASB ASC are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2

Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Pooled Separate Accounts

Valued at the net asset value based on the mutual funds' ending price as of the end of the year.

Participant Loans

Valued at amortized cost, which approximates fair value.

Guaranteed Investment Contracts

Valued based on the underlying investments and contracts within the fund.

NOTE 4 – Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009

NOTE 5 – Related Party Transactions

Certain Plan investments are units of pooled separate accounts which invest solely in shares of mutual funds and guaranteed investment contracts managed by John Hancock Life Insurance Company (U.S.A.). John Hancock Life Insurance Company (U.S.A.) is the custodian, as defined by the Plan, and therefore these transactions qualify as party-in-interest transactions.

NOTE 6 – Tax Status

The Plan obtained its latest determination letter in September 2001 in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and that the Plan was qualified and the related trust was tax-exempt for the year ended December 31, 2009, and, accordingly, no provision for income taxes has been recorded.

NOTE 7 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 8 – Information Certified by the Plan Custodian

The statement of net assets available for benefits at December 31, 2009 and 2008, the investment activities included on the statement of changes in net assets available for benefits for the year ended December 31, 2009, the accompanying notes to the financial statements and the supplemental schedule were prepared in part or entirely from information certified by the custodian in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. The information certified includes total participant directed investments of $11,988,383 and $9,306,371 at December 31, 2009 and 2008, and related net appreciation in fair value of participant directed investments of $2,336,469 for the year ended December 31, 2009.

NOTE 9 – Plan Termination

Although they have not expressed any intent to do so, the Companies have the right to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in all amounts credited to their accounts.
