To the Plan Administrators and Management of
Optimal Home Care, Inc. 401(k) Plan

We appreciate the opportunity to conduct your audit for the year ended December 31, 2025. As we have discussed with you previously, we are writing to you as we complete the audit to communicate any internal control matters we identified during the audit. We are also communicating certain other governance type matters.

Our comments are presented as follows:

I. Internal control matters
II. Governance type matters

This communication is intended solely for the information and use of management, the Plan Administrators and others within Optimal Home Care, Inc. 401(k) Plan, and is not intended to be and should not be used by anyone other than these specified parties.

We will be pleased to further discuss our comments with you.

Watson Coon Ryan, LLC

Centennial, Colorado

I. INTERNAL CONTROL MATTERS

In planning and performing our audit of the financial statements of Optimal Home Care, Inc. 401(k) Plan as of and for the year ended December 31, 2025, in accordance with auditing standards generally accepted in the United States of America, we considered Optimal Home Care, Inc. 401(k) Plan's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the plan's internal control. Accordingly, we do not express an opinion on the effectiveness of Optimal Home Care, Inc. 401(k) Plan's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the plan's financial statements will not be prevented, or detected and corrected on a timely basis. A reasonable possibility exists when the likelihood of an event occurring is either reasonably possible or probable as defined as follows:

- *Reasonably possible*. The chance of the future event or events occurring is more than remote but less than likely.
- *Probable*. The future event or events are likely to occur.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiencies in the plan's internal control to be significant deficiencies:

Deferral Reviews
During the audit we noted several instances where contributions were not made in accordance with participant directives or applied to all of the eligible compensation as defined by the Plan document. We recommend the plan implement controls to ensure deferrals are being applied consistently and correctly throughout the year. A lack of controls in this area can result in lost opportunities to contribute for plan participants which would require the Company to compensate impacted employees for a portion of their missed deferrals

Automatic Enrollment
During the audit, we noted two employees who met the Plan's automatic enrollment provisions during 2025 but were not automatically enrolled until February 2026. These employees did not opt

out of participation. This could result in missed deferral opportunities, required corrective contributions, and potential operational noncompliance. We recommend that management work with Empower to determine the required correction, if any, and implement controls to monitor timely automatic enrollment.

We do not consider the following operational recommendations to be significant deficiencies or material weaknesses:

Forfeitures
During our procedures, we noted that not all forfeitures were used during the year to offset employer contributions, pay Plan expenses, or otherwise be allocated in accordance with the Plan document. Although the balance was immaterial, we recommend that management monitor forfeiture balances and use them timely in accordance with the Plan document and applicable regulatory requirements.

II. GOVERNANCE TYPE MATTERS

We have audited the financial statements of Optimal Home Care, Inc. 401(k) Plan as of and for the year ended December 31, 2025, and have issued our report thereon dated September 18, 2026. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 8, 2026, our responsibility, as described by professional standards, is to conduct our audit in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Therefore, as permitted by ERISA Section 103(a)(3)(C), the audit need not extend to any statements of information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution). For an ERISA Section 103(a)(3)(C) audit, the audit will not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirement of accounting principles generally accepted in the United States of America (GAAP). Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of the system of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of the plan's internal control over financial reporting. Accordingly, as part of our audit, we considered the system of internal control of Optimal Home Care, Inc. 401(k) Plan solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding significant control deficiencies in section I of this letter.

Planned Scope and Timing of the Audit
We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence
The engagement team, others in our firm, as appropriate, our firm, and our network firms have complied with all relevant ethical requirements regarding independence.

Significant Risks Identified in the Design of Audit Procedures
We identified the following significant risks during our planning process, which assisted us in designing our audit procedures.

- Improper contribution recognition resulting from incorrect deferral calculations.
- Improper contribution recognition resulting from incorrect eligibility determinations.
- Electronic participant transactions may create a risk that participant elections or changes are processed without proper authorization or are not accurately reflected in the payroll or recordkeeping systems.
- Failure to comply with IRS/DOL compliance requirements.

These matters required special audit consideration due to their level of inherent risk or anticipated impact on audit procedures performed.

Qualitative Aspects of the Plan's Significant Accounting Practices

Significant Accounting Policies
Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Optimal Home Care, Inc. 401(k) Plan is included in Note 2 to the financial statements. There were no new accounting policies initially selected and no changes in significant accounting policies or their application during 2025. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates
Accounting estimates and related disclosures are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments. We did not identify any particularly sensitive accounting estimates requiring communication to those charged with governance.

Financial Statement Disclosures
Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. We did not identify any financial statement disclosures that involve significant judgment.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Significant Difficulties Encountered during the Audit
We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements
For purposes of this communication, professional standards also require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole. The attached schedule summarizes uncorrected financial statement misstatements whose effects in the current and prior periods, as determined by management, are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. Uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future-period financial statements to be materially misstated, even though the uncorrected misstatements are immaterial to the financial statements currently under audit.

Disagreements with Management
For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Optimal Home Care, Inc. 401(k) Plan's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management
We have requested certain written representations from management, which are included in the attached letter **September 18, 2026**.

Management's Consultations with Other Accountants
In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us, and we are not otherwise aware, that there were no consultations with other accountants regarding auditing or accounting matters.

Other Significant Matters, Findings, or Issues
In the normal course of our professional association with Optimal Home Care, Inc. 401(k) Plan, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, significant events or transactions that occurred during the year, business conditions affecting the plan, and business plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Optimal Home Care, Inc. 401(k) Plan's auditors.

During our testing, we identified the reportable findings described in Section I related to deferral calculations and automatic enrollment. We also noted certain noncompliance matters identified by Empower in its year-end compliance testing related to eligibility and excise taxes. Management should evaluate and address these matters, including any required correction. The specifics of the reportable findings are as follows:

> During our audit, we identified a minor discrepancy in the recalculation of participant deferrals for Ashlyn Heinzel, Lori Mason, Haley Sparks, Dana Thomas, and Abbie Wilson. We recommend that management review this matter to identify and correct any similar discrepancies.
>
> During automatic enrollment testing, we found that Deborah Dean should have been automatically enrolled into the plan in December 2025, but was not enrolled until subsequent to year end, in February 2026. We advise management to discuss this issue with Empower to determine whether any amount is owed to these employees for missed deferrals.
>
> During automatic enrollment testing, we found that Cheryl Jackson should have been automatically enrolled into the plan in October 2025, but was not enrolled until subsequent to year end, in February 2026. We advise management to discuss this issue with Empower to determine whether any amount is owed to these employees for missed deferrals.
>
> Empower's year-end compliance testing identified certain matters related to eligibility and excise taxes. Management should evaluate whether these matters represent operational failures or other qualification issues and determine whether correction is required.

Other Matters
The ERISA-required supplemental schedule was subjected to the audit procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to

prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

Our responsibility also includes communicating to you any information which we believe is a material misstatement of fact. Nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information, or manner of its presentation, appearing in the financial statements.

This report is intended solely for the information and use of the Plan Administrators, and management of Optimal Home Care, Inc. 401(k) Plan and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrators of the
Optimal Home Care, Inc.
Denver, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Optimal Home Care, Inc. 401K Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Optimal Home Care, Inc. 401K Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects,

the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Optimal Home Care, Inc. 401K Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Optimal Home Care, Inc. 401K Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Optimal Home Care, Inc. 401K Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Optimal Home Care, Inc. 401K Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Schedule H, line 4i—Schedule of Assets (Held at End of Year) as of December 31, 2025 referred to as "supplemental information" is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing

procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OPTIMAL HOME CARE, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Optimal Home Care, Inc. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan is a defined contribution 401(k) plan established April 16, 2006 and provides savings and retirement benefits to eligible employees of Optimal Home Care, Inc. (the Employer). The Plan was amended effective December 1, 2021, to include the employees of Ability Home Health Care, an affiliated Company with common ownership. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Trustees is responsible for oversight of the Plan, including determining the appropriateness of the Plan's investment offerings and monitoring investment performance.

The U.S. Congress enacted the SECURE Act which includes provisions that impact benefit plans. Provisions of the SECURE Act are operationally available at this time, but Plan documents will not require formal amendment until December 31, 2026. The SECURE Act increased the RMD age from 70 ½ to 73, allows for long-term part-time employees to participate and allows for in service withdrawals for childbirth and adoption expense. The Plan is currently operating according to these provisions.

Participation and Eligibility. Employees age 18 with 3 months of service and over become eligible for coverage under the Plan as soon as eligibility requirements have been met.

Contributions. Each year, eligible participants may contribute between 1% and 90% of pretax annual compensation, as defined in the Plan and subject to statutory limitations. Contributions may be made pre or post tax (Roth). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants may modify their elective deferral election on the first day of each month. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer discretionary match contributions equal to 15% of the employees' elective deferrals, not to exceed $1,000, are made on a per pay period basis. Total matching contributions of $89,961 were made during the year ended December 31, 2025. Qualified non-elective profit sharing contributions are also allowed by the Plan, none of which were made during 2025.

All newly hired eligible employees are automatically enrolled in the Plan 30 days after becoming eligible. Automatic enrollment is set to automatically withhold 4% of the employee's eligible earnings. Employees have the opportunity to elect a different amount or waive participation before the automatic contributions are withheld. The contributions are invested in the Plan's default investment option if the employee does not make a different investment election. The default investment option is the Empower Retirement Fund that most closely

matches the employee's assumed retirement date, based on the employee's age at the time of enrollment.

Vesting. Participants are immediately vested in all contributions, including earnings thereon.

Participant Accounts. Each participant's account is credited with the participant's contributions and employer contributions, if any, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants. Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of one-half of the vested value of the participant's account or $50,000. Participants are allowed a maximum of one loan outstanding. The loans are secured by the balance in the participant's account. The loan interest rate is one percentage point over the prime interest rate as of the date of the loan.

Payment of Benefits. Upon termination of employment, participants may elect to receive a lump-sum distribution or roll over their vested account balance, subject to the automatic cash-out and rollover provisions of the Plan. Vested account balances of $1,000 or less may be distributed in a lump sum without participant consent. Vested account balances greater than $1,000 but not exceeding $5,000 may be automatically rolled over into an individual retirement account if the participant does not make a distribution election.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared on the accrual basis of accounting.

Estimates. The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition. The Plan's investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management utilizes information provided by the trustee to determine the valuation of the Plan's investments. See the "Fair Value Measurements" disclosure in Note 4 for a discussion of fair value measurements.

The Plan's insurance contract investment is a fully benefit-responsive investment contract that is reported at contract value. Because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan, it is

the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in fair value of investments includes realized gains and losses on investments bought and sold during the year and unrealized appreciation or depreciation on investments held at year-end.

Payment of Benefits. Benefits paid to participants are recorded upon distribution.

Administrative Expenses. Administrative expenses of the Plan are paid by either the Plan or the Employer, as provided in the Plan document. Certain administrative functions are performed by the employees of the Employer. No such employee receives compensation from the Plan. Recordkeeping fees and expenses relating to specific participant transactions, such as participant loans and distributions, are charged directly to the participant's account.

Fee Income. In the event recordkeeping revenue received in connection with plan services under revenue-sharing arrangements exceeds agreed-upon compensation levels, the excess revenue is deposited into a forfeiture account and used to pay Plan expenses or allocated to eligible participants' accounts in accordance with the Plan document. Administrative expense refunds, and the corresponding administrative expenses, are recognized on a gross basis on the statement of changes in net assets available for benefits.

NOTE 3 – INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEES

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in fair value of investments, interest, dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, qualified institutions under ERISA Section 103(a)(3)(C).

NOTE 4 – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB 820 are described as follows:

Level 1— Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2—Inputs to the valuation methodology include

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
- If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3—Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used for investments held at December 31, 2025. Pooled separate accounts and common collective trusts were added as new investment types during the year ended December 31, 2025 and are described below.

Mutual Funds: Mutual funds are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and classified within Level 1 of the valuation hierarchy.

Common Collective Trust: The Plan invests in common collective trusts which are valued based on the net asset value (NAV) per unit provided daily by the trustee. The daily NAV is published and serves as the absolute basis for participant-directed purchases and redemptions. Because the unit values are based on observable inputs for the underlying investments and are not quoted prices in active markets for identical investments, the common collective trusts are classified within Level 2 of the fair value hierarchy.

Pooled Separate Accounts: The Plan invests in pooled separate accounts under a variable annuity contract which are valued based on daily unit values provided by the insurance company/custodian. These unit values are based on the fair value of the underlying observable net assets held in the accounts. Because these investments feature daily participant liquidity with no redemption restrictions, they are categorized within Level 2 of the fair value hierarchy.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of

different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date

Investments reported at fair value as of December 31, 2025 and 2024 are as follows:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total

NOTE 5 - INVESTMENT IN INSURANCE FUND

The Plan holds a fully benefit-responsive group annuity contract, the Empower Investments Fixed Account - Series Class I, with Empower Annuity Insurance Company of America (Empower). The Empower Investments Fixed Account - Series Class I is a general account product of Empower.

As described in Note 2, contract value is the relevant measurement attribute for this fund. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the ongoing plan. At December 31, 2025, the contract value of the Empower Investments Fixed Account - Series Class I was $180,355.

Participant-initiated withdrawals and transfers are generally permitted at contract (book) value. Interest is credited daily on a portfolio basis, and the interest crediting rate may change or stay the same quarterly. The average yield earned by the Plan for the year ended December 31, 2025 was 1.45%.

Certain events may limit the ability of the Plan to transact at contract value with Empower. Such events include premature termination of the contract by the Plan, layoffs, plan termination, bankruptcy, mergers, and early retirement incentives. As of December 31, 2025, the Plan administrator did not believe that the occurrence of events that would limit the Plan's ability to transact at contract value with participants was probable. Subsequent to year-end, the

Plan Sponsor approved termination of the Plan and transfer of Plan assets to a pooled employer plan, as further described in Note 10. The Plan administrator is evaluating the impact, if any, of the termination and transfer on the settlement of the fully benefit-responsive investment contract.

Upon contract termination, the plan sponsor may elect one of the following settlement options: (i) an immediate lump-sum payment subject to a market value adjustment, (ii) a lump-sum payment at book value (which may be subject to payment deferral depending on market conditions), (iii) 20 quarterly book-value installment payments, or (iv) another mutually agreed lawful payout option.

There are no reserves against contract value for credit risk of Empower or otherwise.

NOTE 6 – EXEMPT PARTY-IN-INTEREST TRANSACTIONS

he Plan's recordkeeper, trustee, custodian, investment managers, the Employer, and Plan participants are parties-in-interest as defined by ERISA. Certain Plan investments are managed by or held by parties-in-interest. Fees charged to the Plan for investment management, recordkeeping, trustee, custody, and participant transaction services are reflected as reductions of investment return or included in administrative expenses. Participant loan and distribution processing fees are charged directly to participant accounts. These transactions qualify as exempt party-in-interest transactions under ERISA.

Empower Annuity Insurance Company of America received indirect compensation from investment fund providers for recordkeeping, administration, communication and other shareholder services provided on behalf of the registered investment companies or common collective trusts. Indirect compensation is offset against administrative expenses charged to the Plan. If there is excess, it is deposited into the Plan's forfeiture account.

NOTE 7 - TAX STATUS

The Plan is a pre-approved non-standardized 401(k) plan. The Plan has not obtained a determination letter from the Internal Revenue Service ("IRS"), as it relies on the IRS approval of the pre-approved plan being utilized. The IRS has determined and informed the pre-approved plan sponsor by an opinion letter dated November 14, 2022 that the preapproved plan was designed in accordance with applicable sections of the IRC. The Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Plan administrator believes the Plan was qualified and the related trust was tax-exempt as of December 31, 2025 and 2024.

NOTE 8 – PLAN TERMINATION

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. As of December 31, 2025, the Company

had not expressed any intent to terminate the Plan. Subsequent to year-end, the Plan Sponsor approved the merger of the Plan into a pooled employer plan, as further described in Note 10.

NOTE 9 – CONCENTRATIONS OF CREDIT RISK/RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and such changes could materially affect participants' account balances and the amounts reported in the accompanying statement of net assets available for benefits.

NOTE 10 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 30, 2026, the date these financial statements were available to be issued.

Subsequent to the plan year ended December 31, 2025, the Plan Sponsor approved the merger of the Plan into the 401(k) Advantage PEP, a pooled employer plan within the meaning of ERISA Section 3(43) and IRC Section 413(e), administered by NPPG Plan Professionals, LLC, as pooled plan provider. he Plan Sponsor approved the merger on September 1, 2026, and the effective date of the merger is September 23, 2026.

As of December 31, 2025, management had not approved or committed to merge the Plan into the pooled employer plan, and the Plan continued to operate as a standalone single-employer plan in accordance with the Plan document. Accordingly, the merger is disclosed as a nonrecognized subsequent event.

Upon completion of the merger, the Plan will cease to operate as a standalone single-employer plan. Participants were fully vested in their account balances as of December 31, 2025, and participant account balances are expected to be preserved in connection with the merger. The Plan administrator has not yet determined the final amount of assets to be transferred or the effect, if any, on the fully benefit-responsive investment contract.
