Independent Auditors' Report

Meridian 401(k) Plan
1443 West 800 North, Suite #103
Orem, UT 84057

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Meridian 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Meridian 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 10 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Meridian 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of the Meridian 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Meridian 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedule of Assets Held for Investment Purposes at End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Respectfully,

Note 1. Description of Plan

The following description of Meridian 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan documents for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution, safe harbor, 401(k) Plan for employees that meet the eligibility requirements of one year of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Contributions

Each participant enters into a salary reduction agreement with the employer. The employee may elect to defer an amount from 1% of payroll period compensation up to 75% of plan year compensation. The employer will make safe harbor matching contributions equal to 100% of employee salary deferrals that do not exceed 4% of compensation. The plan sponsor may make additional discretionary qualified non-elective contributions to the Plan. Contributions may be subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions, matching contributions by the employer on the participant's behalf, and an allocation of Plan earnings; each participant's account is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances as defined. Each participant self directs their individual account in various investment options. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are 100% vested at all times in their voluntary 401(k) contributions and the Plan Sponsor's safe harbor matching contribution plus actual earnings thereon. Participants in the Plan on or before February 1, 2011 are 100% vested in the Plan's discretionary qualified non-elective contributions. Participants in the plan after February 1, 2011 are vested in the Plan's discretionary contribution based upon years of continuous service. For the Plan's discretionary qualified non-elective contributions the vesting schedule is 0% at less than 2 years, 20% at 2 years, 40% at 3 years, 60% at 4 years, 80% at 5 years, and 100% at 6 or more years of service. All employer contributions are 100% vested upon and after the participant attains normal retirement age or if his employment terminates as a result of death or disability. Regardless of the vesting schedule above, participants who transferred from the At Home Advocacy 401(k) Plan on January 1, 2023, will be 100% vested at all times in all accounts.

Note 1. Description of Plan, Continued

Investment Options

Upon enrollment in the Plan, a participant may direct their employee and employer contributions in any of the investment options offered by Empower Retirement which offers a series of funds ranging from high risk/return to low risk/return. Participants are allowed to change the allocation of these investments daily.

Payment of Benefits

Benefits are recorded when paid. On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or delay receipt of benefits, if the vested account balance is greater than $5,000.

Forfeited Accounts

At December 31, 2025 and 2024, forfeited non-vested accounts totaled $16,996 and $7,886 respectively. Forfeited non-vested accounts are used to reduce future employer contributions or pay plan expenses. A total of $5,131 and $16,298 of forfeitures were used to reduce employer contributions for the years ended December 31, 2025 and 2024, respectively.

Notes Receivable from Participants

Participants may borrow from their fund account a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate ranging from 4.25% to 9.50%, which is commensurate with local prevailing rates as determined quarterly by the Plan's management. Principal and interest are paid through payroll deductions. Participant loans are reported at the unpaid principal balance. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan documents.

The individual note payback periods do not exceed 180 months. The 2025 earnings for these notes receivable from participants are $40,841 and the 2025 ending balance of notes receivable from participants is $659,506. The 2024 earnings for those notes receivable from participants were $26,513 and the 2024 ending balance of notes receivable from participants was $437,102.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting.

Plan Expenses

The Plan Sponsor pays a portion of the administrative expenses of the Plan. During 2025 and 2024, the expense for the pension plan audit were paid by the sponsor. All other plan expenses were paid from plan assets and are included in the Plan's financial statements.

Use of Estimates

The preparation of financial statements in conformity accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

Reclassifications

Certain accounts in the prior-year financial statements may have been reclassified for comparative purposes to conform to the presentation in the current-year financial statements.

Subsequent Events

The Plan management and administration have reviewed the subsequent events through October 7, 2026 the date of issuance of the financial statements and noted no significant events.

Note 3. Fair Value Measurements

FASB Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

> *Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Note 3. Fair Value Measurements, Continued

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The Plan's investments are stated at fair value. Share of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Following is a description of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024.

Mutual funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following presents the plan investments within the fair value hierarchy:

	Investment Assets at Fair Value as of December 31, 2025			
Investment:	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 24,459,894	$ -	$ -	$ 24,459,894

	Investment Assets at Fair Value as of December 31, 2024			
Investment:	(Level 1)	(Level 2)	(Level 3)	Total
Mutual Funds	$ 17,938,036	$ -	$ -	$ 17,938,036

Note 4. Group Annuity Contract

Group Annuity Contract with Great-West Life & Annuity Insurance Company

The Plan has entered into a group fixed and variable deferred annuity contract, including the Key Guaranteed Portfolio Fund, with Great-West Life & Annuity Insurance Company. The Key Guaranteed Portfolio Fund is a fixed account that is part of the general account of Great-West Life & Annuity Insurance Company.

The Key Guaranteed Portfolio Fund is benefit-responsive for participant-initiated transactions. The interest crediting rate is determined by the Company prior to the last day of the preceding calendar quater and is compounded daily. The effective annual interest rate credited to the Key Guaranteed Portfolio Fund will not be less than 0%.

The contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions and transfers to the Key Guaranteed Portfolio Fund, plus interest, less distributions, transfers from the fund, and any applicable premium tax. Participants may transfer amounts from the Key Guaranteed Portfolio Fund at any time, subject to the terms of the contract and Plan.

The contract value of the Key Guaranteed Portfolio Fund was $580,887 and $497,795 at December 31, 2025 and 2024, respectively. Upon cessation of contributions, the Plan may elect to maintain participant accounts in the fund or receive payment at book value. Payment at book value may be deferred by the Company for up to 12 months following the contribution cessation date.

The Plan's ability to receive amounts due under the contract is dependent upon the issuer's ability to meet its contractual obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events might limit the ability of the Plan to transact at contract value with the issuer, including (1) premature termination of the contract by the Plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) mergers, and (7) early retirement incentive programs. Plan management believes that no events are probable of occurring that would limit the Plan's ability to transact at contract value with participants.

Note 5. Information Prepared and Certified by Trustee

In accordance with 29 CFR 2520-103-5(c), the Plan Trustee, Empower Annuity Insurance Company of American and Empower Trust Company, LLC has certified the accuracy and completeness of the 2025 and 2024 information contained in the financial statements and Supplemental Schedules as of December 31 for the years stated:

	2025	2024
Investments at fair value	$ 24,459,894	$ 17,938,036
Investments at contract value	580,887	497,795
Notes receivable from participants	659,506	437,102
Investment income	3,636,577	2,066,668

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Plan Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions

Note 7. Tax Status

The Plan Sponsor has adopted a pre-approved plan document for which the Internal Revenue Service issued a favorable opinion letter dated March 31, 2008.

Although the Plan has been amended since the opinion letter was issued, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt.

Note 8. Party in Interest Transactions

Certain plan investments are held by Empower Annuity Insurance Company of American and Empower Trust Company, LLC, the Plan's trustee and recordkeeper. Accordingly, transactions involving these investments and fees paid to Empower qualify as party-in-interest transactions. Fees paid by the Plan to Empower Annuity Insurance Company of American and Empower Trust Company, LLC totaled $22,690 and $15,124 for the years ended December 31, 2025 and 2024, respectively.

The Plan utilizes Empower Advisory Group, LLC as investment adviser for certain Plan investments. Fees paid by the Plan for investment advisory services amounted to $29,694 and $24,284 for the year ended December 31, 2025 and 2024, respectively. These transactions qualify as party-in-interest transactions.

The Plan utilizes Kestra Advisory Services, LLC as investment adviser for certain Plan investments. Fees paid by the Plan for the investment advisory services amounted to $30,000 and $30,000 for the year ended December 31, 2025 and 2024, respectively. These transactions qualify as party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of Net Assets Available for Benefits.

Note 10. Plan Amendment and Restatement

Effective April 1, 2025, the Plan was amended to add Danville Services Corporation as a participating employer. The amended participation agreement was executed on April 24, 2025.

The Plan also incorporates provisions required under recent legislation, including the SECURE Act and SECURE 2.0, as applicable.

Except as modified by the amendment, the Plan Sponsor intends to continue the Plan for the benefit of eligible employees in accordance with its terms.
