Independent Auditors' Report

To the Administrator of
The Bernier Carr and Associates 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of the Bernier Carr and Associates 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Bernier Carr and Associates 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Independent Auditors' Report (continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Bernier Carr and Associates 401(k) Plan, and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Bernier Carr and Associates 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

Independent Auditors' Report (continued)

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Bernier Carr and Associates 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Bernier Carr and Associates 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Independent Auditors' Report (continued)

Other Matter - Supplemental Schedule Required by ERISA (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF THE PLAN

The following description of the Bernier Carr and Associates 401(k) Plan, ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

GENERAL

The Plan is a defined contribution 401(k) profit sharing plan sponsored by Bernier Carr and Associates (the Company or Plan Sponsor). It covers all full-time and part-time employees of the Company who have completed three months of entry service and attained age 21. The Company is the Plan administrator. Principal Life Insurance Company (Principal Life) is the insurance carrier for the group annuity contract and the Plan's recordkeeper, and Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) serves as trustee and/or custodian of the Plan's investments. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

CONTRIBUTIONS

Participants may elect to defer a percentage of eligible compensation, as defined in the Plan, on a pre-tax or Roth basis, subject to annual limits established by the Internal Revenue Code (IRC). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions, also subject to IRC limits. Newly eligible employees are automatically enrolled at a deferral rate of 6% of compensation unless they elect a different rate or elect not to participate. Participants may also contribute amounts representing distributions from other qualified plans (rollovers).

The Company makes a qualified nonelective contribution equal to 3% of compensation for each participant who was an active participant at any time during the Plan year, allocated as of December 31. Contributions are subject to certain limitations under the IRC.

PARTICIPANT ACCOUNTS

Each participant's account is credited with the participant's contributions, the Company's contributions, and Plan earnings, and is charged with benefit payments and an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

INVESTMENTS

Participants direct the investment of their accounts among the investment options offered by the Plan, which consist of pooled separate accounts and a guaranteed interest option offered under a group annuity contract issued by Principal Life, and registered investment company (mutual fund) shares. Participants who do not make an investment election are invested in accordance with the Plan's investment documents.

VESTING

Participants are 100% vested at all times in their entire account balance, including Company contributions and earnings thereon.

NOTE 1 - DESCRIPTION OF THE PLAN (continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Participants may borrow from their vested account balance a minimum of $1,000 up to the lesser of $50,000, reduced by the highest outstanding loan balance during the prior one-year period, or 50% of their vested account balance. Only one loan may be outstanding at a time. Loans are secured by the balance in the participant's account, bear interest at a fixed rate based on rates charged by commercial lenders for similar loans at origination, and are repaid at least quarterly, generally through payroll deduction, over a term not exceeding five years. A loan is in default if any payment remains unpaid more than 90 days after it is due, at which time the outstanding balance is treated as a distribution to the participant. At December 31, 2025, interest rates on outstanding loans ranged from 4.25% to 9.50% with maturities through November 6, 2030. At December 31, 2024, interest rates ranged from 4.25% to 9.50%.

PAYMENT OF BENEFITS

On termination of service due to death, disability, retirement, or other separation, a participant may elect to receive the vested account balance in a single lump-sum payment or under one of the other optional forms provided by the Plan, including annuity options. Vested balances of $5,000 or less are paid in a single sum, and balances of more than $1,000 that are not otherwise elected are automatically rolled over to an individual retirement account. The Plan also permits withdrawals of rollover balances, in-service withdrawals after age 59-1/2, and hardship withdrawals, subject to the provisions of the Plan.

FORFEITED ACCOUNTS

Because participants are fully vested at all times, the Plan has no forfeitures. There were no forfeited accounts at December 31, 2025 and 2024.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value (see Note 5). Fair value is the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

NOTES RECEIVABLE FROM PARTICIPANTS

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2025 or 2024. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

ADMINISTRATIVE EXPENSES

Recordkeeping and contract administration fees are paid by the Plan from participant accounts and are allocated to each account based on account balances. Other administrative expenses of the Plan, including audit, compliance, and consulting fees, are paid by the Plan Sponsor and are excluded from these financial statements. Investment-related expenses are included in net appreciation of fair value of investments.

SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 2, 2026, the date the financial statements were available to be issued.

NOTE 3 - CERTIFIED INVESTMENT INFORMATION

Certain information in the accompanying financial statements and supplemental schedule related to investments and notes receivable from participants held as of December 31, 2025 and 2024, and net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate as follows:

Principal Life, an insurance carrier, certified the pooled separate accounts and the Principal Fixed Income Guaranteed Option issued by Principal Life, and the related investment activity; and

Principal Trust Company, a trust company, certified the investments and notes receivable from participants for which it acts as trustee and/or custodian, including the mutual funds, and the related investment activity and interest income on notes receivable from participants.

Each is a qualified institution as described in 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTE 4 - FAIR VALUE OF INVESTMENTS

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurement, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels are as follows:

Level 1 - Unadjusted quoted prices for identical assets in active markets that the Plan has the ability to access.

Level 2 - Inputs other than quoted prices included in Level 1 that are observable for the asset, either directly or indirectly, including quoted prices for similar assets in active markets and inputs derived principally from or corroborated by observable market data.

Level 3 - Unobservable inputs that are significant to the fair value measurement.

The asset's level within the hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds registered with the Securities and Exchange Commission that are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate accounts: Valued at the NAV per unit as determined by Principal Life. The NAV is based on the fair value of the underlying investments held by each separate account, less liabilities, divided by the number of units outstanding. The NAV is published daily and is the basis for current transactions, and units may be redeemed daily at the NAV. The Plan Sponsor has concluded these investments have readily determinable fair values. Principal Life reserves the right to defer payments or transfers from its separate accounts, including the Principal U.S. Property Separate Account, under certain market conditions; no such deferral was in effect during 2025 or at December 31, 2025.

The preceding methods may produce a fair value that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE 4 - FAIR VALUE OF INVESTMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Assets at Fair Value as of December 31, 2025

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,513,268	$ -	$ -	$ 4,513,268
Pooled Separate Accounts	9,272,075	-	-	9,272,075
Total assets at fair value	$ 13,785,343	$ -	$ -	$13,785,343

Assets at Fair Value as of December 31, 2024

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 4,246,569	$ -	$ -	$ 4,246,569
Pooled Separate Accounts	8,167,239	-	-	8,167,239
Total assets at fair value	$ 12,413,808	$ -	$ -	$12,413,808

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a fully benefit-responsive investment contract, the Principal Fixed Income Guaranteed Option, a guaranteed, general account-backed group annuity contract issued by Principal Life to Principal Trust Company as custodian under contract 5-26061. Contributions to the option are maintained in Principal Life's general account. Principal Life is contractually obligated to repay the principal and interest at a rate that is guaranteed to the Plan. Principal Life credits account balances with a composite crediting rate, which is a weighted average of the underlying guarantees in the contract. The rate is declared in advance and reset semiannually on June 1 and December 1. The net crediting rate is after a deduction of 0.00% for administrative and recordkeeping fees. The net crediting rate was 2.15% at December 31, 2025 and 1.55% at December 31, 2024.

Because the contract is fully benefit-responsive, contract value is the relevant measure for the portion of net assets available for benefits attributable to the contract. Contract value, as reported by Principal Life, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value of the guaranteed option was $194,604 and $231,910 at December 31, 2025 and 2024, respectively.

The Plan's ability to receive amounts due in accordance with the contract is dependent on Principal Life's ability to meet its financial obligations. Principal Life's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

NOTE 5 - INVESTMENT CONTRACT WITH INSURANCE COMPANY (continued)

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) the Plan's failure to qualify under IRC Section 401(a) or the failure of the trust to be tax-exempt under IRC Section 501(a), (2) premature termination of the contract, (3) Plan termination or merger, (4) changes to the Plan's prohibition on competing investment options, and (5) bankruptcy of the Plan Sponsor or other Plan Sponsor events that significantly affect the Plan's normal operations. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the issuer and that also would limit the ability of the Plan to transact at contract value with participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Benefit payments to participants for plan benefit events and participant-initiated transfers to non-competing investment options are made at contract value without a surrender charge. Direct transfers to competing investment options are not permitted, and indirect transfers are subject to a 90-day equity wash. If the Plan terminates its interest in the contract, the termination is subject to either 12 months' advance notice or a surrender charge of 5% of the 12-month average value of the Plan's interest. A surrender charge may also apply if the Plan moves to a recordkeeper that cannot enforce the equity wash and investment transfers exceed specified thresholds.

NOTE 6 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants are fully vested in their accounts at all times.

NOTE 7- TAX STATUS

Effective February 17, 2022, the Plan was restated onto the Principal Financial Group Pre-Approved Document for Savings Plans, a standardized pre-approved profit sharing plan with a cash or deferred arrangement. The Internal Revenue Service issued an opinion letter dated June 30, 2020 (Letter Serial No. Q702475a) stating that the form of the pre-approved plan is acceptable under Section 401 of the IRC. Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 – PARTY IN INTEREST TRANSACTIONS

Certain Plan investments are pooled separate accounts and a guaranteed interest option offered under a group annuity contract issued by Principal Life, which is the recordkeeper and insurance carrier for the Plan and, therefore, a party-in-interest. Contract administration and recordkeeping fees paid by the Plan to Principal Life were $67,442 and $58,541 for the years ended December 31, 2025 and 2024, respectively.

Notes receivable from participants also qualify as party-in-interest transactions. The Company, as Plan Sponsor, is a party-in-interest and paid certain administrative expenses of the Plan, including audit and compliance fees, on behalf of the Plan. These transactions are exempt from the prohibited transaction rules of ERISA and the IRC.
