Independent Auditor's Report

RSM US LLP

Mariner Finance 401(k) Committee
Mariner Finance LLC 401k Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Mariner Finance LLC 401k Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is accurate and complete to the best of their knowledge and belief.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by a qualified institution and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

RSM US LLP is the U.S. member firm of RSM International, a global network of independent assurance, tax, and consulting firms.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA
The supplemental Schedule H, line 4i—schedule of assets (held at end of year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section103(a)(3)(C).

Note 1. Plan Description

The following description of the Mariner Finance LLC 401k Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan covering substantially all employees of Mariner Finance, LLC and any participating affiliate companies (the Company or Sponsor) who are 21 years of age or older. The Plan Administrator is responsible for oversight of the Plan. The Mariner Finance 401(k) Committee determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions: Participants may contribute pretax annual compensation as defined in the Plan. Participants are also permitted to contribute Roth after-tax deferrals to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollovers). The Plan includes an auto-enrollment provision, whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation and their contributions invested in a designated balanced fund until changed by the participant. The Plan includes an automatic escalation feature that increases participants' deferral rates by 1% each year until reaching a specified maximum percentage of eligible compensation. Effective January 1, 2025, the Plan was amended to increase the maximum automatic deferral rate from 6% to 7% of eligible compensation. Participants may elect to discontinue their participation in the automatic deferral rate increase at any time.

The Company makes a safe harbor matching contribution equal to 100% of the first 3% of eligible compensation deferred and 50% of the next 2% of eligible compensation deferred. The Company may also make nonelective discretionary contributions to the Plan. There were no such nonelective discretionary contributions for the year ended December 31, 2025. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Investment options: Upon enrollment in the Plan, participants may direct contributions to selected investments as made available and determined by the Mariner Finance 401(k) Committee. Participants may change their investment options daily.

Participant accounts: Each participant's account is credited with the participant's contributions and the Company's safe harbor matching contributions, as well as allocations of any nonelective discretionary contributions and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Participants are vested in the Company's safe harbor matching contributions plus actual earnings thereon based on years of continuous service. A participant is 100% vested after two years of service. Effective July 1, 2016, former Pioneer Credit Company 401(k) Retirement Plan participants are 100% vested in their discretionary match and nonelective contribution accounts after three years of service. Effective June 15, 2017, former Personal Finance Company LLC Salary Savings Plan participants are immediately vested in their nonelective contribution accounts and 100% vested after six years of service in their matching contribution accounts.

Note 1. Plan Description (Continued)

Payment of benefits: The Plan permits withdrawals when a participant terminates employment, reaches retirement age, or becomes disabled or deceased. In-service withdrawals are also permitted for certain financial hardships or when a participant attains age 59½, and for other distributable events permitted under applicable law, including provisions added by the SECURE 2.0 Act of 2022. Vested account balances of $7,000 or less are subject to automatic distribution. Benefits are payable in lump-sum or installment payments with certain exceptions allowed.

Forfeitures: Forfeitures are first used to restore previously forfeited amounts to participant accounts. Remaining forfeitures are used to reduce future matching contributions. Forfeited nonvested accounts totaled $7,887 and $111,456 as of December 31, 2025 and 2024, respectively. During 2025, $791,734 was used to reduce Company safe harbor matching contributions.

Notes receivable from participants: Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of 50% of their vested account balance or $50,000. Loan terms range up to five years or up to 30 years for the purchase of a participant's primary residence. The loans are collateralized by the vested balance of the participant's account and bear fixed interest at the prime rate plus 2%. These rates range from 5.25% to 10.50% on loans outstanding at December 31, 2025, and mature through 2049. Principal and interest are paid ratably through payroll deductions.

Transfer of excess assets from the defined benefit plan: Effective June 4, 2024, the Plan was amended to facilitate a transfer of excess assets to the Plan. On July 1, 2024, the Plan received a transfer of excess assets totaling $4,434,327 from the Personal Finance Company LLC Retirement Plan and Trust Agreement (the DB Plan), which was terminated. The DB Plan and the Mariner Finance LLC 401(k) Plan are both sponsored by Mariner Finance LLC. The transfer was made in accordance with Internal Revenue Code (IRC) Section 4980(d), which permits the transfer of excess assets to a qualified replacement plan to avoid excise taxation. The Plan was determined to be a qualified replacement plan. Effective October 1, 2024, the Plan was amended to allow for a second type of employer nonelective contributions for the allocation of the excess funds transferred to the Plan. The transferred assets were allocated to eligible participants accounts on January 27, 2025. Eligible employees are defined as employees who were participants in the Personal Finance Company Retirement Plan on December 31, 2022, or, as of December 31, 2024, are classified by the Employer as employees with the job titles of Manager, Branch/Operations Manager Trainee, Assistant Vice President, Vice President, Attorney or Associate Counsel, or having at least one direct report. These assets were maintained in a separate sub-account within the Plan to ensure they were not used to offset employer contributions or pay Plan expenses. During 2025, the Plan also received $12,020 of accrued income related to the transferred assets. This amount represented earnings generated while the assets were held outside the Plan and, upon receipt, was transferred to the Plan and included with the assets available for allocation. Accordingly, the transferred assets, including earnings thereon, were fully allocated to eligible participants as employer nonelective contributions totaling $4,464,404 during the year ended December 31, 2025, and the sub-account had no remaining balance as of December 31, 2025.

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan have been prepared on the accrual basis of accounting.

Contributions: Contributions from Plan participants and the matching contributions from the employer are recorded in the year in which the employee contributions are withheld from compensation.

Note 2. Summary of Significant Accounting Policies (Continued)

Use of estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP) requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Mariner Finance 401(k) Committee determines the Plan's valuation policies utilizing information provided by the trustee and investment advisors. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make the scheduled repayments and the Plan Administrator deems the participant to be in default, the participant's note receivable is reduced and a benefit payment is recorded based on the terms of the Plan. No allowance for credit losses has been recorded as of December 31, 2025 and 2024.

Payment of benefits: Benefits are recorded when paid.

Expenses: Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Administrative expenses include fees related to the administration of notes receivable that are charged directly to the participant's account and certain recordkeeping fees paid by the Plan. Investment-related expenses are included in net appreciation of fair value of investments, net of revenue sharing income received.

Subsequent events: The Plan has evaluated subsequent events (events occurring after December 31, 2025) through October 12, 2026, the date the financial statements were available to be issued. See Note 9.

Note 3. Information Certified by State Street Bank and Trust Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2025 and 2024, and for the year ended December 31, 2025, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified as accurate and complete to the best of their knowledge and belief by State Street Bank and Trust Company, a qualified institution:

	December 31	
	2025	2024
Investments at fair value:		
Cash reserve account	$ 7,887	$ 111,456
Registered investment companies	126,576,734	108,490,858
Common collective trust fund	922,498	881,703
	$127,507,119	$109,484,017
Notes receivable from participants	$ 3,753,400	$ 3,225,423

State Street Bank and Trust Company also certified to the completeness and accuracy of $16,446,198 of net appreciation in fair value of investments and $2,514,628 of interest and dividends related to the aforementioned plan assets for the year ended December 31, 2025.

Note 4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from, or corroborated by, observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4. Fair Value Measurements (Continued)

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Registered investment companies (mutual funds): Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust fund: Valued at the NAV of shares in each account held by the Plan at year-end. The NAV is not a public-quoted price in an active market. The NAV, as provided by the trust fund, is used as a practical expedient to estimating fair value.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	Assets at Fair Value as of December 31, 2025			
Description	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 7,887	$ -	$ -	$ 7,887
Registered investment companies	126,576,734	-	-	126,576,734
	$ 126,584,621	$ -	$ -	126,584,621
Investments measured at NAV (a)				922,498
Investments at fair value				$ 127,507,119

	Assets at Fair Value as of December 31, 2024			
Description	Level 1	Level 2	Level 3	Total
Cash reserve account	$ 111,456	$ -	$ -	$ 111,456
Registered investment companies	108,490,858	-	-	108,490,858
	$ 108,602,314	$ -	$ -	108,602,314
Investments measured at NAV (a)				881,703
Investments at fair value				$ 109,484,017

(a) In accordance with the Fair Value Measurements topic, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Note 4. Fair Value Measurements (Continued)

The following table summarizes investments for which fair value is estimated using NAV per share (or its equivalent) as a practical expedient as of December 31, 2025 and 2024:

	Fair Value December 31		Unfunded	Redemption	Redemption
Investment	2025	2024	Commitment	Frequency	Notice Period
Common collective trust funds:					
MassMutual Total Return Bond F	$ -	$ 881,703	None	Daily	None
MFS Mid Cap Growth CIT Class CT	922,498	-	None	Daily	None
	$ 922,498	$ 881,703			

To assess the appropriate classification of investments within the fair value hierarchy, the availability of market data is monitored. Changes in economic conditions or valuation techniques may require the transfer of investments from one fair value level to another.

The Plan evaluates the significance of transfers between levels based upon the nature of the investment and size of the transfer relative to total net assets available for benefits.

Note 5. Related-Party and Party-in-Interest Transactions

The Plan made a change in investment advisors from First Horizon Advisors, Inc. to CAPTRUST Financial Advisors effective February 1, 2025. Transactions with these investment advisors qualify as party-in-interest transactions. Fees paid by the Plan to the investment advisors in 2025 totaled $52,347 and are included in administrative expenses for the year ended December 31, 2025.

Transamerica Retirement Solutions, LLC is the third-party administrator (TPA) of the Plan; therefore, transactions with the TPA qualify as a party-in-interest transaction. Fees paid by the Plan to the TPA totaled $172,984, which is included in administrative expenses for the year ended December 31, 2025.

The Plan received $1,483 in revenue sharing income from the TPA, which is recorded in net appreciation in fair value of investments for the year ended December 31, 2025.

The Company also paid certain administrative expenses of the Plan.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of a Plan termination, participants would become 100% vested in their Company contributions.

Note 7. Tax Status

The Plan adopted a pre-approved plan document that has received an opinion letter from the IRS dated June 30, 2020, stating that the form of the pre-approved plan document was in compliance with applicable requirements of the IRC. The Plan has been amended since adopting the pre-approved plan document. However, the Plan Administrator believes the Plan is designed and is being operated in compliance with the applicable provisions of the IRC.

Note 7. Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken any significant uncertain tax positions that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

Note 8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	December 31	
	2025	2024
Net assets available for benefits per the financial statements	$131,260,655	$112,709,440
Differences in:		
Investments—participant loans	3,710,820	3,207,546
Other receivables—accrued interest on participant loans	5,581	1,397
Receivables—notes receivable from participants	(3,753,400)	(3,225,423)
Net assets per the Form 5500	$131,223,656	$112,692,960

The following is a reconciliation of net increase in net assets available for benefits per the financial statements to net income per the Form 5500:

	Year Ended December 31, 2025
Net increase in net assets available for benefits per the financial statements	$ 18,539,195
Change in deemed participant loan distributions	(20,519)
Net income per the Form 5500	$ 18,518,676

Note 9. Subsequent Event

Subsequent to December 31, 2025, the Plan was amended and restated effective October 1, 2026, through the adoption of the Mariner Finance LLC 401K Plan Adoption Agreement No. 002 and related plan documents. The amendment and restatement transitioned the Plan to the T. Rowe Price Retirement Plan Services, Inc. pre-approved defined contribution plan platform and included a new trust arrangement with T. Rowe Price Trust Company, effective October 1, 2026. The Plan's recordkeeping services also transitioned to T. Rowe Price Retirement Plan Services, Inc. effective October 1, 2026. There is no impact to the 2025 financial statements.
