INDEPENDENT AUDITOR'S REPORT

October 12, 2026

To the Plan Administrator of
CDS Life Transitions 403(b) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of CDS Life Transitions 403(b) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule I) and Schedule of Delinquent Participant Contributions (Schedule II) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

INDEPENDENT AUDITOR'S REPORT

Other Matter - Supplemental Schedules Required by ERISA (Continued)
In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

The following brief description of the CDS Life Transitions 403(b) Plan (the Plan) is provided for general information purposes only. For a more complete description of the Plan's provisions, participants should refer to the Plan document.

General

The Plan is a defined contribution plan that covers substantially all employees of CDS Life Transitions, Inc., iCircle Services of the Finger Lakes, Inc., and CDS Rx LLC, and non-union employees of CDS Monarch, Inc. (collectively, CDS), located in Webster, New York.

Plan Administration

CDS Life Transitions, Inc. is the Plan Sponsor and Plan Administrator. Newport Trust Company (Newport) served as the Plan's custodian through 4/24/2025. Ascensus Trust Company (Ascensus) took over recordkeeping, custodial and trust obligations from Newport effective 4/25/2025. The Burke Group, LLC (Burke) serves as Third Party Administrator (TPA) of the Plan. Burke contracts with Ascensus to provide record-keeping functions for the Plan.

Eligibility

All employees of CDS are eligible to begin salary deferrals upon commencement of employment, pursuant to a properly completed and valid salary deferral agreement entered into by the employee. Union employees are not eligible for employer contributions. Non-union employees become eligible for non-elective employer contributions after six consecutive months of service. Eligible non-union employees receive employer contributions during any year in which the employee is credited with 1,000 hours of service, provided they are actively employed on the last day of the Plan year.

Contributions

For each Plan year, eligible participants may make voluntary pre-tax contributions in the form of salary reductions and any applicable rollovers from other qualified plans, subject to certain limitations of the Plan and the Internal Revenue Code (IRC) under Section 403(b). Additionally, participants who are over the age of 50 are eligible to make an additional "catch up" contribution. Participants direct the investment of their contributions into various investment options offered by the Plan.

CDS, at its discretion, may make employer contributions at a flat dollar amount per actual hour of rendered service, up to a maximum of 2,080 hours for all employees who are not covered by a collective bargaining agreement. During 2025 and 2024, the employer discretionary contribution was equal to $0.70 for every hour worked, up to 2,080 hours.

Participant Accounts

Each participant's account is credited with the participant's contribution and CDS' employer contribution, if any, and actual earnings (losses) thereon, and reduced by certain administrative expenses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. DESCRIPTION OF THE PLAN (Continued)

Vesting
Employees are fully vested in their elective deferrals plus actual net earnings (losses) thereon. Participants are not vested in employer contributions until they have completed three years of service. The plan has no partial vesting provisions.

Payment of Benefits
Upon termination of employment, death, disability, or retirement, participants or their beneficiary may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum amount or in substantially equal installments over his or her lifetime. The Plan Administrator will make a mandatory distribution for participant account balances below $5,000 following severance from employment.

Notes Receivable from Participants
Participants may borrow up to the lesser of $50,000 or 50% of the participant's vested balance in the Plan. The minimum loan is $1,000. Loans are repayable over periods not to exceed five years, except in the case of a loan taken for the purpose of purchasing a primary residence. The loans are secured by the participant's account and bear interest at the prime rate plus 2%. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

Hardship Withdrawals
Prior to age 59 ½, a participant may withdraw only his or her elective deferral contributions for reasons of hardship. All hardship withdrawals must comply with the rules relating to hardships, which are uniformly applicable to all participants.

Forfeitures
If a participant's employment is terminated, the non-vested portion of their account balance will become subject to forfeiture in accordance with the provisions of the Plan agreement and shall be applied to reduce non-elective contributions or used for the payment of Plan expenses. During 2025 and 2024, $9,142 and $19,292, of forfeitures, respectively, were utilized to reduce non-elective contributions. There were $8,918 and $4,098 held in forfeitures as of December 31, 2025 and 2024, respectively.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting
The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Investments and Income Recognition
Investments are reported in the financial statements at fair value. Investment income recognized by the Plan includes earnings from investments, net gains realized from the sale of investments, and the net changes in the unrealized appreciation of investments. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurement - Definition and Hierarchy
GAAP establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

Self-directed accounts are primarily invested in mutual funds, common stock, and U.S. government obligations.

The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets and liabilities in active markets that the Plan has the ability to access.

- Level 2 - Inputs to the valuation methodology include:

    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

- Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value measurement level of an asset or within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2025 and 2024.

U.S. government obligations, common stock, and mutual funds: valued at fair value based on quoted market prices in active markets.

Risks and Uncertainties
Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amount reported in the financial statements.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Administrative Expenses
The Plan Sponsor has elected to pay certain administrative expenses of the Plan. Other administrative expenses associated with the Plan are paid by the Plan participants.

Estimates
The preparation of financial statements in accordance with GAAP requires the Plan Administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

3. CERTIFIED INVESTMENT INFORMATION

The following information was certified as complete and accurate by Newport, the trustee and custodian of the Plan's assets as of December 31, 2024 and for the period January 1, 2025 through April 24, 2025; and by Ascensus, the trustee and custodian, for the period April 24, 2025 through December 31, 2025:

5. PARTY-IN-INTEREST TRANSACTIONS

Newport served as custodian of the Plan's assets until April 24, 2025 and during the year ended December 31, 2024. Effective April 25, 2025 Ascensus served as the custodian of the Plan's assets. Burke provides administration and recordkeeping services to the Plan. As such, transactions between the Plan, Newport, Ascensus and Burke qualify as party-in-interest transactions. Additionally, notes receivable from participants qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although they have not expressed any intent to do so, CDS has the right to terminate the Plan at any time, subject to the provisions of ERISA. In the event of Plan termination, all participants will become 100% vested in their accounts.

7. INCOME TAX STATUS

The IRS has determined and informed by letter for the volume submitter profit sharing plan adopted by the Plan, dated March 31, 2017, that the volume submitter profit sharing plan is designed in accordance with applicable sections of the IRC. The Plan has not requested its own determination letter from the IRS. The Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC. Therefore, no provisions for income taxes have been included in the Plan's financial statements.

8. RECONCILIATION TO FORM 5500

Certain items have been classified differently between the financial statements and Form 5500. Net assets available for benefits and changes in net assets available for benefits per the financial statements agree to Form 5500 in total as of and for the years ended December 31, 2025 and 2024.

9. SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 12, 2026, which is the date the financial statements were available to be issued.
