INDEPENDENT AUDITORS' REPORT

To the Plan Administrators and Participants of the Spencer Gifts LLC 401(k) Plan
Egg Harbor Township, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Spencer Gifts LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)" audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Spencer Gifts LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024 and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Spencer Gifts LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Spencer Gifts LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Spencer Gifts LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Spencer Gifts LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500, Schedule H, Part IV, Item 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Spencer Gifts LLC 401(k) Plan (the "Plan") is for general purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General—The Plan is a defined contribution plan established for the employees of Spencer Gifts LLC and Spirit Halloween Superstores LLC (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended, ("ERISA"). Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company (the "Trustee" or "Principal") is the current Trustee and record-keeper of the Plan.

Eligibility—Full time employees are eligible under the Plan immediately upon hire date. Part-Time/Temporary/Seasonal Employees are excluded from the Plan, unless they reach 1,000 hours of service within a year or 500 hours or more in two consecutive years.

Contributions—Each participant's account is credited with the participant's contribution. Participants may elect to contribute to their accounts on a pre-tax basis ("pre-tax contributions") and/or to their Roth accounts on an after-tax basis ("after-tax contributions") through payroll deductions of 1% to 50% (in the aggregate) of their annual salary (as defined by the Plan), in multiples of 1%, in any combination. Pre-tax contributions and after-tax Roth contributions are subject to limitations imposed by federal laws for qualified retirement plans.

The Plan operates under a safe-harbor provision whereby the Company contributions are provided as follows: 100% contribution on the first 3% of employee deferrals, and 50% contribution on the next 2% resulting in a maximum Company contribution of 4% of compensation. Under the safe-harbor provision, the Plan is not subject to non-discrimination testing.

The Plan will accept participants' rollover accounts, cash received by participants from a qualified plan within the time prescribed by applicable law.

Investments—Upon enrollment in the Plan, a participant may direct employee contributions among available investment funds. A participant may elect to transfer that contribution to any investment fund. Investment elections or contribution rate changes can be changed on any business day and must be made in increments of 1%.

Participant Accounts—A separate account is maintained for each participant. Each participant's account is credited with their contribution, company matching contributions and an allocation of Plan earnings or losses. Earnings or losses are based upon the investment performance of the individual funds in which each participant's account balance is invested. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes Receivable from Participants—The Plan is subject to the provisions of the ERISA. Participants may borrow up to 50% of their vested account balance up to a maximum of $50,000. The minimum amount of any loan made to a participant is $1,000. The loans are secured by the participant's account and bear interest at rates from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. Maturities range from 2026 to 2040. Generally, loans must be repaid within a five-year period unless used for the purchase of the participant's principal residence.

Vesting — Participants are fully vested in their personal contributions, employer safe harbor contributions, employer discretionary contributions and related account earnings or losses immediately upon enrollment in the Plan.

Payment of Benefits— Under the Plan, normal retirement age is 65. On termination of service due to death, disability, retirement or termination of employment, a participant shall have the option to leave the balance in the Plan, receive an annuity payment option as defined by the Plan, or a lump-sum amount equal to the full value of the participant's account balance. Prior to age 65, in-service withdrawals from the Plan are allowed for unusual hardship and upon attaining the age of 59 1/2.

In accordance with the procedures established by the administrative committee and the terms of the Plan, certain terminated employees may elect to defer their final distribution from the Plan. Upon such election, the amount in such participants' vested interest in the Plan is entitled to continue to receive investment income and is held by the Trustee until the date of distribution as elected by the participants.

Prior to termination of employment, participants may withdraw amounts from their respective accounts in accordance with the provisions of the Plan.

2. SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting—The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measure for that portion of net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the plan.

Investment Valuation and Income Recognition—The assets of the Plan are held in trust by Principal as of December 31, 2025 and 2024.

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Notes 7 and 8 for descriptions of fair value measurements and the guaranteed investment contract.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date and interest is recorded when earned. Net appreciation includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

Use of Estimates—The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, and liabilities and changes therein; disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Note Receivable from Participants—Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included as administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based upon the terms of the Plan agreement.

Payment of Benefits—Benefits are recorded when paid.

Expenses— Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in the net appreciation of fair value of investments.

3. PLAN TERMINATION

Although the Company has not expressed any intention to do so, the Company has reserved the right to terminate the Plan or reduce or cease contributions at the discretion of the board of directors or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right.

4. TAX STATUS

The Plan's administrator adopted a prototype 401(k)/profit sharing non-standardized plan, which received a favorable opinion letter from the Internal Revenue Service on July 20, 2023, which stated that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the federal or state taxing authorities. The Plan administrator has analyzed the tax positions by the Plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

5. RELATED PARTY TRANSACTIONS AND PARTY IN INTEREST TRANSACTIONS

Principal is the trustee and record-keeper for the Plan. The Plan incurred administrative expenses with Principal for the years ended December 31, 2025 and 2024. Loans to participants are secured by the balances in the respective participant accounts. The Plan also paid asset fees to various mutual fund service providers. The Plan received fees from the mutual fund service providers, which is used to offset administrative and investment advisor expense incurred by the Plan. A portion of the Plan's investments include shares of common collective trusts and a guaranteed investment account that are managed by Principal. These transactions qualify as party-in-interest transactions and are exempt from the prohibited transaction rules.

6. INFORMATION CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan management has elected the method of compliance by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan's management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Principal, except for comparing such information certified by Principal with information included in the Plan's financial statements and supplemental schedule of Form 5500, Schedule H, Part IV, Line 4i-Schedule of Assets (Held at End of Year).

Statement of net assets available for benefits—	2025	2024
Investments, at fair value:		
Investment in common/collective trust	$ -	$ 5,231,453
Investment in insurance contracts	6,581,220	699,357
Investment in mutual funds	83,146,805	63,664,746
Total investments	$ 89,728,025	$ 69,595,556
Statement of changes in net assets available for benefits--		
Net appreciation in fair value of investments	$ 10,756,229	$ 6,795,507
Dividend income	1,637,242	1,258,213

Supplemental schedule: All investment balances and information is included in the supplemental schedule of assets held at the end of year.

7. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

- Level 2 — Inputs to the valuation methodology include:
  - Quoted prices for similar assets or liabilities in active markets;
  - Quoted prices for identical or similar assets or liabilities in inactive markets;
  - Inputs other than quoted prices that are observable for the asset or liability;
  - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/Collective Trust: As of December 31, 2025, the Plan no longer offers an investment in a Common Collective Trust. As of December 31,2024, the Plan invested in the Galliard Stable Return Fund ("SRF") which was offered through SEI Trust Company, The Plan's interest in the SRF was valued at the NAV practical expedient of the underlying investments reported by the issuer of the common collective trust at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2025:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 83,146,805	$ -	$ -	$ 83,146,805
Investments at fair value	$ 83,146,805	$ -	$ -	$ 83,146,805

The following table sets forth the Plan investment assets at fair value by level within the fair value hierarchy as of December 31, 2024:

	Level 1	Level 2	Level 3	Total
Mutual Funds	$ 63,664,746	$ -	$ -	$ 63,664,746
Total assets in the fair value hierarchy	63,664,746	-	-	63,664,746
Investments measured at net asset value (a)	-	-	-	5,231,453
Investments at fair value	$ 63,664,746	$ -	$ -	$ 68,896,199

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2024. The Plan had no funds in the Stable Return Fund at December 31, 2025. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (if Currency Eligible)	Redemption Notice Period
Stable Return Fund	$5,231,453	N/A	Daily	12 months

8. GUARANTEED INVESTMENT CONTRACT

The Principal Fixed Income Guaranteed Option ("PFIGO") is a fully benefit-responsive, general-account backed group annuity contract issued by Principal Life Insurance Company ("Principal Life") to Principal Trust Company as custodian. Contract value reflects contributions plus interest, less withdrawals and administrative expenses. A composite crediting rate, determined semi-annually, is applied uniformly to all contributions within the vintage group of deposit accounts. This rate is based on a weighted average of guaranteed interest rates ("GIR") across Guaranteed Interest Balances ("GIB") and is subject to a minimum guaranteed rate. The interest rate history for the contract is as follows:

Time Period	2025	2024
January 1 – May 31	4.75%	4.65%
June 1 – November 30	4.70%	5.05%
December 1 – December 31	4.65%	4.75%

The PFIGO investment option crediting rate resets semi-annually at December 1st and June 1st.

Certain events limit the Plan's ability to transact at contract value with Principal Life. Such events include the following: amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), termination of any record-keeping arrangement, service agreement or other agreement between Principal and the Plan, or termination of the investment contract. No redemption fees, early withdrawal charges, or market value adjustments are charged on participant transfers of assets into or out of the contract. A surrender of the Plan's interest or initiated transfer in this contract is subject to either a 12-month advance notice or a 5% surrender charge. Notification of the Plan's intent to terminate its interest may be revoked within 90 days of Principal's receipt of such notice, after which time, the notice becomes irrevocable. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring. The balance in the Principal Fixed Income Guaranteed Option contract was $6,581,220 and $699,357 at December 31, 2025 and 2024, respectively.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment instruments, including mutual funds and common collective trusts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan's exposure to a concentration of credit risk is limited by the opportunity to diversify investments across multiple participant-directed fund elections including active and passively managed funds covering multiple asset classes. Additionally, the investments within each participant-directed fund election are further diversified into varied financial instruments. The Plan's investment in Vanguard 500 Index Admiral totaling $14,500,014 and $13,372,491 as of December 31, 2025 and 2024, respectively, represented a concentration equal to or greater than 10% of the Plan's net assets available for benefits.

10. SECURE ACT 2.0

On December 23, 2022, Congress passed the Consolidated Appropriations Act of 2023 which included the Setting Every Community Up for Retirement Enhancement ("SECURE") Act 2.0. The SECURE Act 2.0 contains over ninety new retirement provisions, with varying effective dates through 2027. Since the SECURE Act 2.0 provisions include both required and optional elements, the Plan administrator will determine the optional provisions to elect and amend the Plan document accordingly. As of December 31, 2025, the Plan administrator has adopted several optional provisions, none of which had a material impact on the Plan's 2025 and 2024 financial statements.

11. SUBSEQUENT EVENTS

The Plan's management evaluated subsequent events through October 12, 2026, the date which the financial statements were available to be issued. Based upon that evaluation, and other than noted above, the Plan's management has determined that no other subsequent events have occurred which would require disclosure in or adjustment to the financial statements.

12. RECONCILIATION TO FORM 5500

No material differences exist between the Form 5500 and the financial statements.
