## INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of
Howard Memorial Hospital
401(k) Retirement Plan
Nashville, Arkansas

### Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Howard Memorial Hospital 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Howard Memorial Hospital 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Howard Memorial Hospital 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

**Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Howard Memorial Hospital 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Howard Memorial Hospital 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Howard Memorial Hospital 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Other Matter - Supplemental Schedules Required by ERISA**

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## Note 1 – Description of Plan

The following description of the Howard Memorial Hospital 401(k) Retirement Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. Effective January 1, 2024, the Plan was amended and restated to incorporate recent legislative updates, including changes to hardship withdrawal provisions and automatic enrollment features. In December 2025, the Plan was further amended to clarify the determination period for employer matching contributions, and a new trust agreement was executed during the year to update trustee responsibilities and conform with current ERISA requirements.

### *General*

The Plan is a defined contribution plan covering all employees who have attained age 21. Howard Memorial Hospital ("Hospital") is the Plan sponsor. The board of directors of Howard Memorial Hospital controls and manages the operation and administration of the Plan. The board reviews the Plan performance and investment options periodically. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, referred to as ERISA.

### *Contributions*

Participants may make contributions to the Plan on a pretax basis or Roth contributions, subject to limitations set forth under IRC Section 415, as defined in the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions up to the IRC Section 414(v) limit for the year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Hospital may make contributions to the Plan in the form of matching contributions, non-elective or discretionary contributions and required minimum contributions under the top-heavy rules or other legal requirements. Employer contribution amounts and eligibility requirements for each are defined in the Plan document.

### *Participant Accounts*

Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution (if any) and (b) Plan earnings, and charged with an allocation of administrative expenses. Each investment account is credited with investment gain or loss as of each valuation date. Earnings or losses are allocated on the basis of the ratio the participant's account balance bears to the total account balances of all participants in the same investment. The participant is then credited with that percentage of earnings or losses.

The Hospital's discretionary non-elective contribution is allocated to participants proportionate to salary, i.e., based upon each participant's compensation in proportion to the compensation of all participants. Discretionary matching contributions are allocated to eligible participants in an amount proportionate to the elective contributions made on behalf of a participant.

### *Vesting*

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Hospital's contribution portion of their accounts is based on years of continuous service. A participant is 100 percent vested after six years of credited service. A participant will also become fully vested upon death, disability, or at normal retirement age.

## Note 1 – Description of Plan (Cont.)

### *Investment Options*

Plan investments are participant directed. Upon enrollment in the Plan, a participant may direct contributions in any of the investment fund options managed by Voya Financial. Participants may change or transfer their investment options at any time.

### *Notes Receivable from Participants*

Notes receivable from participants are not permitted under the Plan.

### *Payment of Benefits*

On termination of service, a participant will receive a distribution in the form of a lump-sum amount equal to the value of the participant's vested interest in his or her account.

### *Hardship Withdrawals*

Participants may withdraw, at any time, upon substantial financial hardship (as defined by the Plan), a portion of the balance in their account, which is attributable to their elective deferral contributions and earnings.

### *Forfeited Accounts*

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $29,094 and $61,073, respectively. Forfeited accounts may be utilized to pay plan expenses or to offset employer contributions. In 2025, $41,463 of forfeitures were used to pay plan expenses or to reduce employer contributions.

## Note 2 – Summary of Accounting Policies

### *Basis of Accounting*

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

### *Use of Estimates*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

### *Investment Valuation and Income Recognition*

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

## Note 2 – Summary of Accounting Policies (Cont.)

### *Investment Valuation and Income Recognition (Cont.)*

The fair values of the registered investment company accounts (mutual funds) are computed using closing prices, on nationally recognized stock exchanges or over-the-counter markets. Fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted for that fund.

The fair values of the common collective trust (MyCompass target-date funds) are valued at net asset value (NAV) of units held by the Plan. NAV is used as a practical expedient for estimating fair value.

The Plan also invests in a fully benefit-responsive investment contract issued by Voya Retirement Insurance and Annuity Company. The contract is reported at contract value. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and other charges. Contract value is the relevant measurement attribute because it represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

### *Payment of Benefits*

Benefit payments to participants are recorded when paid.

### *Administrative Expenses*

Certain expenses of maintaining the Plan are paid directly by the Hospital and are excluded from these financial statements.

Under the terms of the Plan adoption agreement, the Plan may pay some or all non-settlor expenses.

### *Subsequent Events*

The Plan administrator has evaluated events through October 13, 2026, which is the date the financial statements were available to be issued. Subsequent to December 31, 2025, the Plan Sponsor funded lost earnings related to employee contributions for the 2024 and 2025 plan years that were delayed in being posted to participants' VOYA accounts due to an administrative processing delay. The lost earnings contribution was funded on February 17 and 18, 2026, in the amount of $16,158 and $32,095, respectively, for 2024 and 2025 plan years and was allocated to the affected participant accounts. Management believes the matter has been corrected and no additional amounts are expected to be funded related to this matter.

The Plan administrator is not aware of any subsequent events that would require recognition or disclosure in the financial statements.

## Note 3 – Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA and certified that the Plan qualifies for a Section 103(a)(3)(C) audit. Accordingly, as permitted under such election, the following information was certified as complete and accurate by Voya Retirement Insurance and Annuity Company, the custodian, for the years ended December 31, 2025, and December 31, 2024, and was not subjected to any auditing procedures performed by the independent public accountants:

a) Total investments as shown in the accompanying statements of net assets available for benefits of $6,988,438 as of December 31, 2025, and $5,900,772 as of December 31, 2024

b) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of $884,772 for the year ended December 31, 2025.

c) All investment-related information in the accompanying supplemental Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025.

Participants direct the custodian regarding the investment of amounts held in their accounts.

## Note 4 – Fair Value Measurements

In accordance with Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, the Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits.

The fair value measurement framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

*Level 1* – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

*Level 2* – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

*Level 3* – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

**Note 4 – Fair Value Measurements (Cont.)**

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The inputs used for valuing assets are not an indication of the risk associated with investing in those assets.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

***Mutual Funds (Registered Investment Companies)***

Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

***Collective Investment Trusts (Target-Date Funds)***

The Plan also invests in a series of MyCompass target-date funds, which are structured as common collective trusts (CCTs). CCTs are bank-maintained pooled investment vehicles that are not registered with the Securities and Exchange Commission. The CCTs are valued at the NAV of units held by the Plan at year-end, as reported by the trustee. NAV is used as a practical expedient to estimate fair value and is based on the fair value of the underlying investments of each fund, less its liabilities. The practical expedient would not be used if it were probable that the Plan would sell an investment for an amount different from the reported NAV. The MyCompass target-date funds are designed to provide varying degrees of long-term appreciation and capital preservation based on participants' projected retirement dates through a mix of equity and fixed-income index strategies that automatically rebalance over time.

***Fully Benefit-Responsive Investment Contract***

The Plan invests in the Voya Fixed Account, a fully benefit-responsive investment contract issued by Voya Retirement Insurance and Annuity Company. The contract provides for the crediting of interest to participants' accounts and permits qualifying participant-initiated transactions at contract value in accordance with the terms of the Plan and the contract.

Because the contract is fully benefit-responsive, contract value is the relevant measurement attribute. Contract value represents contributions made under the contract, plus credited interest, less participant withdrawals and other charges. The contract value of the Voya Fixed Account was $189,353 at December 31, 2025. The crediting interest rate at December 31, 2025 was 1.50%, and the minimum guaranteed interest rate was 1.00%.

The contract is subject to certain provisions that may limit the Plan's ability to transact at contract value upon the occurrence of certain employer-initiated events. Management believes that the occurrence of an event that would cause the contract to be settled at an amount other than contract value is not probable.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

## Note 4 – Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's investments as of December 31, 2025 and 2024:

| | Assets at Fair Value as of December 31, 2025 | | | |
|---|---|---|---|---|
| | Total | Level 1 | Level 2 | Level 3 |
| **Registered Investment Companies** | | | | |
| Money Market | $ 29,094 | $ 29,094 | $ - | $ - |
| Mutual Funds | 2,300,418 | 2,300,418 | - | - |
| **Investments at fair value** | 2,329,512 | 2,329,512 | - | - |
| Common Collective Trust (measured at NAV) | 4,469,573 | - | - | - |
| Investment contract (measured at contract value) | 189,353 | - | - | - |
| **Total investments** | **$ 6,988,438** | **$ 2,329,512** | **$ -** | **$ -** |

| | Assets at Fair Value as of December 31, 2024 | | | |
|---|---|---|---|---|
| | Total | Level 1 | Level 2 | Level 3 |
| **Registered Investment Companies** | | | | |
| Money Market | $ 61,073 | $ 61,073 | $ - | $ - |
| Mutual Funds | 1,851,819 | 1,851,819 | - | - |
| **Investments at fair value** | 1,912,892 | 1,912,892 | - | - |
| Common Collective Trust (measured at NAV) | 3,840,516 | - | - | - |
| Investment contract (measured at contract value) | 147,364 | - | - | - |
| **Total investments** | **$ 5,900,772** | **$ 1,912,892** | **$ -** | **$ -** |

In accordance with ASC 820, the Plan's investment in the Plan's common collective trust was measured at NAV per share (or its equivalent) and accordingly, has not been classified in the fair value hierarchy. The fair value amounts in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

In accordance with ASC 962, the Plan's investment in the Voya Fixed Account is a fully benefit-responsive investment contract measured at contract value and, therefore, is not included in the fair value hierarchy.

## Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Hospital has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

## Note 6 – Tax Status

The Plan adopted the ERISA Services, Inc. Prototype Plan on June 13, 2023. The Prototype Plan received a favorable opinion letter on June 1, 2021. The Plan sponsor has elected to rely on the Prototype Plan opinion letter as evidence that the Plan and related trusts are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the letter, the Plan administrator believes that the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Planas amended is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not be sustained upon examination by applicable taxing authorities. As of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan has recognized no interest or penalties related to uncertain tax positions. The Plan's federal Form 5500 is generally open to examination by relevant taxing authorities for a period of three years from the later of the date filed or the return due date (including all approved extensions). There were no tax audits in process at December 31, 2025 or 2024.

## Note 7 – Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

## Note 8 – Party-In-Interest Transactions

Investment management and recordkeeping fees of $53,696 were paid by the Plan participants to Voya Financial during the year ended December 31, 2025.

For the year ending December 31, 2025, the Plan paid $17,500 from forfeiture assets to Welch, Couch & Company, PA for audit services.

The plan sponsor, who also serves as the plan administrator and employer, absorbs certain administrative costs of the Plan. Plan management believes the Plan has no agreements or transactions with parties-in-interest that are prohibited transactions under ERISA section 3(14).

## Note 9 – Reclassifications

Certain reclassifications have been made to the December 31, 2024, financial statements to conform to the December 31, 2025, financial statement presentation. These reclassifications had no effect on plan earnings or net assets available for benefits as previously reported.

## Note 10 – Reconciliation to Schedule H Form 5500

The following is a reconciliation of net assets available for benefits, additions, and deductions per the financial statements at December 31, 2025 and 2024, to Schedule H of Form 5500:
