INDEPENDENT AUDITORS' REPORT

To the Trustee
Strategic Operational Solutions 401(k) Plan
Ashburn, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Strategic Operational Solutions 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Strategic Operational Solutions 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or Federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the years then ended stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audits of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Strategic Operational Solutions 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategic Operational Solutions 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Strategic Operational Solutions 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Strategic Operational Solutions 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedules Required by ERISA

The supplemental schedules of Form 5500 – Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Form 5500 – Schedule H, Line 4i – Schedule of Assets (Held at End of Year) for the year ended and as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STRATEGIC OPERATIONAL SOLUTIONS 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2025 AND 2024

1. DESCRIPTION OF PLAN

The following description of the Strategic Operational Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of Strategic Operational Solutions, Inc. (the Company). The Plan was established on January 1, 2008 and was restated effective February 17, 2022. The Plan was amended on February 1, 2023 and January 1, 2024. The Plan covers substantially all employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The trustee and Company management periodically meet with the Plan's investment advisor to determine the appropriateness of the Plan's investment offerings and monitor investment performance.

The Company has the responsibility for remittance of participant and employer contributions, appointing an administrator to administer the Plan, and determining funds available for investment under the Plan. The Company pays for a portion of the administrative expenses for the Plan.

Eligibility Requirements

All employees are eligible to participate in the Plan except for nonresident aliens receiving no earned income and employees covered by a collective bargaining agreement. There is no minimum service requirement to participate; employees become eligible to participate in the Plan upon their hire date.

Contributions

Each year, participants may elect to contribute a percentage or amount of pre-tax annual compensation, as defined in the Plan. Effective February 1, 2023, participants may also elect to contribute a percentage or amount of Roth contributions. The amount that may be contributed is limited by the Internal Revenue Code (IRC) applicable to the type of plan. The Plan automatically enrolls eligible participants for a 2 percent pre-tax salary deferral under its automatic enrollment feature, unless the participant elects to increase/decrease the amount or signs an enrollment form declining to participate. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Eligible participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions and employer contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common/collective trusts, a pooled separate account, and a guaranteed investment contract as investment options for participants.

For the years ending December 31, 2025 and 2024, the Company made a safe harbor matching contribution equal to 100 percent of participant deferrals up to 6 percent of eligible compensation. In addition, the Company may make discretionary profit-sharing contributions annually. No profit-sharing contribution was made for the years ended December 31, 2025 and 2024.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, and (b) Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the participant. Allocations are based on participant earnings or individual account balances, or specific participant transactions, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

1. **DESCRIPTION OF PLAN** (continued)

Vesting

Effective January 1, 2024 participant Elective Deferral Contributions, employer Qualified Matching Contributions (including safe-harbor matching contributions), and employer Qualified Nonelective Contributions and actual earnings thereon are immediately 100 percent vested. In addition, participants are fully vested for employer safe harbor contributions prior to January 1, 2018, plus actual earnings thereon. Participants who had received employer contributions and had a termination date occurring between January 1, 2018 and February 1, 2023 were subject to the following vesting schedule:

Years of Service	Percentage
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

All participants who terminated subsequent to February 1, 2023 are 100 percent vested in certain employer contributions. All participants are also 100 percent vested if termination is due to disability, death or early retirement date.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their account balance. The loans are secured by the balance in the participant's account and do not require spousal consent. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive the value of the participant's vested interest in his or her account as a lump sum amount, or substantially equal annual or more frequent installments as designated by the participant or beneficiary.

Forfeited Accounts

When a participant terminates employment prior to full vesting, the Company's cumulative nonvested profit sharing and match contribution from the participant's account are transferred to the Company's forfeiture account. Forfeitures may be used to reduce future employer contributions or to pay Plan expenses. As of December 31, 2025 and 2024, the balance in the forfeitures account was approximately $14,000 and $47,000, respectively. During the year ended December 31, 2025, approximately $46,000 of forfeitures were used or applied toward Employer contributions and $2,000 was used or applied toward administrative expenses. During the year ended December 31, 2024, approximately $61,000 of forfeitures were used or applied toward Employer contributions and $5,000 was used or applied toward administrative expenses.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Financial Statement Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers and custodians. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

As permitted by U.S. generally accepted accounting principles, the Plan uses net asset value (NAV) as a practical expedient to determine the fair value of certain investments, and these investments have not been classified in the fair value hierarchy.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2025 and 2024. If a participant does not make loan repayments within 90 days after they are due, the loan is considered to be in default, the entire loan principal and interest becomes immediately due and payable, and the delinquent participant's note receivable is recorded as a benefit payment based on terms in the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Income Taxes

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Department of Labor (DOL) or Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Administrative Expenses

Certain expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment-related expenses are included in net appreciation in fair value of investments.

2. **SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** (continued)

Subsequent Events

The Plan has evaluated subsequent events through October 12, 2026, the date which the financial statements were available to be issued.

3. **CERTIFIED FINANCIAL INFORMATION**

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements as of December 31, 2025 and 2024, the ERISA-required supplemental schedule of Form 5500 - Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2025, and net appreciation in fair value of investments, interest and dividends and interest earned on notes receivable from participants for the years ended December 31, 2025 and 2024, was obtained by management and agreed to or derived from information certified as complete and accurate by Principal Life Insurance Company and the Delaware Charter Guarantee and Trust Company conducting business under the trade name Principal Trust Company, a member of the Principal Financial Group (collectively "Principal"), the custodian of the Plan.

4. **FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures,* provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. Fair value focuses on the price that would be received to sell the asset or paid to transfer the liability regardless of whether an observable liquid market price existed (an exit price). The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – inputs to the valuation methodology are based upon unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the asset or liability, and market-corroborated inputs. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – inputs to the valuation methodology are unobservable and significant to the fair value measurement. Level 3 assets and liabilities measured at fair value are based on one or more of three valuation techniques (market, cost, or income approach). The market approach evaluates prices and other relevant information generated by market transactions involving identical or comparable assets or liabilities. The cost approach evaluates the amount that would be required to replace the service capacity of an asset (i.e., replacement cost). The income approach uses techniques that convert future amounts to a single present amount based on market expectations (including present value techniques, option-pricing models, and lattice models).

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

4. **FAIR VALUE MEASUREMENTS** (continued)

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Pooled separate account: Valued daily at the NAV of the underlying investments at year end. NAV is used as a practical expedient to estimate fair value.

Common/collective trusts: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities, and then divided by the number of units outstanding. Participant transactions (purchase and sales) may occur daily.

The methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2025			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy				
Mutual funds	$ 1,705,687	$ -	$ -	$ 1,705,687

Common/collective trusts				2,848,724
Total Investments Measured at Net Asset Value				3,484,185
Investments at Fair Value				$ 5,189,872

	2024			
	Level 1	Level 2	Level 3	Total
Investments in Fair Value Hierarchy				
Mutual funds	$ 1,439,860	$ -	$ -	$ 1,439,860
Investments Measured at Net Asset Value				
Pooled separate account				607,469
Common/collective trusts				2,584,399
Total Investments Measured at Net Asset Value				3,191,868
Investments at Fair Value				$ 4,631,728

4. **FAIR VALUE MEASUREMENTS** (continued)

The following tables summarize investments measured at fair value using the NAV per share practical expedient as of December 31:

2025	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trusts	$ 2,848,724	N/A	Daily	N/A
Pooled Separate Account	635,461	N/A	Daily	N/A

2024	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Common/Collective Trusts	$ 2,584,399	N/A	Daily	N/A
Pooled Separate Account	607,469	N/A	Daily	N/A

Gains and losses (realized and unrealized) included in changes in net assets for the periods above are reported in net appreciation in fair value of investments in the statements of changes in net assets available for benefits.

5. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT**

The Plan holds a traditional investment contract. This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under each contract, plus earnings, less participant withdrawals and administrative expenses. The fully benefit-responsive investment contract value as of December 31, 2025 and 2024 are $1,473,895 and $1,322,147, respectively.

The traditional investment contract held by the Plan is a guaranteed investment contract. The contract issuer is contractually obligated to repay the principal and interest at a specified interest rate that is guaranteed to the Plan. There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rate is based on a formula agreed upon with the issuers. Such interest rates are reviewed on a semi-annual basis for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include the following: (1) amendments to the Plan document (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) premature termination of the contracts, (4) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (5) the failure of the Plan to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

5. **FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT** (continued)

In addition, certain events allow the issuer to terminate the contracts with the Plan and settle at an amount different from contract value. Those events may be different under each contract. Examples of such events include the following: (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material representation, or (4) a material amendment to the agreements without the consent of the issuer.

6. **CONCENTRATIONS**

The following table presents investments that represent 10 percent or more of the Plan's net assets at December 31:

	2025	2024
Principal Fixed Income Guaranteed Option	$ 1,473,895	$ 1,322,147
Fidelity US Bond Index Fund	685,601	N/A
Core Plus Bd Fund II Class I1	681,550	N/A
T. Rowe Price LargeCap Growth	N/A	607,469
Great Gray Large Cap Value I1 Fund	N/A	606,582

7. **RELATED PARTY TRANSACTIONS**

Principal Financial Group is the Plan's custodian (see Note 3). Plan assets include investments in mutual funds, common/collective trusts, a pooled separate account and a guaranteed investment contract. The guaranteed investment contract is managed by Principal. As Principal is the Plan's custodian, transactions with the custodian qualify as party-in-interest transactions under ERISA.

8. **PLAN TERMINATION**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their employer contributions.

9. **TAX STATUS**

Effective February 17, 2022, the Plan adopted a non-standardized pre-approved profit sharing plan with CODA with an opinion letter dated June 30, 2020 from the Internal Revenue Service stating that the form of the Plan stated in that letter is acceptable for use by employers for the benefit of their employees under IRC Section 401. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and continues to be tax-exempt.

10. **RISKS AND UNCERTAINTIES**

The Plan invests in a combination of investment securities that are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

11. DELINQUENT PARTICIPANT CONTRIBUTIONS

DOL Regulation 2510.3-102(a) states, in part, that employee contributions must be remitted to the Plan as soon as they can be reasonably segregated from the employer's general assets. The Plan reported participant contributions transferred late to the Plan of $4,316 for the year ended December 31, 2019. Management intends to remit the lost earnings for the late 2019 contributions in 2026.

12. SERVICE-PROVIDER RESTORATION

The Plan identified an administrative error related to the compensation definition used to determine employer discretionary matching contributions in its adoption agreement that was effective February 1, 2023. Effective January 1, 2024, the Pan was subsequently amended to change to a safe harbor matching contribution. Specifically, the Plan's third-party administrator, Principal, did not select the adoption agreement provision that excluded bonuses from eligible Plan compensation for purposes of calculating employer matching contributions.

As a result, certain participants who received bonuses after February 1, 2023 were entitled to employer matching contributions in accordance with the terms of the Plan document. Principal agreed to contribute $50,356 to the Plan to correct and restore participants' accounts for the impact of the administrative error. The amount funded by Principal is presented in the financial statements as a service-provider restoration contribution and was paid in full in March 2026.

13. SUBSEQUENT EVENTS

Subsequent to year end, the Plan was amended to update the definition of compensation.
