To the Board of Directors and Management
MorningStar Senior Living Retirement Plan

We have audited the financial statements of MorningStar Senior Living Retirement Plan (the "Plan") for the year ended December 31, 2009, and have issued our report thereon dated August 31, 2010. Professional standards require that we provide you with the following information related to our audit.

Our responsibility under U.S Generally Accepted Auditing Standards was provided to you in the engagement letter dated December 9, 2009. This letter also communicated the general scope and timing of our audit; any significant updates have been verbally communicated.

We have also requested and received written representations from management regarding the financial statements. A copy of this letter can be provided to you upon request.

Significant Accounting Policies

The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2009. We noted no transactions entered into by the Plan during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was:

- Management's estimate of the fair value of investments is based on market value, as reported by the plan custodian. We did not perform any auditing procedures with respect to the valuation of investments; however, the plan administrator has obtained certification from the custodian that the information provided to the plan administrator by the trustee is complete and accurate.

Audit Adjustments

No audit adjustments.

Disagreements with Management

None.

Consultations with Other Independent Accountants

None of which we are aware.

Significant Issues Discussed Prior to Retention of Independent Auditors

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Significant Difficulties Encountered in Performing the Audit

None.

Other Findings or Issues Noted During the Audit

None.

This information is intended solely for the use of the Board of Directors and management of MorningStar Senior Living Retirement Plan and is not intended to be and should not be used by anyone other than these specified parties.

Sincerely,

Haynie & Company

Independent Auditor's Report

To the Board of Directors and Participants of
MorningStar Senior Living Retirement Plan

We were engaged to audit the accompanying statements of net assets available for benefits of MorningStar Senior Living Retirement Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 and the supplemental Schedules of Assets Held at December 31, 2009 and 2008. These financial statements and supplemental schedules are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by JPMorgan Chase Bank, the custodian of the Plan, except for comparing the information with the related information included in the 2009 and 2008 financial statements and the supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2009 and 2008 financial statements that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

MorningStar Senior Living Retirement Plan
Notes to Financial Statements
Years Ended December 31, 2009 and 2008

1. Description of Plan

The following description of the MorningStar Senior Living Retirement Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, established January 1, 2007, covering all employees of the Company who have six months of service in any plan year and are age eighteen or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 90% of pretax annual compensation, as defined in the Plan to a maximum of $16,500 in 2009 and $15,500 in 2008. Participants may also contribute amounts representing distributions from another qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers several mutual funds as investment options for participants. The Company may decide to make matching contributions and/or non-elective contributions to the Plan, although the Company is not required to contribute. The matching Company contribution is invested in the various options as directed by the participants. Additional amounts may be contributed at the option of the Company's management.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after six years of credited service.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account or maintain the account balance in the Plan.

Administrative Costs

The Plan sponsor pays the administrative cost charged by the asset custodian. Administrative costs were $149 and $250 for the years ended December 31, 2009 and 2008, respectively.

2. Summary of Significant Accounting Policies

Use of Estimates
The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition
The Plan's investments are stated at fair value. Quoted market prices are used to value investments. Shares of mutual funds are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end.

Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits
Benefits are recorded when paid.

Forfeited Accounts
Nonvested forfeited accounts are used to reduce future matching employer contributions.

Date of Management's Review
Subsequent events were evaluated through August 31, 2010, which is the date the financial statements were available to be issued. No reportable subsequent events were identified.

3. Investments

The following table presents investments that represent 5% or more of the Plan's net assets.

At December 31,	2009	2008
SSgA Government Money Market Fund	$ -	$ 7,536
SSgA Life Solutions Balanced Growth Fund	-	9,755

Janus Overseas Fund	12,460	-
All Other Investments	32,886	13,182
Total Investments	$ 123,411	$ 57,385

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value by $22,571 in 2009 and depreciated in value by $(26,397) in 2008. The appreciation or depreciation of plan investments is attributable to changes in the value of the plan's investments.

4. Fair Value Measurements

The fair value measurement accounting literature establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

4. Fair Value Measurements (continued)

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009.

Money market portfolio – These are valued using cost, which approximates fair value.

Mutual funds – These are valued at the net asset value of shares held by the Plan at year-end.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

2009	Level 1	Level 2	Level 3	Total
Mutual funds	$ 123,411	$ -	$ -	$ 123,411
Total assets at fair value	$ 123,411	$ -	$ -	$ 123,411
2008	Level 1	Level 2	Level 3	Total
Money market portfolio	$ 7,536	$ -	$ -	$ 7,536
Mutual funds	49,849	-	-	49,849
Total assets at fair value	$ 57,385	$ -	$ -	$ 57,385

5. Department of Labor Limited Scope Audit

The asset custodian has certified the value of the investment assets as of December 31, 2009 and 2008 and the related transactions and changes in values of investments for the 2009 and 2008 plan years. Therefore, the plan administrator has, in accordance with the Department of Labor's regulations, limited the scope of audit examination to data and transactions outside of the items certified by the custodian.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. Tax Status

The Internal Revenue Service has determined and informed the Plan Administrator by a letter dated November 6, 2001 that the plan prototype adopted by the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC).

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
