Independent Auditor's Report

To the Plan Administrator of the
TransPremier LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of TransPremier LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of TransPremier LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held and certified by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TransPremier LLC 401(k) Plan

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the TransPremier LLC 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the TransPremier LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statement section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists.

Independent Auditor's Report (Continued)

To the Plan Administrator of the
TransPremier LLC 401(k) Plan

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the TransPremier LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the TransPremier LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 Description of Plan

The following description of TransPremier LLC (the ”Company” or “Employer”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General
The following description of the TransPremier LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

The Plan is a defined contribution 401(k) profit sharing plan established effective January 1, 2018 by TransPremier LLC (the "Company" or the "Plan Sponsor"). The Plan covers eligible employees of the Company who have completed six months of service with at least 500 hours of service and have attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Company is the Plan Administrator. The Plan was most recently amended and restated effective December 1, 2021 using a pre-approved plan document. There were no amendments to the Plan during the year ended December 31, 2025.

Ascensus, LLC ("Ascensus") serves as the Plan's third-party administrator ("TPA") and recordkeeper. Effective July 18, 2025, the Plan's assets were transferred from Matrix Trust Company ("Matrix") to Ascensus Trust Company and Newport Trust Company, LLC (together, the "Trustee"), which [serve as the Plan's trustee and custodian] and provide custodial services to the Plan, including receiving and investing participant contributions and Plan earnings as directed by participants. Prior to July 18, 2025, Matrix served as the Plan's trustee. The Plan's investment options were not changed as a result of the transfer.

As of December 31, 2025 and 2024, the Plan had 134 and 196 participants with account balances, respectively.

Contributions to the Plan
Participants may elect to defer a portion of their eligible compensation on a pre-tax and/or Roth basis, subject to limits prescribed by the Internal Revenue Code (“IRC”), including catch-up contributions for participants age 50 and those who are ages 60 through 63 by the end of the Plan Year may be eligible for enhanced catch-up contributions, as permitted by applicable law. The Company may make discretionary matching contributions based on participant elective deferrals, with the amount of such contributions determined annually by the Company. For the year ended December 31, 2025, the Company matched 25% of employee deferrals to the Plan up to the first 4% of the employee’s eligible compensation.

The Plan also permits the Company to make discretionary nonelective (profit sharing) contributions. To receive a profit sharing contribution, an eligible participant generally must complete at least 1,000 hours of service during the plan year and be employed on the last day of the plan year, subject to certain exceptions provided by the Plan. Profit sharing contributions are allocated using an integrated formula.

Participant contributions are remitted to the Plan by the Company in accordance with Department of Labor requirements. There were no delinquent participant contributions during the year ended December 31, 2025 requiring disclosure under Department of Labor regulations.

Note 1 Description of Plan (Continued)

Rollovers
The Plan permits participant-designated rollover contributions into the Plan. During the year ended December 31, 2025, the Plan received participant rollover contributions of $73,826.

Participant Accounts
Plan participants are offered a choice of various investment options and allowed to change their investment in accordance with uniform and nondiscriminatory rules established by the Plan Administrator. Each participant's account is credited with the participant's contributions and Company matching contributions, as well as allocations of the Company's profit-sharing contribution and plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting
Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and profit sharing contributions is based on years of vesting service. A participant must complete at least 1,000 hours of service during a Plan year to earn a year of vesting service.

The Employer match and profit sharing contributions are vested as follows:

Years of Service	Vested Percentage
Less than 2	0%
At least 2, but less than 3	20%
At least 3, but less than 4	40%
At least 4, but less than 5	60%
At least 5, but less than 6	80%
6 or more	100%

Participants become fully vested upon attainment of normal retirement age, death, disability, or termination of the Plan or discontinuance of contributions to the Plan.

Forfeited Accounts
Forfeitures of non-vested participant account balances may be used to pay administrative expenses of the Plan or to reduce employer contributions. During the year ended December 31, 2025, forfeitures of $7,423 were used to pay administrative expenses of the Plan. At December 31, 2025 and 2024, forfeited non-vested account balances totaled $5,676 and $2,402, respectively.

Distribution of Benefits
Participants or their beneficiaries are eligible to receive distributions from their vested account balances upon termination of employment, attainment of normal retirement age (age 59½), disability, or death. The Plan also permits certain in-service distributions, including distributions upon attainment of age 59½ and distributions for financial hardship, as defined by the Plan. Distributions may be made in the form of a lump-sum payment or partial payments.

Note 1 Description of Plan (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account. The plan allows participants to have no more than one loan outstanding at a point in time. These notes bear interest at rates ranging from 8% to 9.50%, which is commensurate with prevailing market rates established in accordance with Plan provisions.

Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are considered party-in-interest transactions.

Note 2 Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, as well as related disclosures. Actual results could differ from those estimates. Significant estimates include the fair value of investments reported using NAV as a practical expedient. Management believes these estimates are reasonable based on information available as of the financial statement date.

Investment Valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investments consist of collective investment trusts, which are valued using the NAV per unit as a practical expedient, as determined by the trustee of each collective investment trust based on the fair value of the underlying investments held by the trust less its liabilities. Investments held by the Plan's trustee were valued based on information reported on the trust statements certified by the qualified institutions described in Note 3. See Note 6 for additional information on fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Income from the collective investment trusts is reinvested within each fund and is reflected in the NAV. Net appreciation in fair value of investments includes realized gains and losses on investments sold and unrealized appreciation and depreciation on investments held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis of accounting. Related fees are recorded as administrative expenses and are expensed when they are incurred. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document. At December 31, 2025 and 2024, notes receivable from participants had a balance of $26,836 and $16,740 respectively.

Note 2 Summary of Significant Accounting Policies (Continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Management fees and operating expenses charged by the collective investment trusts are deducted from income earned by the funds and are reflected in net appreciation in fair value of investments. Investment advisory fees paid directly by the Plan are included in administrative expenses.

Payment of Benefits

Benefits are recorded when paid.

Note 3 Information Prepared and Certified by Custodian

Certain information disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2025 and 2024, and investment income, net appreciation in fair value of investments, interest income on notes receivable from participants, and loan and benefit activity for the year ended December 31, 2025, was obtained or derived from information prepared and certified as complete and accurate by the following institutions in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA:

- Matrix Trust Company, for the period January 1, 2025 through July 17, 2025 and as of December 31, 2024; and

- Ascensus, LLC, as authorized representative of Ascensus Trust Company and Newport Trust Company, LLC, for the period July 18, 2025 through December 31, 2025.

Management has determined that Matrix Trust Company, Ascensus Trust Company, and Newport Trust Company, LLC meet the requirements of a qualified institution under ERISA Section 103(a)(3)(C).

Note 4 Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in all account balances.

Note 5 Tax Status

The Plan has adopted a pre-approved plan document for which the plan document provider received a favorable opinion letter from the Internal Revenue Service (IRS) dated July 1, 2024, stating that the form of the Plan is qualified under Section 401(a) of the Internal Revenue Code (IRC). Although the Plan has been amended since the issuance of the opinion letter, the Plan Administrator believes that the Plan, as amended, is designed and operated in compliance with the applicable requirements of the IRC. Accordingly, the Plan Administrator believes that the Plan remains qualified and the related trust remains tax-exempt.

Note 5 Tax Status (Continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. Plan management has evaluated tax positions taken by the Plan and determined none require recognition.

Note 6 Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
Level 2	Inputs to the valuation methodology include: * quoted prices for similar assets or liabilities in active markets; * quoted prices for identical or similar assets or liabilities in inactive markets; * inputs other than quoted prices that are observable for the asset or liability; * inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes to the methodologies used during the years ended December 31, 2025 and 2024.

Collective investment trusts: The Plan's collective investment trusts are measured at fair value using the net asset value ("NAV") per share practical expedient and, therefore, are not categorized within the fair value hierarchy established by ASC 820. The NAV is based on the fair value of the underlying investments held by each fund less its liabilities. There were no unfunded commitments related to these investments as of December 31, 2025 or 2024. The investments are redeemable on a daily basis with no redemption restrictions applicable to participants; any required notice periods apply only at the Plan level.

Note 6 Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes investments measured at fair value based on the NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice is applicable only to the Plan.

	December 31, 2025			
Investment type	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trusts	$ 1,257,239	$ -	Daily	1 Day

	December 31, 2024			
Investment type	Fair value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Collective investment trusts	$ 930,005	$ -	Daily	1 Day

The Plan's collective investment trusts are measured at fair value using the NAV practical expedient and, therefore, are not categorized within Levels 1, 2, or 3 of the fair value hierarchy.

Note 7 Risks and Uncertainties

The Plan's investments are exposed to various risks, including interest rate risk, market risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is reasonably possible that changes in these risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8 Party-in-Interest Transactions

The Plan’s investments are held by the Custodians, who are parties-in-interest to the Plan. Notes receivable from participants also qualify as party-in-interest transactions under ERISA. Ascensus provides certain administrative services to the Plan pursuant to a Master Plan Services Agreement (“MSA”) between the Company and Ascensus, and Kestra Investment Services, LLC provides investment advisory services to the Plan. Fees paid by the Plan for these services qualify as party-in-interest transactions. These transactions qualify as exempt party-in-interest transactions under ERISA.

Ascensus may receive certain fees or other compensation in connection with services provided to the Plan pursuant to the MSA. Such amounts, if applicable, may be used to offset amounts otherwise owed to Ascensus for administrative services provided to the Plan.

Note 8 Party-in-Interest Transactions (Continued)

During the year ended December 31, 2025, no excess amounts were remitted to the Plan. The Plan or the Plan Sponsor may pay administrative expenses not otherwise covered under the Plan's service arrangements.

Note 9 Subsequent Events

The Plan has evaluated subsequent events through October 9, 2026, the date the financial statements were available to be issued and determined no items required disclosure.
