INDEPENDENT AUDITOR'S REPORT

To the Downriver Community Services, Inc. 403(b) Thrift Plan Participants

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Downriver Community Services, Inc. 403(b) Thrift Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Downriver Community Services, Inc. 403(b) Thrift Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the years then ended, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Downriver Community Services, Inc. 403(b) Thrift Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Downriver Community Services, Inc. 403(b) Thrift Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Downriver Community Services, Inc. 403(b) Thrift Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Downriver Community Services, Inc. 403(b) Thrift Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of assets (held at end of year) and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

A. DESCRIPTION OF PLAN:

The following description of Downriver Community Services, Inc. (organization) 403(b) Thrift Plan (Plan) provides only general information. Participants should refer to the Downriver Community Services, Inc. 403(b) Thrift Plan plan document, adoption agreement and plan summary for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering all employees of the organization except nonresident aliens with no U.S. source income, employees who normally work less than 20 hours per week (as defined in the Plan), and student employees. The Plan is funded through a group annuity contract issued by Mutual of America Life Insurance Company under Code section 403(b)(1). An eligible employee may begin making elective deferrals on the first day of the month coincident with or following his/her date of hire. To become a participant in the nonelective (employer base) contribution portion of the Plan, an employee must complete one year of service, which is a 12-month eligibility computation period in which the employee completes 1,000 hours of service. There is no minimum age requirement. The Plan was most recently restated effective August 1, 2019. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions - Elective deferrals

A participant may make an election to defer his/her compensation and have it contributed to the Plan under a salary reduction agreement, on a pre-tax or Roth basis. Employees who become participants on or after August 1, 2019 are automatically enrolled at 1% of compensation unless they elect otherwise, and may withdraw automatic contributions within 90 days under the Plan's eligible automatic contribution arrangement. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up deferral contributions. Participants may also contribute amounts representing distributions from other eligible plans (rollovers).

3. Contributions - Nonelective

The organization makes a nonelective (employer base) contribution for each eligible participant, whether or not the participant makes elective deferrals, equal to a percentage of compensation ranging from 2% to 7% based upon completed years of service as of the participant's anniversary of hire, as shown below. For nonelective contributions only, compensation in excess of $116,802 for calendar year 2019, increased annually by the Civil Service Retirement System (CSRS) cost-of-living adjustment, is excluded. For 2025 and 2024, the maximum compensation used to calculate the nonelective contribution was $146,381 and $142,810, respectively. An employee enters the nonelective portion of the Plan on the first day of the month coincident with or following the date the employee satisfies the eligibility requirement. After the initial eligibility computation period, eligibility computation periods are measured from the anniversary of the employee's date of hire.

Following is the nonelective contribution schedule:

Years of Service	Contribution Percentage
1 year of service but less than 3 years of service	2% of compensation
3 years of service but less than 4 years of service	3% of compensation
4 years of service but less than 5 years of service	4% of compensation
5 years of service but less than 6 years of service	5% of compensation
6 years of service but less than 7 years of service	6% of compensation
7 years of service or more	7% of compensation

4. Participant Accounts

Each participant's account is credited with the participant's elective deferrals, the organization's nonelective contribution, and Plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. The Plan does not apply any allocation conditions to elective deferrals, employer contributions, or forfeitures. Participants direct the investment of their elective deferrals and nonelective contributions into various investment options offered by the Plan. The Plan currently offers pooled separate accounts and a general account investment contract as investment options for participants.

5. Vesting

Participants are immediately vested in their elective deferrals and rollover contributions plus actual earnings thereon. A participant becomes 100% vested in the nonelective contribution portion of his/her account after three years of vesting service and is 0% vested before then. A participant also becomes 100% vested upon attaining normal retirement age (65) or upon termination of employment due to death or total and permanent disability.

6. Participant Loans

The Plan allows participants to borrow from their 403(b) account balances. The minimum loan amount is $1,000. Loans are limited to the lesser of 50% of a participant's vested account balance or $50,000. The $50,000 maximum loan amount is reduced by the excess of the participant's highest outstanding loan balance in the previous 12 months over the outstanding loan balance on the date a new loan is made. A participant may have no more than two loans outstanding at one time. Loan terms may not exceed five years, or ten years for the purchase of a principal residence. Loans bear interest at a rate equal to the rate credited on Mutual of America's Interest Accumulation Account plus 3%; at December 31, 2025, the interest rate on all outstanding loans was 5.85%. Principal and interest payments are made through bi-weekly payroll deductions.

7. Payment of Benefits

If a participant terminates employment and the value of his/her vested account balance, including rollover contributions, does not exceed $1,000, the vested balance is distributed in a lump sum. Otherwise, benefits are payable in a lump sum or in one of several annuity forms. Unless waived with spousal consent, a married participant's benefit is paid as a qualified joint and survivor annuity. The Plan also permits in-service withdrawals after age 59½ and hardship withdrawals.

8. Forfeited Accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $81 and $81, respectively. Forfeitures are first used to pay any contract charges related to the terminated participant and then are used to reduce future employer contributions. Forfeitures of $2,504 and $17,069 were used to reduce nonelective contributions in 2025 and 2024,

B. SUMMARY OF ACCOUNTING POLICIES:

1. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Basis of Accounting

The financial statements of the plan are prepared on the accrual basis of accounting.

3. Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are reclassified as distributions based upon the terms of the Plan document.

4. Investment Valuation and Income Recognition

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's interest in the Mutual of America general account (Interest Accumulation Account) is a fully benefit-responsive investment contract. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses, and is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan’s gains and losses on investments bought and sold as well as held during the year.

5. Payment of Benefits

Benefits are recorded when paid.

6. Operating Expenses

Recordkeeping fees are paid by the Plan from participant accounts. Loan origination and maintenance fees are paid by the borrowing participants. All other expenses of maintaining the Plan are paid by the organization, Downriver Community Services, Inc.

7. Accounting Changes

The Plan had no changes in the current year.

8. Date of Management Review

In preparing these financial statements, Plan management has evaluated, for potential recognition or disclosure, significant events or transactions that occurred during the period subsequent to December 31, 2025, the most recent statement of net assets available for benefits presented herein, through October 12, 2026, the date these financial statements were available to be issued. No significant events were identified that required disclosure.

C. INFORMATION PREPARED AND CERTIFIED BY INSURANCE COMPANY:

The December 31, 2025 and 2024, Statements of Net Assets Available for Benefits, and the investment activities included on the Statements of Changes in Net Assets Available for Benefits for the years ended December 31, 2025 and 2024 and the accompanying notes to the financial statements were prepared in part or entirely from information certified by the Mutual of America Life Insurance Company in accordance with 29 CFR Section 2520.103-5 (c) of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

The following is a summary of the information certified by Mutual of America Life Insurance Company:

	2025	2024
Investments	$ 7,613,178	$ 6,753,562
Interest and other investment	47,431	18,906
Net appreciation in fair value of investments	827,446	845,992
Participant notes	95,734	136,037
Participant note interest	7,422	7,488

D. FAIR VALUE MEASUREMENTS:

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. There are no plan assets requiring the use of Level 3 inputs for the period

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Level 2

Pooled separate accounts: Valued at the unit value reported by Mutual of America Life Insurance Company, which is based on the net asset value of the underlying investment funds held by each separate account. Although the underlying funds are traded in active markets, the separate account unit values are not publicly quoted; therefore, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

The following tables set forth, by level within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2025 and 2024: The Plan's interest in the general account is a fully benefit-responsive investment contract reported at contract value and therefore is not subject to the fair value hierarchy; it is included below to reconcile to total investments on the statements of net assets available for benefits.

2025	Level 2	Total
Pooled separate accounts	$ 6,716,520	$ 6,716,520
General account	-	896,658
	$ 6,716,520	$ 7,613,178

2024	Level 2	Total
Pooled separate accounts	$ 5,916,343	$ 5,916,343
General account	-	837,219
	$ 5,916,343	$ 6,753,562

E. PARTY-IN-INTEREST TRANSACTIONS:

Certain Plan investments are funds and a general account contract issued by Mutual of America Life Insurance Company, the insurance company that holds the Plan's assets and provides recordkeeping services; therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for recordkeeping services amounted to $1,915 and $1,712 for the years ended December 31, 2025 and 2024, respectively. Notes receivable from participants also qualify as party-in-interest transactions.

F. PLAN TERMINATION:

Although it has not expressed any intent to do so, the organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

G. TAX STATUS:

The Plan was restated effective August 1, 2019 using a 403(b) plan document provided by Mutual of America Life Insurance Company. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of Internal Revenue Code section 403(b). Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or asset or disclosure in the financial statements.

H. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

I. DELINQUENT PARTICIPANT CONTRIBUTIONS:

During the year ended December 31, 2025, the organization remitted participant contributions totaling $15,407 to the Plan later than required by Department of Labor (DOL) Regulation 2510.3-102. These late remittances constitute nonexempt prohibited transactions under ERISA and are reported on the supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions. The organization intends to correct these late remittances, including the deposit of any lost earnings to participant accounts, in accordance with applicable DOL and IRS guidance.

J. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500:

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2025 and 2024:

	2025	2024
Net assets per the financial statements	$ 7,777,489	$ 6,953,247
Employer contributions receivable	(68,577)	(63,648)
Net assets per the Form 5500	$ 7,708,912	$ 6,889,599

The following is a reconciliation of the net change in net assets available for benefits per the financial statements to net income per the Form 5500 for the year ended December 31, 2025:

Net change per the financial statements	$ 824,242
Employer contributions receivable, 2024	63,648
Employer contributions receivable, 2025	(68,577)
Net income per the Form 5500	$ 819,313
