These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 1. Description of Plan

General

Monroe Tractor & Implement Co., Inc. (the Company) established the Monroe Tractor & Implement Co., Inc. Employee Stock Ownership Plan (Plan) effective as of November 5, 1990. As of January 1, 1997, the Plan was amended and operates as an Employee Stock Ownership Plan (ESOP), and is designed to comply with Section 4975 (e)(7) and the regulations there under, of the Internal Revenue Code of 1986, as amended (code) and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). A retirement committee appointed by the Company's Board of Directors administers the Plan. Janet Felosky, Michael Celentano and Henry M. Hansen are the Plan Trustees.

Employees of the Company are generally eligible to participate in the Plan after one year of service providing they worked at least 1,000 hours during such Plan year. Participants who do not have at least 1,000 hours of service during such Plan year, or are not employed on the last working day of a Plan year, are generally not eligible for an allocation of Company contributions for such year.

No distribution from the Plan will be made until a participant retires, dies, or otherwise terminates employment with the Company except in service diversifications for employees over age 55.

All benefits paid under the Plan after January 1, 1994 will be paid in cash. Participant benefits will be paid in substantially equal amounts over a period of five years. Participants with benefits in excess of $500,000 will receive payment of their benefits over a period of five years plus one additional year for each $100,000 or fraction of $100,000 by which participant's benefit exceeds $500,000. The Trustees may accelerate these payment at their discretion, based on the liquidity needs of the Company and the Plan.

If participant's total Plan benefit is $1,000 or less, participant will receive one lump sum payment as soon as practical after the end of the Plan year in which participant terminates.

If the value of Company securities constitutes more than ten percent of the assets of the Plan, participant will be entitled to vote the shares allocated to their account with respect to any merger or consolidation, recapitalization, reclassification, liquidation, dissolution, or sale of substantially all assets that must be approved by the shareholders of the Company. With respect to these matters, the Trustees will vote any shares that are not voted by participants. On all other matters requiring a vote of the shareholders, the Trustees will direct the vote of any shares held by the Plan.

The Company reserves the right to terminate the Plan at any time, subject to Plan provisions. Upon such termination of the Plan, the interest of each participant in the Plan will be distributed to such participant or his or her beneficiary at the time prescribed by the Plan terms and the Code. Upon termination of the Plan, all participants will automatically become fully vested in their account balances.

Note 1. Description of Plan (continued)

Contributions

The Company may make contributions to the Plan at the discretion of the Board of Directors. No participant contributions are allowed.

Participant Accounts

Employer contributions are allocated to each participant based on the ratio to which the participant's compensation bears to the compensation of all eligible participants.

Vesting

Vesting in the Company's contributions, plus actual earnings thereon, is fully vested once they have completed three years of service. Regardless of the number of years of service a participant may have, they become fully vested upon reaching normal retirement age or terminating employment due to disability or death. Participants have the right to designate a beneficiary to receive benefits should they die.

Forfeitures

Forfeitures for terminated, non-vested participant accounts will be allocated to the participants' accounts in the same manner as employer contributions.

Participant Loans

No borrowing from this plan is permitted.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Note 2. Summary of Significant Accounting Policies (continued)

Investment Valuation and Income Recognition

The common shares of the Company were valued at fair value on December 31, 2009 and 2008. Fair value is determined by annual independent appraisals.

Shares of registered investment companies are valued at quoted market prices.

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements.

Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Purchases and sales of securities are recorded on a trade-date basis. Realized gains and losses from security transactions are reported on the average cost method.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

The employer absorbs all significant cost of the Plan without reimbursements from the Plan.

Concentration of Credit Risk

The Plan maintains its cash in bank deposit and money market accounts, which, at times, may exceed federally insured limits. The Plan has not experienced any losses in such accounts. The Plan believes it is not exposed to any significant credit risk on cash and cash equivalents.

Cash and Cash Equivalents

The Plan considers all highly liquid debt instruments purchased with a maturity of 3 months or less and money market accounts to be cash equivalents.

Events Occurring After Reporting Date

The Plan has evaluated events and transactions that occurred between January 1, 2010 and September 29, 2010, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements.

	$ (300,895)	$ 317,127

Note 5. Fair Value Measurements

Generally accepted accounting principles establish a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Registered investment companies are valued at the net asset value of shares held by the plan at year end and which is considered a level 1 measurement. Monroe Tractor & Implement Co., Inc. common stock is valued at appraised value which approximates fair value and is considered a level 3 measurement.

The following table sets forth by level within the fair value hierarchy, the plan's assets at fair value as of December 31:

Level 1	2009	2008
Registered investment companies	$ 85,089	$ 72,768
Level 3		
Monroe Tractor & Implement Co., Inc. common stock	3,186,015	3,499,230
Total assets at fair value	$ 3,271,104	$ 3,571,998

The following table sets forth a summary of changes in the fair value of the plan's level 3 assets for the years ended December 31:

	2009	2008
Balance beginning of year	$ 3,499,230	$ 3,152,100
Realized gains (losses)	-	-
Unrealized gains (losses)	(313,215)	347,130
Purchases, sales, issuances and settlements - net	-	-
Balance end of year	$ 3,186,015	$ 3,499,230

Note 6. Terminated Vested Accounts

At December 31, 2009 and 2008, there is $0 allocated to participant accounts that have elected to withdraw from the Plan, but have not been paid.

Note 7. Forfeited Accounts

The Plan allocated $5,252 and $8,660 for the years ended December 31, 2009 and 2008, respectively, in forfeited accounts to the remaining participants.

Note 8. Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated September 11, 2002, that the Plan is qualified and the Trust established under the Plan is tax-exempt, under the appropriate sections of the Code. The Plan has been amended since receiving the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, they believe that the Plan was qualified and the related Trust was tax-exempt as of the financial statement date.

Note 9. Risks and Uncertainties

The Plan invests in registered investment companies and company stock. These investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
