The University of Vermont Health Network 403(b) Retirement Savings Plan
Burlington, Vermont

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of The University of Vermont Health Network 403(b) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the years ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 8 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

PHONE 802.658.1808 FAX 802.658.1779 WEB WWW.CPAVT.COM

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(1) Description of Plan

The following description of The University of Vermont Health Network 403(b) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

Effective December 31, 2022, Porter Medical Center 403(b) Retirement Savings Plan (PMC), Central Vermont Medical Center Employees Retirement Plan (CVMC), and The University of Vermont Health Network – Home Health and Hospice, Inc. 403(b) Retirement Savings Plan (HHH), merged into the University of Vermont Medical Center 403(b) Plan (UVMMC). On that same date, the name of the Plan changed to The University of Vermont Health Network 403(b) Retirement Savings Plan. Merged Plans still operate under their individual Plan documents, see below for changes over the period as the Plans may vary by network affiliate.

The Plan Sponsor expects to adopt a full restatement of the Plan document by the end of 2026.

a) ***General***: All participants in the Plan affiliates are or were employees of The University of Vermont Medical Center (the "Employer" or "UVMMC"). The Plan is a defined contribution plan funded by employer and employee contributions. In accordance with the SECURE Act and SECURE 2.0, certain long-term, part-time employees may also be eligible to participate if they have completed at least 500 hours of service in three consecutive years (for plan years beginning before January 1, 2025) or two consecutive years (for plan years beginning on or after January 1, 2025), subject to the Plan's provisions and applicable law. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Effective January 1, 2025, if participants transfer employment from one employer in the University of Vermont Health Network ("UVMHN" or "Network") to another or are rehired after terminating employment with the Network, the participants' service with all members of the Network from the original date of hire will be taken into account under the Plan for purposes of determining eligibility for contributions, vesting in employer contributions and determination of the level of employer contributions received under the Plan. No duplicate credit for the same period of service will be given.

Effective January 1, 2025, employees who become eligible to make pre-tax contributions under the Plan upon transferring from a non-participating employer in the Network are not automatically enrolled.

b) ***Contributions***:

UVMMC - Each year, participants may contribute .5% to 100% of their compensation, as defined by the Plan, subject to Internal Revenue Service (IRS) limits. The Plan provides for an automatic enrollment of 3%.

UVMMC will make a contribution for those eligible full-time or part-time employees who have completed 6 months of service and are scheduled to work at least 40 authorized hours per pay period.

Description of Plan (continued)

The Employer makes two types of contributions, basic and matching, which begin 6 months after employment and is scheduled to work at least 40 authorized hours each pay period or is grandfathered in under former provisions. Ineligible employees include per-diem or regularly scheduled special employees, resident physicians, and non-resident aliens. The basic contribution is calculated based on assigned points and is made regardless of whether the employee participates in the Plan. Points are based on years of service and age. Points are calculated each year as of December 31 of the prior year and completed years of service. A year of service is determined as having worked at least 1,000 hours or more in a calendar year.

Points	Basic Contribution
Less than 40	3%
40-59	5%
60-79	7%
80+	10%

Physicians have a minimum employer basic contributions of 5%. Faculty Practice Physicians will have a minimum ER basic contribution of 5% and Community Practice Physicians will have an ER basic contribution of 4%.

Eligible employees who defer compensation into the Plan are eligible for the matching contribution. The Employer match is as follows:

Employee Deferral	Employer Match
3% or more	2%
2.50%	1.66%
2%	1.33%
1.50%	1%
1%	0.67%
0.50%	0.33%

Effective January 1, 2025, matching contributions are made only for payroll periods during which the participant is making personal contributions. The Plan is also being amended to allow participants to make pre-tax and Roth contributions in smaller increments of 0.1%.

CVMC - Participants are able to contribute 1% to 100% of their annual compensation, as defined by the Plan, subject to Internal Revenue Services (IRS) limits. All active employees are eligible to make personal contributions to the Plan upon the date of hire. The Plan provides for an automatic enrollment of 1%.

Description of Plan (continued)

The Employer makes contributions for eligible full-time or part-time employees who have completed one year of service having worked 1,000 hours, are not grandfathered into the Central Vermont Medical Center Pension Plan (Defined Benefit Plan) and who are not non-resident aliens.

The Employer makes two types of contributions, matching and discretionary nonelective (basic contribution), which begins one year after employment. Eligible employees who deferred compensation into the Plan are eligible for the matching contribution. The Employer matches 100% of the first 3% of elected deferrals. At the end of the Plan year, a "true-up" calculation is performed to ensure participants received the full matching contribution. The discretionary nonelective contribution for 2025 and 2024 was equal to 3% of eligible compensation. The discretionary nonelective contribution is made regardless of whether the employee participated in the Plan.

Effective January 1, 2025, matching contributions are made only for payroll periods during which the participant is making personal contributions. The Plan is also being amended to allow participants to make pre-tax and Roth contributions in smaller increments of 0.1%.

HHH - Contributions to the Plan are made by both the Employer and the employee. Participants can contribute 1% to 100% of their annual compensation, as defined by the Plan, subject to the Internal Revenue Service (IRS) limits. The Plan also allows for rollover contributions from other qualified plans.

The Employer can make annual discretionary matching contributions, up to 3% of compensation deferred, to participants who have attain the age of 18, have been employed for one year, and have been credited with 1,000 hours of service. Catch-up contributions are not matched. The Company matched 100% of the first 3% that was deferred during the years ended December 31, 2025 and 2024.

Effective January 1, 2025, matching contributions are made only for payroll periods during which the participant is making personal contributions. The Plan is also being amended to allow participants to make pre-tax and Roth contributions in smaller increments of 0.1%. Additionally, participants who complete one year of service (first 12 months of employment), and complete at least 1,000 hours of service, will be eligible for employer non-elective contribution of 1% of their eligible compensation. If participants do not meet this requirement in the first 12 months, they will become eligible after they complete 1,000 hours in any full plan year of their employment. HHH will make contributions each payroll period that participants remain eligible. Participants are always 100% vested in the employer non-elective contributions.

Description of Plan (continued)

PMC - Participants can contribute up to 75% of eligible annual compensation, as defined in the Plan. The maximum amount that participants can contribute on a pre-tax basis was limited by provisions of the Internal Revenue Code (IRC). The Plan provides for an automatic enrollment of 2%. The Plan was amended for employees hired on or after January 1, 2024 to automatically enroll participants at 3% of pre-tax contributions unless elected otherwise. The contributions, unless elected otherwise, will increase by 1% each year until they reach 10%.

Employees become eligible for PMC contributions after completing 1,000 hours of service and attaining age 21 or older. Effective January 1, 2024, newly hired employees become eligible for employer contributions after they complete one year of service (first 12 months of employment), and complete at least 1,000 hours of service. If participants do not meet this requirement in the first 12 months, they will become eligible after they complete 1,000 hours in any full plan year of their employment. Once the participant is eligible, PMC will make a contribution on the participants' behalf each payroll period they remain an eligible employee in an amount equal to a percentage of their eligible compensation determined based on years of service. Years of service are determined as of January 1 of each year. If a participant in the pension plan previously sponsored by PMC, participants may be entitled to an additional employer contributions that will be made at the end of the year. PMC makes a contribution on participants eligible compensation based on the following schedule:

Year(s) of Service	Employer Contribution %
1-9	3%
10-19	4%
20-29	5%
30+	6%

Participants who attain the age of 50 by December 31 of the current year are permitted to make catch-up contributions subject to the IRC limitations.

CVMC, HHH, and PMC's Plans are being amended to clarify that all employer contributions will be calculated based on the participants' compensation from the employer that participates in the Plan. If the participants are employed by another employer in the Network that does not participate in the Plan, compensation with that employer is not taken into account for purposes of employer contributions of the Plan.

UVMMC, CMVC, HHH, and PMC's Plans effective January 1, 2025, participants who have obtained the age of 60-63 by December 31, are able to make higher catch-up contributions, subject to IRS limits.

Description of Plan (continued)

c) Vesting:

UVMMC - Participants are immediately vested in their voluntary contributions plus earnings thereon. Participants become 100% vested in the Employer's basic and matching contributions after three years of employment.

CVMC - Participants are immediately vested in their voluntary contributions plus earnings. Participants become 100% vested in the Hospital's basic and matching contribution after three years of employment.

HHH - Participants are 100% vested in their account at all times.

PMC - Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the PMC contributions and earnings thereon is based on years of service. A vesting year is a calendar year with a minimum of 1,000 worked hours. A participant vests according to the schedule below:

Year(s) of Vesting Service	Vesting Percentage
1	20%
2	40%
3	60%
4	80%
5	100%

(d) Plan Termination and Amendments: Although it has not expressed any intent to do so, UVMMC reserves the right to terminate the Plan subject to the provisions of ERISA. In the event of plan termination and payment of all expenses, the assets of the Plan would be distributed to participants based upon amounts outstanding in their account as of the date of liquidation.

Additionally, UVMMC may amend the Plan at any time without the consent of any participant or any beneficiary, provided that no amendment deprives any participant of the participant's non-forfeitable accrued benefits.

(e) Payments of Benefits: For all affiliates the Plan allows, upon attainment of age 59½, retirement, or disability at any age, the participant shall be entitled under the terms of the Plan to purchase a monthly or periodic income annuity option or choose a lump-sum distribution.

In the event a participant dies prior to commencement of retirement benefit payments, the full current value of the account is then payable to the beneficiary or beneficiaries named by the participant in a single sum or by purchasing one of the income annuity options.

A participant terminating employment for reasons other than retirement or disability may choose a lump-sum distribution or choose to wait until they reach retirement age.

Description of Plan (continued)

If a participant terminates employment with the Network and their account balance is $7,000 or less, these funds will be distributed as soon as administratively possible. Before such distribution occurs, participants will have an opportunity to directly rollover funds to another qualified plan or individual retirement account ("IRA"). When the amount is more than $1,000 but does not exceed $7,000, it will be automatically rolled over to an IRA established in the participant's name, unless they elect a cash payment or a direct rollover.

Hardship distributions are permitted in an amount not to exceed the participant's total elective deferral balance. Effective June 18, 2024, the Plan was amended to permit hardship withdrawals of earnings on participant elective contributions.

Below are plan amendments to the Network effective November 12, 2024:

- The Plan allows for emergency personal expense distributions. The limit on these withdrawals from all Plans sponsored by the Network in any year is the lesser of $1,000 or the excess of the participants vested account balance over $1,000. Such withdrawals are to be repaid within 3 years and the participant will not be able to take another emergency expense distribution for 3 years unless the amount is repaid in full or the participant received or made pre-tax and/or Roth contributions to the Plan equal to the amount of the withdrawal.

- The Plan permits qualified disaster recovery distributions. Distributions from the Plan can be made up to $22,000. Distributions must be made within 180 days after the disaster starts. The limit on the distribution applies to all Plans in the Network. Distributions must be repaid within 3 years and is not subject to the 10% penalty on early distributions.

- The Plan permits qualified birth or adoption distributions for participants who had a newborn or adopted a child to withdraw up to $5,000 from their vested account while still working. Distributions are to be received within one year of birth or finalization of an adoption. Funds must be repaid within 3 years.

UVMMC - No other in-service distributions are allowed.

HHH - In-service withdrawals of employer matching contributions from annuity contracts are allowed after attainment of age 59 ½. Participants can also withdraw rollover contributions at any time.

PMC - Participants are subject to involuntary cash-outs if the participant separates from service at a time when the vested portion of the account balance had a value not greater than $7,000. Participants receive their benefit payments in a single lump-sum payment.

Description of Plan (continued)

(f) Participant Accounts: Each participant's account is credited with the participant's contributions, the Employer's matching contribution, and allocation of (a) the Employer's additional discretionary contribution, (b) Plan earnings, and (c) forfeitures of terminated participants' non-vested account balances. Allocations are based on a participant's eligible compensation relative to total eligible compensation, deferred contribution amounts, or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Each participant determines the investment strategy of their account as provided by the Plan.

(g) Forfeited Accounts: Forfeitures are used to reduce future Employer contributions. In 2025 and 2024, employer contributions were reduced by $1,633,765 and $3,558,808, respectively, from forfeited nonvested accounts. At December 31, 2025 and 2024, there was $1,463,625 and $1,253,177, respectively, in forfeited nonvested accounts.

***(h) Notes Receivable*:**

UVMMC - Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may only request one loan per 12 month period and cannot have more than one loan outstanding at any given time. The loans are secured by the balance in the participant's account and bear interest at current market rates. Principal and interest is repaid directly to the respective custodian.

Loans issued by TIAA and Lincoln Financial are considered plan loans, because the loans are issued directly to the participant by TIAA and Lincoln Financial and are secured by the participant's account balance. These loans qualify as non-ERISA and are excluded from the net assets available for benefits. Total Plan assets securing the loans as of December 31, 2025 and 2024 were $196,994 and $192,934, respectively.

CVMC, HHH, PMC – Participants can borrow up to their fund accounts a minimum of $500 and up to a maximum equal to the lesser of $50,000 (less highest outstanding loan balance in the previous 12 months) or 50% of their account balance. Participants can not have more than one loan outstanding at any one given time. The interest rate charged is the Wall Street Journal Prime Rate plus 1%. Loans are secured by the balance in the participants accounts. Principal and interest are repaid through payroll deductions.

(i) Administrative Expenses: Administrative expenses are paid by the Employer. The custodians' expenses are allocated from each participant account based on an expense ratio.

(j) Risks and Uncertainties: The Plan provides for various investment options which are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting: The financial statements of the Plan are prepared under the accrual basis of accounting.

(b) Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to use estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition: Investments are reported at fair value, except for fully benefit-responsive investment contracts which are reported at contract value. Contract value is the relevant measurement attribute for a portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts. Contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

(d) Annuity Contracts: Annuity contracts represent purchases of contracts which provide guaranteed amounts for future retirement benefits to participants. Once purchased, the guaranteed benefit of principal plus interest cannot be decreased, but it can be increased by dividends. These contracts are included in the Plan's assets because the insurance contracts do not guarantee to pay a "specific" benefit at a future date.

(e) Notes Receivables from Participants: Notes receivables from participants are reported at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the Plan document.

(f) Benefit Payments: Benefits are recorded when paid.

(g) Subsequent Events: The Plan evaluated subsequent events through September 28, 2026, the date the Plan's financial statements were available to be used.

(3) Investment Contracts

The Plan has entered into fully benefit-responsive investment contracts. Because the investment contracts are fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contracts.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) violation of a material obligation under the contract, and (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with plan participants are probable of occurring.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

The investment contracts do not permit the insurance company to terminate the agreements prior to the scheduled maturity date.

(4) Fair Value Measurements

Generally accepted accounting principles in the United States of America establish a framework for measuring fair value. That framework provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Fair Value Measurements (continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Mutual and money market funds: Valued at the closing price reported on the active market on which the individual securities are traded.

Pooled separate accounts: The pooled separate accounts whose sole asset is an underlying mutual fund are reported at fair value based on the quoted market prices of the underlying mutual funds. Pooled separate accounts that consist of investment funds made up of a variety of different investment assets are valued on the aggregate fair value of the underlying assets. The units of these pooled separate accounts are not actively traded. Accordingly, each individual underlying asset is evaluated to determine where its fair value measurement falls within the fair value hierarchy. The entire pooled separate account fund is included within the fair value hierarchy based on the lowest level of any asset, or group of assets, that is significant to the overall fair value measurement.

Annuity contracts: Reported at contract value which approximates fair value. The contract value of the annuity equals the accumulated cash contributions, interest credited to the Plan's contracts, and transfers in (if any), less any withdrawals and transfers out (if any).

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Fair Value Measurements (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 9,346,422	$ -	$ -	$ 9,346,422
Mutual funds	2,467,985,875	-	-	2,467,985,875
Pooled separate	22,659,491	-	-	22,659,491
Annuity contracts	-	-	3,977,156	3,977,156
Total	$ 2,499,991,788	$ -	$ 3,977,156	$ 2,503,968,944

	Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market funds	$ 6,378,639	$ -	$ -	$ 6,378,639
Mutual funds	2,104,811,937	-	-	2,104,811,937
Pooled separate	20,614,772	-	-	20,614,772
Annuity contracts	-	-	4,125,805	4,125,805
Total	$ 2,131,805,348	$ -	$ 4,125,805	$ 2,135,931,153

The following table presents information about significant unobservable inputs related to the Plan's investments in assets categorized as Level 3 in the fair value hierarchy at December 31, 2025 and 2024:

2025			
Information about significant unobservable inputs			
Type	**Fair Value**	**Valuation Technique**	**Significant Unobservable Input**
TIAA Traditional Annuity (Non fully benefit-responsive)	$ 3,977,156	Discounted cash flow Theoretical transfer (exit value)	Risk – adjusted discount rate applied

2024			
Information about significant unobservable inputs			
Type	**Fair Value**	**Valuation Technique**	**Significant Unobservable Input**
TIAA Traditional Annuity (Non fully benefit-responsive)	$ 4,125,805	Discounted cash flow Theoretical transfer (exit value)	Risk – adjusted discount rate applied

During 2025 and 2024, the Plan purchased Level 3 assets in the amount of $229,714 and $244,422 respectively. During 2025 and 2024, the Plan sold Level 3 assets in the amount of $267,655 and $434,106, respectively.

(5) Tax Status

The Plan was formed based on a prototype plan. The Plan administrator believes that the Plan is currently designed and is being operated in compliance with the section 401(a) of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax period in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2022.

(6) Related Parties

The Plan has a number of service providers. Such parties are considered parties-in-interest under ERISA.

(7) Withdrawing Participants

There are no significant participant withdrawal requests from the Plan that have not been paid as of December 31, 2025.

(8) Information Prepared and Certified by Custodians

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company, Teachers Insurance and Annuity Association of America ("TIAA") and College Retirement Equities Fund ("CREF"), Corbridge Retirement Services – The Variable Annuity Life Insurance Company (VALIC), The Lincoln National Life Insurance Company, and Metropolitan Life Insurance Company, the custodians of the Plan, have certified to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, the schedule of assets held for investment purposes as of December 31, 2025 and the related investment activity reflected in the statements of changes in net assets available for benefits for the years ended December 31, 2025 and 2024.

(9) Litigation

UVMMC Board of Trustees, and its Defined Contribution Fiduciary Investment Committee was served with an ERISA class-action lawsuit. The Plan has not been named in the lawsuit. The lawsuit against its Board of Trustees and its Defined Contribution Fiduciary Investment Committee has been dismissed as of December 31, 2025. Due to the early stage of this lawsuit, the ultimate outcome is unknown as of the date of the Independent Auditors Report.
