INDEPENDENT AUDITORS' REPORT

To the Plan Administrator and Participants
Sepaton, Inc. Retirement Savings Plan
Marlborough, Massachusetts

We were engaged to audit the financial statements and supplemental schedule of **Sepaton, Inc. Retirement Savings Plan** (the Plan) as of December 31, 2009 and 2008, and for the year ended December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the investment information summarized in Note 3, which was certified by Fidelity Management Trust Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Sepaton, Inc. Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Sepaton, Inc. (the Company) who are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may elect to contribute up to 60 percent of their annual pretax compensation, as defined in the Plan and limited by the Internal Revenue Code (the Code). Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. The Company may elect to make discretionary matching contributions. The Company did not elect to make any discretionary contributions in 2009. Participants direct the investment of their accounts into various investment options offered by the Plan.

Participant Accounts

Each participant's account is credited with the participant's contribution plus the Company matching contribution and an allocation of Plan earnings and is charged with administrative expenses, as required. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company matching contribution plus actual earnings thereon occurs ratably over six years of credited service, as defined in the Plan.

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50 percent of their vested account balance, whichever is less. Loan terms range from one to five years, or up to ten years for the purchase of a primary residence. The loans are secured by the balance in the participants' account and bear interest at rates commensurate with local prevailing rates, at the time of issuance, as determined by the plan administrator. Principal and interest are repaid ratably through payroll deductions.

1. Description of Plan (Continued)

Benefit Payments and Plan Withdrawals

Upon termination of service due to death, disability or retirement, a participant or beneficiary may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installments. Withdrawals may be made under certain other circumstances in accordance with the Plan document.

Forfeitures

Forfeitures are non-vested Company contributions forfeited by employees who terminate their employment or who withdraw from the Plan. Forfeitures are retained by the Plan and are used to reduce future Company contributions. At December 31, 2009 and 2008 there were no forfeited non-vested amounts.

2. Summary of Significant Accounting Policies

Accounting Standards Codification

Effective July 1, 2009 the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP). The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the notes have been changed to refer to the appropriate ASC topics in certain instances or otherwise omitted.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation

The Plan's investments are stated at fair value, based upon quoted market prices, as determined by the trustee. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Participant loans are stated at outstanding principal which approximates fair value.

Continued --

2. Summary of Significant Accounting Policies (Continued)

Investment Valuation (Continued)

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gain (loss) on investments is the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

3. Information Prepared and Certified by the Trustee

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The investment information included in the accompanying financial statements and supplemental schedule was obtained from data that has been certified as complete and accurate to the plan administrator by Fidelity Management Trust Company, the trustee of the Plan at December 31, 2009 and 2008. Incorporation of this financial information in the accompanying financial statements and supplemental schedule is based solely on those certifications.

Investments that represent 5 percent or more of the Plan's net assets at December 31 are:

	2009	2008
Fidelity Advisor New Insights Fund Class I	$ 397,045	$ 238,587
Retirement Government Money Market Fund	374,665	373,015
Black Rock International Opp I	369,958	252,293
Fidelity Advisor Small Cap Fund Class I	369,826	260,432
Fidelity Advisor Strategic Income Fund Class I	222,706	139,011
Fidelity Advisor Dynamic Capital Appreciation Fund Class I	209,958	*

* Represent less than 5 percent of net assets

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2009 was also certified by Fidelity Management Trust Company.

4. Tax Status

The Plan has adopted a prototype plan which has been determined by the Internal Revenue Service, in an opinion letter dated October 9, 2003, to be in accordance with the applicable sections of the Code. The Plan has since been amended, however, the plan administrator believes that the Plan, is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

5. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their accounts.

6. Party-in-Interest Transactions

Certain plan investments are shares of funds managed by Fidelity Management Trust Company, the trustee of the Plan and, therefore, these investment transactions qualify as exempt party-in-interest transactions.

7. Administrative Expenses

Administrative expenses associated with custody and recordkeeping are paid by the Company. Loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the net assets available for benefits per the 2009 Form 5500:

	2009	2008
Net assets available for benefits per financial statements	$ 3,276,909	$ 2,276,970
Less: Contributions receivable	22,548	16,238
Net assets available for benefits per the 2009 Form 5500	$ 3,254,361	$ 2,260,732

Continued --

9. Reconciliation of Financial Statements to Form 5500 (Continued)

The following is a reconciliation of contributions per the financial statements to contributions per the 2009 Form 5500:

Contributions per the financial statements	$ 699,630
Plus: Prior year contributions receivable	16,238
Less: Current year contributions receivable	(22,548)
Contributions per Form 5500	$ 693,320

10. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 — Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 — Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 — Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where the assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Continued --

10. Fair Value Measurements (Continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Participant Loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009		
	Level 1	Level 2	Level 3
Mutual funds	$ 3,185,745	$ -	$ -
Participant loans	-	-	68,616
Total assets at fair value	$ 3,185,745	$ -	$ 68,616

	Assets at Fair Value as of December 31, 2008		
	Level 1	Level 2	Level 3
Mutual funds	$ 2,177,465	$ -	$ -
Participant loans	-	-	83,267
Total assets at fair value	$ 2,177,465	$ -	$ 83,267

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:
