EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

December 31, 2009 and 2008

(1) Description of Plan

The following description of Bay Dermatology & Cosmetic Surgery, P.A. Employees Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document and adoption agreement for a more complete description of the Plan's provisions. The Plan is sponsored by Bay Dermatology & Cosmetic Surgery, P.A. (the Company).

(a) General

The Plan is a defined contribution plan, covering all employees of Bay Dermatology & Cosmetic Surgery, P.A. and Bay Billing Solutions, LLC. Employees who have attained the age of 18 and are actively employed at the end of the plan year are eligible for discretionary employer nonelective contributions after completing 1,000 hours of service during the plan year. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

(b) Contributions

Each year, participants may contribute a percentage of pretax annual compensation, as defined in the Plan. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants may change their investment options via phone service or via the internet.

The Company provides a safe harbor nonelective contribution equal to 3% of a participant's eligible compensation, as defined by the Plan, and may contribute a discretionary matching amount determined by the Company each year. Additional discretionary profit sharing amounts may be contributed at the option of the Company in accordance with the Plan document. Company contributions are subject to certain limitations and are also invested as directed by the participants.

(c) Participant Accounts

Each participant's account is credited with the participant's salary deferral contributions and allocations of (a) the Company's contributions and (b) plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes to Financial Statements

(d) Vesting

Participants are immediately vested in their contributions and the company safe harbor contribution, plus actual earnings thereon. Company discretionary contributions begin vesting after two years of service at a rate of 20% per year.

Non-vested, forfeited amounts are used to reduce future contributions of the Company. Forfeited contributions available to reduce Company contributions were $11,959 and $2,055 at December 31, 2009 and 2008, respectively.

(e) Payment of Benefits

Upon retirement, disability, termination of employment or death, the Plan permits the participant or beneficiary to elect distributions in a lump-sum amount equal to the vested value of his or her account. Hardship distributions are permitted.

(f) Participant Loans

Participant loans are permitted by the Plan. The loan amount cannot exceed 50% of the nonforfeitable balance and must be a minimum of $1,000, but not more than $50,000. The Plan calls for at least quarterly payments, with a term not to exceed 5 years.

(2) Summary of Significant Accounting Policies

(a) Accounting Basis

The financial statements of the Plan are presented on the accrual basis.

(b) Payment of Benefits

Benefits are recorded when paid.

(c) Financial Accounting Standards

In June 2009, the Financial Accounting Standards Board (FASB) issued authoritative guidance establishing two levels of U.S. generally accepted accounting principles (GAAP) - authoritative and nonauthoritative - and making the Accounting Standards Codification (ASC) the source of authoritative, nongovernmental GAAP, except for rules and interpretive releases of the Securities and Exchange Commission. This guidance, which was incorporated into ASC Topic 105 - *Generally Accepted Accounting Principles*, was effective for interim and annual periods ending after September 15, 2009. The adoption changed certain disclosure references to U.S. GAAP, but did not have any other impact on the Plan's financial statements.

(Continued)

(d) Valuation of Investments and Income Recognition

Effective January 1, 2008, the Plan adopted FASB ASC Topic 820 relating to *Fair Value Measurements and Disclosures*, which provides a common definition of fair value, establishes a framework for measuring fair value under U.S. generally accepted accounting principles and requires additional disclosures about fair value measurements.

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 7 for discussion of fair value measurements.

The fair value of participation units owned by the Plan in the pooled separate account are based upon quoted redemption values on a daily basis.

The Plan's insurance company general account investment is valued at contract value, as estimated by John Hancock Life Insurance Company (U.S.A.), which represents contributions made under the contract, plus interest at the contract rate, less the sum of funds used to pay retirement benefits and administrative expenses. At December 31, 2009 and 2008, fair value of the general account is equal to the contract value.

(e) Estimates in Financial Statements

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from those estimates.

(3) Investment Contract with Insurance Company

On January 1, 2002, the Plan entered into an investment contract with John Hancock Life Insurance Company (U.S.A.) (John Hancock) for the purpose of investing certain Plan assets. The contract is an "unallocated" group annuity contract. The assets of the Plan are held in either a general account or in a pooled separate account. A variety of investment options are available to Plan participants through the pooled separate account. Contributions directed to the pooled separate account purchase units of various funds of the separate account. The funds of the separate account include a number of registered investment companies with various investment objectives. Benefit payments to participants or their beneficiaries are made directly by John Hancock from the funds accumulated under the contract. The insurance contract and underlying funds are reported at contract value which represents the accumulation of contributions made, plus earnings, less benefit payments and administrative expenses.

(4) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets are as follows:

	2009	2008
Insurance company investment contract:		
Pooled separate account -		
John Hancock Lifestyle Growth fund	$ 570,435	326,338
John Hancock Lifestyle Balanced fund	$ 1,551,880	967,413
John Hancock Lifestyle Conservative fund	$ n/a	97,647

(5) Information Certified by Custodian

The following information included in the accompanying financial statements and supplemental schedule was obtained from data that has been prepared and certified to as complete and accurate by the Plan's custodian as of December 31, 2009 and 2008 and for the year ending December 31, 2009:

	2009	2008
Insurance company pooled separate account	$ 2,378,313	1,527,275
Insurance company general account	$ 11,326	9,573
Interest income	$ 1,901	n/a
Net appreciation in fair value of separate account investments	$ 524,633	n/a

The custodian's certification also covers all information included in notes 4 and 7 and all information presented in the accompanying supplementary schedule.

(6) Contributions Receivable

The 2009 and 2008 employer contributions receivable included in the statement of net assets available for plan benefits of $131,783 and $131,239, respectively, are reported net of forfeitures totaling $11,959 and $2,055, respectively, which represent the forfeitures available to reduce the Company's contributions to the Plan.

(7) Fair Value Measurements

FASB ASC Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

EMPLOYEES SAVINGS PLAN

Notes to Financial Statements

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value:

Investment contract with insurance company - Pooled Separate Account:	Valued at the closing price reported in the active market in which the underlying investments are traded.
Investment contract with insurance company - General Account	Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.
Participant loans	Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, although the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	Level 1	Level 2	Level 3	Total
Investment contract with insurance company - Pooled Separate Account	$ -	2,378,313	-	2,378,313
Investment contract with insurance company - General Account	-	-	11,326	11,326
Participant loans	-	-	16,908	16,908

Notes to Financial Statements

(8) Income Tax Status

The Plan has adopted a prototype plan, which has received an opinion letter from the Internal Revenue Service dated August 30, 2001, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

(9) Party-in-Interest Transactions

John Hancock, the custodian of the Plan, provides certain investment management and administrative services to the Plan. Fees paid by the Plan for investment management and administrative services for the year ended December 31, 2009 were $15,870.

Certain administrative expenses of the Plan, such as professional fees, may be paid directly by the Plan or the Plan sponsor, Bay Dermatology & Cosmetic Surgery, P.A.

(10) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.

(11) Risks and Uncertainties

The Plan invests in various investment securities. Plan investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain Plan investments, it is at least reasonably possible that changes in the value of Plan investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(12) Subsequent Events

For purposes of disclosure, the Plan evaluated events occurring between December 31, 2009 and October 12, 2010, the date the financial statements were available for issuance.

In November 2009, the Plan was restated with the most significant change being to modify the safe harbor feature of the Plan from a safe harbor non-elective contribution to a safe harbor matching contribution, effective January 1, 2010.
