Independent Auditor's Report

To the Board of Trustees of
MEBA Pension Trust – Money Purchase Benefit Plan

Opinion

We have audited the financial statements of MEBA Pension Trust – Money Purchase Benefit Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, information regarding the net assets available for benefits of the Plan as of December 31, 2025 and 2024, and the changes in its net assets available for benefits for the years then ended, in accordance with accounting principles generally accepted in the United States of America (US GAAP).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with US GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued or are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

In our opinion, the information in the accompanying supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

MEBA Pension Trust – Money Purchase Benefit Plan

Notes to Financial Statements

Note 1. Description of Plan

The following brief description of MEBA Pension Trust - Money Purchase Benefit Plan (Plan) is provided for general information purposes only. Participants should refer to the Plan Regulations for a more complete description of the Plan's provisions.

General

The Plan is a money purchase defined contribution plan covering marine personnel under the provisions of an Agreement and Declaration of Trust, as amended, among the National Marine Engineers' Beneficial Association, AFL-CIO, and various employers having collective bargaining agreements with the District No. 1 - Pacific Coast District, MEBA (Union). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

In accordance with the terms of the Trust Agreement, the Plan shall receive contributions from the employers, pursuant to their respective collective bargaining agreements with the Union. Employers' contributions for 2025 and 2024 comply with the minimum funding requirements of ERISA.

Participant Accounts

Each participant's account is credited with the employers' contributions and allocation of Plan earnings. Participant accounts are charged certain administrative fees and expenses. The benefit to which a participant is entitled to is the benefit that can be provided from the participant's vested account.

Vesting

Participants become vested upon achieving three years of vesting credit, or in the case of a Participant who has not earned at least one hour of service on or after January 1, 2009, the completion of five years of vesting credit; or reaching normal retirement age. A vesting credit is earned in a year in which the participant completes 125 days of service.

Payment of Benefits

On retirement or termination of service, a participant may receive the value of the vested interest in his or her account as a lump sum distribution, annuity, or installments. Participants that have met certain eligibility requirements may elect to receive a distribution of their entire benefit amount prior to termination of service.

Forfeitures

When a nonvested participant has at least five consecutive breaks in service (less than 63 days of service in a year), the participant will lose their service credits, and forfeit the balance of their account. For the years ended December 31, 2025 and 2024, the Plan used forfeitures in the amount of $233,596 and $229,591, respectively, to reduce administrative expenses. Amounts forfeited each year are applied towards payment of administrative expenses of the Plan. Any remaining amounts are allocated to Plan participants.

Note 2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (US GAAP) requires Plan management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Advisory Committee determines the Plan's valuation policies and procedures, utilizing information provided by the investment advisers and custodians, and reports to the Plan's Board of Trustees. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year. Investment income derived from common collective trusts, including unrealized and realized gains and losses and dividend income, are included in net investment gain from common collective trusts.

Cash

The Plan considers all non-interest bearing cash deposits to be cash.

Employers' Contributions and Related Receivables

Contributions receivables are reported at their outstanding balances net of an estimated reserve for doubtful accounts and are primarily composed of balances due from employers. The Plan estimates doubtful accounts based on historical bad debts, factors related to specific employers' or groups of participants' ability to pay, and current economic trends and conditions. Changes in the allowance for doubtful accounts are recorded in administrative expenses in the statements of changes in net assets available for benefits.

Payments of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan.

Plan Management's Review of Subsequent Events

The Plan has evaluated subsequent events and transactions through October 13, 2026, the date that the financial statements were available to be issued.

Note 3. MEBA Master Trust for ERISA Plans

A portion of the Plan's investments is in the MEBA Master Trust for ERISA Plans (Master Trust) which was established for the investment of assets of the Plan and other related plans. Each participating plan has an undivided interest in the Master Trust. The assets of the Master Trust are held by Manufacturers and Traders Trust Company (Custodian).

At December 31, 2025 and 2024, the Plan's interest in the net assets of the Master Trust was approximately 0.09% and 6.40%, respectively. The net asset value per share of the Master Trust is determined at the end of each month based upon quoted market values of the investments in the Master Trust plus accrued income less liabilities. The per share net asset value at the end of each month is used to calculate the number of shares for the Plan's additions and withdrawals for the following month. Investment income and expenses are allocated to the individual plans in proportion to the amount of time Plan assets were invested in the Master Trust.

The fair value of the Plan's interest in the Master Trust is based on the beginning of year value of the Plan's interest in the Master Trust plus actual contributions and allocated investment income less actual distributions and allocated administrative expenses.

The following table presents the net assets of the Master Trust as of December 31, 2025 and 2024:

MEBA Pension Trust – Money Purchase Benefit Plan

Notes to Financial Statements

The following are the changes in net assets for the Master Trust for the years ended December 31, 2025 and 2024:

	December 31, 2025	December 31, 2024
Net appreciation in fair value of investments	$ 104,713	$ 106,243
Interest	755,621	818,029
Net investment income	860,334	924,272
Net transfers	4,534,948	(12,578,756)
Increase (decrease) in net assets	5,395,282	(11,654,484)
Net assets, beginning of year	16,629,177	28,283,661
Net assets, end of year	$ 22,024,459	$ 16,629,177
Plan's investment income from Master Trust	$ 28,790	$ 53,910

The following table sets forth by level, within the fair value hierarchy (see Note 4), the Master Trust's assets at fair value as of December 31, 2025 and 2024:

	2025	2024
Level 1:		
Mutual funds	$ 4,817,621	$ 1,619,862
Level 2:		
Interest bearing cash	7,952,770	5,816,045
U.S. government agencies	4,835,769	2,777,574
Corporate bonds	4,297,919	6,287,992
Investments at fair value	$ 21,904,079	$ 16,501,473

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement,* provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Corporate bonds: Valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trusts: Valued at the net asset value (NAV) as determined by the custodians of the funds. The NAV, as provided by the custodians, is used as a practical expedient to estimate fair value. The NAV is based upon the fair value of the investments in the fund, less any liabilities. Transactions may occur daily. Were the Plan to initiate a full redemption of the common collective trusts, the investment advisers reserve the right to temporarily delay withdrawal in order to ensure that securities liquidations will be carried out in an orderly business manner.

Cash: Held primarily in short-term money market funds, which are valued at cost plus accrued interest.

U.S. government securities: Valued using pricing models maximizing the use of observable inputs for similar securities.

The following tables set forth, by level, the Plan's assets that were accounted for at fair value on a recurring basis as of December 31, 2025 and 2024. The following tables do not include the Plan's interest in the Master Trust as that information is presented in Note 3.

	2025	2024
Level 1:		
Mutual funds	$ 291,206,279	$ 303,133,243
Investments measured at net asset value:		
Common collective trusts	58,877,375	-
Investments at fair value, excluding Plan interest in Master Trust	$ 350,083,654	$ 303,133,243

Fair Value of Investments that Calculate NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2025 and 2024, respectively:

	Fair Value December 31,		Unfunded	Redemption	Redemption
	2025	2024	Commitment	Frequency	Notice Period
Common collective trusts at NAV

Spartan Real Estate Index Pool C	2,846,424	-	None	Daily	None
Spartan Extended Market Index Pool C	6,663,950	-	None	Daily	None

Note 5. Related Party and Party in Interest Transactions

The Plan operates in the same office as related plans and other entities. Since these plans and other entities coexist in the same premises, utilizing mutual resources and personnel to effectuate cost savings and to minimize duplication of efforts, interfund relationships have been established on a continuing basis. The amount charged to the Plan for its share of payroll and related expenses and rent expenses incurred on behalf of the Plan was $118,934 and $64,777 for the years ended December 31, 2025 and 2024, respectively. Net amounts due from (to) related plans and entities at December 31, 2025 and 2024 for these services, facilities and expenses are included in the statements of net assets available for benefits as follows:

	December 31,	
	2025	2024
MEBA Pension Trust and Subsidiary	$ (351,226)	$ 127,513
MEBA 401(k) Plan	(9,560)	234
MEBA Vacation Fund	7,792	127,787
MEBA Training Fund	372	-
Joint Employment Committee	494	-
MEBA Medical and Benefits Plan	447,037	335,091
	$ 94,909	$ 590,625
Presented in the financial statements as		
Due from related plans	$ 455,695	$ 590,625
Due to related plans	(360,786)	-
	$ 94,909	$ 590,625

Certain plan investments are shares of mutual funds and common collective trusts managed by Fidelity Management Trust Company (Fidelity). Plan administrative expenses of $111,402 and $129,090 were paid by the Plan to Fidelity for the plan years ended December 31, 2025 and 2024, respectively. Fidelity was the trustee, as defined by the Plan, therefore, these transactions qualify as exempt party-in-interest transactions.

Note 6. Plan Termination

In the event the Plan terminates, benefits would be distributed to the participants and their beneficiaries in accordance with the Plan's provisions. Termination shall not permit any part of the Plan to be used for or diverted to purposes other than the exclusive benefit of the participants and beneficiaries and for the payment of reasonable administrative expenses.

Note 7. Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan by a letter dated November 30, 2015, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (Code) and, therefore, the related trust is exempt from taxation. The Plan was amended since receiving the determination letter. However, the plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code. Therefore, the plan administrator believes that the Plan was qualified, and the related trust was tax exempt as of the financial statements date.

US GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8. Risks and Uncertainties

Investments

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Market risks include global events, which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that some changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

Employers

In 2025 and 2024, contributions from five and four employers, respectively, were in excess of 10% of the total contributions received by the Plan.

Note 9. Reconciliation of Financial Statements to Form 5500

Investment expenses amounting to $162,446 and $193,675 for December 31, 2025 and 2024, respectively are shown as a reduction of investment income for financial statement purposes and are classified as "investment advisory and management fees" on Form 5500, Schedule H, Part II, Line 2i(5).
