Note 1 - Description of the Plan

The following description of Techno Coatings, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees who have completed one year of service and are age twenty-one or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Contributions

Each year, employees eligible to participate may elect to contribute up to 86% of their pretax annual compensation as defined by the Plan, up to the maximum allowed by the Internal Revenue Code. Each participant self-directs their account selecting from various fund options including twenty mutual funds and one money market fund. Employer contributions to the Plan include a discretionary matching contribution equal to a certain percentage of the amount of each participant's contribution. Additional discretionary amounts may be contributed by the employer at the option of the employer. Contributions are subject to certain limitations set by law.

Participants' Accounts

Each participant's account is credited with the participant's contribution, allocations of the employer discretionary matching contribution, if any, and Plan's earnings or losses and charged with an allocation of administrative expenses. Forfeitures of terminated participant's non-vested account balances, if any, are used to reduce employer matching contributions. Allocations of the Plan's earnings and losses are based on the participants' earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus any accumulated actual earnings thereon. Vesting of employer discretionary contributions and any accumulated earnings thereon are based on years of continuous service. Participants become 100% vested after 6 years of credited service.

Participants' Notes Receivable

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime rate plus 2%. Loan terms range from one to five years or up to thirty years, if used for the purchase of a primary residence. At December 31, 2009 the interest rates on the loans ranged from 5.25% to 10.25% and from 6.5% to 10.25% at December 31, 2008. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits

Payments of benefits by reason of death, termination, disability or retirement are made in accordance with the Plan's provisions. Upon termination, a Plan participant will receive the amounts allocated to his or her account in which he or she is vested. A participant may elect to receive a lump-sum payment or have the payment paid as a direct rollover to an individual retirement account.

Note 2 -Summary of Significant Accounting Policies

Basis of Presentation

The financial statements of the Plan are prepared in the accrued basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year end. Money market funds are based on historical cost, which approximates fair value. Participants' notes receivable are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The employer has elected to pay most of the administrative expenses of the Plan.

Subsequent Events

Plan's management has evaluated subsequent events through October 11, 2010, the date which the financial statements were available for issue.

Note 3 – Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for benefits. Financial Accounting Standards Board (FASB), *Accounting Standards Codification (*ASC) Topic 820, *"Fair Value Measurements and Disclosures"* defines fair value, and establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets and Level 3 inputs consist of unobservable inputs and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. There were no Level 2 inputs available to the plan, and Level 3 inputs were only used when Level 1 or Level 2 inputs were not available. The following table is a detail of the fair value measurements used by the Plan.

Note 3 – Fair Value Measurements – continued

	Fair Value	Fair Value Measurements using: Quoted Prices in active Markets for Identical Assets (Level 1)	Significant Unobservable Inputs (Level 3)
December 31, 2009			
Mutual funds and money market fund	$ 589,250	$ 589,250	$ -
Participants' notes receivable	43,700	-	43,700
Total	$ 632,950	$ 589,250	$ 43,700
December 31, 2008			
Mutual funds and money market fund	$ 429,491	$ 429,491	$ -
Participants' notes receivable	16,932	-	16,932
Total	$ 446,423	$ 429,491	$ 16,932

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair value of money market funds is based on historical cost plus accrued interest.

Level 3 Fair Value Measurements

The participants' notes receivable are not actively traded and significant other observable inputs are not available. Thus, fair value of participants' notes receivable is equal to the amortized cost of the notes because the notes are secured by each respective participant's account balance. The following table provides further details of the Level 3 fair value measurements.

Fair Value Measurements Using Significant Unobservable Inputs (Level 3)

	Participants' Notes
December 31, 2009	
Beginning balance	$ 16,932
Issuances and settlements, net	26,768
Ending balance	$ 43,700
December 31, 2008	
Beginning balance	$ 18,772
Issuances and settlements, net	(1,840)
Ending balance	$ 16,932

Gains and losses (realized and unrealized) are reported in the statement of changes in net assets available for benefits for the years ended December 31, 2009 and 2008 and are included in net appreciation (depreciation) in fair value of investments.

Note 4 - Investments

The following presents investments at December 31, 2009 and 2008 that represent 5% or more of the Plan's net assets:

Note 5 - Employer Contributions

Employer discretionary matching contributions for the years ended December 31, 2009 and 2008 were based on 25% of each eligible participant's contribution up to a maximum of 4% of the participant's eligible earnings. No other discretionary employer contributions were made for the years ended December 31, 2009 and 2008.

Note 6 – Excess Contributions

Contributions received from participants for 2009 and 2008 are net of payments totaling $10,609 and $5,053, respectively, made to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provision of the Plan. Those amounts are also included in the Plan's statements of net assets available for benefits as excess contributions payable at December 31, 2009 and 2008.

Note 7 - Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Schedule H of Form 5500 as of December 31:

Note 9 - Tax Status

On November 6, 2001, the Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under section 401(a) of the Internal Revenue Code ("IRC"). The Plan has not received a determination letter specific to the Plan itself, however, the plan administrator and the Plan's tax counsel believe that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Note 10 - Plan Termination

Although the employer has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts, and the account balances will be distributed to participants in accordance with the terms of the Plan.

Note 11 – Credit Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
