INDEPENDENT AUDITORS' REPORT

To the Participants and the Administrator of
Super Automotive Products, Inc. Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed the audits of the financial statements of Super Automotive Products, Inc. Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the 2025 and 2024 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2025 and 2024 and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2025 and Schedule H, Line 4a, Schedule of Delinquent Participant Contributions for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was

derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information in the Schedule of Assets (Held at End of Year), has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the Schedule of Assets (Held at End of Year) that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information in the Schedule of Assets (Held at End of Year), including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the Schedule of Assets (Held at End of Year) that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the Schedule of Assets (Held at End of Year) that is certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. REPORTING ENTITY AND DESCRIPTION OF THE PLAN

The following brief description of the Super Automotive Products, Inc. Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete description of the Plan's provisions.

Plan Description – The Plan is a defined contribution plan established by Super Automotive Products, Inc. (the "Plan Sponsor" or the "Plan Administrator") for the benefit of eligible employees of the Plan Sponsor. Super Automotive Products, Inc., serves as Plan administrator. The Plan was established effective January 1, 2012 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Eligibility – Employees of the Plan Sponsor who have completed six (6) months of service and are twenty-one (21) years of age or older are eligible to participate in the Plan as determined in accordance with the Plan's rules, with the exception of the following classes of employees: leased, non-resident and employees covered by a collective bargaining agreement.

Contributions – Participants may contribute a pre-tax annual contribution up to the maximum amount in accordance with the provisions of the Puerto Rico Income Tax Code ($15,000 for the years ended December 31, 2025 and 2024). A participant that had attained an age of fifty (50) by the end of the Plan's year can make an additional pre-tax contribution as approved by the Puerto Rico Income Taxes Code. After-Tax contributions may not exceed 10% of the aggregate compensation paid to the participant. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan also provides for discretionary Employer matching contributions. During the year ended December 31, 2025 and 2024, the Plan Sponsor matched 50% of pre-tax contributions up to 10% of a participant's compensation, as defined. Employer matching contributions are based on deferrals made each payroll period. Additional profit-sharing amounts may be contributed at the option of the Plan Sponsor.

Participant Individual Accounts – Each participant's account is credited with the participant's contribution and allocations of (a) the Sponsor contribution, (b) Plan earnings, and (c) at the discretion of the Plan Sponsor, forfeitures of terminated participants' non-vested accounts. The benefits to which the employee has rights are limited to the amount of his/her individual account.

Forfeited Accounts – The portion of a participant's account attributable to employer contributions that is not vested upon termination of employment is forfeited upon the earlier of (1) the date the participant incurs five consecutive one-year breaks in service or (2) the date the participant receives a distribution of his or her entire vested account balance.

Forfeitures under the Plan may first be used to reduce Plan administrative expenses; any remaining amount may be used to reduce employer contributions, as determined annually by the Plan Sponsor in accordance with the provisions of the Plan. At December 31, 2025 and 2024, the Plan's forfeited balances were $27,590 and $13,357, respectively.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Sponsors' contribution portion of their accounts is based on years of continuous service. A participant is 100% vested after three years of credited service.

The vesting schedule is as follows:

Years of Service	Vesting
Less than 3	0%
At least 3 or more	100%

Plan Expenses and Administration – Empower Annuity Insurance Company of America ("Empower") serves as custodian and recordkeeper for the Plan through its subsidiaries. The Plan Sponsor is responsible for the general administration of the Plan and for carrying out the provisions thereof. The Plan Sponsor has established a committee to discharge the administration and fiduciary duties under the Plan.

Administrative expenses are borne by the Plan and by the Plan Sponsor. Certain recordkeeping and investment advisory fees are charged directly to the applicable participant's account and are included in administrative expenses. During the years ended December 31, 2025 and 2024, administrative expenses charged to the Plan amounted to $23,497 and $36,061, respectively. Other costs for administering the Plan are borne by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements.

Investments Options – Upon enrollment in the Plan, a participant may direct contributions into various investment options offered by the Plan. Contributions to a participant account that has not chosen an investment option are invested in a default portfolio of funds. Participants may change their contributions at any time thereafter. The Plan also allows participants to change their investments options daily.

Non-participant Directed Investments – At December 31, 2025 and 2024, there were no non-participant directed investments in the Plan.

Notes Receivable from Participants – Under the terms of the Plan, participants may borrow from their accounts a minimum of $1,000 up to $50,000, or 50% of their vested account balance, whichever is lower. The notes receivable from participants ("Loans") are secured by the balance in the participants' accounts and bear interest at a rate commensurate with local

market rates for similar loans. Interest rate on Loans outstanding as of December 31, 2025 and 2024, ranges from 4.25% to 9.50% for the term of the loan, which do not exceed five (5) years, or 10 years if used for the purchase of a residence. Notes receivable from participants at December 31, 2025 and 2024, amounted to $87,952 and $94,778, respectively.

Payment of Benefits – Immediate distributions may be made at participants' election upon termination of employment in a lump sum payment, roll over to another qualified retirement plan, roll over to an IRA and delay receipt of benefits subject to limitations. The normal retirement age is the date a participant attains their sixty-fifth (65th) birthday. Early retirement is permitted at the participant's election if the participant has reached the age of fifty-five (55) years and at least 5 years of service for vesting purposes. A participant may withdraw amounts at any time from their salary after-tax contributions account, subject to uniform and nondiscriminatory standards established by the Plan Administrator. In the case of a participant termination because of death, the entire vested amount is paid to the person or persons legally entitled thereto.

Hardship Withdrawals – Under the provisions of the Plan, participants are permitted to make hardship withdrawals out from the participant's pre-tax, catch-up and roll-over contributions, reduced by any loan outstanding as of the financial hardship distribution date. Such withdrawal is only permitted if: a) financial hardship is demonstrated, b) the withdrawal is approved by the Plan Administrator and c) such withdrawal is allowable under the Puerto Rico Income Tax Code.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates in the Preparation of Financial Statements – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of changes in net assets available for benefits during the reporting periods. Actual results could differ from those estimates.

Contributions – Contributions from Plan participants and the matching contributions from the Plan Sponsor are recorded in the year in which the employee contributions are withheld from compensation.

Investments Valuation and Income Recognition – Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note 3 to the Financial Statements for additional disclosures related to fair value measurements.

The Plan investment return includes interest income, gains and losses on sale of investments and unrealized appreciation or depreciation of investments. The financial statements reflect the net appreciation or depreciation in the fair value of the Plan's investments. This net appreciation or depreciation consists of realized gains and losses calculated as the difference between the proceeds from the sale of investments and their fair value at the beginning of the year (or purchase date, if later), and unrealized gains and losses calculated as the change in the fair value between beginning of the year (or purchase date if later) and the end of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The Guaranteed Interest Account is reported at contract value in the statements of net assets available for benefits. Contract value is the amount participants would receive if they were to initiate certain transactions under the terms of the plan.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant does not make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits – Benefits payments to participants are recorded upon distribution. There were no withdrawals that were requested but were not yet been paid at December 31, 2025 and 2024.

Transfer of Assets from/to Other Plans – Terminated employees or retirees may elect to transfer their savings from/to other plans qualified by the Puerto Rico Treasury Department.

3. FAIR VALUE MEASUREMENTS

The FASB's authoritative guidance on Fair Value Measurement and Disclosures, establishes a framework for measuring fair value which provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under this guidance are described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets of liabilities in active market that the plan has the ability to access.
Level 2	Inputs to the valuation methodology include: • Quoted prices similar assets or liabilities in active markets; • Quoted prices for identical or similar assets or liabilities in inactive markets; • Inputs other than quoted prices that are observable for the asset or liabilities; and • Inputs that are derived principally from or corroborated by observable market data by correlation or other means.
Level 3	Inputs to the valuation methodology are unobservable and significant to the fair value measurements.

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The valuation methodologies used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Following is a description of the valuation methodologies used for assets measured at fair value.

Separate Investment Account ("SIA") – There are two methods used to determine the unit value of separate investment accounts. The portfolio method is used when a separate investment account invests in a portfolio of securities or in two or more underlying mutual funds, collective trust funds, or other investment vehicles (each an "Underlying Fund").

Under this method, the unit value of a separate investment account is determined by dividing the market value of the account on the valuation date by the total number of outstanding units. The net investment factor ("NIF") method is used when a separate investment account invests exclusively in a single Underlying Fund. Under this method, the unit value is determined by multiplying the prior day's unit value by the NIF for the current valuation date. Separate investment accounts are classified within Level 2 of the fair value hierarchy because their unit values are based on observable market information derived from the underlying investments. Quoted prices for identical separate investment account interests in active markets are generally not available. The market value of each SIA is determined by calculating the value of the total assets held by the account and deducting total liabilities, including accrued liabilities. If the fair value of an underlying investment is not readily determinable, Empower determines the value using valuation methodologies it considers appropriate and in accordance with applicable laws, regulations, and industry practices; management evaluates whether any such valuation inputs are significant to the SIA fair value measurement in determining the appropriate fair value hierarchy classification.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

	2025		
	Level 1	**Level 2**	**Total**
Separate investment account	$ -	$ 5,236,243	$ 5,236,243
Total investments at fair value	$ -	$ 5,236,243	$ 5,236,243

	2024		
	Level 1	**Level 2**	**Total**
Separate investment account	$ -	$ 4,211,202	$ 4,211,202
Total investments at fair value	$ -	$ 4,211,202	$ 4,211,202

The Plan's investment in a fully benefit-responsive group annuity contract, reported at contract value, is not included in the fair value hierarchy. See Note 4.

4. FULLY BENEFIT-RESPONSIVE INVESTMENT CONTRACT

The Plan's Guaranteed Interest Account is a fully benefit-responsive investment contract held in the MassMutual Life Insurance Co. general account, certified as complete and accurate under the power of attorney granted to Empower Trust Company, LLC, the Plan's Custodian. In accordance with U.S. GAAP, the investment is presented at contract value, which represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. As of December 31, 2025 and 2024, the contract value of the Guaranteed Interest

Account was $74,080 and $43,581, respectively. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the Guaranteed Interest Account at contract value.

The crediting rate is determined by the issuer based on a formula and is reset periodically. The contract includes a minimum guaranteed crediting rate of 1.00%. For the years ended December 31, 2025 and 2024, crediting rates and rates earned for the Guaranteed Interest Account were 1.10% and 1.20%, respectively.

Certain events could limit the Plan's ability to transact at contract value with the issuer. Such events may include, but are not limited to, amendments to the Plan (including complete or partial termination), Plan merger, changes to the Plan's investment options that could trigger a competing-funds restriction or similar limitation, employer events such as bankruptcy or other events that could cause significant withdrawal activity, or failure of the trust to maintain tax-qualified status or maintain a required prohibited transaction exemption. The Plan Administrator does not believe the occurrence of any such event is probable.

5. INFORMATION CERTIFIED BY THE CUSTODIAN

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Trust Company, LLC, the custodian of the Plan, has certified as to the completeness and accuracy of all investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024, and the supplemental Schedule H, line 4i - Schedule of Assets (Held at End of Year) and the related investment activity reflected in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

6. TAX STATUS

During the month of March 2021, the Plan received notification from the Treasury Department of Puerto Rico that the request for a favorable determination letter made December 16, 2020 was granted. Accordingly, the Plan retains its tax exemption under Section 1081.01(a) of the Puerto Rico Internal Revenue Code of 2011, as amended. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Puerto Rico Internal Revenue Code and, accordingly, believes that the Plan continues to be qualified and its related trust tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax

positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although it has not expressed any intention to do so, the Plan Sponsor has the right under the Plan to reduce, suspend or discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event that the Plan terminates, the interest of each participating employee in the Plan shall be fully vested and such termination shall not reduce the interest of any participating employee, or their beneficiaries accrued under the Plan up to the date of such termination.

8. RISK AND UNCERTAINTIES

The Plan's investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and level of uncertainty related to changes in the values of investments, it is possible that changes in market values in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits. Individual participant's accounts bear the risk of loss resulting from fluctuations in fund values.

9. PARTIES-IN-INTEREST

Certain administrative expenses were paid by the Plan Sponsor on behalf of the Plan for the years ended December 31, 2025 and 2024. The Plan Sponsor does not expect reimbursement from the Plan for these expenses. Other parties in interest include the Plan Sponsor and Plan Administrator, their officers and employees, and certain service providers to the Plan. No employee or officer receives compensation from the Plan for these services.

Certain Plan investments include variable annuities and a guaranteed interest account with Empower. Therefore, transactions involving these investments qualify as party-in-interest transactions.

During the years ended December 31, 2025 and 2024, the Plan engaged in transactions with these parties that qualify as exempt party in interest transactions under ERISA and the regulations promulgated thereunder, except for the late remittances of participant contributions and loan repayments by the Plan Sponsor, which constitute nonexempt prohibited transactions, as described in Note 10.

10. PROHIBITED TRANSACTIONS

For the year ended December 31, 2025, the Plan Sponsor inadvertently failed to deposit participant deferral contributions and loan payments totaling $216,179 within the timeframe required by the Department of Labor (DOL). As of the date of issuance, lost earnings related to these amounts have not been remitted to the Plan.

11. NON-DISCRIMINATION TESTS

For the years ended December 31, 2025 and 2024, the Plan passed the non-discrimination test, therefore, no corrective action was deemed necessary.

12. RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

There are various adjustments to reconcile the Plan's financial statements, which are prepared in accordance with U.S. generally accepted accounting principles, to the information reported in the Plan's Form 5500.

At December 31, 2025 and 2024, the Plan's investment in a fully benefit-responsive group annuity contract is presented at contract value in the accompanying statements of net assets available for benefits, consistent with the guidance for fully benefit-responsive investment contracts. For Form 5500 purposes, this investment is reported at fair value.

Participant loans are classified in the financial statements as notes receivable from participants and are measured at their unpaid principal balance plus any accrued but unpaid interest. For Form 5500 reporting purposes, participant loans are reported as investments. Certain participant loans that are in default or otherwise meet the criteria to be treated as deemed distributions are excluded from plan assets and are reported as an expense on Form 5500 for the years ended December 31, 2025 and 2024. As a result, net assets available for benefits and the changes in net assets available for benefits reported in the accompanying financial statements differ from the amounts reported in the Plan's Form 5500.

The following is a reconciliation of the statements of net assets available for benefits between the financial statements and Form 5500:

	2025	2024
Net assets available for benefits per the financial statements	$ 5,404,598	$ 4,356,324
Deemed distributions of Notes receivable from participants under the Plan	(8,025)	(8,179)
Net assets available for benefits per Form 5500	$ 5,396,573	$ 4,348,145

	2025	2024
Notes receivable from participants per the financial statements	$ 87,952	$ 94,778
Deemed distributions of Notes receivable from participants under the Plan	(8,025)	(8,179)
Participant loans for benefits per Form 5500	$ 79,927	$ 86,599

The following is a reconciliation of the statement of changes in net assets available for benefits between the financial statements and the Form 5500:

		2025
Net increase in plan assets per the financial statements	$	1,048,274
Change in deemed distributions of participant loans		154
Net income per Form 5500	$	1,048,428

13. SUBSEQUENT EVENTS

The Plan Administrator evaluated subsequent events through October 9, 2026, the date on which the financial statements were available to be issued. As a result of this evaluation, no events requiring disclosure or adjustment to the financial statements as of December 31, 2025 have been identified.

18 If any liabilities to participants or their beneficiaries under the plan as of the end of the plan year consist (in whole or in part) of liabilities to such participants and beneficiaries under two or more pension plans as of immediately before such plan year, check box and see instructions regarding supplemental information to be included as an attachment ☐

19 If the total number of participants is 1,000 or more, complete lines (a) and (b):

a Enter the percentage of plan assets held as:
Public Equity: _____% Private Equity: _____% Investment-Grade Debt and Interest Rate Hedging Assets: _____%
High-Yield Debt: _____% Real Assets: _____% Cash or Cash Equivalents: _____% Other: _____%

b Provide the average duration of the Investment-Grade Debt and Interest Rate Hedging Assets:
☐ 0-5 years ☐ 5-10 years ☐ 10-15 years ☐ 15 years or more

20 **PBGC missed contribution reporting requirements.** If this is a multiemployer plan or a single-employer plan that is not covered by PBGC, skip line 20.

a Is the amount of unpaid minimum required contributions for all years from Schedule SB (Form 5500) line 40 greater than zero? ☐ Yes ☐ No

b If line 20a is "Yes," has PBGC been notified as required by ERISA sections 4043(c)(5) and/or 303(k)(4)? Check the applicable box:

☐ Yes.

☐ No. Reporting was waived under 29 CFR 4043.25(c)(2) because contributions equal to or exceeding the unpaid minimum required contribution were made by the 30th day after the due date.

☐ No. The 30-day period referenced in 29 CFR 4043.25(c)(2) has not yet ended, and the sponsor intends to make a contribution equal to or exceeding the unpaid minimum required contribution by the 30th day after the due date.

☐ No. Other. Provide explanation._____

Part VII IRS Compliance Questions

21a Does the plan satisfy the coverage and nondiscrimination tests of Code sections 410(b) and 401(a)(4) by combining this plan with any other plans under the permissive aggregation rules? ☒ Yes ☐ No

21b If this is a Code section 401(k) plan, check all boxes that apply to indicate how the plan is intended to satisfy the nondiscrimination requirements for employee deferrals and employer matching contributions (as applicable) under Code sections 401(k)(3) and 401(m)(2).

☐ Design-based safe harbor method

☐ "Prior year" ADP test

☒ "Current year" ADP test
