NOTES TO FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2009 AND 2008

A. DESCRIPTION OF THE PLAN:

The following description of The Hess Print Solutions Employees Retirement Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement and the Summary Plan Description for a more complete description of the Plan’s provisions.

General - The Plan is a defined contribution plan covering all employees of Hess Print Solutions (“Company” and “Plan Sponsor”) who have attained the age of eighteen. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Effective November 2, 2009, the Charter of Merrill Lynch Bank & Trust Co., FSB collapsed into Bank of America, N.A., a subsidiary of Bank of America Corporation and Bank of America, N.A. became the successor custodian of the plan.

Contributions - The Plan allows participants to contribute pre-tax annual compensation (as defined in the Plan) up to the maximum allowable amount as determined by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained the age of fifty before the end of the Plan year are eligible to make catch-up contributions. The Plan also accepts Roth elective deferrals. The Company has the option to make a matching contribution of which the amount and the allocation of the amount are at the discretion of the Company. The matching contribution is an amount equal to a discretionary percentage, or an amount of each participant’s elective deferral. The Company also has the option to make a discretionary profit sharing contribution to participants who were employed on the last day of the Plan year. There was no matching contribution or profit sharing contribution made for the years ended December 31, 2009 or 2008. Participants direct the investment of all contributions into certain individual investment options offered by the Plan. All contributions are limited to the maximum allowed as a deduction under the Internal Revenue Code.

Participant Accounts - Each participant’s account is credited with the participant’s contributions including elective deferrals and rollover contributions, allocations of the Company’s contributions and participant forfeitures and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s account. All investments of the Plan are fully participant directed. As of December 31, 2009 and 2008 approximately \$602,000 and \$725,000, respectively, has been allocated to accounts of persons who have withdrawn from participation in future contributions to the Plan.

Vesting - Participants are immediately vested in their contributions (including rollover contributions) plus actual earnings thereon. Vesting in the Company discretionary matching and profit sharing contribution portions of their accounts plus actual earnings thereon is based on years of service. A vesting year of service is defined by the Plan as 1,000 hours of service worked by the participant. Participants vest in the Company’s contributions gradually over six years beginning at 20% after two years and an additional 20% in each of the following years becoming 100% vested after six years.

NOTES TO FINANCIAL STATEMENTS

A. DESCRIPTION OF THE PLAN (CONTINUED):

Participant Loans - Participants may borrow from their fund accounts up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Payment of Benefits - On termination of service, a participant having a balance of more than \$5,000 may elect to receive either a lump-sum distribution or a direct rollover distribution. A participant having less than \$5,000 will automatically receive a distribution as soon as administratively practicable following the participant's termination date. Balances greater than \$1,000 and less than or equal to \$5,000 will automatically be rolled over to an Individual Retirement Account. Balances of less than \$1,000 will be distributed to the participant. Non-terminated employees may make withdrawals from their elective deferral account balance as a hardship withdrawal prior to reaching normal retirement age. Hardship withdrawals are subject to additional rules and conditions as outlined in the Plan agreement.

Forfeitures - Forfeitures of non-vested matching contributions shall be first used to offset the Plan administrative costs. Any remaining forfeitures will be used to reduce employer contributions. Finally, any remaining forfeitures will be allocated to the participants. As of December 31, 2009 and 2008, \$31,261 and \$26,203, respectively, of unallocated forfeitures were available.

Investment Options - Upon enrollment in the Plan, a participant is responsible for directing the investment of their respective account. The Plan provides a menu of investment options from which a participant may select their investments. Participant account balances are valued and investment elections may be modified each business day.

B. SUMMARY OF ACCOUNTING POLICIES:

Basis of Accounting - The Plan's financial statements and the Annual Report / Report of Employee Benefit Plan - Form 5500 have been prepared on the accrual basis of accounting.

Loans to participants are valued at cost which approximates market value. All asset values have been certified to by the custodian, Bank of America, N.A. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Net appreciation / depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

NOTES TO FINANCIAL STATEMENTS

E. FAIR VALUE MEASUREMENTS:

The authoritative accounting guidance establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under the authoritative accounting guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2 - Inputs include quoted prices that are observable for the asset or liability and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 or 2008.

Common collective trusts: Valued at the net asset value (NAV) of shares held by the plan at year end.

Registered investment companies: Valued at the closing price reported on the active market on which the individual securities are traded.

Loans to participants: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

F. LIABILITIES:

The Plan custodian reflects in the certified assets, investment transactions that are pending as of December 31, 2009 amounting to \$14,812. The Plan accordingly, has reflected a liability to fund the pending transactions from participant deferrals / withholding to be received subsequent to year end.

G. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

H. INCOME TAX STATUS:

The plan has adopted a non-standardized, prototype plan document sponsored by Merrill Lynch, Pierce, Fenner & Smith, Inc. The prototype plan obtained a determination letter dated March 31, 2008, in which the Internal Revenue Service stated that the prototype plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). The Plan has been amended since receiving the determination letter, however the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

I. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

J. TRANSACTIONS WITH PARTIES-IN-INTEREST:

All administrative expenses related to the Plan are paid by the Plan. Other than as described above or pursuant to a trust agreement (See Note D), the Plan has no agreements or transactions with any parties-in-interest.
