CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE A - DESCRIPTION OF PLAN

The following description of Crescent Credit Union 401(k) Plan ("plan") provides only general information. Participants should refer to the plan document for a more complete description of the plan's provisions.

1. General: The plan is a defined contribution plan covering all employees of the Crescent Credit Union ("Credit Union") who are age 21 or older and have completed 3 months of service with the Credit Union. The plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA).

2. Contributions: Each year, participants may contribute up to 50% of pretax annual compensation, as defined in the plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. The Credit Union may make a discretionary matching contribution. During the years ended December 31, 2009 and 2008 the Credit Union did not make a matching contribution. Participants direct the investment of their account into various investment options offered by the plan. Contributions are subject to certain limitations.

3. Participant Accounts: Each participant's account is credited with the participant's contribution and the Credit Union's contributions, if any. Plan earnings are allocated based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting: Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Credit Union contributions portion of their accounts plus earnings, if any, thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

5. Participant Loans: Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the plan administrator. The interest rate for 2009 and 2008 was 4%. Principal and interest is paid ratably through payroll deductions.

6. Payment of Benefits: Upon termination of service, a participant may receive the vested interest of their account in the form of a single lump sum distribution.

CRESCENT CREDIT UNION 401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the plan are prepared using the accrual method of accounting.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

The plan invests in investment contracts through a common collective trust, the Gartmore Stable Value Funds ("CCT"). The CCT's contract value is a relevant measurement attribute since the contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The plan's CCT contract value is estimated to reasonably approximate its fair value as of December 31, 2009 and 2008. As such, no adjustment from contract value to fair value has been recorded.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Payments of Benefits: Benefits are recorded when paid.

Administrative Expenses: The plan sponsor has absorbed many of the administrative costs of the plan.

Subsequent Events: The Plan has evaluated subsequent events through the date of this report, the date the financial statements were available to be issued.

Reclassifications: Certain reclassifications have been made to conform to the 2009 presentation.

DECEMBER 31, 2009 AND 2008

NOTE C – FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Participant loans, which have been included in Level 3, are valued at the outstanding loan balance, which approximates fair value.

The following table sets forth by level, within the fair value hierarchy, a summary of the plan's investments measured at fair value on a recurring basis at December 31, 2009 and 2008.

NOTE F - TAX STATUS AND SUBSEQUENT EVENT

Through December 31, 2009 the plan was an adoption of a prototype standardized profit-sharing plan sponsored by Benefit Management, Inc. The prototype standardized profit-sharing plan obtained its latest determination letter dated November 19, 2001, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC).

The plan was restated effective January 1, 2010 and now is an adoption of a volume submitter profit-sharing plan with CODA sponsored by Benefit Management Inc. That plan obtained its latest determination letter dated October 10, 2008, in which the Internal Revenue Service stated that the plan and the related trust, as then designed, are in compliance with the applicable requirements of the Internal Revenue Code (IRC). The plan has not been amended since receiving that determination letter. The plan administrator, plan management and plan's tax counsel believe the plan is currently designed and being operated in compliance with applicable requirements of the IRC.

NOTE G – PARTY-IN-INTEREST TRANSACTIONS

Benefit Management, Inc. provides certain record-keeping services to the plan. Fidelity Investments provides investment transaction services to the plan. Therefore, transactions between the plan and Benefit Management, Inc. and Fidelity Investments qualify as party-in-interest transactions. Fees paid by the plan for record-keeping and investment transaction services amounted to approximately $ 13,000 and $17,000 for the years ended December 31, 2009 and 2008 plus additional amounts included as a reduction of the returns earned on the investments.

Investments in the plan as of December 31, 2009 include $130,265 of certificates of deposit issued by the plan sponsor.

NOTE H - PLAN TERMINATION

Although it has not expressed any intent to do so, the Credit Union has the right under the plan to terminate the plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

NOTE I - RISKS AND UNCERTAINTIES

The plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
