INDEPENDENT AUDITORS' REPORT

To the Plan Administrator
Blackstone Healthcare 401(k) Plan

We were engaged to audit the financial statements and supplemental schedule of the Blackstone Healthcare 401(k) Plan as of December 31, 2009 and 2008 and for the year ended December 31, 2009 as listed in the accompanying table of contents. These financial statements and schedule are the responsibility of Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 4, which was certified by State Street Bank and Trust, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the custodian as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the custodian is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with the modified cash basis of accounting and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF PLAN:

The following description of the Blackstone Healthcare 401(k) Plan ("Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan available to employees of S&B Healthcare, Blackstone Healthcare, Inc. and Blackstone Group, LLC who have completed at least one year service and are at least 21 years of age, excluding employees covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may contribute the maximum percentage and dollar limits permissible under Section 402(g) not to exceed the limits of sections 401(k), 404, and 415. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company will make a safe harbor matching contribution equal to 100% of the participant's elective deferrals up to 4% of eligible earnings. The matching Company contribution is invested in funds designated by the Plan participants. Additional amounts may also be contributed by the Company. Contributions are subject to certain limits.

Participant accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vesting in Company matching contributions. Company non-elective contributions credited to a participant's account become vested in accordance with a vesting schedule in which the participant is fully vested after five years of service.

Participant loans

Participants may borrow from their accounts a minimum loan of \$500 up to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates commensurate with local prevailing rates. Principal and interest is paid ratably through monthly payroll deductions.

Payment of benefits

Participants or their beneficiaries are entitled to receive 100% of their contributions and related earnings and vested Company contributions and related earnings, upon normal retirement, termination, death, or disability. The Plan allows for withdrawals related to hardships based upon criteria determined by the Plan. The Plan administrator must approve all withdrawals based upon hardship.

Forfeiture Accounts

At December 31, 2009 and 2008, forfeited unvested accounts totaled \$0 and \$0, respectively. These accounts will be used to reduce future Company contributions or pay Plan expenses. In 2009 and 2008 employer contributions were reduced by \$0 and \$0 from forfeited unvested accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**Basis of accounting**

The Plan's policy is to prepare its financial statements on the modified cash basis of accounting; consequently, contributions and investment income are recorded as received and expenses when paid.

Use of estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The Statement of Changes in Net Assets Available for Benefits is prepared on a contract value basis.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefit

Benefits are recorded when paid.

Operating expenses

All expenses of maintaining the Plan are paid by the Company.

Subsequent events

The Plan has evaluated subsequent events through September 16, 2010, the date the financial statements were available to be issued.

3. INVESTMENTS:

The following presents investments that represent 5% or more of the Plan's net assets at December 31.

	<u>2009</u>	<u>2008</u>
Mutual funds:		
Janus Adviser Forty Fund	\$ 59,498	30,914
Pimco Total Return Fund	63,282	32,482

Fidelity Advantage Freedom 2030	58,917	40,302
Common / collective trusts:		
SSGA Stable Value fund	82,439	47,523

* - not more than 5%

During 2009, the Plan's investment in common / collective trusts and mutual funds (including gains and losses on investments bought and sold, as well as held during the year) appreciated by \$12,192 and \$108,772, respectively.

4. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN:

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been prepared and certified to as complete and accurate by the custodian as of and for the year ended December 31:

	<u>2009</u>	<u>2008</u>
Mutual funds	\$ 523,226	298,863
Common/collective trusts		
Fair value	133,999	77,108
Contract value	132,164	76,882
Participant loans	14,943	8,280
Interest and dividends	7,664	
Net appreciation in investments	120,967	

5. FAIR VALUE MEASUREMENT:

Accounting standards provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include: Quoted prices for similar assets or liabilities in active markets; Quoted prices for identical or similar assets or liabilities in inactive markets; Inputs other than quoted prices that are observable for the asset or liability; Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year end.

Common / collective trusts: Valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end.

Participant loans: Valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

<u>Assets at fair value as of December 31, 2009</u>

6. RELATED PARTY TRANSACTIONS:

Certain Plan investments are common / collective trusts managed by State Street Global Advisors. State Street Global Advisors is the custodian as defined by the plan and, therefore, these transactions qualify as party-in-interest transactions.

7. PLAN TERMINATION:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

8. TAX STATUS:

The Internal Revenue Service stated that the prototype adopted by the Plan, as then designed, qualifies under Section 401(a) of the Internal Revenue Code (IRC). The Plan has not received a determination letter specific to the Plan itself; however, the Plan administrator and the Plan's tax counsel believe that the Plan was designed and was being operated in compliance with the applicable requirements of the IRC.

9. RISKS AND UNCERTAINTIES:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
