Part I	Asset and Liability Statement
---------------	--------------------------------------

1 Current value of plan assets and liabilities at the beginning and end of the plan year. Combine the value of plan assets held in more than one trust. Report the value of the plan's interest in a commingled fund containing the assets of more than one plan on a line-by-line basis unless the value is reportable on lines 1c(9) through 1c(14). Do not enter the value of that portion of an insurance contract which guarantees, during this plan year, to pay a specific dollar benefit at a future date. **Round off amounts to the nearest dollar.** MTIAs, CCTs, PSAs, and 103-12 IEs do not complete lines 1b(1), 1b(2), 1c(8), 1g, 1h, and 1i. CCTs, PSAs, and 103-12 IEs also do not complete lines 1d and 1e. See instructions.

REPORT OF INDEPENDENT AUDITORS

TO THE BOARD OF DIRECTORS

UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN

We have audited the accompanying statement of net assets available for benefits of UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN ("Plan") and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. We were also engaged to audit the accompanying statement of net assets available for benefits of UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN as of December 31, 2008. These financial statements are also the responsibility of the Plan's management.

Except as discussed in the following paragraph, we conducted our audits in accordance with U. S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As permitted by 29 CFR Sections 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, investment assets held by John Hancock USA, the custodian of the Plan, and the transactions in those assets were excluded from the scope of our audit of the Plan's 2008 financial statements, except for comparing the information provided by the custodian, which is summarized in Note 4, with the related information included in the financial statements.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the Plan's financial statements as of December 31, 2008. The form and content of the information included in the 2008 financial statements, other than that derived from the information certified by the custodian, have been audited by us and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

In our opinion, the financial statements, referred to above, of UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN as of December 31, 2009, and for the year then ended present fairly, in all material respects, the net assets available for benefits of UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN as of December 31, 2009, and changes in net assets available for benefits for the year then ended in conformity with U.S. generally accepted accounting principles.

Our audit of the Plan's financial statements as of and for the year ended December 31, 2009 was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets (held at end of year), referred to as "supplemental information," as of December 31, 2009, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2009, and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(K) PROFIT SHARING PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2009 AND 2008

1 - DESCRIPTION OF PLAN

GENERAL

UROLOGY ASSOCIATES OF NORTH TEXAS, L.L.P. 401(K) PROFIT SHARING PLAN (the "Plan") was established January 1, 2005, for eligible employees of Urology Associates of North Texas, L.L.P. (the "Company"). The Plan is a defined contribution plan designed to comply with the Employee Retirement Income Security Act of 1974 ("ERISA"). During 2009, the Plan changed custodians from John Hancock USA to Capital Bank and Trust (the "Custodian"). This change initiated a "Black Out" period beginning November 2, 2009 and continuing through November 30, 2009. During this period, changes could not be made to participant accounts and funds could not be withdrawn from the Plan. The following descriptions provide only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

CONTRIBUTIONS

Employees of the Company age 21 or older are eligible to become participants in the Plan upon completion of one year of service. Participants may contribute a portion of their compensation, as defined in the Plan, limited to the maximum amount permitted under the applicable Internal Revenue Code ("IRC") regulations. Each participant's account is credited with the participant's contribution. Employees are eligible to participate in the Company's matching contribution after completing one year of eligible service.

Each year the Company will contribute a safe harbor contribution of 3% of compensation for all employees eligible to participate in the Plan. The Company may elect to make a discretionary matching contribution to the Plan, equal to a designated percentage of each participant's contribution, not to exceed 6% in any plan year. The Plan also allows the Company, at management's discretion, to make a profit sharing contribution. The profit sharing contribution for 2009 amounted to \$882,557. There was no matching contribution made during 2009.

Participants may direct these contributions to any of the investments available under the Plan.

VESTING

All participant contributions and employer safe harbor contributions are immediately vested. Discretionary matching and profit sharing contributions vest 20% per year of service as defined by the Plan, beginning after the second year of service.

FORFEITURES

When certain events occur allowing for distributions from the Plan, the nonvested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures of unvested Company contributions are used to offset future Company contributions. At December 31, 2009, \$4,779 of forfeitures was available to be used in future years.

1 - DESCRIPTION OF PLAN (Continued)

TERMINATION OF THE PLAN

While the Company has not expressed any intent to do so, it may terminate the Plan at any time. In the event the Plan is terminated, participants would become fully vested in their account balances, and net assets of the Plan would be distributed to participants in accordance with the provisions of the Plan.

PARTICIPANT LOANS

Participants may request a loan from the Plan in an amount generally not to exceed the lesser of \$50,000 or 50% of the participant's vested account balance. The loan must be repaid at a reasonable rate of interest within five years, unless the proceeds are used to purchase the participant's primary residence. Loans are stated at the outstanding principal balance which approximates fair value.

PAYMENT OF BENEFITS

Upon reaching normal retirement age, death, disability or termination, a participant may elect to receive a lump-sum payment equal to the value of the participant's vested account balance. Employees may also take hardship withdrawals as specified by the Plan.

ADMINISTRATIVE EXPENSES

The Company pays substantially all administrative fees and expenses related to maintaining the Plan.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements have been prepared under the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts, because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a collective trust. Contract value for this collective trust is based on the net asset value of the fund as reported by the investment advisor. The statement of net assets available for benefits presents the fair value of the investment in the collective trust as well as the adjustment of the investment in the collective trust from fair value to contract value relating to the investment contracts. The statement of changes in net assets available for benefits is prepared on a contract value basis.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ESTIMATES AND ASSUMPTIONS

Management uses estimates and assumptions in preparing financial statements in accordance with U.S. generally accepted accounting principles. Those estimates and assumptions affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities. Actual results could vary from the estimates used in preparing the accompanying financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements. The Plan presents the net change in fair value of mutual funds, pooled separate accounts and common and collective trusts, which consists of realized gains or losses, unrealized appreciation (depreciation), and any income or capital gain distributions from such investments, in the accompanying statement of changes in net assets available for benefits.

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year

PAYMENT OF BENEFITS

Benefits to participants are recorded when paid.

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in pooled separate accounts and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

ADOPTION OF NEW ACCOUNTING STANDARDS

In June 2009, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards ("FAS") No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* – a replacement of FASB Statement No. 162, and also issued Accounting Standards No. 2009-01, *Generally Accepted Accounting Principles* (ASC Topic 105-10), which establishes the FASB Accounting Standards Codification ("Codification" or "ASC") as the official single source of authoritative U.S. generally accepted accounting principles ("GAAP"). All guidance contained in the Codification carries an equal level of authority. All existing accounting standards are superseded. All other accounting guidance not included in the Codification will be considered non-authoritative. The Codification is not intended to change GAAP, but it will change the way GAAP is organized and presented. The Codification is effective for financial statements issued for interim and annual periods ending after September 15, 2009. Except for the disclosure requirements, the adoption of this statement did not have an impact on the determination or reporting of the Plan's financial statements. The Plan is providing the Codification cross-reference alongside the references to the standards issued and adopted prior to the adoption of the Codification.

In May 2009, the FASB issued SFAS No. 165, *Subsequent Events* (ASC 855-10). This statement establishes general standards of accounting for disclosures of events that occur after the date of the statement of net assets available for benefits but before financial statements are issued or are available to be issued. In particular, this statement sets forth (1) the period after the statement of net assets available for benefits date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements; (2) the circumstances under which an entity should recognize events or transactions occurring after the statement of financial position date in its financial statements; and (3) the disclosures that an entity should make about events or transactions that occurred after the statement of net assets available for benefits date. This statement is effective for interim or annual periods ending after June 15, 2009. The Plan adopted this statement during the year ended December 31, 2009. This statement is not expected to have any impact on the Plan's net assets available for benefits or changes in its net assets available for benefits.

In July 2006, the FASB issued Interpretation ("FIN") 48, *Accounting for Uncertainty in Income Taxes* – an Interpretation of SFAS 109 ("ASC 740"). This interpretation is effective for years beginning after December 15, 2008 and clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements in accordance with SFAS 109, Accounting for Income Taxes. It prescribes a recognition threshold and measurement attribute for financial statement disclosure of tax positions taken or expected to be taken on a tax return. The adoption of this interpretation did not have an impact on the Plan's financial statements.

3 - FAIR VALUE MEASUREMENTS

Under the Fair Value Measurements and Disclosures topic of the Codification, ASC 820, disclosures are required about how fair value is determined for assets and liabilities and a hierarchy for which these assets and liabilities must be grouped is established, based on significant levels of inputs as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value.

Pooled separate accounts: Valued at their accumulation unit value ("AUV"). The separate account is valued daily as the number of accumulation units held multiplied by the AUV. The AUV is first established when a new fund starts (typically the beginning AUV is \$10.00) and is then determined daily based on the net asset value ("NAV") of shares of the underlying fund, the fund's dividends and the contract's separate account charges. The fund NAV's are available from the custodian or, in some cases, from national exchanges. The contract's daily asset charge (separate account charge) is communicated to plan management in the contract and applicable notice of change.

3 - FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: valued at the NAV of shares held by the Plan at year end. The NAV is a quoted price in an active market.

Money market fund: valued using \$1 for the NAV.

Collective investment trust: valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Guaranteed investment account: the certified rate is communicated to the Plan and credited daily. Any market value adjustments or surrender charges are based on the formulas and schedules as defined in the contract.

Participant loans: valued at amortized cost, which approximates fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Value</u>

4 - FINANCIAL INFORMATION CERTIFIED BY THE PLAN'S CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the independent auditors not to perform any auditing procedures with respect to the following information certified as complete and accurate by John Hancock USA, the custodian and a party-in-interest as defined by ERISA, as of December 31, 2008, except for comparing such information certified by the custodian to information included in the Plan's 2008 financial statements. This information consists of the following:

	<u>2008</u>
Pooled separate accounts	\$ 7,070,497
Collective investment trust at fair value	269,640
Adjustment from fair value to contract value	<u>25,411</u>

5 - INVESTMENTS

Investments at December 31, 2009 and 2008 that represent 5% or more of the fair value of net assets available for benefits are as follows:

Investment	2009	2008
Lifestyle Fund - Moderate Portfolio	\$ *	\$ 594,935
Lifestyle Fund - Balanced Portfolio	*	1,212,183
Lifestyle Fund - Growth Portfolio	*	1,981,449
American Century Equity Index Inv Fund	1,066,215	*
American Funds 2015 Target Date Fund	881,108	*
American Funds 2030 Target Date Fund	2,588,493	*
American Funds American Balanced Fund	2,506,183	*
American Funds Europacific Growth Fund	751,436	*
American Funds Money Market Fund	1,079,513	*

* Investment did not represent 5% or more of the Plan's net assets

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated (depreciated) in value by \$2,135,159 as follows:

Pooled separate accounts	\$ 2,141,392
Collective investment trust	(1,032)
Guaranteed investment account	(573)
Mutual funds	(4,628)
	<u>\$ 2,135,159</u>

6 - INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan's investments in the Guaranteed Account are held in a general account under contract with the Custodian. The account is credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the Custodian. The contract is included in the financial statements at fair market value (which represents contributions made under the contract, plus earnings, less withdrawals and administrative expenses), because it is not fully benefit responsive. The effective yield and crediting interest rate was approximately 3.2% and 3.5% for the years ended December 31, 2009 and 2008, respectively. The crediting interest rate is reset every month based upon an agreed-upon formula with the issuer, but cannot be less than zero.

7 - EXCESS CONTRIBUTIONS REFUNDABLE

At December 31, 2008, liabilities of \$1,074, are recorded for amounts refundable by the Plan to participants for contributions made in excess of amounts allowed by the Internal Revenue Service.

8 - TAX STATUS

The Plan has applied for but has not received a determination letter from the Internal Revenue Service stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code. However, the Plan administrator believes that the Plan is qualified and, therefore, the related trust is exempt from taxation.

The Plan had no significant uncertain tax positions for the year ended December 31, 2009. The Plan's Annual Return/Report of Employee Benefit Plan is subject to examination by the Internal Revenue Service for three years from the date of filing.

9 - SUBSEQUENT EVENTS

Plan management evaluated subsequent events after the statement of net assets available for benefits date of December 31, 2009 through September 28, 2010, which was the date the financial statements were available to be issued, and concluded that not additional disclosures are required.
