INDEPENDENT AUDITORS' REPORT

The Trustees
Candlelight Cabinetry 401(k)
Employee Savings Plan:

We were engaged to audit the accompanying statement of net assets available for benefits of Candlelight Cabinetry 401(k) Employee Savings Plan (the Plan) as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009, and the supplemental schedule of assets (held at end of year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management. The financial statements of the Plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 (ERISA), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated August 27, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information described in note 5, which was certified by Nationwide Trust Company, the custodian of the Plan, except for comparing the information with the related information included in the 2009 financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained a certification from the custodian as of December 31, 2009 and 2008 and for the years then ended, that the information provided to the Plan administrator by the custodian is complete and accurate.

Because of the significance of the information in the Plan's 2009 financial statements and supplemental schedule that we did not audit, we are unable to, and do not, express an opinion on the accompanying 2009 financial statements and supplemental schedule taken as a whole. The form and content of the information included in the 2009 financial statements and supplemental schedule, other than that derived from the investment information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

401(k) EMPLOYEE SAVINGS PLAN

Notes to Financial Statements

December 31, 2009 and 2008

(1) Description of Plan

The following description of the Candlelight Cabinetry 401(k) Employee Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored by Candlelight Cabinetry, Inc. (the Company) and was established on January 1, 2003. The Plan assets are maintained in an investment trust held by Nationwide Trust Company (Nationwide).

(b) Contributions

Participants may make a pre-tax contribution of 1% to 100% of compensation up to the maximum allowed by Section 402(g) of the IRC. Participants who attain the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions are made by the Company in accordance with the Plan agreement and may be made at different levels for employees in different business divisions or with different job classifications as determined in a non-discriminatory manner. As of June 1, 2009, employer matching contributions were discontinued. Prior to this, the Company matched 100% of all salary deferrals up to 4%. As of April 5, 2010, an employer match was subsequently reinstated at a rate of 50% of salary deferrals up to 6%.

The Plan also accepts contributions representing eligible rollover distributions from other qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on a participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(d) Vesting

Participants' contributions, plus any investment earnings on those contributions, are immediately 100% vested and cannot be forfeited for any reason. Vesting in the Company's matching and discretionary contributions, plus earnings thereon, is based on years of service and is determined as follows:

Years of service	Vested percentage
1	20%
2	40%
3	60%
4	80%
5	100%

(e) Participant Loans

Participants are permitted to borrow from their accounts in an amount ranging from a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may only have one loan outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator at the time of the loan anticipation.

(f) Payment of Benefits

Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, disability, or when they cease to be an employee of the Company. In addition, a participant can withdraw all or any portion of his or her vested account balance in the event of financial hardship subject to certain penalties.

(g) Forfeitures

For the years ended December 31, 2009 and 2008, forfeited non-vested accounts amounted to $2,948 and $1,093, respectively. These accounts will be used to reduce future employer contributions or, in the absence of such contributions, offset account administration fees. In 2009 and 2008, administrative expenses were reduced by $2,192 and $611, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

(2) Summary of Significant Accounting Policies, Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both the Plan's realized and unrealized gains and losses incurred during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Operating Expenses

Certain operating expenses of maintaining the Plan are paid by the Company.

(f) Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued the Accounting Standards Codification (the ASC). Effective July 2009, the ASC is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP). The ASC is intended to reorganize, rather than change, existing GAAP. Accordingly, all references to currently existing GAAP have been removed and have been replaced with plain English explanations of the Plan's accounting policies. The adoption of the ASC did not have a material impact on the Plan's net assets available for benefits or changes therein.

(g) Subsequent Events

The Plan has evaluated events after December 31, 2009, and through September 7, 2010, which is the date the financial statements were available to be issued, and determined that any events or transactions occurring during this period that would require recognition or disclosure are properly addressed in these financial statements.

(h) Reclassifications

Reclassifications have been made to certain 2008 accounts to conform them with the 2009 presentation.

(3) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008 are as follows:

	2009	2008
Aberdeen International Equity Fund	$ 40,685*	60,841
Nationwide Investor Destinations Conservative	55,528*	57,085

* Less than 5% shown for comparative purposes.

During the years ended December 31, 2009 and 2008, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated (depreciated) in value by $304,651 and $(429,901), respectively.

(4) Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

- Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.
- Participant loans - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,405,424	-	-	1,405,424
Participant loans	-	-	95,806	95,806
Total assets at fair value	$ 1,405,424	-	95,806	1,501,230

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total

Participant loans	-	-	63,792	63,792
Total assets at fair value	$ 998,405	-	63,792	1,062,197

Level 3 Gains and Losses

The following table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008:

	2009	2008
	Participant loans	Participant loans
Balance at beginning of year	$ 63,792	64,208
Purchases, sales, issuances and settlements (net)	32,014	(416)
Balance at end of year	$ 95,806	63,792

(5) Financial Certification

The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

(6) Party-In-Interest Transactions

The Plan's investments are managed by Nationwide, who is the trustee and custodian, as defined by the Plan. Therefore, transactions with Nationwide qualify as party-in-interest. Administrative fees paid by the Plan to Nationwide for the years ended December 31, 2009 and 2008 amounted to $18,500 and $8,476, respectively.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in all contributions in their account regardless of source.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001 that the prototype Plan and related trust are designed in accordance with the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Notes to Financial Statements

December 31, 2009 and 2008

(1) Description of Plan

The following description of the Candlelight Cabinetry 401(k) Employee Savings Plan (the Plan) is provided for general informational purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan as permitted under Section 401(k) of the Internal Revenue Code (IRC) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan is sponsored by Candlelight Cabinetry, Inc. (the Company) and was established on January 1, 2003. The Plan assets are maintained in an investment trust held by Nationwide Trust Company (Nationwide).

(b) Contributions

Participants may make a pre-tax contribution of 1% to 100% of compensation up to the maximum allowed by Section 402(g) of the IRC. Participants who attain the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants direct the investment of their contributions into various investment options offered by the Plan.

Employer contributions are made by the Company in accordance with the Plan agreement and may be made at different levels for employees in different business divisions or with different job classifications as determined in a non-discriminatory manner. As of June 1, 2009, employer matching contributions were discontinued. Prior to this, the Company matched 100% of all salary deferrals up to 4%. As of April 5, 2010, an employer match was subsequently reinstated at a rate of 50% of salary deferrals up to 6%.

The Plan also accepts contributions representing eligible rollover distributions from other qualified plans.

(c) Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Company's contribution, and (b) Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on a participant's account balance, as defined in the Plan agreement. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

(d) Vesting

Participants' contributions, plus any investment earnings on those contributions, are immediately 100% vested and cannot be forfeited for any reason. Vesting in the Company's matching and discretionary contributions, plus earnings thereon, is based on years of service and is determined as follows:

Years of service	Vested percentage
1	20%
2	40%
3	60%
4	80%
5	100%

(e) Participant Loans

Participants are permitted to borrow from their accounts in an amount ranging from a minimum of $1,000 to a maximum equal to the lesser of $50,000 or 50% of their account balance. Participants may only have one loan outstanding at any time. Loans are secured by the balance in the participant's account and bear interest at a reasonable rate as determined by the Plan administrator at the time of the loan anticipation.

(f) Payment of Benefits

Participants (or their beneficiaries) are eligible to receive vested benefits upon retirement, death, disability, or when they cease to be an employee of the Company. In addition, a participant can withdraw all or any portion of his or her vested account balance in the event of financial hardship subject to certain penalties.

(g) Forfeitures

For the years ended December 31, 2009 and 2008, forfeited non-vested accounts amounted to $2,948 and $1,093, respectively. These accounts will be used to reduce future employer contributions or, in the absence of such contributions, offset account administration fees. In 2009 and 2008, administrative expenses were reduced by $2,192 and $611, respectively.

(2) Summary of Significant Accounting Policies

(a) Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting and present the fair value of net assets available for benefits and changes in those net assets in conformity with accounting principles generally accepted in the United States of America.

(2) Summary of Significant Accounting Policies, Continued

(b) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results could differ from those estimates.

(c) Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes both the Plan's realized and unrealized gains and losses incurred during the year.

(d) Payment of Benefits

Benefits are recorded when paid.

(e) Operating Expenses

Certain operating expenses of maintaining the Plan are paid by the Company.

(f) Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued the Accounting Standards Codification (the ASC). Effective July 2009, the ASC is the single source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP). The ASC is intended to reorganize, rather than change, existing GAAP. Accordingly, all references to currently existing GAAP have been removed and have been replaced with plain English explanations of the Plan's accounting policies. The adoption of the ASC did not have a material impact on the Plan's net assets available for benefits or changes therein.

(g) Subsequent Events

The Plan has evaluated events after December 31, 2009, and through September 7, 2010, which is the date the financial statements were available to be issued, and determined that any events or transactions occurring during this period that would require recognition or disclosure are properly addressed in these financial statements.

(h) Reclassifications

Reclassifications have been made to certain 2008 accounts to conform them with the 2009 presentation.

(3) Investments

The fair value of individual investments that represent 5% or more of the Plan's net assets as of December 31, 2009 and 2008 are as follows:

	2009	2008
Aberdeen International Equity Fund	$ 40,685*	60,841
Nationwide Investor Destinations Conservative	55,528*	57,085

* Less than 5% shown for comparative purposes.

During the years ended December 31, 2009 and 2008, the Plan's investments (including investments bought, sold, as well as held during the year) appreciated (depreciated) in value by $304,651 and $(429,901), respectively.

(4) Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

(4) Fair Value Measurements, Continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

- Mutual funds - Valued at the net asset value (NAV) of shares held by the Plan at year end.
- Participant loans - Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total

(5) Financial Certification

The financial information relating to the Plan's assets at December 31, 2009 and 2008, as well as investment income and investment transactions for the years then ended, has been derived from the information provided by Nationwide, the Plan custodian, and has been certified by them as complete and accurate. The incorporation of this financial information in the accompanying financial statements is based solely on their certification and has not been audited by independent accountants.

(6) Party-In-Interest Transactions

The Plan's investments are managed by Nationwide, who is the trustee and custodian, as defined by the Plan. Therefore, transactions with Nationwide qualify as party-in-interest. Administrative fees paid by the Plan to Nationwide for the years ended December 31, 2009 and 2008 amounted to $18,500 and $8,476, respectively.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants will become 100% vested in all contributions in their account regardless of source.

(8) Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated August 7, 2001 that the prototype Plan and related trust are designed in accordance with the applicable section of the IRC. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
