To the Board of Trustees
Abrams Airborne Manufacturing, Inc.
401(k) Profit Sharing Plan and Trust
Tucson, Arizona

We have audited the financial statements of Abrams Airborne Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the years ended December 31, 2025 and 2024 and have issued our report thereon dated October 14, 2026. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by John Hancock Life Insurance Company (U.S.A.), the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our engagement letter dated June 2, 2026. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

You are responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Abrams Airborne Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust are described in Note 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2025 or 2024. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. You have corrected all such misstatements.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of those charged with governance and management of Abrams Airborne Manufacturing, Inc. 401(k) Profit Sharing Plan and Trust and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants
Abrams Airborne Manufacturing, Inc.
401(k) Plan
Tucson, Arizona

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Abrams Airborne Manufacturing, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Abrams Airborne Manufacturing, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Abrams Airborne Manufacturing, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the

relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Abrams Airborne Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Abrams Airborne Manufacturing, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Abrams Airborne Manufacturing, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year), as of December 31, 2025, and Schedule H, Line 4(a) – Schedule of Delinquent Participant Contributions, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ABRAMS AIRBORNE MANUFACTURING, INC.
401(k) PLAN
NOTES TO FINANCIAL STATEMENTS
December 31, 2025 and 2024

1. Plan description

The following description of the Abrams Airborne Manufacturing, Inc. 401(k) Plan ("Plan"), sponsored by Abrams Airborne Manufacturing, Inc. ("Company"), provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company. Effective December 1, 2025, the Company restated the Plan by adopting the Empower Retirement, LLC Defined Contribution Pre-Approved Plan. Changes to the eligibility, vesting, and distribution provisions resulting from the restatement are described below. The Plan was subsequently amended on July 30, 2026, as described below under Plan amendment.

Change in recordkeeper, custodian, and investment options

Effective December 3, 2025, the Plan changed its recordkeeper and custodian from John Hancock Life Insurance Company (U.S.A.) (John Hancock) to Empower Retirement, LLC (Empower), with Empower Trust Company, LLC serving as custodian of Plan assets. Empower Trust Company, LLC serves as trustee of the Plan. The group annuity contract issued by John Hancock was terminated, the Plan's investments in John Hancock pooled separate accounts were liquidated, and the proceeds of $6,162,775 were transferred to Empower on December 3, 2025. No surrender charges or market value adjustments were assessed upon termination of the contract. Participant account balances were reinvested in the Empower investment options.

Eligibility

Effective December 1, 2025, an Employee becomes eligible to participate in the Plan for all contribution types on the first day of the calendar month coinciding with or next following the date the Employee attains age 18 and completes 60 days of service. Prior to December 1, 2025, the following eligibility provisions applied:

Elective Deferral Contributions and Employer Matching Contributions - Employees will become eligible to make Elective Deferral Contributions and receive Employer Matching Contributions on the first day of the calendar month, coincident with or next following the date of the Employee attaining age 18 and the Employee completing sixty Days of Service, provided that the Employee is an Eligible Employee at the end of that period, as defined in the Plan document. If an Employee does not meet the requirement as specified, the Employee will also be eligible for the Plan if the Employee completes 1,000 hours of service in an Eligibility Computation Period, provided that the Employee is an Eligible Employee at the end of that period, as defined in the Plan document.

Non-Elective Contributions – An Employee will become a Participant with respect to Non-Elective Contributions on the first day of the calendar month coincident with or next following the date that the Employee attains age 18 and the Employee completes one (1) Year of Eligibility Service, provided that the Employee is an Eligible Employee on that date, as defined in the Plan document.

1. Plan description - continued

The Plan excludes employees covered by a collective bargaining agreement and non-resident aliens who do not receive any compensation from U.S. sources and, effective December 1, 2025, employees who are residents of Puerto Rico and individuals the Company does not treat as common-law employees on its payroll records. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

The Plan includes a salary deferral arrangement allowed under Section 401(k) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage or stated dollar amount, limited by Plan provisions, of their compensation contributed as pre-tax 401(k) or as after-tax Roth contributions to the Plan. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions, rollover contributions, and Company matching and other company contributions into various investment options offered by the Plan. Through December 2, 2025, the Plan offered pooled separate accounts under a group annuity contract with John Hancock. Beginning December 3, 2025, the Plan offers collective investment trusts in the Putnam Retirement Advantage target-date and maturity series, for which Putnam Fiduciary Trust Company, LLC serves as trustee; registered investment companies (mutual funds); and the Empower Guaranteed Income Fund, a fully benefit-responsive investment contract issued by Empower Annuity Insurance Company of America. The Company may make matching contributions under the Plan at its discretion. For the years ended December 31, 2025 and 2024, the Company contributed 50 percent of the first 6 percent of base compensation that eligible participants contributed to the Plan. In addition, the Company may make an additional contribution to the Plan at its discretion. The Company did not elect to make any additional contributions to the Plan for the years ended December 31, 2025 or 2024. Contributions are subject to certain statutory limitations.

Participants' accounts

Each participant's account is credited with the participant's contributions, Company matching contributions and allocations of (a) the Company's contributions, (b) plan earnings and losses, and (c) administrative expenses paid by the Plan. Allocations are based on participant earnings or account balances, as defined in the plan agreement. Participants are entitled to the benefits that can be provided from their vested accounts.

Vesting

Participants are immediately vested in their voluntary contributions, including rollovers, plus actual earnings thereon. Vesting in the Company matching and nonelective contributions portion of their accounts plus earnings thereon is based on years of service. A year of service is a plan year in which the participant completes at least 1,000 hours of service. Participants are 0% vested with less than two years of service, 20% vested after two years, 40% after three years, 60% after four years, 80% after five years, and 100% vested after six years of service. Participants also become 100% vested upon reaching normal retirement age (age 65) or upon death while employed with the Company.

1. Plan description - continued

Payment of benefits

Distributions upon termination of employment, death, and disability depend upon the amount of the participant's vested balance. For vested balances in excess of $7,000 ($5,000 prior to December 1, 2025), the participant may request a full or partial distribution of the vested balance or may elect to leave the vested balance in the Plan. Participants may elect to roll over all, or any portion, to an IRA or other qualified plan. A participant with a vested balance of $7,000 or less ($5,000 prior to December 1, 2025) may elect to receive a distribution in cash or roll over the distribution to an IRA or other qualified plan. If the participant does not consent to a distribution, then the vested account balance will be rolled over to an IRA selected by the Plan administrator. Rollover contributions are disregarded in determining whether a vested balance exceeds the threshold.

A participant may request in-service distributions. Participants that are at least 59 and one-half at the time of the distribution may request a withdrawal of amounts from their salary deferrals, employer matching contributions, and employer contributions in which they are 100% vested. In addition, employees who have not attained the age of 59 and one-half may request a distribution due to a "hardship", as defined in the Plan, from their salary deferrals only.

Participants must begin taking distributions by April 1st of the year following the year that they attain the age of 73 or terminate employment, whichever is later. For 5% or more owners, distributions must begin by April 1st of the year following the year that they attain the age of 73, even if still employed.

Forfeitures

Forfeitures may be used to pay Plan expenses, to reduce employer matching or nonelective contributions, or may be allocated to participants as additional discretionary matching or nonelective contributions. Forfeited nonvested accounts totaled $3,687 and $1,553 for the years ended December 31, 2025 and 2024, respectively. Forfeitures of $0 and $0 were used to reduce employer matching contributions during 2025 and 2024, respectively. Unallocated forfeitures held in the Plan's forfeiture account totaled $3,687 and $1,553 at December 31, 2025 and 2024, respectively.

Plan amendment

On July 30, 2026, the Company adopted an amendment to the Plan. The amendment conforms the Plan document to the SECURE 2.0 Act of 2022 (SECURE 2.0), the Setting Every Community Up for Retirement Enhancement Act of 2019 (SECURE Act), the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), and related Internal Revenue Service guidance. Many of these provisions were required by law and were applied in the Plan's operation before the amendment was adopted. The amendment documents those provisions retroactive to their statutory or elected effective dates. Its principal provisions are as follows:

Catch-up contributions for participants ages 60 through 63. Effective January 1, 2025, participants who reach ages 60 through 63 during the year may make catch-up contributions up to the greater of $10,000 (as indexed) or 150% of the regular catch-up limit. This limit was $11,250 for 2025.

1. Plan description - continued

Roth catch-up contributions. Effective January 1, 2026, any catch-up contributions made by participants whose prior-year FICA wages from the Company exceeded $145,000 (as indexed; $150,000 for 2026) must be made as Roth deferrals. Such participants are deemed to have elected Roth treatment for their catch-up contributions unless they elect otherwise.

Long-term part-time employees. Effective for plan years beginning after December 31, 2024, an employee becomes eligible to make elective deferrals after reaching age 21 and completing at least 500 hours of service in each of two consecutive years, counting service beginning in 2023. Such employees enter the Plan on the same entry dates as other participants and may make rollover contributions. They are not eligible for employer matching, nonelective, safe harbor, or top-heavy minimum contributions.

Domestic abuse victim distributions. Effective December 1, 2025, a participant who self-certifies that they have been a victim of domestic abuse may take a distribution from any account source within one year of the abuse. The distribution is limited to the lesser of $10,000 (as indexed) or 50% of the participant's vested account balance, and it may be repaid to the Plan within three years.

Terminally ill individual distributions. Effective December 1, 2025, a participant certified by a physician as terminally ill may have an otherwise-available in-service distribution treated as a terminally ill individual distribution. Such a distribution is exempt from the 10% additional tax on early distributions and may be repaid within three years. This provision does not create a new right to a distribution.

Top-heavy minimum contributions. Effective for plan years beginning after December 31, 2023, otherwise excludable employees (generally those who have not met the statutory age and service requirements) are excluded from top-heavy minimum contributions. The Company may make a discretionary nonelective contribution on behalf of such employees who are not highly compensated employees.

Required minimum distributions. The required beginning date for distributions is based on attaining age 73 (age 75 for individuals who attain age 74 after December 31, 2032). Effective for 2024, Roth accounts are excluded from lifetime required minimum distributions. The amendment also updates the rules for distributions to beneficiaries after a participant's death, and it preserves prior Plan elections relating to eligible designated beneficiaries.

Other provisions. The amendment allows the Plan Administrator to rely on participant self-certification for hardship distributions. It also allows the Plan Administrator to adopt a policy permitting qualified disaster recovery distributions, and it incorporates other administrative provisions required or permitted by SECURE 2.0. The amendment does not provide for emergency personal expense distributions, qualified birth or adoption distributions, Roth employer contributions, matching contributions on student loan payments, or pension-linked emergency savings accounts.

Management has determined that the amendment had no effect on net assets available for benefits at December 31, 2025, or on changes in net assets available for benefits for the year then ended.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%, which are commensurate

1. Plan description - continued

Notes receivable from participants – continued

with local prevailing rates at the time of the loan as determined by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

2. Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with U.S. Generally Accepted Accounting Principles (U.S. GAAP).

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2025 and 2024, no allowance for credit losses has been reported. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the outstanding loan balance is reduced and recorded as a deemed distribution (participant loan default) based on the terms of the Plan document. During 2022, the Plan incorrectly allowed two participants to receive loans in excess of allowable amounts. The balances of these two participant loans totaled $3,771 and $8,084 at December 31, 2025 and 2024, respectively. The Company is correcting this operational failure under the IRS Employee Plans Compliance Resolution System's Self Correction Program.

Investment valuation and income recognition

Investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3, "Fair Value Measurements" for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased and sold as well as held during the year.

2. Summary of significant accounting policies - continued

Cash and cash equivalents

The Plan considers all short-term debt securities purchased with a maturity of three months or less to be cash equivalents. At December 31, 2024, cash and cash equivalents consisted solely of cash on deposit with John Hancock Life Insurance Company (U.S.A.).

Payment of benefits

Benefits are recorded as an expense when paid.

Expenses

Certain expenses of administering the Plan, including investment advisory fees, third-party administrator fees, and participant loan fees, are paid by the Plan and are included in administrative expenses. Investment management fees are paid through revenue sharing or from fund assets and are reflected in net appreciation in fair value of investments. Settlor expenses, which relate to the design, establishment, or termination of the Plan, are paid by the Company and are excluded from these financial statements.

3. Fair value measurements

FASB ASC 820, Fair Value Measurement, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority. Level 2 inputs consist of observable inputs other than quoted prices for identical assets (Level 1). Level 3 inputs are unobservable and have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 inputs are used for investments for which Level 1 inputs were not available. Level 3 inputs would only be used if Level 1 or Level 2 inputs were not available. At December 31, 2025, the Plan held investments measured using Level 1 inputs. There are no plan assets requiring the use of Level 2 or Level 3 inputs for the periods presented. The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

3. Fair value measurements - continued

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Effective December 3, 2025, the Plan's investments were transferred from a group annuity contract issued by John Hancock Life Insurance Company (U.S.A.) to a recordkeeping and custody arrangement with Empower, with Empower Trust Company, LLC serving as custodian. As a result, the composition of the Plan's investments at December 31, 2025 differs significantly from the prior year. At December 31, 2024, all of the Plan's investments were held in pooled separate accounts of an insurance company. At December 31, 2025, the Plan's investments consist of collective investment trusts, registered investment companies, and a fully benefit-responsive investment contract.

The Plan had $6,196,535 of investments in participation units of collective investment trusts at December 31, 2025. The collective investment trusts are target-date funds maintained by Putnam Fiduciary Trust Company, LLC. Each fund invests in a diversified mix of underlying investments with an asset allocation that becomes more conservative as the fund’s target retirement date approaches; the maturity fund maintains an allocation intended for participants at or in retirement. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. The underlying securities in the collective investment trusts are listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan has concluded that the net asset value reported by the trustee approximates fair value of the investments. The investments are redeemable at net asset value under the terms of the declaration of trust.

The Plan had $6,192,366 of investments in participation units held in pooled separate accounts through sub-accounts of an insurance company at December 31, 2024. The net asset value was used as a practical expedient to estimate fair value. Included in the pooled separate accounts was a stable value fund ($48,941 at December 31, 2024) which represented participation units of a collective investment trust for which the net asset value was based on the market value of the underlying investments. The stable value fund was composed primarily of fully benefit-responsive investment contracts that were valued at the net asset value of units of the bank collective trust. The underlying securities in other pooled separate accounts were listed on national securities exchanges and valued on the basis of year-end closing prices. The Plan concluded that the net asset value as adjusted (for mutual fund dividends, mutual fund splits and administrative maintenance charges and other items) and reported by the insurance company approximated fair value of the investments. The investments were redeemable at the adjusted net asset value under agreements with the insurance company.

The Plan had $21,750 of investments in registered investment companies at December 31, 2025. These investments are open-end mutual funds registered with the Securities and Exchange Commission that are required to publish a daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded and are valued at the quoted net asset value as of the last business day of the plan year. Accordingly, these investments are classified within Level 1 of the fair value hierarchy.

The Plan had $11,240 invested in a fully benefit-responsive investment contract issued by Empower Annuity Insurance Company of America at December 31, 2025, comprising the Guaranteed Income Fund and the Plan's forfeiture account. Fully benefit-responsive investment contracts are reported at contract value. Contract value is the relevant measure because it is the amount participants would

3. Fair value measurements - continued

receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Because this contract is reported at contract value rather than fair value, it is not included within the fair value hierarchy and is not included in the net asset value practical expedient table that follows.

It is possible that the redemption rights may be restricted or eliminated in the future. Due to the nature of the investments, changes in market conditions, liquidity requirements, and the economic environment may significantly affect the net asset value of the collective investment trusts and, consequently, the fair value of the Plan's investments.

The methods described previously may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the end of the reporting date.

The following table presents the fair value of the Plan's investments at December 31, 2025 and 2024, classified using the fair value hierarchy:

	Fair value measurements at December 31, 2025			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments:				
Registered investment companies	$ 21,750	$ -	$ -	$ 21,750
Total investments in the fair value hierarchy	21,750	-	-	21,750
Investments measured at net asset value (a)				6,196,535
Investments at contract value (b)				11,240
Total investments				**$ 6,229,525**

	Fair value measurements at December 31, 2024			
	Level 1	**Level 2**	**Level 3**	**Total**
Investments:				
Total investments in the fair value hierarchy	$ -	$ -	$ -	$ -
Investments measured at net asset value (a)				6,192,366
Total investments				**$ 6,192,366**

(a) Certain investments that are measured at fair value using the net asset value per share practical expedient have not been classified in the fair value hierarchy. The net asset value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

(b) The fully benefit-responsive investment contract is reported at contract value and is therefore excluded from the fair value hierarchy. The amount presented is intended to permit reconciliation to the line items presented in the statements of net assets available for benefits.

3. Fair value measurements - continued

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025 and 2024, respectively.

	Fair value 12/31/2025	Fair value 12/31/2024	Unfunded commitments	Redemption frequency	Redemption notice period
Collective investment trusts (c)	$ 6,196,535	$ -	None	Daily	None
Pooled separate accounts:					
Stable value fund (c) (d)	-	48,941	None	Daily	Up to 12 months
Other (c)	-	6,143,425	None	Daily	None
Total	**$ 6,196,535**	**$ 6,192,366**			

(c) Participant transactions (purchases and sales) may occur daily subject to the short-term trading policies of the Plan Sponsor. Additional restrictions may be imposed at the request of the fund company of an underlying fund as outlined in their prospectus.

(d) For the stable value fund held at December 31, 2024, participant withdrawals may be subject to a delay of up to 7 to 30 additional calendar days if it is determined, respectively, that such delay is necessary to maintain adequate liquidity for, or to avoid an adverse impact on, the underlying trust or investment vehicle. In addition, the fund's declaration of trust provides that withdrawals for purposes other than normal benefit payments or plan permitted investment option transfers are subject to either a market value adjustment or without a market value adjustment and effected no later than 12 months. These events may include, but are not limited to, the following: mergers, layoffs, plan termination, implementation of early retirement incentive programs, additional investment options are established that constitute a competing fund, or other events within the control of the Plan Sponsor resulting in a material and adverse financial impact on the issuer's obligations under the contract.

4. Information certified

The Plan administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information was obtained by management and agreed to or derived from information certified as complete and accurate by John Hancock Life Insurance Company (U.S.A.), the Plan's custodian through December 2, 2025, and Empower Trust Company, LLC, the Plan's custodian beginning December 3, 2025, each a qualified institution:

- Investments and cash and cash equivalents as shown in the Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024.

- Net appreciation in fair value and contract value of investments, interest and dividends, and administrative expense, as shown in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025.

- Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) as of December 31, 2025.

5. Agreements and transactions with parties-in-interest and plan administration costs

Through December 2, 2025, Plan investments were held in pooled separate accounts of John Hancock Life Insurance Company (U.S.A.), the Plan's then custodian. Beginning December 3, 2025, Plan investments are held through Empower, with Empower Trust Company, LLC serving as custodian, and include collective investment trusts maintained by Putnam Fiduciary Trust Company, LLC, which serves as trustee of those funds. These investment transactions therefore qualify as party-in-interest transactions. Fees incurred by the Plan for investment management services are included in net appreciation in fair value of investments, as they are paid through revenue sharing or from fund assets rather than by direct payment.

The Plan made direct payments to OneDigital Investment Advisors, LLC and RBC Capital Markets, LLC, the Plan's investment advisors, of $25,112 and $25,030 for the years ended December 31, 2025 and 2024, respectively.

In addition, for the years ended December 31, 2025 and 2024, the Plan paid $4,650 and $3,400, respectively, in fees to the third-party administrator.

The Plan also allows for the issuance of notes receivable to participants in accordance with the related regulations.

The above transactions qualify as party-in-interest transactions for which there are statutory exemptions.

6. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts. Distributions made will cover plan expenses first, with remaining participant balances paid out subsequently.

7. Tax status

Through November 30, 2025, the Plan operated under a pre-approved (volume submitter) plan document for which the Internal Revenue Service (IRS) issued a favorable opinion letter dated March 31, 2014. Effective December 1, 2025, the Company restated the Plan by adopting the Empower Retirement, LLC Defined Contribution Pre-Approved Plan, a nonstandardized pre-approved plan, which received an opinion letter from the IRS dated November 14, 2022, stating that the form of the plan is acceptable under Section 401 of the Internal Revenue Code (IRC). Although the Plan has been amended since adopting the pre-approved plan document, the plan administrator believes the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax-exempt. Accordingly, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator believes that the Plan has not taken any uncertain tax positions. The Plan administrator believes the Plan is no longer subject to income tax examinations for years prior to 2021.

8. Risks and uncertainties

The Plan invests in various investment options. At December 31, 2025, these consisted of collective investment trusts, registered investment companies, and a fully benefit-responsive investment contract held through Empower. At December 31, 2024, they consisted of pooled separate accounts held under a group annuity contract with John Hancock Life Insurance Company (U.S.A.). Investment securities are exposed to various risks, such as interest rate, market, and credit risks. The Guaranteed Income Fund is backed by the general account of Empower Annuity Insurance Company of America, so its value also depends on the issuer's ability to meet its contractual obligations. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

9. Delinquent participant contributions

The Company failed to remit participant contributions of $158 in a previous year, which have not yet been corrected. There were no other prohibited transactions for the years ended December 31, 2025 or 2024.

10. Subsequent events and date of management's review

Management's review

Management has reviewed the financial statements through October 14, 2026, which is the date the financial statements were available to be issued.

Plan amendment

As described in Note 1, the Plan was amended on July 30, 2026, to conform to SECURE 2.0 and related legislation.

Participating employer

Effective January 1, 2026, Milkor USA, Inc., a company related to the Company through common ownership, adopted the Plan as a participating employer. Matching and nonelective contributions made by Milkor USA, Inc. are determined and allocated under the same formulas that apply to the Company.

No other subsequent events requiring recognition or disclosure were identified.
