INDEPENDENT AUDITOR'S REPORT

Plan Administrator
The Communications Group 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Communications Group 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025 stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

(continued)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion on the financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements**.**

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

(continued)

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4i – Schedule of Assets (Held At End of Year) as of December 31, 2025 and Schedule H, Line 4a – Schedule of Delinquent Participant Contributions for the year ended December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

(continued)

INDEPENDENT AUDITOR'S REPORT (continued)

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN AND SUMMARY OF ACCOUNTING POLICIES

The following description of The Communications Group 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

The Plan is a defined contribution profit-sharing plan covering all eligible employees of SPG Therapy & Education, PC, formerly The Speech Pathology Group, Inc. (the "Company"), Autism Intervention Services, LLC, Comprehensive Autism Center, PC, Abrite, PC and Ascend Partners. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA") and Section 401(a) of the Internal Revenue Code ("IRC"). The Company has contracted John Hancock Life Insurance Company ("John Hancock") to act as the Plan custodian and with an independent third-party administrator to perform certain administrative duties. The Plan was adopted effective January 1, 1998, to provide benefits to eligible employees as defined in the Plan document. The following employees are not eligible to participate in the Plan: Collective Bargaining Employees and Non-Resident Aliens. All other employees of the Company who have attained the age of twenty-one are eligible to participate in the Plan. The Plan was last restated effective January 1, 2021, and amended effective January 1, 2025, to reflect the change in the Plan Sponsor's name, to update the name of the adopting employers, and to permit Roth elective deferral contributions.

Basis of Accounting – The Plan's financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates - The preparation of financial statements in conformity with U.S. GAAP requires the Plan administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Plan Termination and Modification - The Company intends to continue the Plan indefinitely for the benefit of its employees. However, it reserves the right to terminate or modify the Plan at any time by resolution of its Board of Directors and subject to the provisions of ERISA. In the event the Plan is terminated in the future, participants would become fully vested in their accounts.

Participant Contributions - Each year, participants may contribute a minimum of 3% of their annual compensation, as defined in the Plan, on a pre-tax and/or Roth basis as defined in the Plan, up to a maximum allowed by law. Participants who have attained the age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified plans.

Employer Contributions – The Company makes matching contributions to the Plan each payroll period equal to 50% of participant pre-tax and Roth deferrals up to 6% of the participant's compensation. In addition, the Company may elect to make discretionary profit-sharing contributions to the Plan. Participants direct the investment of Company matching and profit-sharing contributions. To share in Company profit-sharing contributions, participants must have attained age 21, complete a minimum of 1,000 hours of service during the Plan year, and be employed on the last day of the Plan year.

For the year ended December 31, 2025, the Company made matching contributions totaling $1,364,028 to the Plan, of which $305,035 was funded with forfeitures. The Company did not make any profit-sharing contributions to the Plan during the year ended December 31, 2025.

Participant Accounts – A separate account is maintained for each participant. Each participant's account is credited with the participant's voluntary contributions, employer contributions and an allocation of Plan earnings, less withdrawals, distributions and administrative expenses, if any. Participants direct the investment of their contributions into the various investment options offered by the Plan. Investment income allocations are made daily based on participant account balances. The benefit to which a participant is entitled is limited to the benefit that may be provided from the participant's vested account balance.

Investment Income – Realized gains or losses on investment transactions are recorded as the difference between the proceeds received and the fair value of the investment at the beginning of the Plan year, or cost if acquired during the Plan year. In accordance with the Plan's policy of stating investments at fair value, net appreciation or depreciation consists of both realized and unrealized gains and losses and is included in the statement of changes in net assets in the period in which the market change occurs. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date.

Vesting – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's matching and profit-sharing contributions, if any, plus actual earnings thereon, is based on years of service. Participants do not become vested in the Company's matching or profit-sharing contributions until they have completed at least two years of service during which they have completed at least 1,000 hours each year. Participants vest 20% after two years of service and an additional 20% for each subsequent year of service, becoming fully vested after six years of service. Participants also become fully vested in all accounts upon retirement, death, disability or Plan termination.

Forfeited Accounts – Forfeited non-vested accounts may be used to first pay administrative expenses of the Plan and then reduce future employer contributions. As of December 31, 2025 and 2024, the Plan had unallocated forfeitures of $134,167 and $304,323, respectively. During 2025, forfeitures totaling $305,035 and $42,289 were used to pay employer contributions and administrative expenses of the Plan, respectively.

Notes Receivable from Participants **-** The Plan provides a provision that allows a participant to borrow a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance. Such loans shall bear interest at fixed rates equal to the published prime rate, plus one percent. The term of the loans cannot exceed five years, except if the loan proceeds are used to finance the purchase of a primary residence, in which case the loan term may not exceed fifteen years. The loans are secured by the participant's vested account balance. Principal and interest are paid ratably through payroll deductions. Notes receivable from participants are stated at their unpaid principal balances plus any accrued but unpaid interest. Any participant defaults are deemed taxable distributions to the participant.

Payment of Benefits – Benefits are recorded when paid. Participant account balances can be distributed prior to termination or retirement age for hardship claim, death or disability as defined in the Plan agreement. On termination of service due to death, disability or retirement, a participant will receive an amount equal to the value of the vested interest in their account. For termination of service due to other reasons, a participant may also receive the value of the vested interest in their account as a lump-sum distribution.

The normal retirement age under the Plan is age 65. Participants who have reached age 59 ½ may take an in-service distribution subject to the Plan's provisions.

Administrative Expenses **–** Certain expenses of maintaining the Plan are paid by the Company and are excluded from the Plan's financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

Excess Contributions Payable **–** Represents excess salary deferral contributions to be refunded to participants whose contributions during the Plan years ending December 31, 2025 and 2024 exceeded the maximum allowable limit imposed by the Plan's provisions and/or ERISA. As of December 31, 2025 and 2024, excess salary deferral contributions payable totaled $98,419 and $32,376 respectively.

Subsequent Events **-** The Plan's management evaluates events or transactions occurring after the statement of net assets available for plan benefits date but before the financial statements are available to be issued for potential recognition or disclosure. The financial statements include all subsequent events considered necessary for a fair presentation. Events or transactions occurring subsequent to year end through the date the financial statements were available to be issued, October 12, 2026, have been evaluated in the preparation of the accompanying financial statements.

2. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurement) and the lowest priority to unobservable inputs (Level 3 measurement). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used should maximize the use of observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2025 and 2024. The following is a description of the valuation methodologies used for assets measured at fair value:

Pooled Separate Accounts: Valued at the net asset value ("NAV") of units of an insurance company's separate account. The NAV is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is probable that the Plan will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

In accordance with ASC 820, since NAV is used as a practical expedient to estimate fair values, the Plan's investments are not classified using the aforementioned levels within the fair value hierarchy of U.S. GAAP as of December 31, 2025 and 2024.

The Plan's method of valuing investments may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan's management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

3. INCOME TAX STATUS

On June 30, 2020, the IRS stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code 401(a). The Plan has not received a determination letter specific to the Plan itself; however, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code and believes that the Plan was qualified as of December 31, 2025 and 2024. Therefore, no provision for income taxes has been included in the Plan's financial statements.

4. CERTIFIED INFORMATION

In accordance with 29 CFR 2520.103-8 of the U.S. Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, John Hancock certified the fair values of assets held at December 31, 2025 and 2024, and investment activities for the year ended December 31, 2025, that were used in the preparation of the accompanying financial statements and ERISA-required supplemental schedules. The following information was obtained by management and agreed to or derived from information certified as complete and accurate and was not audited by independent certified accountants:

	2025	2024
Investments, at fair value	$ 45,628,354	$ 37,095,760
Notes receivable from participants	$ 284,442	$ 239,378
Interest and dividends	$ 18,233	
Net appreciation in fair value of investments	$ 6,247,878	

5. RISKS AND UNCERTAINTIES

The Plan provides for various investment options in any combination of investment securities offered by the Plan. Investment securities are exposed to various risks, such as interest rate, market fluctuations and credit risks. Due to the risk associated with certain investment securities, it is at least reasonably possible that changes in market values, interest rates or other factors in the near term would materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statement of changes in net assets available for benefits.

Financial instruments, which potentially subject the Plan to concentrations of credit risk, consist of pooled separate accounts offered by the Plan. As the portfolio is well diversified and issuers of the underlying securities are dispersed throughout many industries and geographies, the concentrations of credit risk are limited.

6. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are managed by John Hancock, the Plan's custodian. Any purchases and sales of these investments are performed in the open market at fair value. Such transactions, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan and are specifically exempt from the prohibition of party-in-interest transactions under ERISA.

7. NONEXEMPT TRANSACTIONS

During 2022, employee salary deferral contributions totaling $280,101 were not remitted to the Plan in a timely manner. The Plan Sponsor corrected the delinquent employee salary deferral contributions related to the 2022 Plan year by contributing lost earnings to the accounts of the affected participants during 2025.
