To the Trustee
Goodheart 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Goodheart 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Goodheart 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from the following qualified institutions stating that the certified investment information described in Note 3 to the financial statements is complete and accurate:

- Empower Trust Company, LLC, the Custodian, as of December 31, 2025 and for the period from February 4, 2025 through December 31, 2025.

- John Hancock Life Insurance Company, the predecessor Custodian, as of February 3, 2025 and for the period from January 1, 2025 through February 3, 2025, and as of and for the year ended December 31, 2024.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Goodheart 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodheart 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Goodheart 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Goodheart 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year, as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF THE PLAN

Bluebonnet Foods, L.P., doing business as GoodHeart Brand Specialty Foods (the "Company" or "Plan Sponsor"), established the Goodheart 401(k) Plan (the "Plan") effective January 1, 2009. The Plan document and adoption agreement were restated as of January 1, 2025, to change the pre-approved plan provider, update the adopting employer's name to Bluebonnet Foods, L.P., doing business as GoodHeart Brand Specialty Foods, and exclude leased employees from participation. The following description provides general information about the Plan. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General – The Plan is a safe-harbor, volume submitter, defined contribution plan covering most full-time employees of the Company aged 21 or older and who have completed one year of continuous service (1,000 hours). The Plan excludes those covered under a collective bargaining agreement, nonresident aliens, and part-time employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

SECURE 2.0 Act – The SECURE 2.0 Act of 2022 was enacted on December 29, 2022 and includes mandatory and optional retirement plan provisions with varying effective dates, including provisions effective during 2024 and 2025. The Plan Administrator evaluates applicable requirements and determines which optional provisions to elect, with related Plan amendments made as appropriate.

Contributions – Participants may contribute certain amounts of their pre-tax annual compensation, as defined in the Plan, not to exceed certain limits defined by applicable Internal Revenue Service ("IRS") regulations. Participants may also make Roth (post-tax) contributions to the Plan, subject to applicable IRS guidelines. Participants may contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. Participants who have attained age 50 before the end of the applicable tax year are eligible to make catch-up contributions.

The Company shall contribute 100 percent of the first 3 percent of compensation contributed by the participant, and then 50 percent of those amounts contributed greater than 3 percent of compensation, but no more than 5 percent of compensation. The Company may also make non-elective contributions, which are determined at the discretion of the Board of Directors and allocated in an amount equal to a percentage of the participants' eligible compensation. The Company allocates its contributions into the investment options equal to the percentages specified by the participant. All contributions are subject to certain limitations.

Participant Accounts – Each participant's account is credited with the participant's contribution and allocations of the Company's contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participant accounts are invested in accordance with investment directions provided by each participant.

1. DESCRIPTION OF THE PLAN (continued)

Payment of Benefits – Upon termination of service, retirement, or disability, a participant may receive vested benefits. Vested account balances of $7,000 or less are distributed following termination of service as soon as administratively practicable. Upon death, vested benefits are paid to the participant's designated beneficiary. Partial or installment payments may be permitted to satisfy required minimum distribution requirements. Hardship withdrawals are available subject to certain limitations.

Forfeited Accounts – At December 31, 2025 and 2024, forfeited non-vested accounts totaled **$1,559** and $0, respectively. Forfeited balances of terminated participants' nonvested accounts may be used to reduce employer contributions or pay administrative expenses. No forfeitures were used to offset employer contributions during 2025 or 2024.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon as well as all mandatory Company matching contributions. Vesting in the Company's non-elective contribution portion of their accounts plus actual earnings thereon is based on years of continuous service without regard to number of hours worked as follows:

Years of Service	Vested Percentage
1	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Parties-in-Interest Transactions – John Hancock Life Insurance Company ("John Hancock") served as the Plan's recordkeeper and custodian during 2024 and through February 3, 2025. During that period, certain Plan investments were held in separate accounts managed by John Hancock. Effective February 4, 2025, Empower Retirement, LLC and Empower Trust Company, LLC provided recordkeeping and custodial services, respectively. At December 31, 2025, the Plan held an insurance investment contract issued by Empower Annuity Insurance Company of America. Transactions with these service providers qualify as party-in-interest transactions.

Plan Expenses – Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid directly by the Plan Sponsor are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Plan Termination – Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The financial statements of the Plan are prepared on the accrual method of accounting in accordance with U.S. generally accepted accounting principles.

Recognition of Income – The basis of investments held by the Plan is adjusted annually to closing market value and unrealized gains and losses are recorded as part of this adjustment. Realized gains and losses on investments are computed using this adjusted basis. Security transaction expenses are considered in computing realized gains and losses on investments.

Investments – Investments consist of mutual funds, pooled separate accounts, collective trust funds, and fixed and variable annuity contracts and are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Certain collective trust funds are valued using net asset value ("NAV") per share, or its equivalent, as a practical expedient to estimate fair value. See Note 6 for a discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis, and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes realized and unrealized gains and losses on investments held or sold during the year.

Payment of Benefits – Benefits are recorded when paid.

Risks and Uncertainties – Financial instruments which potentially subject the Plan to concentrations of credit risk consist primarily of securities in which the Plan invests. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the near-term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Accounting Estimates – The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results could differ from these estimates.

New Accounting Pronouncements – Management is not aware of any new accounting pronouncements that have been released, and are not yet effective, which will have a significant impact on its financial position or results of operations in future periods.

3. INFORMATION CERTIFIED BY THIRD PARTIES (UNAUDITED)

As permitted by Department of Labor Regulation 2520.103-8, investment information as of and for the year ended December 31, 2024, and as of February 3, 2025 and for the period from January 1, 2025 through February 3, 2025, was certified as complete and accurate by John Hancock. Investment information as of December 31, 2025 and for the period from February 4, 2025 through December 31, 2025 was certified as complete and accurate by Empower Trust Company, LLC, the Plan's custodian.

4. INCOME TAX STATUS

The Plan has adopted a volume submitter plan document that has received a favorable advisory letter from the IRS dated June 30, 2020, which states that it is approved by the IRS for use with the Plan. Accordingly, the Plan relies on the favorable advisory letter as evidence that the Plan is qualified to the extent prescribed by the IRS under Code Section 401(a). Although the Plan has been amended since receiving the volume submitter plan advisory letter, in the opinion of the Plan Sponsor, the Plan is currently designed and being operated in all material respects in compliance with the applicable requirements of the Code and, therefore, the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan and recognize a tax liability (or asset) if the plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan Sponsor has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2025, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan Sponsor believes it is no longer subject to income tax examinations for years prior to 2022.

5. FIDELITY COVERAGE

The Plan is covered under a fiduciary insurance policy for the years ended December 31, 2025 and 2024, which meets the ERISA coverage requirement for the plan years.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS

In accordance with U.S. generally accepted accounting principles, the Plan utilizes a fair value hierarchy that prioritizes the inputs for the valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets
- quoted prices for identical or similar assets or liabilities in inactive markets
- inputs other than quoted prices that are observable for the asset or liability
- inputs derived principally from or corroborated by observable market data by correlation or other means
- if the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A description of the valuation methodologies used for investments measured at fair value and their classification within the fair value hierarchy is presented below.

Fair value measurements use quoted market prices when available. When quoted market prices are unavailable, fair value is determined using valuation techniques that maximize observable inputs and minimize unobservable inputs. Certain collective trust funds are measured using NAV per share, or its equivalent, as a practical expedient to estimate fair value and are excluded from the fair value hierarchy.

Mutual Funds – Valued at the quoted closing prices of shares traded in active markets. These investments are classified within Level 1 of the fair value hierarchy.

Pooled Separate Accounts – Investments in pooled separate accounts are valued at unadjusted quoted unit prices in active markets for identical investments at the measurement date and are classified within Level 1 of the fair value hierarchy.

Variable Annuity Contracts – Valued using unit values provided by the insurance company, which reflect the value of the underlying separate account investments. These investments are classified within Level 2 of the fair value hierarchy.

6. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Fixed Annuity Contract – Valued using the valuation provided by the insurance company based on the contract's terms and applicable observable market inputs. This investment is classified within Level 2 of the fair value hierarchy.

Collective Trust Funds – Valued using NAV per share, or its equivalent, provided by the trustee as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by each fund, less its liabilities. Investments measured using the NAV practical expedient are not classified within the fair value hierarchy.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. The following table sets forth by level, within the fair value hierarchy, investments measured at fair value as of December 31, 2025:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Mutual funds	**$ 424,856**	**$ -**	**$ -**	**$ 424,856**
Variable annuities	**-**	**241,099**	**-**	**241,099**
Fixed annuities	**-**	**6,316**	**-**	**6,316**
Investments in fair value hierarchy	**$ 424,856**	**$ 247,415**	**$ -**	**$ 672,271**

Certain investments measured at fair value using NAV per share (or its equivalent) as a practical expedient are not classified within the fair value hierarchy. The following table reconciles investments included in the fair value hierarchy above to total investments measured at fair value as of December 31, 2025:

Investments in fair value hierarchy	**$ 672,271**
Investments measured at NAV*:	
Collective trust funds	**3,033,000**
Total investments at fair value	**$ 3,705,271**

6. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2025.

Investment	Fair Value	Unfunded Commitment	Redemption Frequency (if Currently Eligible)	Redemption Notice Period
Collective trust funds	**$ 3,033,000**	N/A	Daily	None

The following table sets forth by level, within the fair value hierarchy, investments measured at fair value as of December 31, 2024:

	Fair Value Measurements Using			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ 3,259,269	$ -	$ -	$ 3,259,269
Total investments at fair value	$ 3,259,269	$ -	$ -	$ 3,259,269

7. RISKS AND UNCERTANTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Market risks include global events which could impact the value of investment securities, such as a pandemic or international conflict. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances, and the amounts reported in the statement of net assets available for benefits

8. SUBSEQUENT EVENTS

The Plan Sponsor has evaluated the Plan for potential subsequent events through the date of the independent auditor's report, which is the date the financial statements were available for issuance, and concluded no events or transactions that occurred during this period required disclosures in the financial statements. Any events occurring after this date have not been factored into the financial statements being presented.
