INDEPENDENT AUDITORS' REPORT

Plan Trustees
Southern Commercial Bank Target Pension Plan
St. Louis, Missouri

We have audited the accompanying statements of net assets available for benefits of Southern Commercial Bank Target Pension Plan as of December 31, 2009, and the related statements of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of and for the year ended December 31, 2008 were audited by GMCH (whose practice became part of LarsonAllen LLP effective October 1, 2009) whose report dated July 7, 2009, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Southern Commercial Bank Target Pension Plan as of December 31, 2009, and the changes in its net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the 2009 basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The 2009 supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 DESCRIPTION OF THE PLAN

The following description of Southern Commercial Bank Target Pension Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution target benefit plan originally effective on January 1, 1997. The Plan has been amended and restated throughout the years to comply with tax legislation. The Plan was last amended and restated effective January 1, 2009. The Plan covers substantially all full-time employees (except for union employees and non-resident aliens) of Southern Commercial Bank (the Company) who have completed one year of service with at least 1,000 hours and are at least age twenty-one or older. The Bank of Hillsboro is a participating employer in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

The Company may, at its discretion, elect to make a contribution to the Plan. For the years ended December 31, 2009 and 2008, the Company contributed an amount necessary to fund the stated target benefit with respect to the participants. The participant's current stated benefit is based on 1.17% of a three year average annual compensation multiplied by the participant's years of projected participation (up to a maximum of 30 years) payable annually as a straight life annuity beginning at normal retirement date. Years of service prior to January 1, 1987 are excluded in determining the target benefit. The assumptions used to determine the present value of the target benefit is 7.5% interest and the GAM 83 Male mortality table. To receive an annual Employer contribution, a participant must have completed 1,000 hours during the Plan year and be employed on the last day of the Plan year. The Plan is in compliance with the minimum funding requirements of ERISA.

Participants direct the investment of the Company Contributions into various investment options offered by the Plan. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the Company's contribution and an allocation of plan earnings or losses. Allocations are based on participant earnings or account balances, as defined. Income is allocated daily based on the shares in the participant's account. The benefit to which a participant is entitled is the benefit that can be provided by the participant's account.

Vesting

Vesting in the Company contribution portion of their accounts, plus earnings thereon, is based on years of continuous service. A participant is 100 percent vested after six years of credited service. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

Payment of Benefits

Participants are eligible for distributions from the Plan upon attaining the normal retirement age of 65, or upon death, disability or termination of employment in the form of a lump sum distribution or an annuity. If a participant terminates employment and the participant's account balance does not exceed $1,000, the Plan administrator will authorize the benefit payment without the participant's consent if no election is made by the Participant. Participant account balances greater than $1,000 but less than $5,000 will be automatically rolled into an Individual Retirement Account if the participant does not request a distribution.

Forfeited Accounts

Forfeited non-vested accounts are used to reduce future Company contributions or to reduce administrative expenses. At December 31, 2009 and 2008, forfeited non-vested accounts totaled $183 and $11,088, respectively. Company contributions were reduced by $11,088 and $-0- for the years ended December 31, 2009 and 2008, respectively.

Reclassifications

Certain accounts in the 2008 financial statements have been reclassified for comparative purposes to conform to the presentation in the 2009 financial statements. These reclassifications did not affect net assets available for benefits, as previously reported.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair Value Measurements (Continued)

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the valuation methodologies used at December 31, 2009 and 2008.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are valued at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Investments in mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end. Investments in certificates of deposit are valued based on fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Purchases and sales are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses

The Company pays certain administrative expenses on behalf of the Plan.

Benefit Payments

Benefits are recorded when paid.

NOTE 2 SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Subsequent Events

In preparing these financial statements, the Plan has evaluated events and transactions for potential recognition or disclosure through October 8, 2010, the date the financial statements were available to be issued.

NOTE 3 FAIR VALUE OF INVESTMENTS

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	2009			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual Funds:				
Blended Funds	$1,751,619	$ -	$ -	$ 1,751,619

Total Investments at Fair Value	$2,221,648	$1,530,202	$ -	$ 3,751,850

	2008			
	Level 1	Level 2	Level 3	Total
Assets:				
Mutual Funds	$1,586,241	$ -	$ -	$ 1,586,241
Certificate of Deposit	-	1,409,221	-	1,409,221
Total Investments at Fair Value	$1,586,241	$1,409,221	$ -	$ 2,995,462

NOTE 4 INVESTMENTS

The following presents investments that represent 5 percent or more of the Plan's net assets available for benefits as of December 31:

	2009	2008	
Certificate of Deposit	$ 1,530,202	$ 1,409,221	
Vanguard 500 Index Signal Shares	1,019,919	-	
Vanguard Total International Stock Index	330,409	155,695	*
Vanguard Total Bond Market Index	215,416	199,230	
Vanguard 500 Index Fund Admiral Shares	-	684,828	

* Investment did not exceed 5% of Plan's net assets available for benefits for the Plan year noted.

During 2009 and 2008, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds appreciated (depreciated) by $352,417 and ($938,929), respectively.

NOTE 5 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 6 PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100 percent vested in their Company contributions.

NOTE 7 PLAN TAX STATUS

The Plan is placing reliance on an opinion letter dated March 31, 2008 received from the Internal Revenue Service on the prototype plan indicating that the Plan is qualified under Section 401 of the Internal Revenue Code (IRC) and is therefore not subject to tax under current income tax law. The prototype Plan has been amended since receiving the opinion letter. However the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

NOTE 8 PARTY-IN-INTEREST TRANSACTIONS

Investments were managed by Vanguard, Plan custodian until April 7, 2009, and by TD Ameritrade, custodian thereafter. Therefore, these investment transactions qualify as party-in-interest transactions.
