Report of Independent Auditor

To the Participants and Trustees
Highland Tank, LLC 401(k) Plan
Stoystown, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements

We have performed an audit of the accompanying financial statements of Highland Tank, LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the 2025 financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the 2025 Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section:

- The amounts and disclosures in the 2025 financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the 2025 financial statements referred to above, related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2025 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the 2025 Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2025 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the 2025 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the 2025 Financial Statements* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the 2025 financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

2025 Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Financial Statements

The financial statements as of December 31, 2024, were audited by other auditors. In accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report dated October 14, 2025, indicated that (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C). Their report also indicated that the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or is derived from the certified investment information, were presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA; and the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determines meets the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of the Plan

The following description of the Highland Tank, LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan was effective January 1, 2024. The Plan is a defined contribution 401(k) profit sharing plan covering substantially all full-time employees of Highland Tank and Manufacturing and certain affiliates: Highland Tank of North Carolina, Inc., Highland Tank of New York, Inc., Lowe Engineering Company, Inc., Bigbee Steel & Tank Company, Highland Tank of Northern Michigan, LLC, and Highland Tank of Central Michigan, LLC (collectively referred to as the "Employers"). An employee becomes eligible to participate in the Plan upon completion of three months of service and attainment of age 18. The Plan excludes leased employees, non-resident aliens, and summer help (as defined) as members of the eligible class of employees for enrollment purposes. An employee may enter the Plan on January 1 or July 1 upon meeting the eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan Administrator is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investments performance.

Contributions – Participants may direct contributions to the Plan up to 75% of their annual compensation on a pre-tax or after tax basis, as defined by the Plan. In any calendar year in which a participant is age 50 or older, an additional "catch-up contribution" may be made. Participants may also contribute amounts representing distributions from other defined benefit or defined contribution qualified plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an automatic enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan within 30 days of becoming eligible. Automatically enrolled participants have their deferral rate set at 6% of eligible compensation and their contributions invested in a designated fund until changed by the participant. An employee has the option to cease enrollment, withdraw all contributions and forfeit all Company contributions within 30 days of becoming eligible. Matching contributions are determined annually by the Employers. For Union Employees at Highland Tank of Central Michigan and all other non-union employees, the Employers shall have the right to make discretionary matching contributions. The Employers matching contribution shall be determined by the Employers with respect to each Plan year. The Employers may make an additional discretionary matching contribution, which is allocated based on each participant's compensation, for that plan year. Contributions are subject to certain Internal Revenue Service ("IRS") limitations.

For Highland Tank Manufacturing Union Employees at Stoystown, the Employers made a matching contribution of 100% of the first 6% of compensation in 2025. The Employers may make an additional discretionary contribution, which is allocated based on each participant's compensation, for a Plan year.

Allocated Insurance Contracts – Certain benefits of the Plan are provided through insurance contracts that are allocated to specific participants. The insurer holds the related assets on behalf of those participants, and the contracts are not subject to the claims of the Plan's creditors. The Plan has no further obligation under these contracts beyond remitting required contributions to the insurance company. Accordingly, the allocated insurance contracts are excluded from the Plan's net assets available for benefits presented in the accompanying financial statements. Included in the statement of changes in net assets available for benefits were payments to allocated insurance contracts during the year in the amount of $475,000.

Participant Accounts – Each participant's account is credited with the participant's contributions, rollover contributions (if any), employer's matching contributions, employer's discretionary contributions and the Plan's earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of the Plan (continued)

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Employers contribution portion of their accounts plus earnings thereon is based on years of continuous service. Participants vest ratably and are 100% vested after six years of credited service.

Payment of Benefits – On termination of service due to death, disability or retirement, or if a terminated participant's account balance is $5,000 or less, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. This can be a cash distribution or a rollover into an IRA or other qualified plan. If their account balance is more than $5,000, the participant must elect in writing to either receive a lump-sum amount or installments, or to purchase an annuity equal to the value of his or her account. In-service distributions are permitted for participants who have attained normal retirement age of 59½ and for early retirement age 55, subject to certain limitations. In addition, the Plan allows for hardship distributions if certain criteria are met.

Forfeiture – A forfeiture results from the non-vested portion of the employer discretionary account of a terminating participant. At December 31, 2025 and 2024, forfeited non-vested accounts were $13,218 and $76,533, respectively. Forfeitures of employer discretionary contributions can be used to reduce employer contributions, reallocate as employer contributions, or pay administrative fees of the Plan in 2025, forfeitures of $133,747 were used to reduce employer contributions and forfeitures of $1,291 were used to pay administrative fees.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition – Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors (see Note 3).

Purchases and sales of securities are recorded on a trade-date-basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Contributions – Contributions from Plan participants and employer match from the Employers are recorded in the year in which participant contributions are withheld from compensation. The discretionary matching contributions are recorded in the year paid.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Expenses of maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Employers. Expenses paid by the Employers are excluded from these financial statements. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events – The Plan has evaluated subsequent events through October 12, 2026, the date the financial statements were available to be issued. See Note 11.

Note 3—Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices to active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets and liabilities in active markets;
- Quoted prices for identical or similar assets and liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

Money Market Fund – Value approximates fair value due to short-term of this investment.

Mutual Funds – Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish net asset value ("NAV") and to transact at that price. These funds held by the Plan are deemed to be actively traded.

Collective Investment Trust – Valued at NAV of participation units held by the Plan at year end. NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund less its liabilities. The practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. At December 31, 2025 and 2024, there were no unfunded commitments and investments are redeemable on a daily basis and without restriction.

Note 3—Fair value measurements (continued)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

	Assets at Fair Value at December 31, 2025			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,243,674	$ -	$ -	$ 1,243,674
Mutual funds	43,929,229	-	-	43,929,229
Total assets in the fair value hierarchy	$ 45,172,903	$ -	$ -	45,172,903
Investment measured at NAV(a)				753,188
Total investments at fair value				$ 45,926,091

	Assets at Fair Value at December 31, 2024			
	Level 1	Level 2	Level 3	Total
Money market fund	$ 1,279,699	$ -	$ -	$ 1,279,699
Mutual funds	38,156,777	-	-	38,156,777
Total assets in the fair value hierarchy	$ 39,436,476	$ -	$ -	39,436,476
Investment measured at NAV(a)				802,646
Total investments at fair value				$ 40,239,122

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Investment Measured Using NAV Per Share Practical Expedient (or its Equivalent)
The following table summarizes investments for which fair value is measured using NAV per share practical expedient as of December 31, 2025 and 2024. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

December 31, 2025	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	$ 753,188	None	Daily	None

December 31, 2024	Fair Value	Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
Collective investment trust	$ 802,646	None	Daily	None

Note 4—Investment concentration

The following presents investments that represent 10% or more of the Plan's total investments as of December 31:

	2025	2024
American Funds 2030 Target Date Fund R4	$ 5,588,116	$ 5,808,303
American Funds 2035 Target Date Fund R4	6,060,990	4,833,301
American Funds 2040 Target Date Fund R4	5,088,962	*

* Investment does not represent 10% or more of total Plan investments at year-end.

Note 5—Information certified by the qualified institution

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Capital Bank and Trust Company, a qualified institution, has certified to the completeness and accuracy of the following data included in the accompanying financial statements and supplemental schedule.

- Investments at fair value as shown in the statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments and interest and dividends as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 6—Plan termination

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. Participants will become 100% vested in their employer contributions.

Note 7—Risks and uncertainties

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8—Tax status

The Employers have a non-standardized pre-approved profit sharing plan with CODA sponsored by Metro Benefits, Inc. The pre-approved profit sharing plan received an opinion letter on June 30, 2020 that the pre-approved plan was in compliance with the application requirements of the Internal Revenue Code ("IRC"). The plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC, and, therefore, believe that the plan is qualified, and the related trust is tax-exempt.

Note 8—Tax status (continued)

U.S. GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 9—Related party and party-in-interest transactions

The Plan pays fees to the asset trustee, investment advisor, third party administrator, and recordkeeper. American Funds Service Company ("AFS") is an affiliated company of the trustee. Certain Plan investments as of December 31, 2025 and 2024 are held in American Funds. AFS handles certain administrative and reconciliation functions pertaining to plan investments in American Funds. Therefore, these transactions qualify as party-in-interest transactions.

The Plan maintains a revenue sharing account with its recordkeeper. This revenue is used to offset certain amounts owed to the recordkeeper for administrative services to the Plan. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of the participants. The Plan or Employers may make a payment to the recordkeeper for administrative expenses not covered by revenue sharing.

Note 10—Reconciliation of financial statements to Form 5500

The Plan prepares the federal Form 5500 on the modified cash basis of accounting. The financial statements are prepared on the accrual basis of accounting in line with U.S. GAAP. In addition, allocated insurance contractual arrangements, including the related other income and payments on the allocated insurance contracts are excluded from plan assets on U.S. GAAP statements. The following is a schedule reconciling the financial statements to Form 5500 at December 31:

	2025	2024
Net assets reported on statement of net assets available for benefits	$ 45,926,091	$ 40,239,122
Add Investments in allocated insurance contracts	3,367,928	2,704,197
Net assets reported on Form 5500 at December 31	$ 49,294,019	$ 42,943,319

Net increase reported on statement of changes in net assets available for benefits for the year ended December 31, 2025	$ 5,686,969
Add other income on allocated insurance contracts	188,731
Add payments to allocated insurance contracts	475,000
Net income reported on Form 5500	$ 6,350,700

Note 11—Subsequent Event

Effective January 1, 2026, the Plan was amended to provide a safe harbor matching contribution equal to 100% of participant elective deferrals, up to 4% of Plan compensation. The amendment also provides for the automatic enrollment of newly eligible participants at a deferral rate of 4% and the participation of long-term, part-time employees. In addition, it permits participants to self-certify hardship distributions and modifies certain in-service withdrawal provisions.
