INDEPENDENT AUDITORS' REPORT

To the Plan Administrator, Trustees
and Participants
Childrenfirst 401(k) Plan
Orlando, Florida

We were engaged to audit the financial statements and supplemental schedules of **Childrenfirst 401(k) Plan** as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009 and the supplemental schedules of assets held for investment purposes as of December 31, 2009. These financial statements and supplemental schedules are the responsibility of the Plan's management. The financial statements of the plan as of December 31, 2008 were audited by other auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), the Plan administrator instructed the other auditors not to perform and they did not perform, any auditing procedures with respect to the information certified by the custodian. Their report, dated August 10, 2009, indicated that (a) because of the significance of the information that they did not audit, they were unable to, and did not, express an opinion on the financial statements taken as a whole and (b) the form and content of the information included in the financial statements other than that derived from the information certified by the custodian, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Principal Life Insurance Company, the custodian of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedules. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from Principal Life Insurance Company as of December 31, 2009, and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedules taken as a whole. The form and content of the information included in the financial statements and supplemental schedules, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following description of Childrenfirst 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Childrenfirst Home Health Care Service (the Company), who have completed one year of service and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Participants may contribute up to 100% of compensation, as defined in the Plan, subject to Internal Revenue Code (the Code) limitations. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their accounts into various investment options offered by the Plan.

The Company may elect to make discretionary matching and/or profit sharing contributions. The Company did not make or elect to make any discretionary contributions during 2009.

Participant Accounts

Each participant's account is credited with the participant's contributions plus Company matching contributions and allocations of the Company's discretionary profit sharing contribution and Plan earnings, and is charged with administrative expenses, as required. Allocations are based on participant compensation or account balances, as defined in the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

Upon termination of service, death, disability or retirement, a participant may elect to receive a lump-sum payment equal to the vested value of his or her account. Withdrawals may be made under certain other circumstances in accordance with the Plan document.

Continued --

1. Description of Plan (Continued)

Vesting

Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company's contributions plus actual earnings thereon is based on years of service. A participant vests at 20% annually starting with two years of service, until fully vested upon completion of six years of credited service. Any participant employed at the date of total and permanent disability, death or the attainment of normal retirement age, as defined, is deemed to be 100% vested.

Participant Loans

Participants may borrow from their account a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balance, whichever is less. Loan terms range from one to five years or longer if for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at rates which are commensurate with local prevailing rates, as determined by the plan administrator at the time of issuance. Principal and interest are repaid ratably through payroll deductions.

Forfeitures

Forfeited accounts represent non-vested Company contributions forfeited by employees who terminate their employment or withdraw from the Plan. Forfeitures are retained by the Plan and used to reduce future Company contributions and administrative expenses. At December 31, 2009 and 2008 forfeited non-vested accounts totaled $520 and $430, respectively.

Reclassifications

Certain amounts in the 2008 financials have been reclassified to conform with the current year presentation. These reclassifications had no effect on 2008 net assets available for benefits or the net decrease in net assets available for benefits as previously reported.

2. Summary of Significant Accounting Policies

Accounting Standards Codification

Effective July 1, 2009 the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative, nongovernmental U.S. generally accepted accounting principles (GAAP). The historical GAAP hierarchy was eliminated and the ASC became the only level of authoritative GAAP. The Plan's accounting policies were not affected by the conversion to ASC. However, references to specific accounting standards in the notes have been changed to refer to the appropriate ASC topics in certain instances or otherwise omitted.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with GAAP.

Continued --

2. Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment Valuation

The Plan's investments are stated at fair value based upon quoted market prices, as determined by the custodian of the Plan's assets (Note 10). The difference between fair value and contract value of the stable value fund is presented as an adjustment to net assets available for benefits. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. Participant loans are stated at the outstanding principal balances which approximates fair value.

The change in fair value of investments and realized gains (losses) are reflected in the accompanying statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments. The realized gains or losses on investments are the difference between the proceeds received and the fair value of the investment sold at the beginning of the Plan year.

Payment of Benefits

Benefits are recorded when paid.

3. Information Prepared and Certified by Custodian

The plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

The investment information included in the accompanying financial statements and supplemental schedules was obtained from data that has been certified as complete and accurate to the plan administrator by Principal Life Insurance Company (Principal), the custodian of the Plan, at December 31, 2009. Incorporation of this financial information in the accompanying financial statements and supplemental schedules is based solely on those certifications.

Continued --

3. Information Prepared and Certified by Custodian (Continued)

Investments that represent 5% or more of the Plan's net assets at December 31 are:

	2009	2008
Investments, at fair value:		
Principal Bond & Mortgage	$ 323,488	$ 250,847
Principal Largecap S&P 500 Index	232,050	167,590
Principal Diversified International	198,329	142,472
Principal Largecap Growth	181,934	131,991
Investments, at contract value:		
Principal Stable Value Fund	398,002	371,909

The investment income reported in the statement of changes in net assets available for benefits for the year ended December 31, 2009 was certified by Principal Life Insurance Company.

4. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

5. Stable Value Fund

The Plan has a fully benefit-responsive investment contract (the Contract) with Principal. Principal maintains the contributions in a common collective trust. The Contract is credited with earnings on the underlying investments and is charged for participant withdrawals and administrative expenses. The Contract is included in the statements of net assets available for benefits at fair value, with an adjustment to contract value included as an adjustment to net assets available for benefits, as reported to the Plan by Principal. Contract value represents contributions made under the Contract, plus investment income credited to the Contract based on contract rates currently earned by Principal, less funds used to make benefit payments to participants and to pay administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Continued --

5. Stable Value Fund (Continued)

The fair value of the Contract at December 31, 2009 and 2008 was $400,691 and $352,640, respectively. There are no reserves against contract value for credit risk of the contract issuer or otherwise. The average yield was 2.16% and 5.97% for 2009 and 2008, respectively. The crediting interest rate was 2.63% and 3.68% at December 31, 2009 and 2008, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and is reviewed on a daily basis for resetting.

Certain events, such as the premature termination of the Contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with Principal. The Plan administrator believes the occurrence of such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will be 100% vested in their accounts.

7. Administrative Expenses

Administrative expenses associated with custody, recordkeeping, loan and other transaction fees are charged to participants. The Company provides certain accounting and management services to the Plan at no charge and pays for the annual audit of the Plan.

8. Tax Status

The Plan has adopted a prototype plan that has been determined by the Internal Revenue Service, in an opinion letter dated March 31, 2008, to be in accordance with applicable sections of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

9. Related Party Transactions

Certain Plan investments are shares of funds managed by Principal Life Insurance Company, the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions.

10. Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants, as of the measurement date. Authoritative guidance establishes a hierarchy of valuation techniques based upon whether the inputs to those valuation techniques reflect assumptions other market participants would use based upon market data obtained from independent sources (also referred to as observable inputs). The following summarizes the fair value hierarchy:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The determination of where assets and liabilities fall within this fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the years ended December 31, 2009 and 2008.

Pooled Separate Accounts: Valued at the net asset value of shares held by the Plan at year end.

Stable Value Fund: Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit-worthiness of the issuer.

Continued --

10. Fair Value Measurements (Continued)

Participant Loans: Valued at outstanding principal, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair value. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth, by level within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009		
	Level 1	**Level 2**	**Level 3**
Pooled separate accounts	$ -	$ 1,620,325	$ 15,261
Stable value fund	-	400,691	-
Participant loans	-	-	179,605
Total assets at fair value	$ -	$ 2,021,016	$ 194,866

	Assets at Fair Value as of December 31, 2008		
	Level 1	**Level 2**	**Level 3**
Pooled separate accounts	$ -	$ 1,150,229	$ 17,171
Stable value fund	-	352,640	-
Participant loans	-	-	202,724
Total assets at fair value	$ -	$ 1,502,869	$ 219,895

The table below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	Participant loans	**Pooled separate accounts**
Balance, December 31, 2008	$ 202,724	$ 17,171
Unrealized loss relating to instruments still held at year-end	-	(6,150)
Purchases, sales, issuances and settlements (net)	(23,119)	4,240
Balance, December 31, 2009	$ 179,605	$ 15,261

11. Delinquent Participant Contributions

ERISA regulations require the Company to remit participant contributions to the Plan as soon as they can be reasonably segregated from the Company's general assets, but no later than the 15th business day of the month following the month in which the participant contributions are withheld. During 2009 participant contributions and loan repayments totaling $2,845 and $42, respectively, were not remitted to the Plan within the requirements of ERISA. Prior to year-end the Company corrected the error and transmitted the contributions, plus lost earnings, to the Plan.

12. Subsequent Events

Subsequent events were evaluated through October 12, 2010, which is the date the financial statements were available to be issued.
