INDEPENDENT AUDITOR'S REPORT

Board of Trustees
Cole's Employee Stock Ownership Plan and Trust Agreement

Opinion
We have audited the financial statements of Cole's Employee Stock Ownership Plan and Trust Agreement, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of Cole's Employee Stock Ownership Plan and Trust Agreement as of December 31, 2025 and 2024, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cole's Employee Stock Ownership Plan and Trust Agreement and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cole's Employee Stock Ownership Plan and Trust Agreement's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

(Continued)

INDEPENDENT AUDITOR'S REPORT (Continued)

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Cole's Employee Stock Ownership Plan and Trust Agreement's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cole's Employee Stock Ownership Plan and Trust Agreement's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

INDEPENDENT AUDITOR'S REPORT (Continued)

Supplemental Schedules Required by ERISA (Continued)
In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2025 and 2024

1. PLAN DESCRIPTION

The following description of the Cole's Employee Stock Ownership Plan and Trust Agreement (Plan) provides only general information regarding the Plan. Participants should refer to the Plan documents for a more complete description of Plan provisions.

General
Cole's Salon, Inc., (Company) established the Plan effective as of January 1, 1994. As of January 1, 1994, the Plan was amended and operates, in relevant part, as a non-leveraged employee stock ownership plan (ESOP) and is designed to comply with Section 4975(e)(7) and the regulations thereunder of the Internal Revenue Code of 1986 as amended (IRC), and is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility
Employees of the Company are generally eligible to participate in the Plan after one year of service, providing they worked at least 1,000 hours and have reached the age of 21 during such plan year. Participants who do not have at least 1,000 hours of service or have not reached the age of 21 during such plan year or are not employed on the last working day of a plan year are generally not eligible for an allocation of Company contributions for such year.

Contributions
The Company makes contributions of cash or stock to the Plan which are determined annually by the trustees of the ESOP. Employee contributions are not permitted.

Participant Accounts
The Plan is a defined contribution plan under which a separate individual account is established for each participant. The Plan allocates contributions and forfeitures to eligible participants equally. Administrative expenses and investment activity are allocated to participant accounts based on the ratio of the participant's account balance. Only those participants who are eligible employees of the Company as of the last day of the Plan year will receive an allocation.

Vesting
Participants are vested based on years of service. A participant is 100 percent vested after 3 years of credited service. The account of a participant which is not vested shall be forfeited as of December 31 of the Plan year during which the participant incurs a one-year break in service. Shares forfeited may be reinstated upon re-employment of a former participant before five consecutive one-year breaks in service.

Payment of Benefits
Upon death, disability or retirement, a participant will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account as defined in the Plan Document.

(Continued)

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2025 and 2024

1. PLAN DESCRIPTION (Continued)

Payment of Benefits (Continued)

Upon termination of service, a participant with a non-forfeitable accrued benefit exceeding $5,000 can elect to receive either a lump-sum amount equal to the participant's vested account balance or installments over a period of time not to exceed the participant's assumed life expectancy (or the participant's and their beneficiary's assumed life expectancies). If no election is made, the plan administrator may elect to distribute the balance in a lump sum to the participant. Prior to separation from service, a participant reaching age 70 ½ can elect to receive all or a portion of their vested account balance or defer payment until retirement.

Upon termination of service with non-forfeitable accrued benefits below $5,000, participants receive a lump-sum distribution.

Forfeited Amounts

Forfeited non-vested amounts are allocated to participants in the year of forfeiture. Total forfeitures allocated to participants was $1 and $2,310 for the years ended December 31, 2025 and 2024, respectively. There were no forfeitures available to reduce administrative expenses as of December 31, 2025.

Put Option

Under federal income tax regulations, the employer stock that is held by the Plan and its participants and is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current appraised value of the stock. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Diversification

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in Company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of post-1986 shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent. Participants who elect to diversify receive a cash distribution.

Voting Rights

Each participant is entitled to exercise voting rights attributable to the shares allocated to his or her account and is notified by the Trustee prior to the time that such rights are to be exercised. The Trustee is permitted to vote for any allocated share for which instructions have not been given by a participant.

The financial statements of the Plan are prepared under the accrual method of accounting.

Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Investment Valuation and Income Recognition

The common shares of the Company are valued annually by independent appraisals. The Plan's investments, except for the common shares of the Company, are stated at fair value using quoted market prices, if available. See Note 4 for further discussion of investment valuation inputs.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded when earned. Dividends are recorded on the ex-dividend date.

Gains and losses (realized and unrealized) are included in the statement of changes in net assets available for benefits as net appreciation (depreciation) in fair value of investments and company stock. Net appreciation (depreciation) includes the Plan's gains and losses on investments purchased, sold, and held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of redemptions are charged to the participant's account and are included in investment and administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Risks and Uncertainties

The Plan invests in various investment securities as well as the Company's stock. Investment securities and the Company's stock are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment portfolio, it is at least reasonably possible that changes in the values of the investment portfolio would occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and changes in net assets available for benefits.

As of December 31, 2025 and 2024, the Plan had investments totaling $4,839,960 and $4,778,050 that were concentrated in two funds, respectively.

3. INVESTMENTS

The Plan's investment in Company stock as of December 31, 2025 and 2024 are as follows:

	2025	2024
Company common stock		
Number of shares	110,000	110,000
Cost	$ 2,615,604	$ 2,615,604
Fair value	3,843,400	3,801,600

4. FAIR VALUE MEASUREMENTS

Generally accepted accounting principles established a framework for measuring fair value based on a hierarchy that prioritizes valuation inputs as referenced below:

Level 1	Inputs using quoted prices in active markets for identical assets or liabilities
Level 2	Significant other observable inputs including quoted prices for similar assets in active or inactive markets, inputs that are derived from or corroborated by observable market data by correlation or other means, or inputs other than quoted prices that are observable for the asset
Level 3	Significant unobservable inputs

Valuation levels are not necessarily an indication of associated risk.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2025 and 2024.

(Continued)

4. FAIR VALUE MEASUREMENTS (Continued)

Mutual funds: Mutual funds are valued at fair value using the daily closing prices as reported by the fund. Mutual funds held by the Plan are open ended mutual funds that are registered with the Securities and Exchange Commission.

United States treasury bonds: Valued using pricing models maximizing the use of observable inputs for similar securities.

Company common stock: The fair value of the Company common stock held in the Plan is valued at estimated fair value based upon independent appraisal. The appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, discount rates, return on assets, return on equity, market comparable and estimated fair value of Company assets and liabilities, including discounts for lack of control and lack of marketability.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table summarizes the Plan's investments that are accounted for at fair value on a recurring basis:

December 31, 2025	Level 1	Level 2	Level 3	Total
Mutual funds	$ 1,847,293	$ -0-	$ -0-	$ 1,847,293
United States treasury bonds	-0-	2,001,540	-0-	2,001,540

Total investments at fair value	$ 1,807,084	$ 1,975,520	$ 3,801,600	$ 7,584,204

There were no purchases, sales, transfers in, or transfers out related to Level 3 assets for either of the years ended December 31, 2025 and 2024.

NOTES TO FINANCIAL STATEMENTS
Years Ended December 31, 2025 and 2024

5. COMPANY DIVIDENDS

The Company paid a dividend to the Plan totaling $220,000 and $440,000 during the years ended December 31, 2025 and 2024, respectively, all of which were allocated to the participants.

6. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Alerus is the trustee as defined by the Plan. Alerus is a related party, and therefore, the transactions qualify as party-in-interest transactions. Fees paid by the Plan to Alerus for all accounting and investment management services was $7,937 and $8,229 for the years ended December 31, 2025 and 2024, respectively.

The Plan invests in Company common stock, and receives dividends and contributions from the Company, as applicable. These are related party and party-in-interest transactions.

7. INCOME TAX STATUS

The Plan obtained its latest determination letter on December 15, 2014, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. Although the Plan has been amended since receiving the determination letter, the plan administrator and tax counsel believe the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code and, therefore, believe the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress.

8. PLAN TERMINATION

Although they have not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and terminate participation in the Plan subject to provisions of ERISA. In the event of termination, participants become 100% vested in their accounts.
