Independent Auditors' Report

Plan Administrator and Participants of
Riggs Oil Co., Inc. 401(k) Plan
Big Stone Gap, Virginia

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Riggs Oil Co., Inc. 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2025 and 2024, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule H, Line 4i, Schedule of Assets (Held at End of Year) as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying

accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Riggs Oil Co., Inc. 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General - Riggs Oil Company is located in southwest Virginia and distributes motor vehicle fuels and operates a chain of convenience stores which serve as retail outlets for motor vehicle fuels. The Plan is a defined contribution plan with a profit sharing component, covering all employees who have reached 21 years of age and completed one year of service with at least 1,000 hours of service during the twelve consecutive months following their date of hire. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan was amended and restated effective November 1, 2021, to bring the Plan into compliance with the requirements of the 2017 Cumulative List (Notice 2017-37).

Contributions - Each year, participants may contribute up to 100% of their annual gross compensation, as defined in the Plan, subject to IRC limitations. Participants who have attained the age fifty before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions (rollovers) from other qualified defined benefit or contribution plans.

The Company makes matching contributions dollar-for-dollar on the first 3% of earnings that employees contribute to the Plan. Additional pretax sharing contributions may be made at the option of the Company's Administrative Committee. Contributions are subject to certain limitations.

Participant Accounts - Each participant's account is credited with participant and employer contributions and allocations of Plan earnings and charged with allocations of administrative expenses. Allocations of Plan earnings and administrative expenses are based on investment earnings and administrative expenses in combination with account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance. All contributions are participant directed, allowing participants to direct the investment of contributions into various investment options offered by the Plan. Participants are able to change their investment options via the internet.

Vesting - Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service with each participant becoming 20% vested after the second year of service in which they are credited with 1,000 hours of service. A participant is 100% fully vested in their matching and discretionary after six years of credited service. Refer to the Summary Plan Description for a more complete description.

Payment of Benefits - On termination of service due to death, disability or retirement, a participant (or participant's beneficiaries) will receive a lump-sum amount equal to the value of the participant's vested interest in his or her account. Partial withdrawals or installments are only permitted for Participants or Beneficiaries who must receive required minimum distributions.

Administrative Expenses - Administrative expenses related to administration of the Plan are paid from forfeitures of participant's unvested portion of their account balances. Participant accounts are only charged for investment fees. Investment management fees are netted out of mutual fund income in arriving at the net investment income allocated to participants.

Forfeitures - Forfeitures may be used to pay plan expenses. Subsequent to paying plan expenses, for the Plan Year in which the forfeitures occur, forfeitures may be used to reduce nonelective and or employer matching contributions.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting - The financial statements of the Plan are prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Estimates - The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Investment Valuation and Income Recognition - The Plan's investments in pooled separate accounts are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's fixed/general account investment agreement with the insurance company is reported at contract value.

Purchases and sales of investments are recorded on the trade date. Dividend income is recognized on the ex-dividend date, and interest income is recognized as earned. Net appreciation or depreciation in the fair value of investments includes realized gains and losses on investments sold and unrealized changes in the fair value of investments held during the year.

See Note 4 for a discussion of fair value measurements and Note 5 for the fixed/general account investment agreement with the insurance company.

Payment of Benefits - Benefits paid to participants are recorded when paid.

Date of Management's Review - Management has evaluated events and transactions occurring subsequent to the statements of net assets available for benefits date for items that should potentially be recognized or disclosed in these financial statements. The evaluation was conducted through October 14, 2026, which is the date these financial statements were available to be issued.

NOTE 3 - TRUSTEE CERTIFICATION OF INVESTMENTS IN TRUST

The Plan Administrator has elected an ERISA Section 103(a)(3)(C) audit, as permitted by 29 CFR § 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the audit does not extend to investment information prepared and certified by a qualified institution, except for procedures necessary to determine whether the information is certified as complete and accurate and whether the certified information is appropriately presented and disclosed.

The Plan Administrator obtained a certification from Empower for the Plan years ended December 31, 2025 and 2024. The certification states that the statement of transactions and list of securities furnished pursuant to 29 CFR § 2520.103-5(c) are complete and accurate, that the information was prepared on the cash basis method of accounting, and that sales and purchase transactions during the Plan year were conducted using appropriate market values

The investment information included in the accompanying financial statements and supplemental schedule was obtained from information prepared and certified as complete and accurate by Empower.

	2025	2024
Investments	$ 2,168,972	$ 1,864,884
Net appreciation (depreciation) of investments	273,334	81,369
Dividends	9,170	103,858

NOTE 4 - FAIR VALUE MEASUREMENTS

The Plan measures investments reported at fair value in accordance with ASC Topic 820, Fair Value Measurement. ASC Topic 820 establishes a three-level hierarchy for valuation inputs. Level 1 measurements use unadjusted quoted prices in active markets for identical assets. Level 2 measurements use observable inputs other than Level 1 quoted prices. Level 3 measurements use significant unobservable inputs.

Pooled separate accounts - The Plan invests in pooled separate accounts under a group annuity contract with MassMutual Life Insurance Co. The pooled separate accounts consist of variable annuity investment options selected by Plan participants. The variable annuity investment options are valued using prices or unit values calculated daily by the annuity provider according to the methods described in the annuity contract.

NOTE 4 - FAIR VALUE MEASUREMENTS (Continued)

The Plan's interest in the pooled separate accounts does not have an unadjusted quoted price in an active market. Accordingly, the pooled separate accounts are classified within Level 2 of the fair value hierarchy.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024, respectively:

	2025			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 2,139,888	$ -	$ 2,139,888
Investments at fair value	$ -	$ 2,139,888	$ -	2,139,888
Fixed account investment agreement with insurance company at contract value				29,084
Total investments				$ 2,168,972

	2024			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ -	$ 1,778,675	$ -	$ 1,778,675
Investments at fair value	$ -	$ 1,778,675	$ -	1,778,675
Fixed account investment agreement with insurance company at contract value				86,209
Total investments				$ 1,864,884

NOTE 5 - FIXED ACCOUNT VIA GROUP VARIABLE FUNDING AGREEMENT

In 2019, the Plan entered into a Group Variable Funding Agreement with Massachusetts Mutual Life Insurance Company ("MassMutual"), effective September 1, 2019. The Agreement provides for a Fixed Account, which is part of MassMutual's general account. Amounts invested in the Fixed Account are credited with interest and reduced for participant withdrawals, transfers, and applicable fees.

The Fixed Account is included in the Statement of Net Assets Available for Benefits at contract value because the Fixed Account is considered fully benefit-responsive. Contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts. Contract value represents contributions, plus credited interest, less participant withdrawals, transfers, and fees. Participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their investment at contract value.

Amounts invested in the Fixed Account are credited with interest at rates declared by MassMutual, subject to the minimum guaranteed interest rate provisions of the Agreement.

Certain events may limit the ability of the Plan to transact at contract value with MassMutual. The Agreement contains a liquidation value formula that may result in a downward adjustment in cash surrender benefits. Fixed Account transfers, withdrawals, or surrenders resulting from employer-initiated events generally are made at Fixed Account liquidation value unless MassMutual agrees otherwise. Employer-initiated events include, among others, mergers, layoffs, facility closings, bankruptcy or insolvency proceedings, full or partial plan termination, certain material plan amendments, adding a competing fund, employer-directed transfers out of the Fixed Account, employer solicitation of participant transfers, and early retirement incentive programs.

NOTE 5 - FIXED ACCOUNT VIA GROUP VARIABLE FUNDING AGREEMENT (Continued)

MassMutual may discontinue the Agreement upon 90 days' written notice or upon certain specified events, including loss of the Plan trust's qualified status under Section 401(a) of the Internal Revenue Code, failure by the Plan sponsor to provide necessary information that is not cured within the required period, amendments to the Plan trust that adversely affect MassMutual's obligations, legal changes that materially affect MassMutual's obligations or ability to maintain the class of business, no contributions during any consecutive 12-month period, or contributions or balances falling below MassMutual's applicable underwriting standards. Upon discontinuance, Fixed Account value is payable under either a book value installment alternative or a lump-sum alternative determined using the liquidation value formula.

The Plan Administrator does not believe the occurrence of any event that would limit the Plan's ability to transact at contract value with participants is probable.

NOTE 6 - FORFEITURES

During the Plan years ended December 31, 2025 and 2024, participants forfeited non-vested employer matching and profit sharing contributions totaling $7,413 and $10,792, respectively. During 2025, the forfeiture account earned interest of $100 and was charged fees of $17. The Plan used $27,630 in 2025 and $17,058 in 2024 to offset employer contributions. As of December 31, 2025 and 2024, $0 and $20,134, respectively, were available to offset future employer contributions or pay plan expenses.

NOTE 7 - TAX STATUS OF PLAN

The Plan is maintained under a pre-approved defined contribution plan document. The IRS issued an opinion letter dated June 30, 2020, Serial Number Q702483a, stating that the form of the pre-approved plan document is designed in accordance with applicable sections of the Internal Revenue Code. The Plan Administrator believes the Plan is designed and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, including IRC §401(a), and that the related trust is exempt from federal income taxes under IRC §501(a).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by taxing authorities. Management has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025, there are no uncertain tax positions that require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits for any tax periods in progress. The Plan Administrator believes the Plan is no longer subject to income tax examinations for years prior to 2022.

NOTE 8 - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 9 - TRANSACTIONS WITH PARTY-IN-INTEREST

The Plan invests in pooled separate accounts and a fixed investment account under a group variable funding agreement with Massachusetts Mutual Life Insurance Company ("MassMutual"). Empower provides administrative and recordkeeping services to the Plan. Certain transactions involving these entities constitute party-in-interest transactions under ERISA and may qualify for applicable exemptions.

The Company serves as Plan Administrator and pays certain administrative expenses, including audit and professional fees, on behalf of the Plan. Other than employer contributions, no transactions between the Company and the Plan were recorded during 2025 or 2024.

NOTE 10 - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to discontinue contributions at any time and to terminate participation in Plan subject to the related provisions of ERISA. In the event of termination or permanent discontinuance of contributions, participants would become 100% vested in their accounts.
