INDEPENDENT AUDITORS' REPORT

Board of Directors
K & F Industries Savings Plan
Akron, Ohio

We were engaged to audit the accompanying statements of net assets available for benefits of K & F Industries Savings Plan as of December 31, 2009 and 2008, and the related statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Fidelity Management Trust Company, and T. Rowe Price Trust Company, the trustees of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that T. Rowe Price Trust Company held the Plan's investment assets and executed investment transactions from April 1, 2009 to December 31, 2009, and that Fidelity Management Trust Company held the Plan's investment assets and executes investment transactions as of December 31, 2008 and for the period January 1, 2008 to March 31, 2009. The plan administrator has obtained certifications from the trustees as of and for the years ended December 31, 2009 and 2008, that the information provided to the plan administrator by the trustees is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the trustees, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the United States Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTES TO FINANCIAL STATEMENTS

K & F INDUSTRIES SAVINGS PLAN

Note 1. Description of the Plan

The following description of the K & F Industries (the Company) Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined-contribution 401(k) plan covering all full-time employees of the Plan sponsor. Prior to April 1, 2009, all employees were eligible as of their date of hire. Effective April 1 2009, new salary employees are no longer eligible to enroll in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may voluntarily defer a percentage of gross salary, up to the statutory maximum amounts. Participants may also contribute amounts representing distributions from other qualified plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Company contributes 60% of the first 6% of base compensation that a participant contributes to the Plan. Certain union employees hired after March 1, 2007 will also receive a profit-sharing contribution not to exceed \$700 if certain criteria are met.

Participant Accounts

Each participant's account is credited with the participant's contributions, related matching contributions, and allocations of the Plan's earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their employee contributions plus actual earnings thereon. Participants vest in matching contributions made by the Company and the earnings thereon upon the completion of three years of service with the Company, reaching the normal retirement date while actively employed, or termination of employment as a result of total disability or death.

Participants' Investment Options

Upon enrollment in the Plan, a participant must direct employer contributions and employee deferrals to selected investments, as made available and determined by the plan administrator. Participants may change their investment options at their discretion.

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. The loans are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 9.25%, which are commensurate with local prevailing rates as determined by an oversight committee. The terms of the loans are one to five years or up to ten years for the purchase of a primary residence. Principal and interest are paid monthly through payroll deductions.

Note 1. Description of the Plan (Continued)

Payment of Benefits

Upon the retirement, termination, disability or death of a participant, all vested amounts attributable to the participant's account (elective salary deferrals, contributions by the Company and income allocable to such amounts) become payable to the participant or beneficiary. The participant or beneficiary may elect to be paid in a lump-sum or in installments over a period of years, not to extend beyond the joint and last survivor expectancy of the participant and a designated beneficiary, in an amount equal to the vested value of his or her account. Hardship withdrawals are also permitted by the Plan.

Forfeited Accounts

Any forfeitures are used to restore previously forfeited amounts for individuals who return to the employment of the Company within a 60-month period. Any additional forfeitures are used to pay Plan expenses. The forfeiture balance at December 31, 2009 and 2008 was \$231,215 and \$199,006, respectively.

Note 2. Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual basis of accounting.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. The statement of net assets available for benefits presents the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statement of changes in net assets available for benefits is prepared on a contract value basis.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS

K & F INDUSTRIES SAVINGS PLAN

Note 2. Significant Accounting Policies (Continued)

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Administrative Expenses

As provided in the Plan document, costs of administering the Plan are paid by the Plan. Certain administrative and clerical functions are performed by the Company's employees at no charge to the Plan.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Standards (SFAS) No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162, (SFAS 168). SFAS 168 establishes the FASB Accounting Standards Codification (ASC) as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP). SFAS 168 does not change GAAP and the adoption of SFAS 168 did not have a material impact on the Company's financial statements.

In September 2009, FASB issued an amendment "Investment in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)" (ASU 2009-12), which provides guidance on how entities should estimate the fair value of certain alternative investments. The fair value of investments within the scope of this guidance can now be determined using net asset value (NAV) per share as a practical expedient, when the fair value is not readily determinable, unless it is probable the investment will be sold at something other than NAV. It also requires disclosure of certain attributes by major category of alternative investments, regardless of whether the practical expedient was used. See Note 4 for the impact of the adoption.

Pending Accounting Pronouncements

In January 2010, FASB issued amendment "Fair Value Measurements and Disclosures – Improving Disclosures about Fair Value Measurements" (ASU 2010-06), which requires new disclosures and reasons for transfers of financial assets and liabilities between Levels 1 and 2. This amendment also clarifies that fair value measurement disclosures about inputs and valuation techniques are required for both Level 2 and Level 3 measurements. It further clarifies that the reconciliation of Level 3 measurements should separately present purchases, sales, issuances, and settlements instead of netting these changes.

NOTES TO FINANCIAL STATEMENTS

K & F INDUSTRIES SAVINGS PLAN

Note 2. Significant Accounting Policies (Continued)

With respect to matters other than Level 3 measurements, the amendment was effective for periods beginning on or after December 15, 2009. The guidance related to Level 3 measurements is effective for periods beginning on or after December 15, 2010. We are currently evaluating the impact of the guidance related to Level 3 measurements on our disclosures.

Note 3. Investments

All investment information including investments held as of December 31, 2009 and for the period April 1, 2009 through December 31, 2009 by T. Rowe Price Trust Company and as of December 31, 2008 and for the period January 1, 2008 through March 31, 2009 by Fidelity Management Trust Company, interest and dividend income and net appreciation (depreciation) in fair value of investments for the years then ended, included in the Plan's financial statements and supplemental schedule, was prepared by or derived from information provided by the trustees and furnished to the plan administrator. The plan administrator has obtained a certification that the information provided to the plan administrator by the trustees related to the investments is complete and accurate, with the exception of the adjustment to fair value of the common collective trust, which is reported at contract value by the trustee. Accordingly, as permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the investments.

The fair values of individual participant-directed investments that represent 5% or more of the Plan's net assets as of December 31 are as follows:

	2009	2008
Fidelity Managed Income Portfolio II	\$ **	\$ 23,763,508
T. Rowe Price Stable Value Common Trust Fund	24,042,376	**
Fidelity Retirement Money Market Portfolio	**	6,947,566
Fidelity U.S. Bond Index Fund	**	4,493,113
Fidelity Diversified International Fund	**	3,829,970
Fidelity Contra Fund	15,670,514	13,466,823
T. Rowe Price Retirement 2020 Fund	6,769,136	**
T. Rowe Price Retirement 2025 Fund	4,489,204	**
Davis NY Venture Fund	5,052,797	4,316,255

**Investment did not represent 5% or more of the Plan's net assets

During 2009 and 2008, the Plan's investments appreciated (depreciated) in fair value as follows:

	2009	2008
Mutual funds	\$ 12,311,050	\$ (25,549,633)
Common collective trusts	12,307	-
	<u>\$ 12,323,357</u>	<u>\$ (25,549,633)</u>

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- | | |
|---------|--|
| Level 1 | Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access. |
| Level 2 | <p>Inputs to the valuation methodology include</p> <ul style="list-style-type: none">• Quoted prices for similar assets or liabilities in active markets;• Quoted prices for identical or similar assets or liabilities in inactive markets;• Inputs other than quoted prices that are observable for the asset or liability;• Inputs that are derived principally from or corroborated by observable market data by correlation or other means. <p>If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.</p> |
| Level 3 | Inputs to the valuation methodology are unobservable and significant to the fair value measurement. |

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual Funds: Valued at the net asset value of shares held by the Plan at year end.

Common Collective Trusts: Valued at fair value based on the unit prices quoted by the fund, representing the fair value of the underlying investments.

Participant Loans: Valued at amortized cost, which management believes is an accurate reflection of fair value.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTES TO FINANCIAL STATEMENTS

K & F INDUSTRIES SAVINGS PLAN

Note 4. Fair Value Measurements (Continued)

*This category includes a stable value collective funds whose objectives are to protect principal while providing a higher rate of return than shorter term investments. The funds invest in fixed-income assets such as derivative instruments, "wrapper" contracts, guaranteed investment contracts (GICs) issued by insurance companies, investment contracts issued by banks (BICs), synthetic investment contracts (SICs), and other similar instruments that are intended to maintain a constant net asset value while permitting participant-initiated, benefit-responsive withdrawals for certain events. Investments in this category can be redeemed daily at the current net asset value per share based on the fair value of the underlying assets. The fair value of investment(s) in this category has been estimated using the net asset value per share of the underlying investment(s).

Note 5. Income Tax Status

The Internal Revenue Service has determined and informed the Company by letter dated August 19, 2002, that the Plan and the related trust are designed in accordance with applicable sections of the Internal Revenue Service Code (IRC) and, therefore, the related trust is not subject to the tax under present income tax law. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is designed and is currently being operated in compliance with applicable requirements of the IRC.

The Financial Accounting Standards Board issued new guidance on accounting for uncertainty in income taxes. The Plan adopted this new guidance for the year ended December 31, 2009. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustment to the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements.

Note 6. Plan Amendment and Termination

The Board of Directors has the right to amend the Plan if it determines that it is necessary and desirable to do so. Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

Note 7. Transactions With Parties-in-Interest

Certain Plan investments are shares of mutual funds managed by T. Rowe Price Trust Company, current trustee, and Fidelity Management Trust Company, prior trustee. T. Rowe Price Trust Company and Fidelity Management Trust Company, is or were the trustees of the Plan and therefore, qualify as a party-in-interest. Transactions in such investments are exempt from prohibited transaction rules.

Certain legal, accounting, and administrative expenses related to the maintenance of participant eligibility records are paid by the Company. Fees paid during the year for other services rendered by parties-in-interest were based on customary and reasonable rates for such services.

NOTES TO FINANCIAL STATEMENTS

K & F INDUSTRIES SAVINGS PLAN

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and amounts reported in the statements of net assets available for benefits.

Note 9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying financial statements at December 31 to Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	\$ 85,696,736	\$ 75,882,006
Amount of total loans defaulted	-	36,344
Net assets available for benefits per the Form 5500	\$ 85,696,736	\$ 75,918,350
Net increase in net assets available for benefits as presented in the financial statements at December 31, 2009		\$ 9,814,730
Adjustment for loans defaulted in the prior year		(36,344)
Net increase in net assets available for benefits as presented on Form 5500		\$ 9,778,386

Defaulted loans upon which some payments were being made were considered active loans and included in the loan balance on the Form 5500, but were deemed distributions for the financial statements prior to 2009.

Note 10. Subsequent Events

The plan administrator has evaluated subsequent events through September 28, 2010, the date the financial statements were available to be issued.

In February of 2010, a Plan restatement was drafted to reflect all plan amendments issued since the most recent IRS determination letter was received. Upon notification of the restated Plan's compliance with the IRC, the plan restatement will become effective.

The Plan was amended to reflect changes in eligibility requirements. Effective February 1, 2010, the Plan amended to exclude from participation, temporary employees, cooperative education students, and salaried employees who are reemployed on or after February 1, 2010 and after the fifth anniversary of their severance from employment. Effective July 2010, employees hired into the bargaining unit after such date are not eligible to enroll in the Plan.
