INDEPENDENT AUDITOR'S REPORT

October 7, 2026

To the Plan Administrator of
Southwest Dealer Services 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed audits of the financial statements of Southwest Dealer Services 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Southwest Dealer Services 401(K) Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2025 and 2024 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the financial statements referred to above related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Southwest Dealer Services 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Dealer Services 401(K) Plan s ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (Continued)

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Southwest Dealer Services 401(K) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Southwest Dealer Services 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audits.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H Line 4i – Schedule of Assets (Held at end of year) as of December 31, 2025 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matter - Supplemental Schedule Required by ERISA (Continued)
In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. THE PLAN

The following description of the Southwest Dealer Services 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution 401(k) plan established for non-union employees of Southwest Dealer Services, Inc. (SWDS or the Company). The Plan is administered by management of SWDS and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). Delaware Charter Guarantee and Trust Company d/b/a/ Principal Trust Company (Principal) is the trustee of the Plan.

Eligibility

Employees are immediately eligible to begin salary deferrals and receive employer matching contributions. All employees are eligible to participate in the Plan, except for collective bargaining employees, employees who are not U.S. residents and leased employees. Certain highly compensated employees were not eligible to receive the Company's matching contributions.

Contributions

Participants may contribute a percentage of their annual compensation subject to certain IRS limitations. The Company also contributes safe harbor matching contributions. The Company's safe harbor match for the years ended December 31, 2025 and 2024 was equal to 100% of each participant's elective deferrals, not to exceed 3% of the participant's compensation, plus 50% of each participant's elective deferrals in excess of 3% but not in excess of 5% of participant's compensation.

Vesting

Participants are immediately fully vested in their voluntary contributions, rollover contributions and the Company's safe harbor matching contributions plus actual earnings and losses thereon.

Participant Accounts

Each participant's account is credited with the participant's contributions along with an allocation of the Company's contribution, Plan earnings and losses and administrative expenses. Contributions allocated to an employee's account are invested according to the employee's discretion.

Investment Options

The Plan currently offers various investment options, including mutual funds, pooled separate accounts, and common collective trusts. All investments are participant directed and participants may change their investment options daily.

1. THE PLAN (Continued)

Payment of Benefits

Upon termination of employment, the participant's vested benefit can be received in a single lump sum payment or have the payment paid as a direct rollover to an individual retirement account or to another employer's qualified tax plan. If the value of the employee's vested account balance is $5,000 or less on the applicable valuation date as provided under the Plan, the Company can cash the employee's entire vested account balance out of the Plan. On termination of service due to death before distribution of the employee's benefits has begun, the employee becomes 100% vested and the vested account balance will be payable in a single lump sum to the participant's beneficiary.

Notes Receivable from Participants

Participants may borrow from their account up to a maximum amount that is equal to the lesser of $50,000 or 50 percent of their vested account balance. No loans less than $1,000 will be made and only one loan may be outstanding to a borrower at any time. The loans are secured by the balance in the participant's account and bear interest at the Wells Fargo Prime rate plus 1% rate at the time the loan is made. Principal and interest is paid in substantially equal payments over the life of the loan through payroll deductions. The loan in its entirety must be repaid within 5 years of the date the loan proceeds are received, unless used to acquire the principal residence (which must be repaid within 10 years).

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts.

Administrative Expenses

Administrative costs, including management and bank custody fees, are paid by the Plan.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP).

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully-benefit responsive fixed annuity contract, which are reported at contract value. The net appreciation in the fair value of investments consist of realized gains or losses on the sales of investments and the unrealized appreciation of investments. Dividends are recorded on the ex-dividend date and purchases and sales of securities are recorded on a trade-date basis (the date the order to buy or sell is executed). Interest income is recognized on the accrual basis.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Notes Receivable from Participants
Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based on the terms of the Plan document.

Fair Value Measurements
The Plan uses various valuation techniques in determining fair value. GAAP defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Plan. Unobservable inputs are inputs that reflect the Plan's assumptions about the assumptions market participants would use in pricing the asset or liability, developed based on the best information available in the circumstances.

Fair Value Measurement - Definition and Hierarchy
The hierarchy is broken down into three levels based on the reliability of inputs as follows:

- Level 1 - Valuations based on quoted prices in active markets for identical assets or liabilities that the Plan has the ability to access. Valuation adjustments are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

- Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, directly or indirectly.

- Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. The following is a description of the valuation methodology used for assets measure at fair value:

Mutual funds: The accounts are valued based on the quoted market price at the Plan year-end.

Collective investment trusts (CIT): Valued at fair value using the net asset value (NAV) reported by each fund as a practical expedient for determining the fair value of these investments. In accordance with the terms of the trust, the net asset value of each fund is calculated daily and net investment income and realized and unrealized gains on investments are not distributed, but rather reinvested and reflected in the net asset value of the fund. Units of the fund are issued and redeemed at the current net asset value. There are no restrictions on redemptions of the CITs and no unfunded commitments related to these investments. The Galliard Stable Return fund seeks to provide investors with a moderate level of stable income without principal volatility.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fair Value Measurements (Continued)
Pooled Separate Accounts: Investments in pooled separate accounts are valued at net asset value (NAV) as a practical expedient to estimate fair value. The pooled separate accounts invest in a diversified portfolio of domestic and international equity securities, fixed income securities, including asset-backed, mortgage-backed, and corporate bonds, and mutual funds holding similar investments. Because the NAVs of the pooled separate accounts are not publicly quoted, the account values are determined based on the fair values of the underlying investments. Underlying equity securities are valued using observable quoted market prices, while underlying fixed income securities are valued using observable market inputs, including quoted prices for similar securities in active and inactive markets. Underlying mutual funds are valued using publicly available quoted market prices. The pooled separate accounts have no unfunded commitments and are not subject to redemption restrictions. Participant-directed transactions may be redeemed daily without advance notice.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation method is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Annuity Contracts
The Plan also has a fully benefit responsive fixed annuity contract. Contract value is the relevant measure for the portion of net assets available for benefits attributable to the fully benefit responsive investment contract as contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the sponsoring trustee, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The contract issuer is contractually obligated to repay the principal and interest at the specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 2.5%. The crediting rate is reviewed on a semi-annual basis for resetting. The contract cannot be terminated before the scheduled maturity date.

There have been no changes in valuation techniques during 2025 and 2024.

Payment of Benefits
Benefit payments to participants are recorded when paid.

Use of Estimates
The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates and such differences may be significant.

3. CERTIFIED INVESTMENT INFORMATION

Principal provided certifications as of and for the years then ended December 31, 2025 and 2024. The following information was certified as complete and accurate by Principal and is included in the financial statements and supplemental schedule at December 31:

	2025	2024
Investments, at fair value	$ 26,913,069	$ 22,398,116
Investments, at contract value	$ 375,720	$ -
Notes receivable from participants	$ 598,474	$ 542,411
Net appreciation in fair value of investments	$ 2,808,728	$ 1,728,959
Interest and dividends	$ 966,880	$ 811,999
Interest income on notes receivable from participants	$ 45,823	$ 41,530
Schedule of Assets (Held at End of Year)	Schedule I	

4. FAIR VALUE MEASUREMENTS

At December 31, 2025, the Plan's investments measured at fair value, on a recurring basis, were valued as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 21,357,803	$ -	$ -	$ 21,357,803
Pooled separate accounts, at NAV (a)				5,319,500
Collective investment trust, at NAV (a)				235,766
				$ 26,913,069

At December 31, 2024, the Plan's investments are measured at fair value, on a recurring basis and are valued as follows:

	Level 1	Level 2	Level 3	Total
Mutual funds	$ 19,176,588	$ -	$ -	$ 19,176,588
Collective investment trust, at NAV (a)				3,221,528
				$ 22,398,116

(a) Certain investments that were measured at NAV per share have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

5. TAX STATUS

The Plan document is based on a Volume Submitter Profit Sharing Plan document. The Internal Revenue Service has determined, by a letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA was designed, at that time, in accordance with applicable sections of the Internal Revenue Code (IRC) and the opinion letter has been relied upon by this Plan. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

6. PARTY-IN-INTEREST TRANSACTIONS

Transactions between Principal and the Plan qualify as party-in-interest transactions. Additionally, notes receivable from participants are party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

In addition, the Plan also allows participants of the Plan to receive loans under specific circumstances. As such, transactions between participants with notes receivables and the Plan qualify as party-in-interest transactions.
