PKF O'CONNOR DAVIES
ACCOUNTANTS AND ADVISORS

Independent Auditors' Report

The Plan Committee of
St. John's Riverside Hospital 403(b) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of St. John's Riverside Hospital 403(b) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits—modified cash basis as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits—modified cash basis for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institutions).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

PKF O'Connor Davies LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.
- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Accounting

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America and, as a result, the financial statements may not be suitable for another purpose. Our opinion is not modified with respect to this matter.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable

basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4a - Schedule of Delinquent Participant Contributions - Modified Cash Basis as of December 31, 2025 and Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - Modified Cash Basis as of December 31, 2025 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain

additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules - modified cash basis, we evaluated whether the supplemental schedules - modified cash basis, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules - modified cash basis, other than the information in the supplemental schedules - modified cash basis that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules - modified cash basis related to assets held by and certified to by qualified institutions agree to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meets the requirements of ERISA Section 103(a)(3)(C).

St. John’s Riverside Hospital 403(b) Retirement Plan

Notes to Financial Statements
December 31, 2025

1. Description of Plan

The following description of the St. John’s Riverside Hospital 403(b) Retirement Plan (formerly St. John's Riverside Hospital Voluntary Supplementary Tax Deferred Annuity Plan) (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established effective October 1, 1994, as restated October 8, 2025. The Plan covers all employees, excluding student employees, of St. John's Riverside Hospital (the Organization or Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Board of Trustees is responsible for oversight of the Plan. The Plan’s Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance, and reports to the Plan's Board of Trustees.

Effective January 1, 2023, the Plan was amended to remove the Employer's obligation to fund or match any contributions related to the employees who are members of the St. John’s Riverside Hospital New York State Nurses Association Collective Bargaining Unit.

Eligibility

For purposes of salary deferral contributions, an employee is eligible for participation in the Plan upon their first day of employment.

For purposes of Employer contributions, an employee is eligible upon attaining 21 years of age or more and completing one year of service. There are two formulas for calculating the Employer match, which are referred to in the subsequent notes as “formula 1” and “formula 2”.

1. Description of Plan (continued)

For purposes of Employer matching contributions formula 1, the following employees are excluded: Any employee who is a member of the 1199 SEIU Union and Local 30 of the International Union of Operating Engineers, employees of St. John's Riverside Hospital and Andrus Pavilion hired after July 1, 2007, employees of St. John's Riverside Hospital, Park Care Pavilion and Community Hospital at Dobbs Ferry, physicians whose contracts preclude the receipt of matching contributions, medical residents, and NYSNA bargaining unit employees.

For purposes of Employer matching contributions formula 2, the following employees are excluded: Any employee who is a member of the 1199 SEIU Union and Local 30 of the International Union of Operating Engineers, employees of St. John's Riverside Hospital and Andrus Pavilion hired before July 1, 2007, employees of the Community Hospital at Dobbs Ferry Pavilion with 13 years or more of service as of December 31, 2009, physicians whose contract preclude the receipt of matching contributions, medical residents, and NYSNA bargaining unit employees.

For purposes of Employer nonelective contributions, the following employees are excluded: Any employee who is a member of the 1199 SEIU Union and Local 30 of the International Union of Operating Engineers, and employees of St. John's Riverside Hospital and Andrus Pavilion hired before July 1, 2007, and medical residents.

Contributions

Each year, participants may contribute up to 70 percent of pretax annual compensation, as defined in the plan document, up to the maximum limits of the Internal Revenue Code (IRC). Participants also may designate all or a portion of their deferral contributions as after-tax contributions into a Roth account. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants also may contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan.

1. Description of Plan (continued)

For purposes of Employer matching contributions formula 1, an eligible participant who is covered by the Employer's pension plan will receive a fixed match equal to the first 2% of their eligible compensation that is contributed by the participant to the Plan.

For purposes of Employer matching contributions formula 2, an eligible participant who is not covered by the Employer's pension plan will receive a fixed match equal to 100% of the first 3% of their eligible compensation that is contributed by the participant to the Plan.

For purposes of Employer nonelective contributions, an eligible participant will receive a fixed nonelective contribution equal to 3% of eligible compensation per Plan year quarter. A participant must be employed as of the last day of the Plan year quarter to be eligible to receive a nonelective contribution.

Former employees of Community Hospital at Dobbs Ferry with at least 13 years of service as of December 31, 2009, are eligible to receive a fixed match equal to 100% of the first 4% of their eligible compensation that is contributed by the participant to the Plan.

Effective January 1, 2026, the Plan was amended to remove the last day allocation conditions for Employer nonelective contributions and change the Employer matching and Employer nonelective contribution frequencies from each Plan year quarter to each payroll period.

Contributions are subject to certain Internal Revenue Service (IRS) limitations

Participant accounts

Each participant's account is credited with the participant's contributions and allocations of (a) the Employer’s contributions and (b) Plan earnings (losses) thereon. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

1. Description of Plan (continued)

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in Employer matching and nonelective contributions is as follows:

Years of Service	Vesting %
Less than 1	0
1 but less than 2	20
2 but less than 3	40
3 but less than 4	60
4 but less than 5	80
5 or more	100

Loans to Participants/Collateralized Loans

The Plan previously offered a loan feature whereby loans to participants who have accounts with Metropolitan Life Insurance Company (MetLife) or Lincoln Life and Annuity Company of New York (Lincoln) were made directly from MetLife and Lincoln and the participant's account would not reduced by the loan amount, but served as security for the loan. The loan amount is moved into a fixed income collateral account within the borrower's account. The loan must be repaid directly to MetLife or Lincoln within a five-year period in substantially equal payments (not less frequently than quarterly). The five-year repayment period will not apply to a loan that is used to acquire a principal residence of the borrower. If the borrower does not repay the loan and related interest due in accordance with the schedule set forth in the promissory note or other writing permitted by applicable law representing the loan, their loan will be deemed in default. At December 31, 2025, the interest rates on these loans ranged from 2.60% to 6.75% with maturities through 2027. At December 31, 2024, the interest rates on these loans ranged from 4.00% to 6.75% with maturities through 2027. At December 31, 2025 and 2024, 5 participants had defaulted loan balances that totaled $59,460 and $59,387, respectively.

1. Description of Plan (continued)

At December 31, 2025 and 2024, total principal balances due which also represent a collateralization of participant accounts are as follows:

	2025	2024
Metropolitan Life Insurance Company	$ 9,460	$ 9,387
Lincoln Life and Annuity Company of New York	50,000	50,000

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account. Participant accounts are reduced by the loan amount for participants who have accounts with State Street Bank and Trust Company (State Street) or Empower Annuity Insurance Company (EAIC). The loan interest rate, determined monthly, is set at 1 percent above the prime rate, as defined in the Plan document. Principal and interest are paid ratably through payroll deductions. Terms range from one to sixty months or greater for the purchase of a primary residence.

Payment of benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in his or her account, or installment payments as provided in the plan document. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump sum distribution. If a terminated participant’s vested balance is less than or equal to $1,000, the amount may be automatically distributed in the form of a lump sum cash payment. In addition, the Plan allows for hardship distributions and age 59 1/2 distributions if certain criteria are met.

1. Description of Plan (continued)

Forfeited accounts

At December 31, 2025 and 2024, forfeited nonvested accounts totaled $74,439 and $226,265, respectively. These accounts will be used to reduce future employer contributions, pay plan administrative expenses, or reallocate as additional employer contributions. During 2025, employer contributions were reduced by $779,912, from forfeited nonvested accounts, in accordance with plan provisions.

2. Summary of Accounting Policies

Basis of Accounting

The accounts of the Plan are maintained, and the accompanying financial statements have been prepared, on the modified cash basis, which is a basis of accounting other than accounting principles generally accepted in the United States of America (U.S. GAAP). Under this basis, investment income is recognized when received and disbursements are recognized when made, except for investments which are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets available for benefits and changes in net assets available for benefits of the Plan in conformity with U.S. GAAP.

Use of Estimates

The preparation of financial statements in accordance with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

2. Summary of Accounting Policies (continued)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on *Fair Value Measurements* which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Investment Valuation and Income Recognition

All investments of the Plan are stated at fair value, except for certain guaranteed investment contracts and certain pooled separate accounts, which are stated at contract value. Mutual funds are valued at fair value based on the daily closing price as reported by the fund.

Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. These funds are deemed to be actively traded.

The Empower Guaranteed Income Fund, the Transamerica Financial Life Insurance Company (TFLIC) Fixed Fund, the TFLIC Stable Fund (collectively, the TFLIC Insurance Company/General Account), and the Lincoln Fixed Account are guaranteed investment contracts that are valued at contract value, which represents deposits made to the contracts, plus earnings at guaranteed crediting rates, less withdrawals and fees. The Mutual of America Interest Accumulation Account and the MetLife Fixed Interest Account are guaranteed investment contracts that are valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer.

2. Summary of Accounting Policies (continued)

Investments in separate accounts are reported at fair value based on the value reported to the Plan by the insurance company, which represents the fair value of the underlying investments comprising the accounts. The TFLIC Government Fixed Fund is a pooled separate account and is valued at contract value, which represents the fair value of the underlying portfolio, accrued interest on the underlying portfolio assets, the fair value of the contract, and the adjustments to contract value.

Net appreciation in value of investments includes the Plan’s gains and losses on investments bought and sold as well as held during the year. Purchases and sales of securities are recorded on a trade-date basis. Interest and dividends are recorded when received

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded. Until a distributable event occurs, the loan will continue to have a balance and accrue interest.

Payment of Benefits

Benefits are recorded when paid.

2. Summary of Accounting Policies (continued)

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Organization. Expenses that are paid by the Organization are excluded from these modified cash basis financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which date is October 14, 2026.

3. Investments

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2025 and 2024:

Assets at Fair Value as of December 31, 2025	**Level 1**	**Level 2**	**Level 3**	**Total**

The Plan's investments that were valued at contract value consisted of the following at December 31:

	2025	2024
Investments, at contract value		
Guaranteed investment contracts, at contract value	$43,134,452	$44,301,139
Pooled separate account, at contract value	278,692	330,186
Total Investments, at Contract Value	$43,413,144	$44,631,325

Changes in Fair Value of Level 3 Assets

The table below sets forth the summary of changes in fair value of the Plan's level 3 assets for the year ended December 31, 2025:

Balance, beginning of year	$ 3,568,880
Earnings	118,272
Benefit payments	(227,756)
Administrative expenses	(144)
Transfers in from other Plan investments	339,198
Transfers out to other Plan investments	(51,648)
Balance, End of Year	$ 3,746,802

3. Investments (continued)

Separate Accounts

The Plan offers various separate accounts as investment options under the Plan through MetLife and Mutual of America Life Insurance Company (Mutual of America). The separate accounts have different investment objectives, investment policies, and risks. The name of each separate account corresponds to the name of the underlying fund in which it invests. When contributions or transfers are made to a separate account, the separate account purchases shares in the appropriate underlying fund. The Plan’s separate accounts include various asset classes which are: equity funds, fixed income funds, growth funds, money market funds, balanced funds, bond funds, asset allocation funds, and retirement funds.

4. Guaranteed Investment Contracts

Guaranteed Investment Contracts, at Contract Value

Empower Guaranteed Income Fund

The Guaranteed Income Fund is a group annuity product issued by EAIC and is fully benefit-responsive. EAIC maintains the contributions in a general account, which is credited with earnings and charged with participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Generally, there are no events that could limit the ability of the Plan to transact at contract value. Empower is contractually obligated to pay the principal and specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with EAIC. Such interest rates are announced in advance and guaranteed for a six-month period.

4. Guaranteed Investment Contracts (continued)

Guaranteed Investment Contracts, at Contract Value (continued)

TFLIC Fixed Fund

The TFLIC Fixed Fund (the Fixed Fund) is a fully benefit-responsive investment contract which provides participants with book value distributions at retirement and other events as described in the group annuity contract. Both principal and interest are guaranteed by TFLIC. The Fixed Fund is supported by TFLIC's general account. The general account of TFLIC invests in investment grade fixed income securities, including U.S. Government, Agency, and corporate issues; as well as individually underwritten mortgage loans, and private placements. The Interest rate is declared quarterly for new deposits received during that quarter and is guaranteed for the balance of that calendar year. Renewal rates are declared annually on a calendar year basis for existing assets.

No monies may be transferred by participants to fixed income funds (competing funds). Funds transferred to non-fixed income funds may not be transferred to fixed income funds or back to the Fixed Fund for 90 days. Monies transferred back to the Fixed Fund or withdrawn within the 90 day period are subject to a 5% charge. Monies withdrawn or transferred by the Employer and monies withdrawn by participants not due to benefit withdrawals, hardships and loans may be subject to a withdrawal charge.

Because the Fixed Fund is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Fixed Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Guaranteed Investment Contracts (continued)

Guaranteed Investment Contracts, at Contract Value (continued)

TFLIC Stable Fund

The TFLIC Stable Fund (the Stable Fund) is a fully benefit-responsive investment contract, which provides participants with book value distributions at retirement and other events as described in the group annuity contract. Both principal and interest are guaranteed by TFLIC. The Stable Fund is supported by TFLIC's general account. The general account of TFLIC invests in investment grade fixed income securities, including U.S. Government, Agency, and corporate issues; as well as individually underwritten mortgage loans, and private placements. The interest rate is declared quarterly for new deposits received during that quarter and is guaranteed for the balance of that calendar year. Renewal rates are declared annually on a calendar year basis for existing assets. The underlying guaranteed rate is in effect through segment maturity date.

No monies may be transferred by participants to fixed income funds (competing funds). Monies transferred to non-fixed income funds may not be transferred to fixed income funds or back to the Stable Fund for three months. Monies withdrawn or transferred from the Stable Fund by the Employer at any time and/or by participants during the 6 month period preceding contract suspension may be subject to restriction and/or adjustment in accordance with contract provisions.

Because the Stable Fund is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Stable Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

4. Guaranteed Investment Contracts (continued)

Guaranteed Investment Contracts, at Contract Value (continued)

Lincoln Fixed Account

The Lincoln Fixed Account is a fully benefit-responsive investment contract and provides a guarantee of principal and interest. Assets in the Fixed Account are part of the general assets of the issuing company and are subject to the claims-paying ability of that company. Contributions allocated to the Lincoln Fixed Account are guaranteed to be credited with a minimum interest rate, as specified in the contract. Lincoln has an internal committee that reviews and sets interest rates quarterly based on a variety of proprietary factors. Lincoln's standard crediting methodology is to apply a portfolio interest rate to the Lincoln Fixed Account. That is, a single interest rate applies to the entire balance of the participant's Lincoln Fixed Account. The declared portfolio interest rate is published quarterly in advance of the quarter for which the rate will be effective. The rate of interest actually credited to the Fixed Account will be the greater of the declared rate of interest or the guaranteed minimum interest rate specified in the contract. The standard guaranteed minimum interest rate is 3.00%. A participant may transfer or withdraw all or a portion of his or her Fixed Account balance without limitation.

Guaranteed Investment Contracts, at Fair Value

Mutual of America Interest Accumulation Account

Amounts placed in the Mutual of America Interest Accumulation Account (the Interest Accumulation Account) are credited with interest at a rate determined by Mutual of America. Mutual of America guarantees to credit interest for the life of the contract to amounts in the Interest Accumulation Account of their general account at a rate of at least equal to the greater of: (1) any contractual minimum guarantee provided by the contract; or (2) the minimum rate required by applicable state law or, if no state law minimum rate is applicable to a contract, the minimum guaranteed credited interest rate will be set pursuant to National Association of Insurance Commissioners (NAIC) standard non-forfeiture law. The NAIC minimum rate is determined in accordance with a formula, and cannot be less than 0.15% or more than 3.00%. Mutual of America

Mutual of America Interest Accumulation Account (continued)

determines whether the application of the formula will change the minimum guaranteed rate each November, and any change is effective the following January 1 for that calendar year. The interest rate under that contract will not go below that amount regardless of the minimum rate that is set for a calendar year. In Mutual of America's sole discretion, they may credit a higher rate of interest to a participant's contract in the general account, although they are not obligated to credit interest in excess of the minimum guaranteed rate. Mutual of America compounds interest daily on the contract amounts in the general account to produce an effective annual yield that is equal to the stated interest rate.

The Interest Accumulation Account is non benefit-responsive and is reported at fair value on the statements of net assets available for benefits.

MetLife Fixed Interest Account

The MetLife Fixed Interest Account (the Fixed Interest Account) is guaranteed by MetLife and is backed by the full faith and credit of MetLife's general account. The general account invests primarily in bonds, commercial, agriculture and real estate mortgages, real estate and corporate equities. MetLife will declare and guarantee an interest rate for each new contribution. MetLife will declare an interest rate for each new contribution and its accumulated earnings. The interest rates credited are based on a number of factors, including, but not limited to, the level of net investment income that MetLife can earn on its newly purchased general account assets, the absolute level of interest rates, the shape of the yield curve, how interest rates have moved since the inception of the contract, and the interest rates on alternative investments.

The Fixed Interest Account is non benefit-responsive and is reported at fair value on the statements of net assets available for benefits.

5. TFLIC Government Fixed Fund, at Contract Value

The TFLIC Government Fixed Fund (the Government Fixed Fund) is an actively managed guaranteed pooled separate account of TFLIC. Both principal and interest are guaranteed by TFLIC. The interest rate is declared quarterly for new deposits received during that quarter is are guaranteed for the balance of that calendar year. Renewal rates are declared annually on a calendar year basis for existing assets.

No monies may be transferred from the Government Fixed Fund by participants to fixed income funds (competing funds). Monies transferred to non-fixed income funds may not be transferred to fixed income funds or back to the Government Fixed Fund for 90 days. Monies transferred back to the Government Fixed Fund or withdrawn within the 90-day period are subject to a 5% charge. Monies withdrawn or transferred by the Employer and monies withdrawn by participants not due to benefit withdrawals, hardships and loans may be subject to a withdrawal charge. Participants are generally permitted to make benefit distributions at contract value.

Because the Government Fixed Fund is benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the Government Fixed Fund. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

6. Information Certified

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements - modified cash basis and ERISA-required Schedule H, Line 4i - Schedule of Assets (Held at End of Year) - modified cash basis including investments and notes receivable from participants held at December 31, 2025 and 2024, and net appreciation in value of investments, interest and dividends, and interest on notes receivable from participants for the year ended December 31, 2025, was obtained by management and agreed to or derived from information certified as complete and accurate by EAIC, Empower Trust Company, LLC, State Street, TFLIC, Mutual of America, MetLife, and Lincoln, qualified institutions.

7. Related-Party and Party In Interest Transactions

Certain investments are managed by EAIC, State Street, TFLIC, Mutual of America, MetLife and Lincoln. These parties are the trustees and custodians of the Plan and, therefore, these transactions qualify as party in interest transactions.

Transamerica Retirement Solutions Corporation and Empower Retirement Services are the record-keepers for the Plan. These parties are the record-keepers of the Plan and, therefore, these transactions qualify as party in interest transactions.

The Plan and EAIC have entered into a revenue sharing arrangement whereby a portion of the revenue earned by certain funds is passed through to the Plan for payment of permitted Plan expenses. In order for the Plan to receive credits as a result of this revenue sharing arrangement, and to use this credit to pay Plan expenses, the Employer created the Plan Expense Account. The Plan Expense Account is an account within the Plan and is used to recordkeep the redistribution of Plan-generated fund revenue that exceeds the costs associated with Plan administration. The Plan Expense Account balance was $53,240 and $76,060 at December 31, 2025 and 2024. During 2025, administrative expenses incurred by the Plan were reduced by $133,316 from the Plan Expense Account and no amounts were allocated back to participants.

Additionally, the Plan issues loans to participants, which are secured by the participant's account balances. These transactions qualify as party in interest transactions.

Certain administrative functions of the Plan are performed by officers or employees of the Organization. No such officer or employee receives compensation from the Plan.

8. Plan Termination

Although it has not expressed any intent to do so, the Organization has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their Employer contributions.

9. Tax Status

The Employer has adopted a pre-approved plan document which is intended to satisfy the IRS' final 403(b) regulations. The pre-approved plan document preparer received an opinion letter dated November 29, 2024. The Employer believes that the Plan, as amended, is designed and currently being operated in accordance with applicable sections of the IRC.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is currently being investigated by the Department of Labor (the DOL) for the 2021 and subsequent plan years. All requested information has been provided to the Department. As of the date of issuance of this report, the DOL has not identified any matter regarding the information provided.

10. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

11. Delinquent Participant Contributions

During the 2023, 2024, and 2025 Plan years, the Employer failed to remit to the Plan certain participants contributions and loan repayments amounting to $410,713 within the period described by DOL and IRS regulations. $141,190 relates to the 2023 Plan year, $117,848 relates to the 2024 Plan year, and $151,675 relates to the 2025 Plan year. Delays in remitting the contributions to the Plan were due to administrative oversight. The Employer is in the process of making the necessary corrections to satisfy both the DOL and IRS guidance for the 2025 Plan year participants contributions and loan repayments. During the 2025 Plan year, the Employer made the necessary corrections to satisfy both the DOL and IRS guidance for the 2023 and 2024 Plan year participants contributions and loan repayments.

12. Financial Position of Plan Sponsor

The plan administrator has informed us that the Employer has assumed at this point, that as of December 31, 2025 and for the year then ended, as a result of their financial condition and performance, there is substantial doubt about the Employer’s ability to continue as a going concern.
