ISR SOLUTIONS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

NOTE 1 - DESCRIPTION OF PLAN

The following description of the ISR Solutions 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General - The Plan was established on January 1, 1994. The Plan was restated and amended as of July 1, 2005. The Plan is a defined contribution plan organized under Section 401(k) of the Internal Revenue Code (the IRC). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. United of Omaha Life Insurance Company (the Custodian) serves as the asset custodian of the Plan and Ascensus, Inc. serves as the record keeper of the Plan. Effective September 30, 2007, the Company decided to terminate the Plan.

ISR Solutions, Inc. was acquired by Stanley Security Solutions, Inc., a subsidiary of The Stanley Works, on December 10, 2004. The Plan was amended, effective July 1, 2005, so all participants with account balances, as defined in the amended Plan, became fully vested in all accounts. In addition, the Plan was amended so that no new contributions are allowed after July 1, 2005. ISR Solutions, Inc. (the Company prior to July 2, 2005) was merged into Stanley Security Solutions, Inc., effective July 2, 2005, and Stanley Security Solutions, Inc. (the Company on or after July 2, 2005) now serves as the administrator of the Plan. All Plan assets were distributed during 2009.

Eligibility - Through July 1, 2005, all employees who had attained age 21 and had completed six months of service were eligible to participate in the Plan, except if they were a non-resident alien and received no earned income from the Company within the United States. No new participants were allowed after July 1, 2005.

Contributions - No contributions were made for the year ended December 31, 2009.

Participant Accounts - Individual accounts were maintained for each participant and included the participant's salary-deferral contribution, plus an allocation of the Company's matching and discretionary contributions (if any), Plan earnings, and were charged with an allocation of administrative expenses paid by the Plan. Investment allocations to participant accounts were based on the participants' investment directions. Participants directed the investment of their contributions and any employer contributions among the various funds made available by the Company.

Vesting - All participants were fully vested in all balances in their accounts.

Payment of Benefits - Benefits were recorded when paid. On termination of service due to death, disability or retirement, a participant could elect to take a distribution in the form of a lump-sum payment, equal to the value of the participant's vested interest in his or her account, or annual installments over a selected period.

Participant Loans - Each participant could borrow up to the lesser \$50,000 or 50 percent of his or her vested account balance, less any outstanding loans. Participants could not have more than three outstanding loans at any time. Loans bore interest at a rate based upon the prevailing market rate and were repaid through payroll deductions of principal and interest. No participant loans were issued for the year ended December 31, 2009. As of December 31, 2009 and 2008, there were no participant loans outstanding.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recent Accounting Pronouncements - In June 2009, the Financial Accounting Standards Board's (FASB) Accounting Standards Codification (ASC) became the single official source of authoritative generally accepted accounting principles in the United States (U.S. GAAP). The historical U.S. GAAP hierarchy was eliminated, and ASC became the only level of authoritative U.S. GAAP. As a result, the Plan has updated references to U.S. GAAP in its financial statements for the years ended December 31, 2009 and 2008.

Plan Expenses - All reasonable expenses of administration could be paid from the assets of the Plan. Alternatively, the Company could, at its discretion, pay any or all such expenses. During 2009, the Company paid \$0 of administrative expenses.

Notes to the Financial Statements

December 31, 2009 and 2008

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - CONTINUED

Termination Status - Effective September 30, 2007, the Company decided to terminate the Plan. Upon termination of the Plan, participants had the option either to receive a distribution, to rollover their distribution, or provided that an individual's entire account balance exceeds \$1,000, to have their entire account balance transferred to the Stanley Account Value Plan. As of March 27, 2009, all remaining Plan assets were transferred to the Stanley Account Value Plan and are reported as transfers of assets from the Plan on the statement of changes in net assets in liquidation available for benefits.

Basis of Accounting - The financial statements of the Plan are prepared in accordance with U.S. GAAP, which require the financial statements of the Plan to be prepared on the liquidation basis of accounting for the period beginning with the date of the termination decision (September 30, 2007) to the end of the period.

Use of Estimates - The preparation of financial statements, in conformity with U.S. GAAP, requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition - The Plan's investments in mutual funds are stated at liquidation value, based on quoted market prices. The Plan's investments that were held in a guaranteed investment contract with United of Omaha Life Insurance Company were previously reported as described in *Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, Reporting of Fully Benefit-Responsive Investment Contract Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined Contribution Health and Welfare and Pension Plans* (the FSP), which stipulates that investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The statements of net assets in liquidation available for benefits present the fair value of the investment contracts as well as the adjustment from fair value to contract value. Contract value represented liquidation value for this investment contract. The statement of changes in net assets in liquidation available for benefits is prepared on a liquidation value basis. Loans to participants were presented at their current balance, which approximated their estimated liquidation value.

Subsequent Events - In preparing these financial statements, the Plan evaluated events and transactions for potential recognition through October 5, 2010, the date the financial statements were available to be issued.

NOTE 3 - INVESTMENTS

The Plan's investments were held by the Custodian. All investment assets, transactions, and income, as presented in the financial statements were certified by the Custodian to be complete and accurate as of December 31, 2009 and 2008, and for the years then ended.

ISR SOLUTIONS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

NOTE 3 - INVESTMENTS - CONTINUED

The following presents investments of the Plan that represented 5 percent or more of the Plan's net assets as of December 31, 2009 and 2008:

	2009	2008
Investments at Liquidation Value as Determined by Quoted Market Prices		
Mutual of Omaha Mixed Funds		
Mutual Direction 1	\$ -	\$ 98,111 *
Mutual Direction 3	-	63,704 *
Mutual Direction 4	-	21,649 *
Mutual Direction 5	-	37,208 *
Mutual of Omaha Guaranteed Account	-	66,466 *
Stock Market Index Fund	-	32,362 *
Small Company Fund	-	26,539 *

* Represents 5 percent or more of net assets.

During 2009, the liquidation value of the Plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value as follows:

Net (depreciation) appreciation in liquidation value of investments:	
Mutual funds	\$ (23,204)
Guaranteed investment contract	14
Net depreciation in value of investments	\$ (23,190)

NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

In 2000, the Plan entered into a guaranteed investment contract with the Custodian. The account was credited with earnings on the underlying investments and charged for Plan withdrawals and administrative expenses charged by the Custodian. The contract was included in the financial statements at liquidation value as determined using the market approach based on market prices of similar contracts. The adjustment from fair value to contract value for the investment contract was based on the contract value as reported to the Plan by the Custodian. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Accordingly, contract value represents liquidation value for this investment contract. There are no reserves against contract value for credit risk of the contract issuer or otherwise.

The liquidation value of the guaranteed investment contract at December 31, 2009 and 2008, was \$0 and \$66,466, respectively. The average yield was approximately 3.63 percent and 3.60 percent for 2009 and 2008, respectively. The crediting interest rate was based on a formula agreed upon with the issuer. Such interest rates were reviewed on a monthly basis for adjustment. The crediting interest rate as of December 31, 2009 and 2008, was 1.92 percent and 3.39 percent, respectively.

ISR SOLUTIONS 401(K) PLAN

Notes to the Financial Statements

December 31, 2009 and 2008

NOTE 4 - GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY - CONTINUED

Certain events, such as premature termination of the contract by the Plan or the termination of the Plan, would limit the Plan's ability to transact at contract value with the Trustee. Although there will be some adjustment to contract value upon termination of the Plan, based on a formula applied by the Trustee, the Plan administrator believes any such adjustment will be immaterial to the Plan. The Plan administrator believes the occurrence of any other such events that would also limit the Plan's ability to transact at contract value with Plan participants is not probable.

NOTE 5 - TAX STATUS

The Custodian received an opinion letter dated November 27, 2001, in which the Internal Revenue Service stated that its prototype plan, as then designed, was in compliance with the applicable requirements of the IRC. The Plan has been organized as a prototype plan intended to satisfy the tax qualification requirements of the IRC, and has been amended since the date of the opinion letter. The Plan received a determination letter on November 25, 2008, indicating that the termination of the Plan does not adversely affect its qualification for federal tax purposes. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE 6 - PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments consisted of mutual funds managed by the Custodian of the Plan. Transactions involving these investments are considered to be party-in-interest transactions for which a statutory exemption existed.
