Report of Independent Certified Public Accountants

To Participants and Plan Administrator
Caliber 401(k) Plan

We were engaged to audit the financial statements of the Caliber 401(k) Plan (the "Plan") as of December 31, 2009 and 2008, and for the year ended December 31, 2009 and the supplemental schedule as of December 31, 2009, as listed in the accompanying table of contents. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note F, which was certified by John Hancock Life Insurance Company USA, the custodian of the Plan, except for comparing such information with the related information in the financial statements and the supplemental schedule. We have been informed by the plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained certifications from the custodian as of December 31, 2009 and 2008 and for the year ended December 31, 2009, that the information provided to the plan administrator by the custodian is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America, and in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

NOTE A – DESCRIPTION OF PLAN

The following description of the Caliber 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution plan covering substantially all employees of Brazos M&E, Ltd., United Electrical & Instrumentation, Ltd., Caliber Services, L.P. and Monical & Rea, Ltd. (collectively, the "Company" or the "Plan Sponsor"). An employee shall become eligible to participate the first entry date on or after the employee has completed twelve months of service, 1,000 service hours and attained the age of eighteen. The Plan's entry dates are January 1, April 1, July 1, and October 1 of each year. John Hancock Life Insurance Company USA serves as custodian of the Plan.

Effective December 23, 2008, the Company amended the Plan document reducing the amount of annual additions which may be credited to a participants account for any limitation year from $45,000 or 100% to $35,000 or 25% as adjusted for the cost of living as of the first day of each limitation year. In addition, effective January 1, 2009, eligible compensation was amended to include differential pay. Differential pay is the difference between an employee's regular wages from an employer and his military pay that is paid to an employee while in qualified military service.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

2. Contributions

Participants may contribute up to 25% of pre-tax annual compensation as defined by the Plan, subject to certain maximums set by the Internal Revenue Service ("IRS") ($16,500 in 2009 and $15,500 in 2008). During 2009, employee contributions were reduced by $23,741 as the contributions were determined to be in excess of maximum contribution levels. These excess contributions were refunded in 2010.

Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions subject to the limits set forth by the IRS ($5,500 in 2009 and $5,000 in 2008). Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans in the form of rollover contributions.

Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various mutual funds and a stable value fund as options for participants.

Employees working on maintenance contracts with Dow Chemical at the LaPorte, Texas City, and Freeport, Texas, locations and British Petroleum at the Chocolate Bayou, Texas, location receive a match of 25% on all employee contributions up to 4 to 6 percent of the employees' salary, depending on the location. In addition, the Company may make discretionary contributions as determined by the Company for employees not covered under the maintenance contracts. The Company did not make any discretionary contributions during 2009.

NOTE A – DESCRIPTION OF PLAN – Continued

3. Participant Accounts

Each participant's account is credited with the participant's contribution, Company matching and discretionary contributions and allocations of fund earnings or losses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Company matching and discretionary contributions are 100% vested after normal retirement age of 65, or if the participant becomes disabled or dies while employed. Company matching and discretionary contributions vest based on years of continuous service in accordance with the following schedule:

Years of service	Vested interest in account
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

5. Participant Loans

Participants may borrow from their fund accounts in an amount not exceeding the lesser of $50,000 or one-half of their vested account balance. Loan payment terms cannot exceed five years. The loans are secured by the vested balance in the participant's account and bear interest at rates commensurate with prevailing rates as determined by the Plan Sponsor. Principal and interest are paid ratably through monthly payroll deductions.

6. Benefits Paid to Participants

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account, or payments over a certain period in monthly, quarterly, or annual cash installments. The period over which such payment is to be made shall not extend beyond the participant's life expectancy or the life expectancy of the designated beneficiary. Participants may also request a direct rollover distribution paid directly to a qualified retirement plan specified by the participant.

NOTE A – DESCRIPTION OF PLAN – Continued

7. Forfeited Accounts

Forfeited accounts are generally used to reduce any future Company matching contributions or Company discretionary contributions. At December 31, 2009 and 2008, unallocated forfeited non-vested accounts totaled $23,598 and $23,081, respectively. Forfeited amounts are recorded to unallocated cash until a determination is made as to how to use the funds. No forfeited nonvested accounts were applied during 2009.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. New Accounting Pronouncements

In April 2009, the Financial Accounting Standards Board ("FASB") issued guidance on estimating fair value when the volume and level of activity for an asset or liability have significantly decreased; including guidance on identifying circumstances that indicate a transaction is not orderly. The guidance emphasizes that, regardless of whether the volume and level of activity for an asset or liability have decreased significantly and regardless of which valuation technique was used, the objective of a fair value measurement under Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures*, remains the same—to estimate the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date under current market conditions. The guidance includes expanded disclosure requirements and requires that the Plan determine the major categories for debt and equity securities on the basis of the nature and risks of the investments. The Plan adopted this guidance effective December 31, 2009. The adoption did not have any impact on the Plan's statement of net assets or statement of changes in net assets. The additional disclosures required by the guidance are included in Note D – Fair Value Measurements.

In May 2009, the FASB issued ASC 855, *Subsequent Events*, which was updated in February 2010 by ASC Update 2010-09: *Amendments to Certain Recognition and Disclosure Requirements*. This guidance establishes general standards of accounting and disclosure of events that occur after the balance sheet date but before financial statements are issued or available to be issued. In particular, the guidance sets forth the period after the balance sheet date during which management of a reporting entity should evaluate events or transactions that may occur for potential recognition or disclosure in the financial statements, the circumstances under which an entity should recognize events or transactions occurring after the balance sheet date in its financial statements and the disclosures that an entity should make about events or transactions that occurred after the balance sheet date. The adoption of the guidance was effective immediately and is reflected in Note L, Subsequent Events, to the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

In June 2009, the FASB approved its ASC as the single source of authoritative United States accounting and reporting standards applicable for all non-governmental entities, with the exception of the Securities and Exchange Commission and its staff. The ASC, which changes the referencing of the financial standards, is effective for interim or annual financial periods ending after September 15, 2009. Accordingly, all references made to generally accepted accounting principles in the United States of America (U.S. GAAP) within these financial statements have been updated to the corresponding new ASC numbering system prescribed by the FASB. The ASC was not intended to change or alter existing U.S. GAAP and did not have any impact on the Plan's financial statements on its adoption in 2009.

In September 2009, the FASB issued Accounting Standards Update (ASU) No. 2009-12, *Fair Value Measurements and Disclosures: Investments in Certain Entities That Calculate Net Asset Value per Share (or its Equivalent)*, which amends FASB ASC 820-10, *Fair Value Measurements and Disclosures—Overall.* ASU No. 2009-12 permits, as a practical expedient, an entity holding investments in certain entities that calculate net asset value per share or its equivalent for which the fair value is not readily determinable, to measure the fair value of such investments on the basis of that net asset value per share or its equivalent without adjustment. The ASU requires enhanced disclosures about the nature and risks of investments within its scope. Such disclosures include the nature of any restrictions on an investor's ability to redeem its investments at the measurement date, any unfunded commitments, and the investment strategies of the investee. This guidance was adopted by the Plan for the Plan's fiscal year ended December 31, 2009 and it did not have a significant impact on its financial statements.

In January 2010, the FASB issued guidance that clarifies existing disclosures and requires new disclosures about fair value measurements. The clarifications and the requirement to disclose the amounts and reasons for significant transfers between Level 1 and Level 2 and significant transfers into and out of Level 3 of the fair value hierarchy are effective for periods beginning after December 15, 2009. The new requirement that purchases, sales, issuances, and settlements be presented gross in the Level 3 reconciliation is effective for fiscal years beginning after December 15, 2010 and for interim periods within those years, with early adoption permitted. Since this new guidance only amends the disclosure requirements, it will not have any impact on the Plan's statement of net assets or statement of changes in net assets.

In September 2010, the FASB issued ASU No. 2010-25, *Plan Accounting—Defined Contribution Pension Plans (Topic 962): Reporting Loans to Participants by Defined Contribution Pension Plans (a consensus of the FASB Emerging Issues Task Force).* ASU No. 2010-25, require that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. This guidance is effective for fiscal years ending after December 15, 2010 and should be applied retrospectively to all prior periods presented. Early adoption is permitted. The Plan did not elect to early adopt and as such, this new guidance did not have any impact on the Plan's financial statements. The adoption of this guidance is not expected to have a material impact on the Plan's financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

3. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

4. Valuation of Investments and Income Recognition

Investments are reported at their fair value and are measured in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures.* Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Refer to Note D for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

The stable value fund held by the Plan has been determined to be non-benefit responsive therefore the statement of net assets available for benefits and the statement of changes in net assets available for benefits presents the fair value of the stable value fund.

5. Benefits to Participants

Benefits are recorded when paid.

6. Administrative Expenses

Administrative expenses, including legal and accounting fees, are paid by the Company. The Plan pays monthly Custodian fees. Fees related to transaction processing services such as participant loans or withdrawals are paid directly by the participants.

7. Other Income

Other income in the Statement of Changes in Net Assets Available for Benefits represents a settlement payment from a financial institution to certain plan participants who invested in a fund of that financial institution between January 1, 1998 and September 30, 2003. The Plan no longer carries such fund in its investment portfolio.

NOTE C – INVESTMENTS (UNAUDITED)

The fair values of individual investments that represent five percent or more of the Plan's net assets are as follows at December 31:

	2009	2008
T. Rowe Price Blue Chip Growth	$ 999,208	$ 712,030
John Hancock Stable Value	851,516	857,583
American Funds EuroPacific Growth	536,453	423,718
JH Lifestyle Moderate	338,496	*
DFA U.S. Small Cap Fund	331,165	*
Davis New York Venture	288,808	219,109
American Century Small Co.	*	246,018

* Plan investments were not greater than 5 percent in the indicated Plan year.

During 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

Pooled separate accounts	$ 883,546

NOTE D – FAIR VALUE MEASUREMENTS

ASC 820, *Fair Value Measurements and Disclosures*, establishes a single authoritative definition of fair value, sets a framework for measuring fair value, and requires additional disclosures about fair value measurements. In accordance with ASC 820, the Plan classifies its assets and liabilities into Level 1 (securities valued using quoted prices from active markets for identical assets), Level 2 (securities not traded on an active market for which observable market inputs are readily available), and Level 3 (securities valued based on significant unobservable inputs). Investments are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value, as well as the general classification pursuant to the valuation hierarchy.

Pooled Separate Accounts: Valued at the net asset value ("NAV") of shares held by the Plan at year end. The net asset value is based on the fair value of underlying assets that can be valued in active markets.

Participant Loans: Valued at outstanding loan balance, which approximates fair value.

Stable Value Fund: Valued at unitized value from the John Hancock Stable Value Collective Investment Trust (CIT).

NOTE D – FAIR VALUE MEASUREMENTS – Continued

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments by major category of investment at fair value as of December 31, 2009:

Investment Category	Quoted prices in active markets for identical assets Level 1	Significant other observable inputs Level 2	Significant unobservable inputs Level 3	Total
Pooled separate accounts				
Large-capitalization	$ -	$ 2,935,154	$ -	$ 2,935,154
Small-capitalization	-	351,683	-	351,683
Growth	-	54,181	-	54,181
Bonds and mortgages	-	6,584	-	6,584
Fixed income	-	199,952	-	199,952

NOTE D – FAIR VALUE MEASUREMENTS – Continued

(a) The large-capitalization investment funds seek long-term capital growth. These funds seek to achieve this objective by investing primarily in the common stock of large blue-chip growth companies. These firms are generally well established in their industries and have the potential of above average earnings.

(b) The small-capitalization investment funds have a primary objective of long-term capital appreciation. These funds seek to obtain this objective by investing in a well-diversified portfolio of securities. These investments consist of small-cap companies that offer good prospects for capital appreciation.

(c) The growth fund seeks long-term capital appreciation. The primary objective of this fund is to capture the return premiums of the emerging non-U.S. value asset class by investing in a well-diversified portfolio of securities. The fund has strict country selection criteria to ensure that each emerging market has an adequate legal structure and market liquidity.

(d) The bonds and mortgages funds seek to maximize real return, consistent with preservation of capital and prudent investment management. The funds seek this investment objectives by investing in inflation-indexed bonds of varying maturities issued by U.S. and non-U.S. governments, their agencies or instrumentalities and corporations, or fixed-income securities of varying maturities.

(e) The equity and fixed income funds seek to realize maximum total return, consistent with a high level of current income and preservation of capital. The funds invest primarily in a diversified group of mutual funds that, in turn, invest mainly in fixed-income securities of varying maturities.

(f) The real estate investment trust seeks to achieve a combination of long-term capital appreciation and current income. The fund intends to keep at least 80% of its net assets, plus the amount of any borrowings for investment purposes invested in equity securities of real estate investment trusts and real estate companies.

(g) The stable value fund seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant directed withdrawals while maintaining a competitive interest rate. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts and in book value stabilizing agreements offered by high quality financial institutions. The fixed income portfolios are managed to provide high income consistent with the "AA" minimum average credit quality objective. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at book value.

NOTE D – FAIR VALUE MEASUREMENTS – Continued

Level 3 Gains and Losses:

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

Investments at fair value	$ -	$ 2,493,102	$ 970,166	$ 3,463,268

NOTE E – INVESTMENT IN STABLE VALUE FUND (UNAUDITED)

Contributions to the John Hancock Stable Value Fund are invested solely in shares of the John Hancock Stable Value Fund (Class 1). The John Hancock Stable Value Fund seeks to preserve principal and provide book value liquidity on a daily basis for plan-permitted, participant-directed withdrawals while maintaining a competitive rate of interest. The fund will invest primarily in diversified fixed income mutual funds and separately managed bond accounts run by investment subsidiaries of John Hancock Life Insurance Company (John Hancock), and in book value stabilizing agreements offered by high quality financial institutions. The fixed income portfolios are managed to provide high current income consistent with a "AA" minimum average credit quality objective. The stabilizing agreements are designed to offset price fluctuations associated with fixed income investments by smoothing the effect of any gains or losses on the assets and to offer participants daily liquidity at book value.

The Unit Value of the Sub-account will be defined as the Unit Value of the underlying Trust as adjusted to account for underlying Trust distributions.

NOTE E – INVESTMENT IN STABLE VALUE FUND (UNAUDITED) – Continued

Withdrawals from this Sub-account will be made at the prevailing declared Unit Value as determined by John Hancock. Withdrawals from this Sub-account are subject to the same restrictions that apply to the underlying Trust. The Trustee of the underlying Trust has the right to delay any participant-initiated withdrawal for up to 30 days if it determines that immediate withdrawal may have an adverse impact on the Trust. In addition, the Trust has the right to delay for up to 12 months, any other withdrawal, including the withdrawal of all or a portion of the assets of an investor in the Trust. Where such or any restrictions or price adjustments are invoked by the underlying Trust with respect to withdrawals attributable to this Contract, the Company will apply such restrictions or price adjustments to withdrawals made under this Sub-account with respect to this Contract.

NOTE F – INFORMATION CERTIFIED BY CUSTODIAN (UNAUDITED)

The Plan Administrator has elected the method of annual reporting and compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Custodian has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments, as shown in the statements of net assets available for benefits as of December 31, 2009 and 2008. Also, see Notes C and E for additional certified investment disclosures.
- Investment income, as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2009.
- Form 5500, Schedule H, line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2009.

The Plan's independent certified public accountants did not perform any auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE G – RELATED PARTY TRANSACTIONS

Certain plan investments are managed by John Hancock Life Insurance Company USA. John Hancock Life Insurance Company USA is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services amounted to $26,216 for the year ended December 31, 2009.

NOTE H – PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

NOTE I – TAX STATUS

The IRS has determined and informed the Plan by a letter dated February 7, 2006, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related plan is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification.

Although the Plan has been amended since receiving the determination letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the Code; therefore, no provision for income taxes is included in the Plan's financial statements.

NOTE J – RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statement of net assets available for benefits.

NOTE K – RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits and changes in net assets available for benefits per the financial statements to the Form 5500:

	2009	2008
Net assets available for benefits per the financial statements	$ 4,548,145	$ 3,468,276
Add: Excess contributions payable	23,741	18,073
Net assets available for benefits per the Form 5500	$ 4,571,886	$ 3,486,349

Net increase in net assets available for benefits per the financial statements	$ 968,752
Add: December 31, 2009 excess contributions payable	23,741
Less: December 31, 2008 excess contributions payable	(18,073)
Net investment income per the Form 5500	$ 974,420

NOTE L –SUBSEQUENT EVENTS

Subsequent events have been evaluated through October 13, 2010, which is the date the financial statements were available to be issued.
