Report of Independent Auditor

To the Plan Administrator and Participants
Associated Terminals LLC 401(k) Plan
Convent, Louisiana

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Associated Terminals LLC 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2025, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certification from qualified institutions as of December 31, 2025, and for the year ended December 31, 2025, stating the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, the Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agrees to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agrees to or is derived from the certified investment information, are presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Prior Period Financial Statements

The financial statements as of December 31, 2024, were audited by other auditors. In accordance with ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of DOL's Rules and Regulations for Reporting and Disclosure under ERISA, the prior-year audit did not extend to any statements or information related to assets held for investment of the Plan that were certified by a qualified institution. Their report, dated October 2, 2025, indicated that: (a) the amounts and disclosures in the 2024 financial statements, other than those agreed to or derived from the certified investment information, were presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America, and (b) the information in the 2024 financial statements related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Their report also indicated that: (a) the form and content of the 2024 supplemental schedule, other than the information in the 2024 supplemental schedule that agreed to or was derived from the certified investment information, were presented, in all material respects, in conformity with DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and (b) the information in the 2024 supplemental schedule related to assets held by and certified to by a qualified institution agreed to, or was derived from, in all material respects, the information prepared and certified by an institution that management determined met the requirements of ERISA Section 103(a)(3)(C).

Note 1—Description of Plan

The following description of Associated Terminals LLC 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a participant-directed defined contribution plan covering eligible employees of Associated Terminals, L.L.C. (the "Company") and participating employers. Effective January 1, 2025, the Plan was restated under a new plan document. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Effective May 1, 2025, the Plan transitioned from Standard Insurance Company ("Standard") to The Lincoln National Life Insurance Company ("Lincoln") as its recordkeeper and insurance carrier. The Plan's assets were transferred from Standard to Lincoln in conjunction with the transition.

Eligibility – Employees of the Company, and participating employers, who have attained age 18 and completed six consecutive months of service are generally eligible to participate in the Plan. Eligible employees enter the Plan on the first day of the Plan quarter coincident with or next following satisfaction of the eligibility requirements. Employees covered by a collective bargaining agreement, nonresident aliens with no U.S. source income, leased employees, residents of Puerto Rico, and other classes of employees excluded under the terms of the Plan are not eligible to participate. The Plan includes an automatic enrollment feature whereby eligible employees without an existing affirmative election are automatically enrolled at a deferral rate of 3% of eligible compensation unless they elect otherwise.

Contributions – Participants may elect to contribute a portion of their eligible compensation to the Plan on either a pre-tax or Roth basis, subject to Internal Revenue Code ("IRC") limitations. Participants may also contribute amounts representing distributions from other qualified retirement plans. The Company may make discretionary matching, non-elective, and qualified non-elective contributions to the Plan. For the year ended December 31, 2025, the Company's discretionary match was equal to 50% of each participant's deferrals, up to 3% of eligible compensation.

For the year ended December 31, 2025, eligible participants who attained age 50 through 59, or age 64 or older, by the end of the calendar year could make catch-up contributions of up to $7,500. Eligible participants who attained age 60, 61, 62, or 63 by the end of the calendar year could make catch-up contributions of up to $11,250, subject to applicable IRC limitations and the terms of the Plan.

Vesting – Participants are immediately vested in their elective deferral, Roth deferral, rollover, and qualified non-elective contribution accounts, including related earnings. Vesting in Company matching and non-elective contributions is based on years of vesting service. Participants become fully vested in Company matching and non-elective contributions after four years of vesting service. Participants also become fully vested upon death, disability, or attainment of early retirement age while employed by the Company. Other vesting rules may apply to employees who terminated employment prior to March 1, 2022.

Years of Service	Vesting
1 year	25%
2 years	50%
3 years	75%
4 years	100%

Participant Accounts – Each participant's account is credited with the participant's contributions, allocations of the Sponsor's contributions, if any, and Plan earnings. Each participant's account is charged with benefits paid to participants and an allocation of Plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Note 1—Description of Plan (continued)

Notes Receivable from Participants – Participants may borrow from their accounts a minimum of $1,000 up to the lesser of $50,000 or 50% of their vested account balance. Loans are generally repayable over a period not exceeding five years. Prior to May 1, 2025, the loan payment period could be extended up to 10 years for loans used to acquire a principal residence. The loans are secured by the participant's vested account balance and bear interest at rates determined in accordance with the provisions of the Plan. Principal and interest are paid through payroll deductions. Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions in accordance with the terms of the Plan.

Payment of Benefits – Upon termination of employment due to death, disability, or retirement, a participant or beneficiary may elect to receive the participant's vested account balance in a lump sum or in installments as permitted under the terms of the Plan. Upon termination of employment for other reasons, a participant is entitled to receive the vested balance of the participant's account in accordance with the distribution provisions of the Plan.

Forfeited Accounts – Forfeitures of nonvested participant accounts may be used to reduce future Company contributions, as permitted by the Plan. Forfeited nonvested accounts available at December 31, 2025 and 2024 were approximately $28,470 and $6,252, respectively. During the year ended December 31, 2025, forfeitures of approximately $27,434, were used to reduce Company contributions.

Note 2—Summary of significant accounting policies

Basis of Presentation – The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates – The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition – Investments in the Plan are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. U.S. GAAP defines fair value as the exchange price that would be received for an asset or paid to transfer a liability in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Contract value is the relevant measurement attribute for the portion of net assets available for benefits attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they initiated permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus interest credited, less participant withdrawals and administrative expenses.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation in the fair value of investments includes the Plan's realized and unrealized gains and losses on investments bought, sold, and held during the Plan year.

Contributions Receivable – Participant contributions withheld from participants' compensation but not remitted to the Plan until after year-end are recorded as participant contributions receivable. Employer contributions due to the Plan but not remitted until after year-end are recorded as employer contributions receivable.

Note 2—Summary of significant accounting policies (continued)

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. If a participant ceases to make loan repayments and the Plan administrator deems the note to be in default, the outstanding balance is reclassified as a distribution in accordance with the terms of the Plan.

Payment of Benefits – Benefits are recorded when paid.

Administrative Expenses – Certain administrative expenses of the Plan are paid by the Company or Plan participants, as provided under the terms of the Plan. Expenses paid by the Company are excluded from the accompanying financial statements. Expenses charged to participant accounts are included in administrative expenses when incurred.

Investment Management Fees and Operating Expenses – Investment management fees and operating expenses charged to the Plan for certain investments are deducted from income earned on a daily basis and are not separately reflected. Consequently, investment management fees and operating expenses are reflected as a reduction of investment return for such investments.

Note 3—Information certified by the qualified institutions

The Plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C), pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Standard and Lincoln, qualified institutions, certified that certain investment information furnished pursuant to 29 CFR 2520.103-5(c) was complete and accurate. Standard certified information relating to the period from January 1, 2025 through April 30, 2025, and Lincoln certified information relating to the period from May 1, 2025 through December 31, 2025. The information presented in the accompanying financial statements as of December 31, 2024, was derived from information certified by Standard in connection with the prior-year financial statements.

The certified information includes:

- Investments at fair value, investments at contract value, and notes receivable from participants presented in the statements of net assets available for benefits as of December 31, 2025 and 2024.

- Investment income and activity, including net appreciation in the fair value of investments, other income, and interest income on notes receivable from participants, presented in the statement of changes in net assets available for benefits for the year ended December 31, 2025.

- The Schedule of Assets (Held at End of Year) – Form 5500, Schedule H, Part IV, Line 4i as of December 31, 2025.

Note 4—Fair value measurements

U.S. GAAP provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from, or corroborated by, observable market data by correlation or other means. If the asset or liability has a specified contractual term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following are descriptions of the valuation methodologies used for assets measured at fair value at December 31, 2025 and 2024:

Pooled Separate Accounts and Lincoln Life Separate Accounts – At December 31, 2025 and 2024, the Plan's pooled separate accounts were valued at net asset value ("NAV") as a practical expedient based on the market value of the underlying investments. NAV was not a publicly quoted price in an active market. At December 31, 2024, the Plan is not aware of any funding commitments related to these investments, and the investments were redeemable daily. The strategy of the pooled separate accounts are to invest in publicly traded securities.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As all of the Plan's investments, which are presented at fair value, have been valued using NAV as practical expedient, and such measurements fall outside of the fair value hierarchy, no such hierarchy table has been presented.

Note 5—Fully benefit-responsive investment contracts

The Plan has fully benefit-responsive group annuity contracts with Lincoln. The Guaranteed Stable Value Account under the contracts is part of Lincoln's general assets, and specific underlying assets are not assigned to the Plan's contracts. The Guaranteed Stable Value Account is included in the financial statements at contract value as reported to the Plan by Lincoln. Contract value is the relevant measurement attributable to fully benefit-responsive investment contracts because contract value represents the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contracts, plus credited interest, less participant withdrawals, charges, and other adjustments.

Amounts maintained in the Guaranteed Stable Value Account are guaranteed against loss of principal, less withdrawals, charges, and adjustments. Interest is credited daily at rates declared semiannually by Lincoln and is subject to a guaranteed minimum interest rate of 1.00%. The average crediting rate for the year ended December 31, 2025 was 2.79%. The guarantees are supported by Lincoln's general assets and are subject to Lincoln's claims-paying ability.

Participants may ordinarily withdraw or transfer amounts at contract value for permitted transactions under the Plan. Certain transfers involving competing investment options are subject to a 90-day equity wash provision. Certain Plan-level withdrawals and contract termination events may be subject to a market value adjustment. The Plan administrator does not believe an event limiting the Plan's ability to transact at contract value with participants is probable.

Note 6—Related party and party-in-interest transactions

Standard served as the Plan's insurance carrier and recordkeeper through April 30, 2025, and Lincoln began serving in those capacities on May 1, 2025. Accordingly, transactions involving investments managed by Standard and Lincoln qualify as party-in-interest transactions. Notes receivable from participants also constitute party-in-interest transactions.

Fees paid by the Plan to Standard and Lincoln for the year ended December 31, 2025, were approximately $67,439 and $190,355, respectively.

Note 7—Income tax status

Effective January 1, 2025, the Company adopted a non-standardized, pre-approved profit-sharing plan with a cash or deferred arrangement ("CODA") sponsored by CCH Incorporated dba ftwilliam.com. The pre-approved plan received a favorable opinion letter from the Internal Revenue Service ("IRS") dated June 30, 2020, which stated the form of the pre-approved plan is acceptable under Section 401 of the IRC.

As of December 31, 2024, the Plan had adopted a Volume Submitter 401(k) Profit Sharing Plan sponsored by Standard Retirement Services, Inc. The pre-approved plan received a favorable opinion letter from the IRS dated June 30, 2020, which stated the form of the pre-approved plan is acceptable under Section 401 of the IRC.

The Plan has not received determination letters specific to the Plan itself, and the pre-approved plans have been amended since receiving their opinion letters. However, the Company believes the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, the Company believes the Plan qualifies under Section 401(a) and the related trust is tax-exempt as of December 31, 2025 and 2024. The Company believes the Plan has no income subject to unrelated business income tax.

Note 7—Income tax status (continued)

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability or asset if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that, as of December 31, 2025 and 2024, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8—Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA by delivering to the custodian and Plan administrator written notice of such termination. Upon any full or partial termination, each participant would become 100% vested in amounts credited to his or her account.

Note 9—Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks, as well as risks related to the financial strength of the insurance company. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Volatility in the financial markets may significantly impact the subsequent valuation of the Plan's investments. Accordingly, the valuation of investments at December 31, 2025, may not necessarily be indicative of amounts that could be realized in a current market exchange.

Note 10—Subsequent events

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.
