INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Gillig 401(k) Profit Sharing Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Gillig 401(k) Profit Sharing Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Gillig 401(k) Profit Sharing Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audits of the Financial Statements section:

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audits of the Financial Statements section of our report. We are required to be independent of Gillig 401(k) Profit Sharing Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Gillig 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Gillig 401(k) Profit Sharing Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Gillig 401(k) Profit Sharing Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control related matters that we identified during the audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of delinquent participant contributions for the year ended December 31, 2025, and of assets (held at end of year) as of December 31, 2025, (collectively, "supplemental schedules"), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Gillig 401(k) Profit Sharing Retirement Plan
Notes to Financial Statements
December 31, 2025 and 2024

1. DESCRIPTION OF THE PLAN

The following description of the Gillig 401(k) Profit Sharing Retirement Plan (the "Plan") provides only general information. Participants should refer to the plan documents, as amended, for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering eligible employees of Gillig LLC (the "Company", “Employer” or "Plan Sponsor"). Eligible employees may participate upon completing three months of eligibility service, determined by using the elapsed-time method, as defined in the Plan documents. The Plan was established effective March 1, 1988, and restated effective February 17, 2022. The Plan is designed to qualify under the Internal Revenue Code ("IRC") and provide benefits in the event of retirement, disability, death, or termination of employment. The Plan is subject to the provisions of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended, and the IRC.

An expansion of Setting Every Community Up for Retirement Enhancement Act of 2019 ("SECURE 2.0") was signed into law on December 29, 2022, as part of the Consolidated Appropriations Act of 2023. The effective dates of provisions within SECURE 2.0 vary through 2026. The Plan has until December 31, 2026, to amend the Plan for the changes related to SECURE 2.0. Effective January 1, 2025, Section 109 of SECURE 2.0 was administratively adopted by the Plan, which permitted additional catch-up contributions for participants ages 60-63. The Plan has not been formally amended for applicable SECURE 2.0 provisions as of the date the financial statements were available to be issued.

Plan administration

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company ("Principal" or the "Trustee") serves as the Plan's directed trustee and an affiliate of Principal serves as the Plan's recordkeeper and maintains participant accounts.

Participant contributions

All employees of the Company are eligible to make elective deferral contributions to the Plan, except for leased employees and employees covered by certain collective bargaining agreements, after completing three months of service. Participants may contribute up to 60% of their eligible pretax compensation, as defined in the Plan documents, subject to the annual contribution limits as prescribed by the IRC. Participants who have attained age 50 or older by the end of the calendar year may make additional catch-up contributions, subject to the annual limits prescribed by the IRC.

Participants may also make rollover contributions of eligible amounts from other qualified retirement plans and individual retirement accounts. All contributions are invested in accordance with the participant elections and the provisions of the Plan.

1. DESCRIPTION OF THE PLAN (continued)

Employer contributions

The Company may make annual discretionary profit-sharing contributions. To be eligible for an allocation of discretionary profit-sharing contributions, a participant generally must be an active participant on the last day of the Plan year and complete 1,000 hours of service during the Plan year. The Company's Board of Directors approved a discretionary profit-sharing contribution equal to 10% of eligible compensation, as defined by the Plan, for the year ended December 31, 2025. Contributions are subject to certain limitations under the IRC. Employer profit-sharing contributions for the year ended December 31, 2025, were $5,385,561.

Participant accounts

Each participant's account is credited with the participant's elective deferral contributions, rollover contributions, allocations of the Company's discretionary profit-sharing contributions, and Plan earnings, and is charged with Plan losses and an allocation of administrative expenses. Allocations are made in accordance with the provisions of the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants direct the investment of their accounts among the investment options available under the Plan.

Notes receivable from participants

The Plan allows participants to borrow a minimum of $1,000 and up to a maximum generally equal to the lesser of 50% of the participant’s vested account balance or $50,000, reduced by the highest outstanding loan balance during the one-year period preceding the date of the loan, as applicable. Participants are limited to one loan outstanding at a time and may be granted no more than two loans during any one-year period. Notes receivable from participants (“participant loans”) are secured by the respective participant's vested account balance.

Participant loans generally must be repaid within five years. Loans used to purchase a participant’s primary residence may have a repayment term of up to 10 years, subject to the Plan’s provisions. Participant loans bear interest at a rate commensurate with local prevailing rates for instruments with similar characteristics at the time of issuance. Principal and interest are generally repaid through payroll deductions and are credited to the participant’s account. As of December 31, 2025, participant loans outstanding carried interest rates between 4.25% and 9.50% and mature at various dates through September 2032.

1. DESCRIPTION OF THE PLAN (continued)

Vesting

Participants are immediately vested in their elective deferral contributions, rollover contributions, and earnings thereon. Vesting in the Company's discretionary profit-sharing contributions and earnings thereon is based on years of vesting service, as defined in the Plan document. Participants vest at 10% after one year of vesting service, 20% after two years, 40% after three years, 60% after four years, 80% after five years, and 100% after six years. A participant also becomes fully vested upon attainment of normal or early retirement age while employed by the Company, or upon death or disability while employed, as defined in the Plan.

Forfeited accounts

Forfeitures may occur as a result of excess Employer contributions or forfeited nonvested Employer contributions. These funds may be used to pay Plan administrative expenses or reduce future Company contributions. As of December 31, 2025 and 2024, forfeiture account balances totaled $203,626 and $155,785, respectively. During the year ended December 31, 2025, $83,435 of forfeitures were used to pay Plan administrative expenses and $28,658 were used to reduce Employer contributions.

Payment of benefits

Upon termination of service, a participant may elect to receive all or a portion of their vested account in accordance with the distribution options available under the Plan, including a lump sum payment, direct rollover to an eligible retirement plan or individual retirement account, or periodic installment payments. If a participant's vested account balance is $1,000 or less, the vested balance will be automatically distributed in a lumpsum payment. If the participant's vested account balance is equal to or less than $5,000 but greater than $1,000, the balance will be automatically rolled over to an individual retirement account designated by the Plan, unless the participant elects to receive a lump-sum distribution or direct rollover. If the account balance is greater than $5,000, the participant may elect to receive a lumpsum cash payment, a direct rollover to an eligible retirement plan or individual retirement account, periodic installment payments, or defer distribution until required under applicable minimum distribution requirements, as provided by the Plan.

Administrative expenses

Administrative expenses are generally paid by the Company, but may, at the discretion of the Plan Administrator, be paid by the Plan. Certain transaction-based fees associated with participant-initiated activities are charged directly to the account of the participant initiating the transaction. The Plan is not required to reimburse the Company for expenses paid on its behalf.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting and financial statement presentation

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant items subject to such estimates and assumptions include the fair value of investments.

Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Investment valuation and income recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on sale on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. Delinquent participant loans are recorded as deemed distributions based upon the terms of the plan document.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Contributions and contributions receivable

Contributions from participants are recorded based on the date the contributions have been separated from a participant's pay by the Company, which is the pay date. The Plan records Employer contributions receivable based upon the contributions recorded in the Plan year but received by the Plan subsequent to year end. Rollover contributions from participants are recorded based on the date the rollover contributions are received by the Trustee.

The Plan records payables and reduces participant contributions for contributions in excess of regulatory limits that have not been refunded to participants before year end.

Payment of benefits

Benefit payments are recorded when paid.

Administrative expenses

Administrative expenses are recorded when incurred.

Reclassifications

Certain amounts in the prior-year financial statements have been reclassified to conform to the current-year presentation. Investments totaling $63,127,953 were reclassified from Level 1 of the fair value hierarchy to investments measured at net asset value (“NAV”) as a practical expedient and, accordingly, are excluded from the fair value hierarchy. The reclassification had no effect on the previously reported change in net assets available for benefits.

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED)

The Plan Administrator, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of ERISA. Accordingly, the Trustee, determined to be a qualified institution by the Plan Administrator, has certified to the completeness and accuracy of:

- Investments and notes receivable from participants reflected on the accompanying Statements of Net Assets Available for Benefits as of December 31, 2025 and 2024;
- Total investment income, and interest income on notes receivable from participants reflected on the accompanying Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2025;
- Investments and notes receivable from participants reflected on the Schedule of Assets (Held at End of Year) as of December 31, 2025 ("supplemental schedule").

3. INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE (UNAUDITED) (continued)

Accordingly, as requested by the Plan Administrator, the Plan's independent auditor performed no audit procedures on the certified information other than to agree the certified information to the related information included in the financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

Accounting standards establish a framework for measuring fair value. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to measurements involving significant unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are as follows:

- *Level 1* - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities the Plan has the ability to access at the measurement date.
- *Level 2* - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities;
- *Level 3* - inputs are unobservable inputs for the asset or liability and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodology used for assets measured at fair value on a recurring basis.

*Mutual and money market fund*s: Valued at the daily closing price as reported on an open exchange. Mutual and money market funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price. The mutual and money market funds held by the Plan are deemed to be actively traded.

4. FAIR VALUE MEASUREMENTS (continued)

Collective investment trust funds: Measured at fair value using the NAV per unit as a practical expedient. Accordingly, the investments are not categorized within the fair value hierarchy. The NAV is based on the unit value of the underlying investments held by the fund, less liabilities, fees, and expenses, divided by the number of units outstanding. The collective investment trust funds follow an asset allocation strategy designed for participants in retirement and invests in a diversified portfolio of Vanguard funds that provide exposure to U.S. and international equities and U.S. and international fixed income securities. The funds are generally redeemable at NAV and have no unfunded commitments. The collective investment trust funds do not have redemption fees, lock-up periods, or gate provisions. Transfers out of the funds for transactions exceeding $50,000 are limited to one transfer during a 30-day period. Management does not consider this transfer limitation to significantly restrict the Plan's ability to redeem the investment at NAV in the ordinary course of business.

The preceding methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2025:

	Level 1	Level 2	Level 3	Fair Value
Mutual and money market funds	$ 53,497,965	$ -	$ -	$ 53,497,965
Investments measured at NAV*				74,196,602
				$127,694,567

The following table sets forth by level, within the fair value hierarchy, the Plan's assets, by type, at fair value as of December 31, 2024:

	Level 1	Level 2	Level 3	Fair Value
Mutual and money market funds	$ 43,229,530	$ -	$ -	$ 43,229,530
Investments measured at NAV*				63,127,953
				$106,357,483

4. FAIR VALUE MEASUREMENTS (continued)

*Certain investments that are measured at fair value using the NAV per share practical expedient (or its equivalent) have not been categorized within the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to amounts presented in the Plan's statements of net assets available for benefits.

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

ERISA defines a party-in-interest similarly to the definition of a related party under U.S. GAAP, except that ERISA's definition is broader and includes all entities and individuals that provide services to the Plan; however, these entities may not necessarily be related parties. Plan management identified that all related parties to the Plan are also considered parties-in-interest.

Parties-in-interest are defined by ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the Employer and certain others. As such, transactions conducted by the Trustee and its affiliates, including fee offset agreements, qualify as exempt party-in-interest transactions.

Purchases and sales of investments managed by the Trustee, or their affiliates, while considered party-in-interest transactions under ERISA regulations, are permitted under the provisions of the Plan documents and are specifically exempt under ERISA. Fees and expenses paid by the Company on behalf of the Plan qualify as exempt party-in-interest transactions. The Plan also holds notes receivable from participants, which qualify as party-in-interest transactions. These transactions are permitted under the provisions of the Plan and are exempt from the prohibited transaction provisions of ERISA.

The Trustee utilizes a custodial bank to facilitate transactions for the plans it services and commingles funds in transit to or from the Plan, including other funds similarly in transit to or from other plans. These balances are invested in short-term investments with the aim of earning a rate approximating the Target Federal Funds Rate. The Trustee uses these earnings to pay bank fees associated with the Plan's transactions and retains any float earnings that exceed such fees and adjustments as compensation for its services. The Trustee pays any fees to the extent they exceed float earnings.

6. TAX STATUS

The Plan has adopted a Non-Standardized Pre-Approved Profit-Sharing Plan. The IRS has issued an opinion letter on the Non-Standardized Pre-Approved Profit-Sharing Plan dated June 30, 2020, stating that the written form of the Non-Standardized Pre-Approved Profit Sharing Plan is designed in accordance with the applicable sections of the IRC, and is appropriate for use by employers for the benefit of their employees. The Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC and therefore believes that the Plan is qualified and is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. TAX STATUS (continued)

The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that, as of December 31, 2025, there were no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. PLAN TERMINATION

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. If the Plan is terminated, amounts allocated to a participants' account become fully vested.

8. SUBSEQUENT EVENTS

The Plan has evaluated subsequent events through October 14, 2026, the date the financial statements were available to be issued.

Effective January 1, 2026, pursuant to the SECURE 2.0 Act of 2022, participants who attain age 50 and are eligible to make catch-up contributions and whose prior-year FICA wages exceeded the applicable statutory threshold ($145,000, as indexed for inflation) are required to make such catch-up contributions on a Roth (after-tax) basis. The Plan has implemented this provision in accordance with applicable law.

Effective April 1, 2026, the Plan was amended to modify certain Plan provisions. The amendment reduced the service requirement for eligibility to make elective deferral contributions from three months to 30 days, permitted participants to designate all or a portion of their elective deferral contributions as Roth contributions, and implemented an automatic contribution arrangement under which eligible participants are automatically enrolled at a deferral rate of 3% of eligible compensation unless they affirmatively elect otherwise. The automatic contribution arrangement does not provide for an automatic increase in the deferral rate.

No other subsequent events have occurred after the reporting period that would have a material impact on the presentation of the Plan's financial statements.

9. DELINQUENT PARTICIPANT CONTRIBUTIONS

During 2023 and 2025, the Employer failed to remit to the Plan’s Trustee certain employee contributions totaling $22,181 within the period prescribed by DOL regulations. The delayed contributions are considered prohibited, or nonexempt, transactions. The Plan administrator is in the process of correcting the delinquent contributions.
