INDEPENDENT AUDITOR'S REPORT

To the Trustees
Spectrum Group International 401(k) Plan

We have audited the accompanying statements of net assets available for benefits of Spectrum Group International 401(k) Plan (formerly the Escala Group, Inc. 401(k) Plan) as of December 31, 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of and for the year ended December 31, 2008 were audited by other auditors whose report dated October 7, 2009, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009, and the changes in its financial status for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules of assets held at end of year and delinquent participant contributions are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Note 1 - Description of Plan

The following description of the Spectrum Group International 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan Agreement, as amended, for a more complete description of Plan provisions.

General - Effective September 17, 2009, the 401(k) Plan formerly known as Escala Group, Inc. 401(k) Plan became known as Spectrum Group International 401(k) Plan.

The Plan is a 401(k) salary deferral covering substantially all employees of Spectrum Group International, and is subject to provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Spectrum Group International (the "Company") is the Plan's sponsor and serves as plan administrator.

Eligibility - Employees of the Company at the end of the plan year who have attained one month of service and the age of twenty-one years old are eligible to participate in the Plan.

Contributions - Each year, participants may contribute up to $15,500 of pretax annual compensation, as determined by the Plan Administrator. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may also make employer matching and profit sharing contributions.

Contributions are subject to regulatory limitations.

Participant Accounts - Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant compensation or account balances, as defined. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are fully vested in their salary deferrals plus actual earnings thereon. Vesting in the Company's contributions is based on years of continuous service and a participant is 100 percent vested after one year of service.

Participant Loans - Participants may borrow from their accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan can exceed five years. Principal and interest are paid ratably through payroll deductions. As of December 31, 2009, the Plan had no outstanding participant loans.

Note 1 - Description of Plan (Continued)

Payment of Benefits - On termination of service due to death, disability, or retirement, a participant will receive a lump-sum amount equal to the value of the participant's account balance, or annual installments over a ten year period. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting - The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America, using the accrual method of accounting.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions that may affect certain amounts and disclosures. Accordingly, actual results could differ from those estimates.

FASB Codification - On July 1, 2009, the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) became the single authoritative source for nongovernmental U.S. generally accepted accounting principles (GAAP). The ASC supersedes all previous authoritative GAAP applicable to the Plan and is effective for interim and annual periods ended after September 15, 2009.

Investment Valuation - Investments are stated at fair value.

Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Income Recognition - Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Payment of Benefits - Benefits are recorded when paid.

Expenses - Administrative expenses are paid by the Company. Certain transaction fees are paid by the Plan.

Note 2 - Summary of Significant Accounting Policies (Continued)

Subsequent Events - Subsequent events are events or transactions that occur after the statement of net assets available for benefits date but before financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statement of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statement of net assets available for benefits but arose after the statement of net assets available for benefits date and before financial statements are available to be issued.

The Plan has evaluated subsequent events through October 5, 2010, which is the date the financial statements were available to be issued.

Reclassification - Certain amounts from the prior year statement of net assets available for benefits have been reclassified, in order to conform to the current year presentation.

Note 3 - Investments

Investments - Investments representing 5% or more of net assets available for benefits consist of the following as of December 31:

	2009	2008
Mutual Funds:		
Fidelity Advisor Overseas - T	$ 206,706	$ 186,411
Fidelity Advisor Equity Growth - T	223,346	180,036
American Funds Fundamental Investors R3	284,171	175,260
Fidelity Advisor Mid Cap - T	241,626	172,048
Fidelity Advisor Equity Income - T	201,264	167,865
Fidelity Advisor Value Strat. - T	206,885	126,532
Fidelity Advisor Growth Opp. - T	209,534	121,640
Money Market Fund:		
Fidelity Advisor Prime Money Market	657,457	438,115

During 2009, the Plan's investments (including gains and losses on investments purchased, sold, as well as held during the year) appreciated in fair value as follows:

Money Market Fund	$ 1,254
Mutual Funds	554,031
Net appreciation in fair value of investments	$ 555,285

Note 4 - Fair Value Measurements

In accordance with authoritative guidance, the Plan classifies its investments based upon an established fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurement) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described below:

Basis of Fair Value Measurement

Level 1 Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly;

Level 3 Prices or valuations that require inputs that are both significant to the fair value measurement and unobservable.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Shares of registered investment company funds are value using the net asset value (NAV) provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding. The NAV is a quoted price in an active market and is classified within level 1 of the valuation hierarchy.

The money market fund is a public investment vehicle valued using $1 for the NAV. The money market fund is classified within level 2 of the valuation hierarchy.

Participant loans are not actively traded and significant other observable inputs are not available. Participant loans are stated at amortized cost which approximates fair value and are classified within level 3 of the valuation hierarchy. Loans are secured by each respective participant's account balance.

The valuation methods used by the Plan may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 - Fair Value Measurements (Continued)

The following table discloses by level, the fair value hierarchy, of the Plan's assets at fair value as of December 31, 2009 and 2008:

	Investment Assets at Fair Value as of December 31, 2009

Note 4 - Fair Value Measurements (Continued)

The following table discloses the summary of changes in the fair value of the Plan's level 3 investment assets:

	Loans to Participants
Balance, beginning of year	$ 3,536
Participant loans, net of repayments	(3,536)
Balance, end of year	$ -

Gains and losses (realized and unrealized) included in changes in net assets for the period above are reported in net appreciation in fair value of investments in the statement of changes in net assets available for benefits.

Note 5 - Tax Status

The Internal Revenue Service has determined and informed the Company by a letter dated March 31, 2008, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Note 6 - Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements.

Note 7 - Party-In-Interest Transactions

Mid Atlantic Trust Company is the custodian of the Plan, and therefore transactions with this entity qualifies as an exempt party-in-interest transaction. Fees paid by the Plan for investment management services were $1,309 for the year ended December 31, 2009.

Note 8 - Plan Termination

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan and discontinue its contributions at any time. If the Plan is terminated, amounts allocated to a participant's account become fully vested.

Note 9 - Late Contributions

As disclosed in the accompanying schedule, certain employee deferrals were not remitted to the Plan within the timeframe required by the Department of Labor. The Company has determined the amount of related lost earnings and has remitted these amounts to participants' accounts subsequent to year end.
