INDEPENDENT AUDITOR'S REPORT

To the Plan Sponsor of the
RaceTrac, Inc. 401(K) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of RaceTrac, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2025, and 2024, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of RaceTrac, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2025, and 2024, and for the years then ended, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of RaceTrac, Inc. 401(K) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about RaceTrac, Inc. 401(K) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RaceTrac, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about RaceTrac, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the

presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental Schedule H, line 4a, Schedule of Delinquent Participant Contributions (December 31, 2025) and Schedule H, line 4i, Schedule of Assets (December 31, 2025) are presented for the purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

RACETRAC, INC. 401(K) PLAN
Notes to Financial Statements
December 31, 2025 and 2024

1. **Description of Plan**

The following description of the RaceTrac, Inc. 401(K) Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

Organization – RaceTrac, Inc. ("Employer") adopted and established a profit-sharing plan and trust effective January 1, 1981. Energy Dispatch, LLC, Metroplex Energy, Inc., and Gulf Oil, LLC, related companies, are participating employers of the Plan.

Effective January 1, 2002, 2006, 2009, 2014, and 2022, the Plan was amended and restated to maintain qualification under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility of Participants – All employees of RaceTrac, Inc. and the Affiliated Sponsors with thirty days of service are permitted to enter the Plan on the first day of the month on or next following the date that eligibility is met.

Employers' Contributions - Participating employers make safe harbor contributions that match participant contributions. Employer matching contributions are dollar for dollar up to 3% of a participant's compensation contributed and $.50 for each dollar of a participant's compensation contributed in excess of 3% but not in excess of 5%. Employer contributions for 2025 and 2024 were matching contributions for the benefit of employees making elective contributions to the Plan.

Participants' Accounts - Individual accounts are maintained for each of the Plan's participants which reflect the participant's share of the Plan's income, expenses, and employers' and employees' contributions. Participant account balances, arising from both employer and employee contributions under the Internal Revenue Code Section 401(k) feature, are credited with income, expenses, gains and losses occurring in the investments, which participants select, from the date the contributions enter the accounts. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits from Employer Contributions on Death, Retirement or Disability - Participants become eligible for benefits on their early, normal or deferred retirement dates, death or the Plan Committee's determination of disability, and payment shall occur not later than 90 days after receipt from the participant of the required distribution election form. Benefits are payable in cash or in kind, as determined by the Plan Committee in its sole discretion. The method of distribution of a participant's account is generally in a single lump sum. Participants are eligible for early retirement at age 55 with 15 years of credited service. The normal retirement date is age 65 or the fifth anniversary of participation in the Plan, whichever is later.

1. **Description of Plan – (Continued)**

Plan Termination – Although the Employers intend for the Plan to be permanent, the Employers have the right to terminate the Plan at any time subject to the provisions of ERISA. Should the Plan be terminated, each Participant's account will be fully vested and nonforfeitable.

Employee Contributions – The Plan has an Internal Revenue Code Section 401(k) feature which permits participants to make elective compensation reduction contributions or after-tax Roth 401(k) contributions to the Plan ranging from 1% to 100% of compensation. Participants age 50 or older may make catch-up contributions as a percentage of compensation or as a dollar limit. In addition, employee participants may defer up to 100% of their bonus paid pursuant to the Annual Incentive Compensation bonus arrangement. Participants may increase or decrease the percentage of compensation contributed to the Plan at any time. Rollover contributions from qualified plans may be accepted into the Plan at the discretion of the Plan's Committee. Participants are 100% vested in their employee contributions and increases or decreases earned or lost by the investment of their funds.

Vesting - Plan participants are immediately vested in any employer Safe Harbor Matching Contributions. For other employer contributions prior to the 2002 plan year, plan participants receive a year of credit toward vesting for each year with 1,000 hours of employment. Upon completion of three years of service, an employee becomes 100% vested in account balances arising from employer contributions (cliff vesting), other than Safe Harbor Matching Contributions. If an employee leaves prior to three years of service for reasons other than retirement, disability or death, the non-Safe Harbor matching Contributions from the employer are forfeited; however, funds contributed or rolled over by the employee are paid to the employee along with any "safe harbor matching contributions" and "qualified non-elective contribution" account balances arising from employer contributions and any increases or decreases, earned or lost, by the investment of these funds.

Payments of Benefits – Generally, distribution of participant accounts following termination of employment, retirement, death or disability of the participant is in a lump sum as soon as administratively feasible after receipt from the beneficiary of the required distribution forms. However, participants with account balances of $1,000 or less may be distributed without receipt of a distribution election form from the participant.

Forfeitures - Participants who incur a termination of employment, but who are not 100% vested, forfeit the non-vested portion of their accounts arising from employer contributions, if they receive a distribution from the Plan prior to incurring a five-year break in service. A participant who rejoins an employer before incurring a five-year break in service and before receiving a distribution of the entire balance of their vested account balance obtains credit for previously forfeited account balances.

At December 31, 2025 and 2024, forfeited nonvested accounts were not significant.

1. **Description of Plan - (Continued)**

Notes Receivable from Participants – Participants may borrow a portion of their accounts. Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 9.50%. Principal and interest are paid ratably through payroll deductions. As of December 31, 2025, and 2024, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Administrative Expenses – Certain expenses of maintaining the Plan, such as accounting and recordkeeping fees, are paid by the Employer at no cost to Plan participants and are therefore excluded from these financial statements.

2. **Summary of Significant Accounting Policies**

Basis of Accounting -The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment Valuation and Income Recognition - Investments are carried at fair market values determined by reported values in active markets. Increases and decreases in fair market value of investments and realized gains and losses from investments are reflected in the financial statements as net appreciation or depreciation of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the plan's gains and losses on investments bought and sold as well as held during the year. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Date of Management's Review - Subsequent events were evaluated through October 15, 2026, which is the date the financial statements were issued. Management has determined that no subsequent event disclosures are required.

Estimates - The preparation of financial statements in accordance with generally accepted accounting principles requires the use of estimates in determining assets, liabilities, revenues and expenses. Accordingly, actual results may differ from those estimates.

Payment of Benefits - Benefits are reported when paid.

3. **Investments**

During 2025 and 2024, the Plan's investments, including gains and losses on investments bought and sold, as well as held during the year, appreciated in value as follows:

	2025	2024
Mutual Funds and Equities	$21,270,590	$14,597,082

4. **Fair Value Measurements**

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The fair value measurement accounting literature establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs are quoted prices in active markets for identical assets or liabilities and are considered the most reliable evidence of fair value; Level 2 inputs are observable prices that are not quoted on active exchanges; and Level 3 inputs are unobservable assumptions used for determining fair value and are considered the least reliable inputs for measuring fair value. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 2 and 3 inputs are only used when Level 1 inputs are not available.

4. **Fair Value Measurements – (Continued)**

December 31, 2025	Fair Value	Fair Value Measurements Using Quoted Prices in Active Markets for Identical Assets (Level 1)
Mutual funds	$179,914,805	$179,914,805
Equities	6,410,243	6,410,243
Other	258,548	258,548
Total	$186,583,596	$186,583,596
December 31, 2024		
Mutual funds	$145,097,946	$145,097,946
Equities	5,673,707	5,673,707
Other	305,295	305,295
Total	$151,076,948	$151,076,948

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares as reported by the fund. The mutual funds held by the Plan are open-end mutual funds registered with the U.S. Securities and Exchange Commission. The funds must publish their daily net asset value and transact at that price. The mutual funds held by the Plan are considered to be actively traded. The fair value of equities is based on the closing price reported on the active market where the individual securities are traded. Other assets consist of cash and money market funds that are valued based on quoted net asset values of the shares as reported by the fund.

5. **Party-in-Interest**

State Street Bank and Trust Company serves as custodian of the Plan and qualifies as a party-in-interest to the Plan.

During the year ended December 31, 2025, the Plan Sponsor failed to remit participant contributions totaling $558,799 within the time period required by 29 CFR 2510.3-102. These late remittances constituted prohibited transactions under ERISA, subject to any applicable exemption. The delinquent contributions are presented in the accompanying Schedule H, Line 4a—Schedule of Delinquent Participant Contributions.

6. Information Certified by Custodian

The plan administrator has elected, as permitted by Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure Under the Employee Retirement Income Security Act of 1974, to have the financial information certified by State Street Bank and Trust Company, the Plan's custodian. The following information included in the Plan's financial statements was prepared by the custodian and furnished to the plan administrator:

Statements of Net Assets Available for Benefits:
- Participant-directed mutual funds
- Participant-directed brokerage accounts
- Notes receivable from participants

Statements of Changes in Net Assets Available for Benefits:
- Net appreciation in fair value of investments
- Dividends
- Interest income on notes receivable from participants
- Administrative expenses

Investment Information in Notes 3 and 4

Supplemental Schedule:

Schedule H, Line 4i - Schedule of Assets Plan Year Ending December 31, 2025

The plan administrator has obtained certification from State Street Bank and Trust Company that such information is complete and accurate.

7. Risks and Uncertainties

Plan assets consist of various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. **Tax Status**

The Internal Revenue Service (IRS) has determined and informed the Plan sponsor by a letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore believe that the Plan is qualified and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require the plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress and the plan administrator believes that the Plan has no uncertain tax positions.
