Hawaiian Telcom 401(k) Plan for Management Employees
Notes to Financial Statements
For the Years Ended December 31, 2009 and 2008

1. Description of Plan

The Hawaiian Telcom 401(k) Plan for Management Employees (the "Plan") is a defined contribution plan covering non union employees of Hawaiian Telcom Holdco, Inc. and subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

On December 1, 2008, Hawaiian Telcom Holdco, Inc. along with the majority of its subsidiaries filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware. The cases were transferred to the District of Hawaii on December 22, 2008. On November 13, 2009, the judge of the Bankruptcy Court ruled that the plan of reorganization, as presented, was approved. The final confirmation order was issued by the Court on December 30, 2009. With the granting of certain required regulatory approvals in September 2010, the Company anticipates its emergence from Chapter 11 in late October 2010. No change in plan structure is contemplated by the plan of reorganization.

Contributions

Contributions to the Plan include elective contributions authorized by participants, matching contributions made by the Company, discretionary contributions made by the Company ("profit-sharing contributions") and rollover contributions from another plan for new participants.

Each participant may authorize the Company to contribute into the Plan from 1% to 16% of their eligible compensation. The contribution is subject to Internal Revenue Code limitations. The Company made a matching contribution each pay period to the participant's account at the rate of 100% to the extent that a participant's contributions were not made at a rate that exceeded 6% of the participant's compensation.

No discretionary contributions have been made by the Company to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contributions and plan earnings. Allocations of account earnings are performed daily based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in elective contributions, matching contributions, rollover contributions and the income thereon. Participants are 50% vested in profit sharing contributions and any income thereon upon completion of one year of service and fully vested upon the completion of two years of service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Participant Loans

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's account balance. Loans are generally granted for a minimum term of six months up to a maximum term of five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate as published in *The Wall Street Journal* on the day the loan is made. Loans are payable with no less than quarterly level amortization over the term of the loan.

Investment Choices

Each participant may direct their contribution into various investment options offered under the Plan. The participant may also change the investment elections at any time.

Payment of Benefits

Upon termination of employment, through retirement or otherwise, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or a benefit paid in annual, semiannual, quarterly or monthly installments for a period of two to 20 years. A participant who is an employee may apply to make a hardship withdrawal. Upon proof, to the satisfaction of the Plan administrator, of immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company as provided in the Plan document. Certain courier and transaction fees incurred by participants are charged directly to their individual account.

Transfers

Along with the Plan, the Company also sponsors a 401(k) plan for hourly employees. If employees change their status as an hourly or management employee, their account balances are transferred into the corresponding plan. Net transfers received from the Hawaiian Telcom 401(k) Plan for Hourly Employees amounted to \$87,764 and \$34,083 for the years ended December 31, 2009 and 2008, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in a diversified group of mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which has been determined based on the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants on the measurement date. The Plan holds investments in equity and fixed income mutual funds for which fair value is based on quoted market prices. Money market funds for which no reliable quoted market prices are available are stated at net asset value per unit or share. The net asset value per unit or share is based on the fair values of each investment's underlying instrument. Participant loans are valued at their outstanding balances which approximate fair value.

Notes to Financial Statements
For the Years Ended December 31, 2009 and 2008

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan evaluated and gave recognition, if appropriate, to subsequent events which occurred after the financial statement date of December 31, 2009 through October 11, 2010, the date on which the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of total employer contributions.

4. Investments

The investments of the Plan as of December 31, 2009 and 2008 are as follows (investments that exceeded 5% of the Plan's net assets at December 31, 2009 and 2008 are separately identified in this schedule).

Fair Value Measurements

In accordance with accounting standards for fair value measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis. Additional information by investment classification is provided as of December 31, 2009.

5. Information Certified by the Plan's Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as of December 31, 2009 and 2008 and for the years ended December 31, 2009 and 2008 certified by Fidelity Management Trust Company ("Fidelity") as complete and accurate.

	2009	2008
Total investments	\$ 35,735,666	\$ 23,665,951

Note 4 -- all investment balances and investment information excluding the classification of investments by level		
Note 6 -- all loan information in the note

6. Loans

Loans to participants amounted to \$1,149,184 and \$853,552 as of December 31, 2009 and 2008, respectively. The loan balances are collateralized by participants' account balances and bear interest at rates from 3.25% to 9.50%. The loans currently provide for aggregate monthly principal installments of \$17,000 and mature on various dates through March 2021.

7. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 8, 2008 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.

Hawaiian Telcom 401(k) Plan for Management Employees
Notes to Financial Statements
For the Years Ended December 31, 2009 and 2008

1. Description of Plan

The Hawaiian Telcom 401(k) Plan for Management Employees (the "Plan") is a defined contribution plan covering non union employees of Hawaiian Telcom Holdco, Inc. and subsidiaries (the "Company"). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The following brief description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

On December 1, 2008, Hawaiian Telcom Holdco, Inc. along with the majority of its subsidiaries filed voluntary petitions for reorganization under Chapter 11 of Title 11 of the United States Code in the United States Bankruptcy Court for the District of Delaware. The cases were transferred to the District of Hawaii on December 22, 2008. On November 13, 2009, the judge of the Bankruptcy Court ruled that the plan of reorganization, as presented, was approved. The final confirmation order was issued by the Court on December 30, 2009. With the granting of certain required regulatory approvals in September 2010, the Company anticipates its emergence from Chapter 11 in late October 2010. No change in plan structure is contemplated by the plan of reorganization.

Contributions

Contributions to the Plan include elective contributions authorized by participants, matching contributions made by the Company, discretionary contributions made by the Company ("profit-sharing contributions") and rollover contributions from another plan for new participants.

Each participant may authorize the Company to contribute into the Plan from 1% to 16% of their eligible compensation. The contribution is subject to Internal Revenue Code limitations. The Company made a matching contribution each pay period to the participant's account at the rate of 100% to the extent that a participant's contributions were not made at a rate that exceeded 6% of the participant's compensation.

No discretionary contributions have been made by the Company to the Plan.

Participant Accounts

Each participant's account is credited with the participant's contributions, the Company contributions and plan earnings. Allocations of account earnings are performed daily based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are fully vested at all times in elective contributions, matching contributions, rollover contributions and the income thereon. Participants are 50% vested in profit sharing contributions and any income thereon upon completion of one year of service and fully vested upon the completion of two years of service.

Forfeitures

Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions.

Participant Loans

Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of the participant's account balance. Loans are generally granted for a minimum term of six months up to a maximum term of five years. The loans are collateralized by the balance in the participant's account and bear interest at the prime rate as published in *The Wall Street Journal* on the day the loan is made. Loans are payable with no less than quarterly level amortization over the term of the loan.

Notes to Financial Statements
For the Years Ended December 31, 2009 and 2008

Investment Choices

Each participant may direct their contribution into various investment options offered under the Plan. The participant may also change the investment elections at any time.

Payment of Benefits

Upon termination of employment, through retirement or otherwise, a participant may elect to receive either a lump-sum amount equal to the value of the participant's account or a benefit paid in annual, semiannual, quarterly or monthly installments for a period of two to 20 years. A participant who is an employee may apply to make a hardship withdrawal. Upon proof, to the satisfaction of the Plan administrator, of immediate and heavy financial need, amounts contributed may be withdrawn for a hardship purpose.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company as provided in the Plan document. Certain courier and transaction fees incurred by participants are charged directly to their individual account.

Transfers

Along with the Plan, the Company also sponsors a 401(k) plan for hourly employees. If employees change their status as an hourly or management employee, their account balances are transferred into the corresponding plan. Net transfers received from the Hawaiian Telcom 401(k) Plan for Hourly Employees amounted to \$87,764 and \$34,083 for the years ended December 31, 2009 and 2008, respectively.

2. Summary of Significant Accounting Policies

The following are the significant accounting policies followed by the Plan:

Basis of Accounting

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for investments in a diversified group of mutual funds. Investment securities, in general, are exposed to various risks, such as interest rate risk, credit risk, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value, which has been determined based on the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants on the measurement date. The Plan holds investments in equity and fixed income mutual funds for which fair value is based on quoted market prices. Money market funds for which no reliable quoted market prices are available are stated at net asset value per unit or share. The net asset value per unit or share is based on the fair values of each investment's underlying instrument. Participant loans are valued at their outstanding balances which approximate fair value.

Hawaiian Telcom 401(k) Plan for Management Employees
Notes to Financial Statements
For the Years Ended December 31, 2009 and 2008

Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent Events

The Plan evaluated and gave recognition, if appropriate, to subsequent events which occurred after the financial statement date of December 31, 2009 through October 11, 2010, the date on which the financial statements were available to be issued.

3. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in their share of total employer contributions.

4. Investments

The investments of the Plan as of December 31, 2009 and 2008 are as follows (investments that exceeded 5% of the Plan's net assets at December 31, 2009 and 2008 are separately identified in this schedule).

Fair Value Measurements

In accordance with accounting standards for fair value measurements, the Plan classifies its investments into Level 1, which refers to securities valued using quoted prices from active markets for identical assets; Level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and Level 3, which refers to securities valued based on significant unobservable inputs. Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The following table sets forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis. Additional information by investment classification is provided as of December 31, 2009.

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting under ERISA. Accordingly, as permitted under such election, the Plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information as of December 31, 2009 and 2008 and for the years ended December 31, 2009 and 2008 certified by Fidelity Management Trust Company ("Fidelity") as complete and accurate.

The loans currently provide for aggregate monthly principal installments of \$17,000 and mature on various dates through March 2021.

7. Federal Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated September 8, 2008 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the "Code") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

8. Exempt Party-In-Interest Transactions

Certain plan investments are shares of mutual funds managed by Fidelity. Fidelity is the trustee as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund.
