Report of Independent Auditors

To the Participants and Administrator of the Chesapeake Appalachia, LLC 401(k) Plan and the Members of the Employee Compensation and Benefits Committee of Chesapeake Energy Corporation:

We were engaged to audit the financial statements and supplemental schedule of the Chesapeake Appalachia, LLC 401(k) Plan (the "Plan") at December 31, 2009 and 2008 and for the year ended December 31, 2009, as listed in the accompanying index. These financial statements and schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by Great West Life & Annuity Insurance Company, the trustee of the Plan, except for comparing such information with the related information included in the financial statements and supplemental schedule. We have been informed by the plan administrator that the trustee holds the Plan's investment assets and executes investment transactions. The plan administrator has obtained a certification from the trustee as of December 31, 2009 and 2008, and for the year ended December 31, 2009, that the information provided to the plan administrator by the trustee is complete and accurate.

Because of the significance of the information that we did not audit, we are unable to, and do not, express an opinion on the accompanying financial statements and schedule taken as a whole. The form and content of the information included in the financial statements and schedule, other than that derived from the information certified by the trustee, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. Description of Plan

The following is a brief summary of the various provisions of the Chesapeake Appalachia, LLC 401(k) Plan (the "Plan"). On December 10, 2009, the Plan was amended in order to comply with the Pension Protection Act of 2006 and the Heroes Earnings Assistance and Relief Tax Act of 2008. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

General

The Plan was originally formed on September 1, 2003 as Columbia Natural Resources, LLC 401(k) Plan. Subsequent to the acquisition of Columbia Energy Resources, LLC and its subsidiaries, including Columbia Natural Resources, LLC, by Chesapeake Energy Corporation on November 14, 2005, the Plan name changed to Chesapeake Appalachia, LLC 401(k) Plan. It is a safe harbor defined contribution plan intended to conform to the requirements of ERISA and subsequent legislation when applicable. Great West Life & Annuity Insurance Company ("Great West") serves as trustee for the Plan.

Eligibility

With the exception of excluded employees, as defined in the Plan document, all union hourly employees of Chesapeake Appalachia, LLC (the "Company") are eligible to participate in the Plan immediately upon employment and upon reaching the age of 18. Non-union hourly employees hired before January 1, 2007 are also eligible to participate in the Plan.

Participant Contributions

A participant may elect to make basic contributions of his or her compensation, as defined, subject to Internal Revenue Code (the "Code") limitations. Basic contributions consist solely of elective deferrals, which may be excluded from the participant's gross income for Federal tax purposes pursuant to Section 401(k) of the Code. Participants may also contribute amounts representing rollover distributions from other qualified plans.

All participant contributions are invested, at the option of the participant, in one or more available funds. Contributions may be invested 100% in one of the available funds or in more than one fund.

Company Contributions

The Company makes a safe harbor contribution to the Plan equal to 5% of participants' eligible compensation, subject to Code limitations. In addition, the Company matches 50% of participant contributions up to 4% of eligible participant compensation.

Participant Accounts

Each participant's account is credited with the participant's contribution, allocations of the Company's contributions and allocations of the Plan's net earnings. Allocations are based on participant compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Vesting

Participants are immediately 100% vested in their voluntary contributions and the Company's matching contributions plus actual earnings thereon.

Participant Loans

Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance. Loan terms range from one to five years or up to ten years for the purchase of a primary residence. The loans are collateralized by the balance in the participant's account and bear interest at the prime interest rate at the time of loan origination. The prime interest rate at December 31, 2009 was 3.25%. Principal and interest are paid ratably through biweekly payroll deductions. Interest rates on loans outstanding at December 31, 2009 ranged from 4.25% to 9.25% with loans maturing at various dates through 2014.

Payment of Benefits

On termination of service due to death, disability, retirement, or termination of employment, a participant whose vested benefit does not exceed $5,000 must receive a lump-sum amount equal to the value of the participant's balance in his or her account. If the participant's vested balance exceeds $5,000, then he or she may elect to receive a distribution in a single lump-sum payment of the entire vested balance, a single-sum payment of a portion of the vested balance, and/or a monthly, quarterly, semi-annual, or annual installment over a period of not more than the participant's assumed life expectancy. Participants may also request in-service distributions and financial hardship withdrawals in accordance with the provisions of the Plan.

Plan Termination

The Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, no further contributions will be made and all participants' account balances will be distributed in accordance with provisions of the termination agreement.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared under the accrual method of accounting. Certain reclassifications have been made to the prior year's financial statements to conform to the 2010 presentation. The effects of the reclassifications were not material to the Plan's financial statements.

Valuation of Investments and Income Recognition

Investments are reported at fair value. Shares of pooled separate accounts are valued at net asset value on the last business day of the year. The pooled separate account is redeemable daily without restrictions. The participant loans are valued at their outstanding principal balances plus accrued interest, which approximates fair value. Purchase and sales of securities are reported on a trade date basis. Interest and dividend income is recorded when earned.

The Plan is invested in a group annuity contract with Great West, the Guaranteed Portfolio Fund. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at the fair value as long as they remain an active participant of the Plan. However, the Plan must provide a 12-month notification to discontinue the investment contract. Investments in the investment contract are presented at fair value in the Statements of Net Assets Available for Benefits and in the table of investments held by the Plan representing 5% or more of the Plan's net assets (Note 3). Using a discounted cash flow methodology where the interest rate for this investment contract is reset at least annually, fair value of the investment contract, prior to contract termination, equals the contract value. The interest rate for 2009 was 2.8%.

The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Fair Value Measurements

Assets and liabilities that are required to be measured at fair value are categorized based upon the levels of judgment associated with the inputs used to measure fair value. See Note 4 for the fair value measurement disclosures associated with the Plan's investments.

Transfers from Plan

On April 23, 2008, $0.2 million in plan assets was transferred from the Plan to the Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan. The transferred assets represented the Plan assets associated with 4 participants of the Plan and 12 inactive participants with assets in the Guaranteed Portfolio Fund. There were no transfers from the Plan to Chesapeake Energy Corporation Savings and Incentive Stock Bonus Plan in 2009. The Guaranteed Portfolio Fund Plan assets were required to remain with the Plan for 12 months following the transfer. The Plan presents in the Statements of Changes in Net Assets Available for Benefits the net amount of the transfers to the affiliated plan.

Payment of Benefits

Benefits are recorded when paid.

Plan Expenses

Trustee and record keeper fees are paid by the Plan. Certain plan expenses, such as the annual audit fees, are paid by the Company and are not included in these financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the net assets available for benefits and, when applicable, disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

New Accounting Pronouncements

In May 2009, the Financial Accounting Standards Board (FASB) issued a standard on subsequent events. The standard defines subsequent events as either recognized subsequent events (events that provide additional evidence about conditions at the balance sheet date) or nonrecognized subsequent events (events that provide evidence about conditions that arose after the balance sheet date). Recognized subsequent events are recorded in the financial statements for the current period presented, while nonrecognized subsequent events are not. Both types of subsequent events require disclosure in the financial statements if nondisclosure of such events causes the financial statements to be misleading. The adoption of this standard had no impact on the financial statements of the Plan. The Plan evaluates subsequent events through the date its financial statements are issued.

In June 2009, the FASB issued a standard which established the FASB Accounting Standards Codification ("Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. The Codification was effective for financial statements issued for annual periods ending after September 15, 2009, and was adopted by the Plan during 2009. Adoption of this standard did not impact the Plan's financial statements.

In September 2009, the FASB issued a new standard that requires the Plan to disclose information about fair value measurements of investments in certain entities that calculate net asset value per share or its equivalent. The standard was effective for financial statements issued for annual

periods ending after December 15, 2009, and was adopted by the Plan during 2009. The Plan's adoption of this standard did not have a material impact on the Plan's financial statements.

In January 2010, the FASB issued an update on the guidance for fair value measurements and disclosures. The update requires new disclosures and clarification of existing disclosures related to fair value measurements. Certain disclosures are effective for reporting periods beginning after December 15, 2009 and the remaining disclosures are effective for fiscal years beginning after December 15, 2010. The impact that the provisions of this updated accounting standard will have on the Plan is currently being evaluated.

In September 2010, the FASB issued an update on reporting loans to participants by defined contribution pension plans. This update requires that participant loans in a defined contribution plan be classified as notes receivable from participants and measured at the unpaid principal balance plus any accrued but unpaid interest. As loans to participants will no longer be considered a plan investment, this guidance eliminates the disclosures currently required for participant loans. The guidance is effective for years ending after December 15, 2010 and will be applied retrospectively upon adoption. The adoption of the provisions of this guidance is not expected to materially impact the Plan's financial statements.

3. Investments

All investment information disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2009 and 2008, and realized and unrealized appreciation in fair value of investments and interest and dividend income for the periods then ended, were obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Great West.

The Plan's investments (including investments purchased, sold, and held during the year) appreciated (depreciated) in fair value as determined by quoted market prices as follows:

	2009	2008
Net appreciation (depreciation) in value of pooled separate accounts	$ 1,060,102	$ (1,567,636)

The fair value of investments that represent 5% or more of the Plan's net assets available for benefits is as follows:

	2009	2008
Maxim Aggressive Profile II	$ 389,922	$ 284,789
Maxim Conservative Profile II	$ 816,839	$ 657,262
Guaranteed Portfolio Fund	$ 2,034,768	$ 1,537,467
Maxim Moderate Profile II	$ 1,389,288	$ 1,114,404

4. Fair Value Measurements

The authoritative guidance for fair value measurements establishes a framework for measuring fair value of assets and liabilities. The guidance defines fair value as the amount that would be received from the sale of an asset or paid for the transfer of a liability in an orderly transaction between market participants, i.e., an exit price. To estimate an exit price, a three-level hierarchy is used. The fair value hierarchy prioritizes the inputs, which refer broadly to assumptions market participants would use in pricing an asset or a liability, into three levels:

Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that the Plan has the ability to access at the measurement date.

Level 2: Significant other observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect the Plan's own assumptions about the assumptions that market participants would use in pricing an asset or a liability.

In many cases, a valuation technique used to measure fair value includes inputs from multiple levels of the fair value hierarchy. The lowest level of significant input determines the placement of the entire fair value measurement in the hierarchy.

The following tables provide classification information for Plan assets measured at fair value on a recurring basis as of December 31, 2009 and 2008. There have been no changes in the valuation methodologies used at December 31, 2009 and 2008.

	Assets at Fair Value as of December 31, 2009			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ —	$ 4,938,900	$ —	$ 4,938,900
Guaranteed portfolio fund	—	—	2,034,768	2,034,768
Participant loans	—	—	245,969	245,969
Total assets at fair value	$ —	$ 4,938,900	$ 2,280,737	$ 7,219,637

	Assets at Fair Value as of December 31, 2008			
	Level 1	Level 2	Level 3	Total
Pooled separate accounts	$ —	$ 3,685,458	$ —	$ 3,685,458
Guaranteed portfolio fund	—	—	1,537,467	1,537,467
Participant loans	—	—	215,355	215,355
Total assets at fair value	$ —	$ 3,685,458	$ 1,752,822	$ 5,438,280

The tables below sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the years ended December 31, 2009 and 2008.

	Guaranteed Portfolio Fund	Participant Loans
Balance as of January 1, 2009	$ 1,537,467	$ 215,355
Investment income/(losses) relating to instruments still held at the reporting date	52,437	15,769
Purchases, sales, issuances and settlements (net)	444,864	14,845
Balance as of December 31, 2009	$ 2,034,768	$ 245,969

	Guaranteed Portfolio Fund	Participant Loans
Balance as of January 1, 2008	$ 1,004,187	$ 220,556
Investment income/(losses) relating to instruments still held at the reporting date	41,295	17,487
Purchases, sales, issuances and settlements (net)	491,985	(22,688)
Balance as of December 31, 2008	$ 1,537,467	$ 215,355

Investment income and losses included in changes in net assets for the period above are reported in interest and dividends in the Statement of Changes in Net Assets.

The valuation methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

5. Tax Status

The Internal Revenue Service issued an opinion letter dated March 31, 2008 with respect to the prototype adopted by the Plan, which indicates that the prototype as designed at the date of the letter is in compliance with the applicable requirements of the Internal Revenue Code. On December 10, 2009, the Plan was amended to comply with the Pension Protection Act of 2006 and the Heroes Earnings Assistance and Relief Tax Act of 2008. The Plan Administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

7. Party-in-Interest Transactions

The Plan holds investments in pooled separate accounts and a group annuity contract managed by Great West, and, therefore, transactions in these investments qualify as party-in-interest transactions.

8. Subsequent Events

On April 29, 2010, the Plan was restated in order to comply with the Economic Growth and Tax Relief Reconciliation Act of 2001 ("EGTRAA"). Any material subsequent events have been considered for disclosure through the date of issuance, October 13, 2010.
