To the Administrative Committee of
Sunrise Produce 401 (k) Retirement Plan

We were engaged to audit the financial statements (modified cash basis) of Sunrise Produce 401 (k) Retirement Plan as of December 31, 2009 and 2008, and for the year ended December 31, 2009, and the supplemental schedule (modified cash basis) as of December 31, 2009, as listed in the accompanying index. These financial statements and supplemental schedule are the responsibility of the Plan's management.

As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974, the Plan administrator instructed us not to perform, and we did not perform, any auditing procedures with respect to the information summarized in Note 3, which was certified by State Street Bank & Trust, the custodian of the Plan, except for comparing the information with the related information included in the financial statements and supplemental schedule. We have been informed by the Plan administrator that the custodian holds the Plan's investment assets and executes investment transactions. The Plan administrator has obtained certifications from the custodian as of December 31, 2009 and 2008, and for the year ended December 31, 2009 that the information provided to the Plan administrator by the custodian is complete and accurate.

As described in Note 2, these financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles.

Because of the significance of the information that we did not audit, we are unable to, and do not express an opinion on the accompanying financial statements and supplemental schedule taken as a whole. The form and content of the information included in the financial statements and supplemental schedule, other than that derived from the information certified by the custodian, have been audited by us in accordance with auditing standards generally accepted in the United States of America and, in our opinion, are presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

1. DESCRIPTION OF THE PLAN

The following description of Sunrise Produce 401 (k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees of Loewy Enterprises, Inc. d.b.a. Sunrise Produce (the "Company" or the "Plan Sponsor") and Sunrise Fresh Cuts, LLC, a subsidiary of the Company, who have completed three months of service and are age twenty-one or older. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, participants may contribute up to 15% of pretax annual compensation, as defined in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investments of their contributions into various investment options by the Plan. The Plan currently offers various mutual funds as investment options for participants. The Company may in its sole discretion, contribute and allocate to each eligible participant's account, a percentage of the participant's elective deferrals. Matching contributions, if any, shall be determined as of the end of the Plan year. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, if any, and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's matching and discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after six years of credited service.

1. DESCRIPTION OF THE PLAN (continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of $500 up to a maximum equal to the lesser of $50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest determined at the time the loan is made. Principal and interest is paid ratably through bi-weekly payroll deductions. Interest rate charged on the outstanding loans ranges from 7.00% to 11.00%.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant will receive a lump-sum or partial withdrawals amount equal to the value of the participant's vested interest in his or her account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution or partial withdrawals.

Forfeited Accounts

Forfeited accounts are used to reduce administrative expenses or to reduce employer contributions. There are no forfeited non-vested accounts at December 31, 2009 and 2008.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements and supplemental schedule are prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles. If the financial statements were prepared in accordance with generally accepted accounting principles, receivables (from employees and employer) and net assets available for benefits would increase by $618.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investment Valuation and Income and Loss Recognition

The Plan's assets are stated at fair value. Fair value is the price that would be received to sell an asset or transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Plan Administrative Expenses

Certain administrative expenses are paid by the Company and accordingly are not reflected in the accompanying financial statements of the Plan.

Subsequent Events

Management has evaluated subsequent events through October 6, 2010, which is the date the financial statements were available for issuance, and noted no events which require adjustments to, or disclosure in the 2009 financial statements.

Reclassifications

Certain prior year amounts have been reclassified to conform to current year presentation.

3. INVESTMENTS

The Plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As of December 31, 2009 and 2008, and for the year ended December 31, 2009, State Street Bank & Trust ("State Street") held the Plan's investment assets and executed investment transactions. Accordingly, as permitted under such election, the following information as of and for the year ended December 31, 2009 and as of December 31, 2008 was certified by State Street and was not subjected to any auditing procedures performed by the independent public accountants:

3. INVESTMENTS (continued)

a) Total investments shown in the accompanying statements of net assets available for benefits of $73,519 and $51,511 as of December 31, 2009 and 2008, respectively.

b) Net appreciation in fair value of investments of $15,566 and interest of $22, dividend of $96 as shown in the accompanying statements of changes in net assets available for benefits for the year ended December 31, 2009.

c) All Investment-related information in the accompanying supplemental schedule H, Line 4i – Schedule of Assets (Held at year end), as of December 31, 2009.

The individual investments that represent 5% or more of the Plan's net assets available for benefit as of December 31, 2009 and 2008 are as follows:

	2009	2008
SSGA Govt Money Market	$ 12,421	$ 2,739
SSGA Life Solutions Balance GR	$ 15,084	$ 8,719
SSGA Life Solutions Growth	$ 18,681	$ 15,006
SSGA S&P 500 Index Fund	$ 9,067	$ 11,492
Janus Overseas Fund	$ 5,499	$ *
Neuberger Berman Partners	$ 8,139	$ 6,817

* Balance represents less than 5% of net assets available for benefits at year end.

4. FAIR VALUE MEASUREMENTS

Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") 820, *Fair Value Measurements and Disclosures* ("ASC 820") establishes a framework for measuring fair value. That framework provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under ASC 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in an active market that the Plan has the ability to access.

4. FAIR VALUE MEASUREMENTS (continued)

- Level 2 – Inputs to the valuation methodology include:
    - Quoted prices for similar assets or liabilities in active markets;
    - Quoted prices for identical or similar assets or liabilities in inactive markets;
    - Inputs other than quoted prices that are observable for the asset or liability;
    - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

  If the assets or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the assets or liability.
- Level 3 – Inputs to the valuation methodology are both unobservable and significant to the overall fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2009 and 2008.

Mutual funds: Valued at the net asset value of shares held by the Plan at year end as listed on various trading exchanges.

Participant loans: Valued at amortized cost, which approximates fair value.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

4. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2009 and 2008:

	Assets at Fair Value as of December 31, 2009			
	Level 1	**Level 2**	**Level 3**	**Total**

Participant loans	–	–	900	900
Total	$ 50,611	$ –	$ 900	$ 51,511

4. FAIR VALUE MEASUREMENTS (continued)

Level 3 Gains and Losses

The following table sets forth a summary of changes in the fair value of the Plan's Level 3 assets for the year ended December 31, 2009:

	January 1, 2009	Purchases, issuances and settlements, net	December 31, 2009
Participant loans	$ 900	$ –	$ 900

5. RELATED PARTY TRANSACTIONS

Certain Plan investments are shares of mutual funds managed by State Street Bank & Trust. State Street Bank & Trust is the custodian as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

7. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated November 6, 2001, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

8. RISK AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
