Report of Independent Auditors

The Plan Administrator
California Institute of the Arts Retirement Plan

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the financial statements of California Institute of the Arts Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2025 and 2024, and the related statement of changes in net assets available for benefits for the year ended December 31, 2025, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the California Institute of the Arts Retirement Plan financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2025 and 2024, and for the year ended December 31, 2025, stating that the certified investment information, as described in Note 7 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the accompanying financial statements of California Institute of the Arts Retirement Plan. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

California Institute of the Arts Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the accompanying financial statements may have been affected by these conditions.

Baker Tilly Advisory Group, LP and Baker Tilly US, LLP, trading as Baker Tilly, are members of the global network of Baker Tilly International Ltd., the members of which are separate and independent legal entities. Baker Tilly US, LLP is a licensed CPA firm that provides assurance services to its clients. Baker Tilly Advisory Group, LP and its subsidiary entities provide tax and consulting services to their clients and are not licensed CPA firms.

Further, as described in Note 11 to the financial statements, the California Institute of the Arts Retirement Plan has excluded from investments in the accompanying statements of net assets available for benefits certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009, as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. If the identified contracts, as reported by the custodian, were included, net assets available for benefits would increase by approximately $2,416,000 and $2,233,000 as of December 31, 2025 and 2024, respectively. Investment gain of approximately $250,000 and distributions of approximately $66,000 related to such accounts, as identified by the custodian, have also been excluded in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025. Accounting principles generally accepted in the United States of America (GAAP) require that these accounts and the related income and distributions be included in the accompanying financial statements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about California Institute of the Arts Retirement Plan's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of California Institute of the Arts Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditor's report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of California Institute of the Arts Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental schedules, Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) and Schedule H, Line 4(a) – Schedule of Delinquent Contributions as of or for the year ended December 31, 2025, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the supplemental schedules.

Note 1 – Description of Plan

The following description of the California Institute of the Arts Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan Document and adoption agreement, as amended, for a more complete description of plan provisions.

General – The Plan is a 403(b) salary deferral plan covering substantially all employees of California Institute of the Arts (the Sponsor) and is subject to provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Sponsor serves as the Plan administrator.

Eligibility – Most full-time employees of the Sponsor are eligible to participate in the Plan upon hire. Employees who are students performing services described in Section 410(b)(3)(C) of the Internal Revenue Code, employees who normally work fewer than 20 hours per week, and collectively bargained employees are excluded from participating in the Plan.

Newly eligible participants are automatically enrolled in the Plan at a 3% deferral rate, unless they affirmatively decline or elect a different deferral rate. A participant's default deferral rate is automatically increased by 1% each year up to a maximum deferral rate of 5%.

Employee Contributions – Participants may elect to contribute between 1% and 100% of eligible compensation to the Plan each year. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

Employer Contributions – The Sponsor contributes 2% of eligible compensation for participants who defer between 2% – 4.9% of their compensation and 6.5% of eligible compensation for participants who defer 5% or more of their compensation. There are no age and service requirements for matching contributions.

In addition, the Sponsor may elect to make discretionary contributions to the Plan. Discretionary contributions are allocated to participants in the same proportion as a participant's compensation bears to the total of all qualifying participants' compensation. Participants must complete at least 1,000 hours of service during the Plan year to be eligible to receive any discretionary contributions. There were no discretionary contributions for the year ended December 31, 2025.

Contributions are subject to regulatory limitations.

Participant accounts – Each participant's account is credited with the participant's contribution, the Sponsor's contribution, plan earnings, and charged with administrative expenses. Participants may direct the investment of their account balances into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting – Participants are fully vested in all contributions plus actual earnings thereon.

Notes receivable from participants – Participants may borrow from their accounts a minimum of $1,000 up to a maximum equal to the lesser of $50,000 or 50% of their vested account balance, reduced by their highest outstanding loan balance. Loans are secured by the balance of the participant's account and bear fixed, reasonable rates of interest, as determined by the Plan administrator. The maximum loan term is five years unless the loan term qualifies as a home loan, in which case the term of the loan is not to exceed 15 years. Principal and interest are paid ratably quarterly. As of December 31, 2025, the rates of interest on outstanding loans ranged from 4.25%–9.50% with various maturities through June 2040.

Payment of benefits – On termination of service, a participant may elect to receive a lump-sum amount equal to the value of the participant's account balance, a partial payment equal to an amount less than the value of the participant's account balance, installment payments over a period not to exceed the life expectancy of the participant or the joint and/or their designated beneficiary, or an annuity contract. If the participant's vested interest in his or her account is between $1,000 and $5,000 and an affirmative election is not received by the Plan to either receive or roll over the distribution, then the distribution is directly rolled over to an Individual Retirement Account in the participant's name. If the participant's vested interest in his or her account is $1,000 or less, a lump sum distribution will be made automatically.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting – The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP), using the accrual method of accounting.

Use of estimates – The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Investment valuation – Investments are stated at fair value and contract value as certified by the Plan's custodians, Teachers Insurance and Annuity Association of America (TIAA) and College Retirement Equities Fund (CREF), Voya Retirement Insurance and Annuity Company (Voya), State Street Bank and Trust Company (State Street), Transamerica Financial Life Insurance Company, and Transamerica Life Insurance Company (TLIC). Fair value is the price that would be received to sell an asset or paid to transfer a liability (i.e., the exit price) in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Contract value is the relevant measurement for assets invested in fully benefit responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

The Plan invests in a fully benefit responsive annuity contract with TIAA and non-fully benefit responsive annuity contracts with TIAA and Voya. Fully benefit responsive group annuity contracts are presented at contract value on the statements of net assets available for benefits. The contract value equals the accumulated cash contributions and interest credited to the Plan's contract, less withdrawals. Non-fully benefit responsive group annuity accounts are presented at fair value on the statements of net assets available for benefits. As of December 31, 2025 and 2024, TIAA and Voya have concluded that fair value of non-fully benefit responsive annuity contracts approximates contract value using a quantitative model based on assumptions of future interest rates and related discounted cash flows.

Income recognition – Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The net appreciation in fair value of investments consists of both the realized gains or losses and unrealized appreciation and depreciation of those investments.

Expense budget account and advanced employer account– The Plan entered into a revenue sharing agreement with Transamerica Retirement Solutions Corporation (TRSC) where TRSC will fund an expense budget account in the Plan based upon revenues generated by the Plan. The expense budget account funding amounts will be based on the reconciliation of the actual revenue for the Plan versus the revenue requirement stated in the agreement on a semi-annual basis. The amount so determined to be in excess of TRSC's revenue requirement will be deposited to the expense budget account in the Plan as soon as administratively feasible after the annual revenue reconciliation/forecast is completed.

The expense budget account may only be used to pay either direct, reasonable, and necessary expenses of the Plan, if permitted by the Plan, or to provide benefits to plan participants. Such revenue credits can be paid to participants' accounts on a per capita or pro rata basis at the end of the Plan year at the election of the Sponsor. There was a balance of $6,617 and $29,801 in the expense budget account related to the Transamerica Guaranteed Investment Option as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, $91,399 was used to pay for plan-related expenses.

The advanced employer account serves as a holding account for refunds related to employer contributions. The account may be used to fund employer contributions as directed by the plan administrator. There was a balance of $141,158 and $63,543 in the advanced employer account related to the Transamerica Guaranteed Investment Option as of December 31, 2025 and 2024, respectively. During the year ended December 31, 2025, $77,231 was used to fund employer contributions.

Balances in the expense budget account and advanced employer account are included under the general investment accounts on the statements of net assets available for benefits.

Notes receivable from participants – Notes receivable from participants are measured at amortized cost, which represents unpaid principal balance plus accrued but unpaid interest. No allowance for credit losses has been recorded as of December 31, 2025 or 2024.

Payment of benefits – Benefits are recorded when paid.

Expenses – Administrative expenses are paid by the Sponsor. Certain transaction fees are paid by plan participants.

Subsequent events – Subsequent events are events or transactions that occur after the statements of net assets available for benefits date but before the financial statements are available to be issued. The Plan recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the statements of net assets available for benefits, including the estimates inherent in the process of preparing the financial statements. The Plan's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the statements of net assets available for benefits but arose after the statements of net assets available for benefits date and before the financial statements are available to be issued.

The Plan has evaluated subsequent events through October 14, 2026, which is the date the financial statements were available to be issued.

Note 3 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3).

The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation techniques are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation techniques include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation techniques are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation techniques used for assets measured at fair value. There have been no changes in the techniques used at December 31, 2025 and 2024.

Registered investment companies and the pooled separate account (PSA) are valued using the market quotations or prices obtained from independent pricing services. Shares are valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year end. As of December 31, 2025 and 2024, there were no unfunded commitments or redemption restrictions on the PSA.

The Voya Separate Account C (the Account) invests in shares of open-end mutual funds. The Plan's contract in this Account is directed by the Sponsor and is valued using the NAV of the shares of the underlying mutual funds. The objective of the Account is to provide for variable accumulation and benefits by crediting annuity considerations to one or more underlying investments. Balances in the Account are included under the pooled separate accounts on the statements of net assets available for benefits. As of December 31, 2025 and 2024, there were no unfunded commitments or redemption restrictions.

The Transamerica Financial Life Insurance Company Guaranteed Pooled Fund (the Fund) is a guaranteed pooled separate account that invests in a diverse pool of high quality fixed income instruments, including guaranteed interest contracts and funding agreements, and is offered through a group annuity contract. Units are issued and redeemed daily at the Fund's constant NAV of $1 per unit. It is the policy of the Fund to use its best efforts to maintain a stable NAV of $1 per unit, although there is no guarantee that the Fund will be able to maintain this value. Balances in the Fund are included under the general investment accounts on the statements of net assets available for benefits As of December 31, 2025 and 2024, there were no unfunded commitments or redemption restrictions.

The Plan has investments in the non-benefit responsive TIAA Traditional Annuity contracts and the non-benefit responsive Voya Fixed Plus Account, which are presented at fair value, which approximates contract value, on the statements of net assets available for benefits.

As these transactions continue to occur with continued participant contributions at current stated contract values, the market-observable presumption is that the contract value of current funding represents a good approximation of fair value based on the willingness of the participant to continue to contribute. For each contribution, TIAA and Voya continue to record a contractual liability for the current contribution and do not consider such liability to have any embedded gain or loss.

Quantitative information about significant unobservable inputs used in Level 3 Fair Value Measurements:

Name	Fair Value as of December 31, 2025	Fair Value as of December 31, 2024	Valuation Technique	Significant Unobservable Inputs	Range of Input Values/ (Weighted-Avg.)
TIAA Traditional Non-Benefit Responsive	$ 6,582,034	$ 6,867,481	Discounted cash flow	Risk-adjusted discount rate applied	RA – 3.55% – 6.50%
Voya Fixed Plus Account II	208,183	320,971	Discounted cash flow	Risk-adjusted discount rate applied	3.00%
Total	$ 6,790,217	$ 7,188,452			

The significant unobservable input used in the fair value measurement of the TIAA Traditional Annuity and Voya Fixed Plus Account is the risk-adjusted market discount rate. Significant increases (decreases) in this input in isolation would result in a significantly lower (higher) fair value measurement.

The following table discloses, by level, the fair value hierarchy of the Plan's assets at fair value as of December 31, 2025 and 2024:

	Investment Assets at Fair Value as of December 31, 2025			
	Level 1	Level 2	Level 3	Total
Group annuity contracts	$ -	$ -	$ 6,790,217	$ 6,790,217
General investment accounts	-	147,775	-	147,775
Registered investment companies	88,593,592	-	-	88,593,592
Pooled separate accounts	27,381	-	-	27,381
Investments at fair value	$ 88,620,973	$ 147,775	$ 6,790,217	$ 95,558,965
Investments measured at NAV (practical expedient)				111,241
Investments at fair value				$ 95,670,206

	Investment Assets at Fair Value as of December 31, 2024			
	Level 1	Level 2	Level 3	Total
Group annuity contracts	$ -	$ -	$ 7,188,452	$ 7,188,452
General investment accounts	-	93,344	-	93,344
Registered investment companies	81,524,604	-	-	81,524,604
Pooled separate accounts	47,822	-	-	47,822
Investments at fair value	$ 81,572,426	$ 93,344	$ 7,188,452	$ 88,854,222
Investments measured at NAV (practical expedient)				155,458
Investments at fair value				$ 89,009,680

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another.

The Plan administrator evaluates the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total net assets available for benefits. During the year ended December 31, 2025, there were $285,414 of purchases of Level 3 investments, $22,066 of transfers out of Level 3, and no transfers into Level 3.

Note 4 – Guaranteed Investment Contracts

The Plan has investments in fully benefit responsive TIAA Traditional Annuity Contracts and Transamerica Guaranteed Investment Options, in which contributions are held in a general account. The account is credited with earnings and charged for participant withdrawals and administrative expenses.

The TIAA Traditional Annuity is an unallocated fixed-rate guaranteed annuity offered by TIAA, an insurance company, available as an investment option to plan participants. Contributions to the TIAA Traditional Annuity purchase a contractual or guaranteed amount of future benefits for the participant. The guarantees and returns of the TIAA Traditional Annuity are backed by the claims paying ability of TIAA. The Plan holds Group Supplemental Retirement Annuity contracts, which have no liquidity restrictions and are considered benefit responsive.

TIAA Traditional Annuity provides a guaranteed minimum rate of interest of 3% for all premiums plus the potential for additional amounts that may be declared by TIAA on a year-by-year basis and are not guaranteed for future years. When declared, additional amounts remain in effect for the twelve-month period that begins each March 1st. Together the minimum rate of interest and the potential additional amounts make up the crediting rate.

The Transamerica Guaranteed Investment Option is a stable value product that guarantees principal and interest. Guarantees are provided to plan participants through a group annuity contract issued by TLIC. The guarantees and returns are backed by the financial strength and claims paying ability of TLIC's general account. The Transamerica Guaranteed Investment Option has no liquidity restrictions and is considered benefit responsive.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (1) amendments to the Plan Documents (including complete or partial plan termination or merger with another plan); (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions; (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan; (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA; or (5) premature termination of the contract. No events are probable of occurring that might limit the Plan's ability to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

Note 5 – Tax Status

The Plan Document is a volume submitter 403(b) tax deferred annuity plan that received a favorable opinion letter from the Internal Revenue Service dated February 18, 2025, which stated that the Plan, as then designed, was in accordance with applicable sections of the of the Internal Revenue Code (IRC). Although the Plan has been amended since the date of the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

In accordance with guidance on accounting for uncertainty in income taxes, the Plan administrator has evaluated the Plan's tax positions and does not believe the Plan has any uncertain tax positions that require disclosure or adjustment to the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. It is reasonably possible, given the level of risk associated with investment securities, that changes in the near term could materially affect a participant's account balance and the amounts reported in the financial statements. Given recent volatility in the financial markets, it is reasonably possible that investment values could decline significantly in subsequent periods.

Note 7 – Certified Investment Information

The following information related to investments was obtained by management and agreed to or derived from information certified as complete and accurate by TIAA and CREF, Voya, State Street, Transamerica Financial Life Insurance Company, and TLIC, qualified institutions:

- Investments, notes receivable from participants, and accrued income reflected on the accompanying statements of net assets available for benefits as of December 31, 2025 and 2024.
- Net appreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants reflected on the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2025.
- Investments reflected on the Supplemental Schedule of Assets (Held at End of Year).

Note 8 – Party-in-Interest Transactions

Plan investments include shares of investment funds and insurance general accounts managed by TIAA and CREF, Voya, Transamerica Financial Life Insurance Company, and TLIC, who are custodians of the Plan and, therefore, transactions with these entities qualify as exempt party-in-interest transactions. The Plan also issues loans to participants, which are secured by participants' account balances and qualify as party-in-interest transactions under ERISA.

Note 9 – Plan Termination

Although it has not expressed any intention to do so, the Sponsor has the right to terminate the Plan and discontinue its contributions at any time. Participant accounts are always fully vested.

Note 10 – Beginning Balances

The Plan's accounting records were not sufficient to support participant account balances and transactions prior to January 1, 2009. The plan sponsor was unable to obtain participant or payroll data for plan participants prior to 2009. The plan sponsor believes there were adequate controls in place at TIAA-CREF and Voya to rely on the beginning balances as of January 1, 2009, as reported by these custodians.

Note 11 – Investments/Activity Excluded from Financial Statements under DOL FAB No. 2009-02

The Plan has elected to exclude certain annuity and custodial accounts from the statements of net assets available for benefits as permitted by the Department of Labor's Field Assistance Bulletin No. 2009-02, *Annual Reporting Requirements for 403(b) Plans*. The contracts meet all of the following criteria for exclusion:

- The accounts were issued to current or former employees before January 1, 2009;
- The Sponsor has ceased to have any obligation to make contributions (including employee salary reduction contributions) and in fact ceased making contributions to the accounts before January 1, 2009;
- All of the rights and benefits under the accounts are legally enforceable against the custodian by the individual owners of the accounts without any involvement by the Sponsor; and
- The individual owners of the contracts are fully vested in the accounts.

If the identified contracts, as reported by the custodian, were included in the statements of net assets available for benefits, the net assets available for benefits would increase by approximately $2,416,000 and $2,233,000 as of December 31, 2025 and 2024, respectively. If the activity of the identified contracts, as identified by the custodian, were included in the statement of changes in net assets available for benefits, investment gain would increase by approximately $250,000 and distributions would increase by approximately $66,000 for the year ended December 31, 2025.

Note 12 – Delinquent Contributions

As disclosed in the accompanying supplemental schedule, certain prior year employee deferrals were not remitted to the Plan within the timeframe required by the DOL during the year ended December 31, 2023. The Sponsor has determined the amount of related lost earnings and has remitted these amounts to participants' accounts during 2025.
